STANDARD PLANNED DEVELOPMENT STATEMENTS

1. The area delineated herein as Planned Development Number _____, (Planned Development) consists of approximately 1,342,067 square feet of property which is depicted on the attached Planned Development Boundary and Property Line Map (Property) and is owned or controlled by the Applicant, Commonwealth Edison Company.
2. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns and, if different than the Applicant, the legal title holder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or designated control. Single designated control is defined in Section 17-8-0400.
3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation on behalf of the Applicant or its successors, assigns or grantees. It is further acknowledged that as part of the project, the Applicant has agreed to dedicate a portion of the current Net Site Area surrounding the perimeter of the Property along portions of North California Avenue and West Addison Street for sidewalk widening purposes. The resulting dedications will decrease the overall Net Site Area of the project (approximately 4,000 square feet) and the Applicant will pursue an administrative change (Minor Change) to the Planned Development to update the project's bulk table and other documents as may be necessary at the time of such dedication. The dedicated area for sidewalk widening purposes will be subject to a final survey and the review and approval of the Departments of Planning and Development and Transportation.

Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the Planned Development.

Ingress or egress shall be pursuant to the Planned Development and may be subject to the review and approval of the Departments of Planning and Development and Transportation. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation.

Pursuant to a negotiated and executed Perimeter Restoration Agreement ('Agreement') by and between the Department of Transportation's Division of Infrastructure Management and the Applicant, the Applicant shall provide improvements and restoration of all public way adjacent to the property, which may include, but not be limited to, the following as shall be

1

44949663,1

FINAL FOR PUBICATION

reviewed and determined by the Department of Transportation's Division of Infrastructure Management:

- Full width of streets
- Full width of alleys
- Curb and gutter
- Pavement markings
- Sidewalks
- ADA crosswalk ramps
- Parkway & Landscaping

The Perimeter Restoration Agreement must be executed prior to any Department of Transportation and Planned Development Part II review permitting. The Agreement shall reflect that all work must comply with current Rules and Regulations and must be designed and constructed in accordance with the Department of Transportation's Construction Standards for work in the Public Way and in compliance with the Municipal Code of Chicago Chapter 10-20. Design of said improvements should follow the Department of Transportation's Rules and Regulations for Construction in the Public Way as well as The Street and Site Plan Guidelines. Any variation in scope or design of public way improvements and restoration must be approved by the Department of Transportation.

4. This Plan of Development consists of Seventeen Statements: a Bulk Regulations Table; an Existing Zoning Map; an Existing/Proposed Land-Use Map; a Planned Development Boundary and Property Line Map; Phasing Plan; Site Plans/Partial Site Plans (all phases); Overall Landscape Plan; Partial Landscape Plan; Detailed Landscape Plans; Street Section Plans (all phases) and Office/Warehouse Building Elevations (North, South, East and West) prepared by Solomon Cordwell Benz and dated April 19, 2018, submitted herein. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned

Development conforms to the intent and purpose of the Chicago Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development Ordinance and the Chicago Zoning Ordinance, this Planned Development shall control.

5. The following uses are permitted in the area delineated herein as a Planned Development: office, utilities and services, major and minor, including electrical substation and solar array panels, warehousing, outdoor storage of materials and vehicles, fuel stations, accessory parking, motor vehicle repair shop, co-located and freestanding (towers) wireless communication facilities, interim surface accessory parking and related, ancillary and accessory uses.
6. On-Premise signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-Premise signs are prohibited within the boundary of the Planned Development.

FINAL FOR PU?! ? CATION

7. For purposes of height measurement, the definitions in the Chicago Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.
8. The maximum permitted floor area ratio (FAR) for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purpose of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations and Data Table has been determined using a net site area of 1,342,067 square feet and a base FAR of 2.20. (See also Statement 3)
9. Upon review and determination, Part II Review, pursuant to Section 17-13-0610, a Part II Review Fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval.
10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines, including Section 17-13-0800. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II reviews, are conditional until final Part II approval. The Applicant commits to installing a screen wall and landscaping along the south side of Addison Street and the east side of California Avenue as an off-site infrastructure improvement to screen the existing electrical substation located at the southeast corner of Addison Street and California Avenue prior to issuance of the final Certificate of Occupancy for the office building.

11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085, or any other provision of the Municipal Code of Chicago.
12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to Section 17-13-0611-A, by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors.
13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable

FINAL FOR PU?¹ 'CATION

Development Policy, in effect at the time the Part II review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.

15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such

outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

16. Prior to the Part II Approval (Section 17-13-0610 of the Chicago Zoning Ordinance) of any future development phases (per Phasing Exhibit), the Applicant shall submit a site plan, landscape plan and building elevations for the specific development phase(s) for review and approval by the Department of Planning and Development (DPD). The Applicant shall also make a courtesy presentation to the Chicago Plan Commission to keep the Plan Commission informed of Phases 4a, 4b and 5. Review and approval by DPD is intended to assure that specific development components substantially conform with the Planned Development (PD) and to assist the City in monitoring ongoing development. Site Plan Approval Submittals (Section 17-13-0800) for these phases, need only include that portion of the Property for which approval is being sought by the Applicant. If the Applicant is seeking approval for a

4

44949663;!

FNAL FOR PL??! ?
CAT!ON

portion of the Property that represents less than an entire Phase, the Applicant shall also include a site plan for that area of the Property which is bounded on all sides by either public Rights-of-Way or the boundary of the nearest Phase area. The site plan provided shall include all dimensioned and planned street Rights-of-Way.

The Applicant agrees, as part of site plan approval for the interim surface parking lot condition after the Phase 3 demolition of the existing office building, to provide an interim setback of not less than 50 feet along Addison Street for a distance of approximately 335 feet west of the east property line and a setback of not less than 75 feet along California Avenue for a distance of approximately 400 feet south of the north property line (as opposed to the 25 foot setback to be provided along Addison Street and California beyond the footprint of the existing office building as depicted in the attached Phase 3 Interim Site Plan Exhibit.) Thereafter, as part of the site plan approval for the future infrastructure identified in Phase 4 and Phase 5, the Applicant shall be allowed to reduce the setback along Addison Street and California Avenue to 25 feet from the property line as depicted in the attached Phase V Ultimate Site Plan Exhibit. The above referenced 25' setback dimension is to be measured from the property line existing as of the date of passage of this Planned Development and shall include any area dedicated for sidewalk purposes as counting towards the overall 25' future setback.

No Part II Approval for any portion of the Property shall be granted until Site Plan approval has been granted. Following approval by DPD, the approved Site Plan Approval Submittals for the various phases, supporting data and materials shall be made part of the main file and shall be deemed to be an integral part of the PD.

After approval of the Site Plan, changes or modifications may be made pursuant to the provisions of Statement 12. In the event of any inconsistency between approved plans and the terms of the PD, the terms of the PD shall govern. Any Site Plan Approval Submittals for the phases shall, at a minimum, provide the following information:

- fully-dimensioned site plan (including a footprint of the proposed improvements);
- fully-dimensioned building elevations;
- fully-dimensioned landscape plan(s); and,
- statistical information applicable to the subject phase, including floor area, the applicable floor area ratio, uses to be established, building heights and setbacks.

Site Plan Approval Submittals shall include all other information necessary to illustrate substantial conformance to the PD.

17. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a Zoning Map Amendment to rezone the property to M2-2 (Light Industry District).

COMMONWEALTH EDISON COMPANY

DEPARTMENT OF PLANNING AND DEVELOPMENT CITY OF
CHICAGO

MEMORANDUM

Chairman City Council Committee on Zoning

To: Alderman Daniel Solis

From:

David L. Keifman Commissioner

Department of Planning and Development Date: April 19, 2018

Re: Proposed Planned Development (generally located at 3500 N. California Avenue)

On April 19, 2018, the Chicago Plan Commission recommended approval of a proposed Planned Development submitted by the Applicant, Commonwealth Edison Company. The Planned Development would authorize the construction of a three-story office building, warehouse building, future parking garage and infrastructure facilities as well as accessory parking and fleet storage on a 30 acre site located at 3500 N. California Avenue. A copy of the proposed ordinance, planned development statements, exhibits and bulk table are attached. I would very much appreciate your assistance in having this introduced at the next possible City Council Committee on Zoning.

Also enclosed is a copy of the staff report to the Plan Commission which includes the Department of Planning and Development, Bureau of Zoning and Land Use recommendation and a copy of the resolution. If you have any questions in this regard, please do not hesitate to contact me at 744-9476.

Cc: Steve Valenziano
