Also, the M.P.E.A. and/or NPI may charge a reasonable fee to ride the carousel, Ferris wheel, or swing ride, or other rides or attractions, or for special entertainment in the On-Pier Park.
- (xi) Appropriate and decorative lighting of all exterior public pedestrian areas and budget permitting, of appropriate Navy Pier Subarea building features, shall be provided and maintained. In no circumstances should lighting on the Property be directed at Lake Point Tower.

- (xii) The Navy Pier Subarea, Headlands Subarea and Dime Pier Subarea development contemplated herein are intended to be a single, integrated project; provided, however, that the work described in Exhibits 8 through 27, 38 through 43, and 45 through 52 and the Dime Pier Subarea development may be conducted in stages and phases, as designated by the M.P.E.A. and/or NPI or, with respect to the Dime Pier Subarea, the Chicago Park District.
- (xiii) The M.P.E.A., with respect to the Headlands and Navy Pier Subareas, and the Chicago Park District, with respect to the Jane Addams Park Subarea and Dime Pier Subarea, shall make appropriate arrangements to ensure public safety and public access to such subareas, to the extent feasible, during construction. If requested by any appropriate department of the City, the M.P.E.A. or the Chicago Park District, as applicable, shall provide and follow a reasonably acceptable plan and schedule of such arrangements; which plan shall be coordinated with the Department.

11. The perimeter of the north and south dock areas of the Navy Pier and Headlands Subareas may be used to dock boats and ships, and passengers may embark and disembark from such boats and ships along the docks of the Navy Pier and Headlands Subareas, provided that the following principles are followed:

- (i) Pedestrian circulation along, and public access to, the dock's edge and views from the pedestrian areas of the Navy Pier and Headlands Subareas shall not be unreasonably impaired. In the Headlands Subarea (except in areas adjacent to Ogden Slip) and the south dock of the Navy Pier Subarea no more than fifty percent (50%) of each of the dock's length may be occupied by docked boats or ships at any one time, and each docked boat or ship shall be separated from every other docked boat or ship by fifty (50) feet, or if separated by a lesser distance, the total length of any portion of the dock which is occupied by boats or ship at any one time shall not exceed two hundred (200) feet (unless occupied by a single boat longer than two hundred (200) feet in which case said boat shall be separated from every other boat by fifty (50) feet).
- (ii) The operation of docked boats and ships shall be regulated by the M.P.E.A. to avoid unreasonable adverse impacts of such uses on the surrounding neighborhood. These impacts include, but are not limited to, noise created by passengers and litter.
- (iii) No boats or ships shall be permanently docked on the north, south or east side of the Navy Pier Subarea adjacent to the Auditorium. Embarking and disembarking of boat passengers along any portion of the Headlands (except the easternmost docks) of the Headlands Subarea shall not be permitted after 11:00 P.M. on weekdays and 12:00 A.M. on weekends.

- 13. The M.P.E.A., with respect to the Navy Pier and Headlands Subareas, acknowledges that the development of such subareas will have unique traffic-generation and parking characteristics which will require diligent and ongoing operational control to assure that the impact of the development on the surrounding traffic network, park uses, pedestrian flow and parking supply will not be unreasonably adverse. The M.P.E.A. further acknowledges that, although the streets on the Headlands Subarea will be City-owned streets over which the City shall maintain legal jurisdiction, the generation of traffic activity and the traffic activity itself on these streets will largely be within the control of the M.P.E.A.

Accordingly, the M.P.E.A. shall be responsible for implementing certain operational controls over parking and traffic activity expected to occur on the Navy Pier and Headlands Subareas. These operational controls are set forth in the "Traffic Management Plan" ("T.M.P.") Exhibit 29 described in Statement 5 in this Planned Development. The T.M.P., as it may be amended or otherwise modified from time to time, shall be effective upon passage and approval of this Planned Development, or in accordance with such amendment or modification from time to time, and shall be deemed an integral part of this Planned Development. The M.P.E.A.'s compliance with the T.M.P. shall be a requirement of this Planned Development.

In order to assure the T.M.P.'s effectiveness, the Commissioner may request, not more than once every two years after the effective date of this Planned Development, M.P.E.A. to submit, and M.P.E.A. shall so submit, reports describing traffic and parking activity and assessing the effectiveness of the various provisions of the T.M.P. as they relate to the Navy Pier and Headlands Subareas, and any recommended modifications thereto. Additionally, the M.P.E.A., or its designated representative, shall cooperate with the City and with applicable transit agencies in the on-going review and updating of the T.M.P., as it relates to the Navy Pier and Headlands Subareas.

Modifications may be made to the T.M.P. at any time with the approval of the Commissioner. Such modifications and approvals shall be kept on file with the Department.

In order to assure that the provisions of the T.M.P. are properly carried out and that proper and prompt coordination exists among the M.P.E.A. and the various departments of the City and the applicable transit departments of the City and the applicable transit agencies and the public, the M.P.E.A. shall designate and maintain a Transportation Coordinator ("T.C."). The T.C. may consist of one (1) or more individuals, but in any event, a single person, entity or division of the M.P.E.A. shall be readily available and apparent for inquiry by any parties concerned. The T.C. shall be charged with the responsibility, on behalf of the M.P.E.A., to (a) oversee and coordinate the day-to-day implementation of the T.M.P., (b) act as a formal point of communication between the M.P.E.A. and any other agencies or individuals inquiring or concerned about traffic, or parking-related issues, and (c) coordinate traffic loading and parking management activity with representatives of the City and the appropriate transit agencies.

14. The M.P.E.A. acknowledges that with the development of the “River East Corridor,” there is a need for a comprehensive traffic management plan for a larger area than that contemplated by the T.M.P., Exhibit 29. In order to serve this need the creation of a Traffic Management Authority (“T.M.A.”) covering that broader area may be necessary. In the event a T.M.A. is created, the M.P.E.A. agrees to join the T.M.A.; to be an active and participating member of its board; and to cooperate and participate in the creation of such a comprehensive plan, and in the preparation of a funding structure which implements the plan and which at a minimum advances the goal of providing regular, frequent shuttle service to remote parking. The M.P.E.A. further agrees to continue to run its remote parking shuttle service at its current level of service as described in the T.M.P., Exhibit 29. The M.P.E.A. shall pay its pro rata share of the funding plan, which shall include its agreement to run its remote parking shuttle service at its current level of service. The Commissioner may approve modifications to the level of shuttle service at the request of M.P.E.A. based on updated analyses regarding need and demand for shuttle service.
15. The design of the roadway network located on the Headlands Subarea as depicted on the Roadway Network Map, Exhibit 5, described in Statement 5 of this Planned Development has been determined by the City to be necessary and appropriate to handle the expected uses of the Navy Pier and Headlands Subareas in a safe and efficient manner, while maximizing the availability of open space and park land on the Headlands Subarea. The City acknowledges, however, that the actual uses of the Navy Pier and Headlands Subareas may vary from that expected. Accordingly, the Commissioner may request, and M.P.E.A. shall submit, not more than once prior to the expiration of the fifth anniversary following the effective date of this amendment to the Planned Development, a traffic study prepared by a traffic engineer assessing the adequacy and sufficiency of the Headlands Subarea’s roadway network to handle the actual traffic demand experienced during said period. Following receipt of said study or studies, the Commissioner shall consult with the Commissioner of the Department of Transportation. If the Commissioner of the Department of Planning and Development and the Commissioner of the Department of Transportation determine that changes to said roadway network are necessary or appropriate to accommodate the actual uses of the Navy Pier and Headlands Subareas, while maximizing the availability of open space and park land, said Commissioners shall so notify the M.P.E.A. Such changes shall be limited to modifications or changes to the roadway network. Said Commissioners shall make such determination and send such notice within ninety (90) days following receipt of said study. The City shall, at its own expense and within one (1) year thereafter, make such changes to the roadway network as are required. The M.P.E.A. shall, at its own expense and within one (1) year thereafter, make such changes to the landscaping on the Headlands Subarea as are reasonably required as a result of the changes to the roadway network undertaken by the City.
16. The parcel depicted on the Subarea Map, Exhibit 7, as Tract E.1, Existing Federal Parcels, is outside the boundaries of this Planned Development. The M.P.E.A. acknowledges, however, that such parcel shall be served by access ways over and across the Headlands Subareas. In the event that the M.P.E.A. or the City acquire control of this parcel sufficient to allow redevelopment as park land, then the Headlands Subarea shall be reconfigured and

landscaped to create a park area which is coordinated with the parcel. Such reconfiguration and landscaping shall be designed, constructed and maintained in general conformance with the Site/Landscape Plan – Headlands Sub-Area (Polk Bros Park), Exhibit 8, described in Statement Number 5 and attached hereto. Such reconfiguration and landscaping shall be completed by the M.P.E.A. within a reasonable time following the aforesaid acquisition of the necessary rights to the parcel or following substantial completion of the redevelopment of the parcel as park land, whichever is earlier.

Any development of the Headlands Subarea, and particularly of Tract E.2, shall be coordinated with and shall be designed and constructed to accommodate the then existing or known plans for the Turning Basin Park. When and if the Turning Basin Park is developed, the M.P.E.A. will permit third parties reasonable access to Tract E.2 in order to coordinate said development with Tract E.2.

17. The M.P.E.A. shall manage the uses of the Headlands and Navy Pier Subareas to avoid unreasonably adverse impacts on the surrounding residents. On the Headlands Subarea, no neighborhood festivals shall be permitted.
18. Upon review and determination, “Part II Review”, pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review Fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval.
19. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department. Any interim reviews associated with site plan review or Part II reviews, are conditional until final Part II approval.
20. The M.P.E.A., with respect to the Headlands and Navy Pier Subareas, and the Chicago Park District, with respect to the Jane Addams Park Subarea and Dime Pier Subarea, shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Environment and Buildings, under Section 13-32-085 of the Chicago Municipal Code, or any other provision of that Code.
21. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to section 17-13-0611-A of the Chicago Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the M.P.E.A., its successors and assigns and, if different than the M.P.E.A., the legal title holders and any ground lessors.
22. The M.P.E.A. and the Chicago Park District acknowledge that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor’s Office for

People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

23. The M.P.E.A. and Chicago Park District acknowledge that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The proposed structures on the Dime Pier Subarea shall be designed and constructed in an energy efficient manner generally consistent with the Leadership in Energy and Environmental Design (“L.E.E.D.”) Green Building Rating System; the roof of the proposed structures will consist of twenty-five percent (25%) of the net roof area covered with photovoltaic panels and the remaining seventy-five percent (75%) covered with high albedo roof materials; in addition, the project will incorporate FSC certified wood products, native plantings, and the heating and cooling system will incorporate natural ventilation that will reduce energy demand through a geothermal system located beneath the floating docks in the harbor. The South Dock and the initial work in Polk Bros Park, which includes the fountain, plaza and surrounding landscaping, has been submitted for certification under the SITES program, a comprehensive rating system for the development of sustainable landscapes administered by Green Business Certification, Inc. The hotel will achieve a LEED certification and 50% of its net roof area will be vegetated, meeting the guidelines of the Sustainable Policy of the Department of Planning and Development.
24. The M.P.E.A. acknowledges that, although the City’s Percent for Public Art ordinance is not applicable to the proposed development, the Navy Pier and Headlands Subareas development project is a public project and that the location and placement of art work in appropriate places on the Headlands and Navy Pier Subareas is a worthy public goal. Accordingly the M.P.E.A. shall, in its planning for the design and construction of the proposed development, take into consideration the installation of art work as an integral part of interior and exterior spaces. In connection with this requirement, the M.P.E.A. shall work with the appropriate representatives of the Public Art Program of the City’s Department of Cultural Affairs and Special Events.
25. The Plans are hereby approved in their entirety and no further approvals shall be required under this Planned Development or the Zoning Ordinance for the improvements undertaken in accordance with the Plans, other than Part II Approval (per Section 17-13-0610 of the Zoning Ordinance). Applicant and DPD, at either party’s request, may continue to evolve the design of the elevations or materials, and changes to such elevations or materials, if any, shall, if mutually agreed upon, be reviewed by DPD pursuant to Section 17-13-0800.
26. The improvements contemplated by this Planned Development are anticipated to be conducted in phases. Unless substantial construction of any of the improvements contemplated by the September 14, 2016 amendment to the Planned Development and depicted in the Plans, including without limitation the hotel to be constructed in the Navy Pier Subarea, the welcome pavilion to be constructed in the Headlands Subarea, or any of the improvements depicted the Conceptual Site Plan – Navy Pier -- Zone 6 (Exhibit 15) have commenced within six (6) years following adoption of the September 14, 2016 amendment to

the Planned Development (subject to extension for one additional year as set forth in Section 17-13-0612 of the Chicago Zoning Ordinance), then the September 14, 2016 amendment to the Planned Development shall expire by separately introduced ordinance, if any, in which event the zoning of the Property shall revert to Planned Development 527, as amended, on January 13, 2010. Unless substantial construction of any of the improvements contemplated by this amendment to the Planned Development and depicted in Exhibit 53 have commenced within six (6) years following adoption of this amendment to the Planned Development (subject to the extension for one additional year as set forth in Section 17-13-0612 of the Chicago Zoning Ordinance), then this amendment to the Planned Development shall expire by separately introduced ordinance, if any, in which event the zoning of the Property shall revert to Planned Development 527, as amended on September 14, 2016.
