**ZONING AMENDMENT APPLICATION PROJECT**  
**NARRATIVE**

Integrity 2, LLC, an Illinois limited liability company ("Integrity") is the owner of the multi-family residential property situated at 6818 N. Wayne Ave., Chicago, Illinois (the "Property").

The Property is older than 50-years, currently zoned RT4, legally non-conforming, and contains 41 dwelling units. Integrity, in partnership with Housing Plus, a not-for-profit corporation who has a public interest in working with landlords to convert vacant space into affordable housing, intends to add four (4) dwelling units within the building's existing structure. Two (2) of these units will be ADA compliant. Pursuant to a declaration to be recorded against the land, all four (4) units shall only be leased to tenants whose household income is no more than 60% of the Area Median Income, as recognized by the City of Chicago.

Under the Property's current zoning, Integrity cannot add these units, and is thus seeking to rezone the property to RM6 to accommodate a floor area ratio of 2.52 and a minimum lot area per unit of 166. Such accommodation can only be achieved under the RM6 zoning classification. The project will not modify the building's land use, floor area ratio, density, setbacks, or ' building height. The project does not include the addition of any parking spaces. Integrity intends to seek an Administrative Adjustment with the Zoning Board of Appeals ("ZBA") to reduce those parking requirements triggered by the rezoning. The Chicago Zoning Ordinance permits the ZBA to reduce parking requirements by up to five (5) spaces when the zoning classification is RM6 and the building has been in existence for more than fifty (50) years. 17-13-1101-C.
