May 24, 2011

Our law firm represents Poulos Construction Company (Business License #49966) in their application for zoning amendments to the above referenced properties. These properties are located in the 24th Ward, and Alderman Dixon approves of the proposed zoning amendments. Both properties are owned by Andrew and Irene Poulos. The tenant on 735 S. Laramie is their family business, Poulos Construction Company. The property immediately east of 735 S. Laramie is 5117 W. Lexington.

5117 W. Lexington:

Currently, this property contains a severely fire damaged two-flat frame built, abandoned residence. The lot is 58 x 124 for a total land square footage of 7,192 feet. The improvement is 20.9 x 39.75 for a square footage of 828.65 square feet. This results in a land to building ratio of 9-1.

Andrew and Irene Poulos purchased 5117 W. Lexington from the City of Chicago on January 29, 2010 on the express condition that the burned out house be demolished, and a parking lot be constructed on the property. This property is currently zoned as an RS-3.

Now, Poulos Construction Company would like to demolish the burned-out house and improve the property with a small, thirteen space parking lot. It will have a setback of approximately 18 feet. The new parking lot will be bordered with 5 feet of decorative landscaping on the east and north perimeter. The landscaping will consist of Bradford Pear

will have no other improvement besides the parking lot. This parking lot will be used as an accessory to their current business headquartered immediately west at 735 South Laramie.

We request a change in the zoning from RS-3 to C-2-1.

735 S. Laramie:

The property located at 735 S. Laramie is currently used as a construction office and storage yard. Nothing will be done to alter either the use, or the appearance of this property.

Currently, the property contains 46,170 square feet of land, and 3,232 of building, for a land to building ratio of 5 to 1. It has a setback of approximately 20 feet. It contains approximately 15 parking places for construction vehicles. It has a building height of approximately 18 feet. There is not much available off street parking. There are four concrete driveways on the premises. The improvement is a one-story brick building, with decorative planters lining the north and west perimeters.

The current zoning district for 735 S. Laramie property is MI -2. The business was operating at this location before the MI-2 designation applied. Because a zoning change is sought for a 5117 W. Lexington, a property which will be used as an accessory to 735 S. Laramie, this property must be properly zoned. We simply seek to make this use a conforming use.

We request changing the zoning from MI-2 to C-2-1.

If you have any questions or need any additional information, please do not hesitate to contact us.
