Housing Profile Form to DPD for review and approval. If the Applicant subsequently reduces the number of residential units in a Residential Project, DPD may adjust the requirements of this Statement 16 (i.e., number of Affordable Units and/or amount of Cash Payment) accordingly without amending the Planned Development. Prior to the issuance of any building permits for a Residential Project, including, without limitation, excavation or foundation permits, the Applicant must either make the required Cash Payment for the Residential Project in question, or execute an Affordable Housing Agreement in accordance with Section 2-45-110(i)(2). The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Residential Project and will constitute a lien against each Affordable Unit. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. The Commissioner of DPD may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending this Planned Development.

17. In order to develop the proposed improvements in Sub-Area C-1, the Applicant has contracted to acquire a portion of the unused floor area (for FAR purposes) and square footage (for minimum lot area, MLA, purposes) from Sub-Areas A and B (the "Development Rights"). The Applicant shall establish those Development Rights (i) prior to Part II approval for Sub-Area C-1 and (ii) by delivery to DPD of an executed and recorded Agreement Regarding Development Rights ("Agreement"). Said Agreement shall confirm the amount of Development Rights acquired for the benefit of Sub-Area C-1. Said Development Rights shall be applicable solely to Sub-Area C-1 in accordance with the amounts shown on the Bulk Regulations and Data Table of this Planned Development. In no event shall such transfer of Development Rights cause the FAR or density limitations shown on the Bulk Regulations and Data Table to be exceeded. Delivery of the Agreement shall authorize DPD to initiate Part II review for Sub-Area C-1 pursuant to the parameters set forth in the Bulk Regulations and Data Table of this Planned Development.

18. The required accessory vehicular parking servicing the residential uses in Sub-Area C-2 may be located in the parking garage to be constructed in Sub-Area C-1. If construction in Sub-Area C-2 is commenced or completed prior to the completion of the Sub-Area C-1 parking garage then the required

accessory vehicular parking servicing the residential uses in Sub-Area C-2 may be provided elsewhere off-site in a zoning district that permits non-accessory parking; however, with no greater than a 600' distance between the nearest such off-site parking space and the entrance to the Sub-Area C-2 use served, pursuant to the ratios and requirements set forth in the Bulk Regulations and Data Table of this Planned Development.

19. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of DPD shall initiate a Zoning Map Amendment to rezone the property to Planned Development No. 157, dated May 15, 1985.

Re: Clark and Division (Jewel Food Store & Residential Tower) PD157
CDOT Plan Approval

Dear Mr. Higgins,

We are writing to request your approval of the attached site plan.

Pursuant to our earlier communications, we have incorporated the revisions you requested specifically as they relate to recommendations published in the traffic study by KLOA (dated 4/8/2014). In addition to those items documented on the site plan, the PD statements have been amended to include the following:

- Bike storage facilities will be provided within the development and external bike racks will be provided near the Jewel.
- A minimum one (1) parking space within the parking garage should be reserved for car sharing vehicles.
- The Clark Street/Goethe Street Traffic signal should be upgraded with countdown pedestrian signals.
- Existing crosswalks should be upgraded with continental crosswalks.
- Separate left-turn lanes and lag left turn phases should be provided at Division Street and Clark Street.
- Access to the parking garage will be provided via full access drive on Clark Street and an out bound only access drive along the north south public alley.

Provided the included materials sufficiently address CDOT comments, we ask that you stamp the enclosed copies of the attached site plan "Approved" and return 2 copies to SCB for our records.

Thank you in advance for your time and attention.

Sincerely,

David Keller, AIA Associate
