WHEREAS, over the past several years, the decline in youth employment rates across all races has raised many concerns;" and

WHEREAS, in 2016 the City of Chicago ("City") had a rate of only 58.2% of young adults employed, with the highest concentration of youth-unemployment being-in-minority neighborhoods; and

WHEREAS, the City has the greatest racial disparity in young adult employment rates of any major city; and

WHEREAS, the City seeks to increase the employment of individuals aged 18 to 20 years; and

WHEREAS, the City currently restricts the employment of young adults aged 18-20 on liquor-licensed premises to certain limited positions, and

WHEREAS, the Illinois Liquor Control Act allows municipalities to permit young adults aged 18 to 20 to work as servers in full service restaurants and in accessory-use packaged licensed stores and many municipalities currently do so with positive results; and

WHEREAS, amending Section 4-60-143 to allow young adults aged 18-20 to work in more

capacities in certain liquor-licensed premises would allow more young adults to obtain gainful employment, decreasing the current young adult unemployment rate and racial disparity in young adult employment; now, therefore,
