**RESOLUTION**

**WHEREAS,** The pandemic caused by the novel coronavirus known as COVID-19 caused widespread disruptions at all levels of society; and

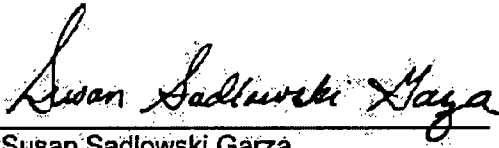

**WHEREAS,** Thousands of businesses closed during the pandemic, leaving more thousands of workers unemployed; and

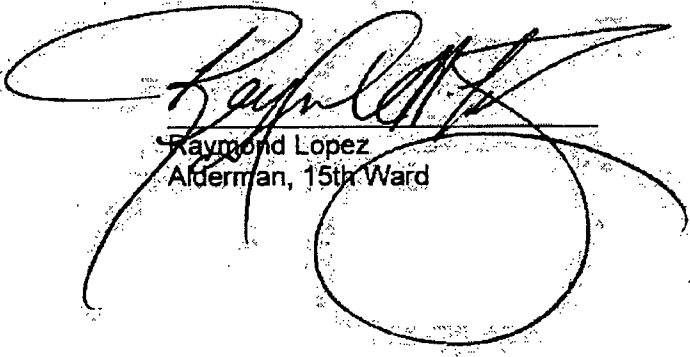

**WHEREAS,** As a result of the mass vaccination of people and the appreciation that measures as simple as masking and washing our hands have significant impact in reducing the spread of COVID-19, businesses are reopening to fill the pent up demand for their goods and services; and

**WHEREAS,** There is an immediate need to bring employers, workers, and labor or trade associations together; and

**WHEREAS,** The City of Chicago has many resources to help bring employers and workers together, but too often employers and workers are not aware of what those resources are; now, therefore,

**BE IT RESOLVED,** That we, the Mayor and the Members of the City Council, assembled this twenty-first day of April 2021, do hereby call on the Committee on Workforce Development to convene a hearing to publicize the resources within the City of Chicago that help bring employers, workers, and labor together for the collective good of Chicago.
