The proceeds of the Residential Building Construction City Funds and together with the Theater Rehabilitation City Funds, the "City Funds") are hereby appropriated for the purposes set forth in Section 4 and Section 5.

SECTION 6. There shall be borrowed for and on behalf of the City an amount not to exceed \$5,400,000 for the payment of a portion of the eligible redevelopment project costs included within the Project. The borrowing shall be evidenced by notes of the City as follows: (i) a note of the City in an amount not to exceed \$4,600,000 (the "City #1 Note"); (ii) a note of the City in an amount not to exceed \$800,000 (the "City #2 Note"); and (iii) a requisition form to the City from the Developer in an amount up to \$4,250,000 for reimbursement of other eligible costs. The Notes shall be dated as of the date of delivery thereof, shall bear the date of authentication, shall be in fully registered form, shall be in the denomination of the maximum outstanding principal amount thereof and shall become due and payable as provided therein.

The Notes shall bear interest at interest rates per annum equal to the interest rates set forth in the Redevelopment Agreement. Interest on the Notes shall be subject to federal income taxes and shall be computed on the basis of a 360-day year of twelve 30-day months. The City shall not be obligated to pay principal of or interest on the Note in any year in which there are inadequate Available Incremental Taxes, as

defined in the Redevelopment Agreement. The City shall be obligated to pay the amount of any unpaid principal or accrued interest in any subsequent year but only to the extent of the Available Incremental Taxes for those subsequent years.

The principal of and interest on each Note shall be paid by check or draft of the Comptroller of the City, as registrar and paying agent (the "Registrar" (or, at the City's sole election, by wire transfer of funds), payable in lawful money of the United States of America to the persons in whose name such Note is registered at the close of business on the 15th day of the month immediately prior to the applicable payment date; provided, that the final installment of the principal and accrued but unpaid interest of such Note shall be payable in lawful money of the United States of America at the principal office of the Registrar or as otherwise directed by the City.

The seal of the City shall be affixed to or a facsimile thereof printed on each Note, and each Note shall be signed by the manual or facsimile signature of the Mayor of the City and attested by the manual or facsimile signature of the City Clerk of the City, and in case any officer

3

whose signature shall appear on any such Note shall cease to be such officer before the delivery of the Note, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery.

Each Note shall have thereon a certificate of authentication substantially in the form hereinafter set forth duly executed by the Registrar, as authenticating agent of the City for such Note, and showing the date of authentication. No Note shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Ordinance unless and until such certificate of authentication shall have been duly executed by the Registrar by manual signature, and such certificate of authentication upon the Note shall be conclusive evidence that the Note has been authenticated and delivered under this Ordinance.

SECTION 7. The City shall cause books (the "Register") for the registration and for the transfer of the Notes (to the extent such transfer is permitted under the Redevelopment Agreement) as provided in this Ordinance to be kept at the principal office of the Registrar, which is hereby constituted and appointed the registrar of the City for the Notes. The City is authorized to prepare, and the Registrar shall keep custody of, multiple Note blanks executed by the City for use in the transfer of the Notes.

Upon surrender for a transfer of any Note authorized under the Redevelopment Agreement at the principal office of the Registrar, duly endorsed by, or accompanied by (i) a written instrument or instruments of transfer in form satisfactory to the Registrar, (ii) an investment representation in form satisfactory to the City and duly executed by the registered owner or his attorney duly authorized in writing, (iii) the written consent of the City evidenced by the signature of the Commissioner (or his or her designee) on the instrument of transfer, and (iv) any deliveries required under the Redevelopment Agreement, the City shall execute and the Registrar shall authenticate, date and deliver in the name of any such authorized transferee or transferees a new fully registered Note of the same maturity, of authorized denomination, and for a like aggregate principal amount. The execution by the City of a fully registered Note shall constitute full and due authorization of such Note and the Registrar shall thereby be authorized to authenticate, date and deliver the Note, provided however, that the principal amount of the Note authenticated by the Registrar shall not exceed the authorized principal amount of the Note less previous retirements. The Registrar shall not be required to transfer or exchange any Note during the period beginning at the close of business on the fifteenth day of the month immediately prior to the maturity date of the Note nor to transfer or exchange the Note after notice calling the Note for redemption

has been made, nor during a period of five (5) days next preceding mailing of a notice of redemption of principal of the Note. No beneficial interests in the Note shall be assigned, except in accordance with the procedures for transferring the Note described above.

The person in whose name a Note shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of the principal of the Note shall be made only to or upon the order of the registered owner thereof or his legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Note to the extent of the sum or sums so paid.

No service charge shall be made for any transfer of a Note, but the City or the Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer of the Note.

4

SECTION 8. The principal of the Notes shall be subject to determination, reduction and prepayment as provided in the form of the Notes attached to the Redevelopment Agreement as Exhibits M-1 and M-2 and as provided in the Redevelopment Agreement, including, without limitation in Section 4.03 thereof. As directed by the Commissioner, the Registrar shall proceed with redemptions without further notice or direction from the City.

SECTION 11. The Notes hereby authorized shall be executed as provided in this Ordinance and the Redevelopment Agreement and thereupon be deposited with the Commissioner, and be by said Commissioner delivered to the Developer.

SECTION 12. (a) Special Tax Allocation Fund. Pursuant to the TIF Ordinance, the City has created a special fund, designated as the Fullerton/Milwaukee Redevelopment Project Area Special Tax Allocation Fund (the "Tax Allocation Fund").

The Comptroller of the City is hereby directed to maintain the Tax Allocation Fund as a segregated interest-bearing account, separate and apart from the General Fund or any other fund of the City, with a bank which is insured by the Federal Deposit Insurance Corporation or its successor. Subject to the terms and conditions of the Redevelopment Agreement,

5

the City shall use the Phase I Available Incremental Taxes and the Phase II Available Incremental Taxes to make the payments of City Funds (as defined in the Redevelopment Agreement) including payments with respect to the applicable Notes until the Notes have been fully repaid. In the event that an event of default under the Redevelopment Agreement entitles the City to permanently terminate further payments of City Funds (as defined in the Redevelopment Agreement) with respect to any Note, the City may in its discretion, return the amounts in the applicable subaccount established above that would otherwise be allocated to the payment of the applicable Note to the General Account of the Tax Allocation Fund of the City and such subaccount shall be closed.

(c) Pledge of Developer Subaccounts. The City hereby assigns, pledges and dedicates the Phase I Account and the Phase II Account, together with all amounts on deposit in such subaccounts, to the payment of the City Funds (as defined in the Redevelopment Agreement) and of the principal of and interest, if any, on the Phase I Note and the Phase II Note, respectively, when due under the terms of the Redevelopment Agreement, including specifically, but without limitation, Section 4.03 thereof. Upon deposit, the moneys on deposit in the Phase I Account and the Phase II Account may be invested as hereinafter provided. Interest and income on any such investment shall be deposited in the applicable subaccount. All moneys on deposit in the (i) Phase I Account shall be used to pay the City Funds cash payments (as provided in the Redevelopment Agreement) and the principal of and interest on the Phase I Note, (ii) Phase II Account shall be used to pay the principal of and interest on the Phase II Note, in each case at maturity or upon payment or redemption prior to maturity, in accordance with their terms, which payments from the Phase I Account and the Phase II Account are hereby authorized and appropriated by the City. Upon payment of all City Funds and of amounts due under the Notes and the Redevelopment Agreement in accordance with their terms (or the termination of the City's obligation to make such payments), the amounts on deposit in the Phase I Account and the Phase II Account, as applicable, shall be deposited in the General Account of the Tax Allocation Fund of the City and the applicable subaccount shall be closed.

SECTION 13. The Notes are special limited obligations of the City, and are payable solely from amounts on deposit in the Phase I Account and the Phase II Account, as applicable, and shall be a valid claim of the registered owner thereof only against said sources. The Notes shall not be deemed to constitute an indebtedness or a loan against the general taxing powers or credit of the City, within the meaning of any constitutional or statutory provision. The registered owner(s) of the Notes shall not have the right to compel any exercise of the taxing power of the City, the State of Illinois or any political subdivision thereof to pay the principal of or interest on the Notes.

SECTION 14. Moneys on deposit in the Phase I Account and the Phase II Account may be invested as allowed under Section 2-32-520 of the Municipal Code of the City of Chicago (the "Municipal Code"). Each

such investment shall mature on a date prior to the date on which said amounts are needed to pay the principal of or interest on the Notes.

SECTION 15. The Registrar shall maintain a list of the names and addresses of the registered owners from time to time of the Notes and upon any transfer shall add the name and address of the new registered owner and eliminate the name and address of the transferor.

SECTION 16 The provisions of this Ordinance shall constitute a contract between the

6

City and the registered owners of the Notes. All covenants relating to the Notes are enforceable by the registered owners of the Notes.

SECTION 17. The Mayor, the Chief Financial Officer, the Comptroller, the City Clerk, the Commissioner (or his or her designee) and the other officers of the City are authorized to execute and deliver on behalf of the City such other documents, agreements and certificates and to do such other things consistent with the terms of this Ordinance as such officers and employees shall deem necessary or appropriate in order to effectuate the intent and purposes of this Ordinance.

SECTION 18. If any provision of this Ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the other provisions of this Ordinance.

SECTION 19. All ordinances, resolutions, motions or orders in conflict with this Ordinance are hereby repealed to the extent of such conflict. No provision of the Municipal Code or violation of any provision of the Municipal Code shall be deemed to impair the validity of this Ordinance or the instruments authorized by this Ordinance or to impair the security for or payment of the instruments authorized by this Ordinance; provided further, however, that the foregoing shall not be deemed to affect the availability of any other remedy or penalty for violation of any provision of the Municipal Code.

SECTION 20. This Ordinance shall be in full force and effect immediately upon its passage and approval.

c) City Fee. Annually, the City may allocate an amount not to exceed five percent (5%) of the Available Incremental Taxes for each of the Phase I and the Phase II for payment of costs incurred by the City for the administration and monitoring of the Redevelopment Area, including the Project. Such fee shall be in addition to and shall not be deducted from or considered a part of the City Funds, and the City shall have the right to receive such funds prior to any payment of City Funds hereunder.

6 Cost Overruns. If the aggregate cost of the TIF-Funded Improvements exceeds City Funds available pursuant to Section 4.03 hereof, or if the cost of completing Phase I or Phase II of the Project exceeds each of the Phase I or Phase II Budgets, Developer shall be solely responsible for such excess cost, and shall hold the City harmless from any and all costs and expenses of completing the TIF-Funded

Improvements in excess of City Funds and of completing the Project.

7 Preconditions of Disbursement Execution of Certificate of Expenditure. Prior to each execution of a Certificate of Expenditure by the City, Developer shall submit documentation regarding the applicable expenditures to DPD, which shall be satisfactory to DPD in its sole discretion. Delivery by Developer to DPD of any request for execution by the City of a Certificate of Expenditure hereunder shall, in addition to the items therein expressly set forth, constitute a certification to the City, as of the date of such request for execution of a Certificate of Expenditure, that:

(a) the total amount of the request for Certificate of Expenditure represents the actual cost of the Acquisition or the actual amount payable to (or paid to) the General Contractor and/or subcontractors who have performed work on the Project, and/or their payees;

(b) all amounts shown as previous payments on the current request for Certificate of Expenditure have been paid to the parties entitled to such payment;

f) no Event of Default or condition or event which, with the giving of notice or passage of time or both, would constitute an Event of Default exists or has occurred; and

g) the Project is In Balance. The Project shall be deemed to be in balance ("In Balance") only if the total of the available Project funds equals or exceeds the aggregate of the amount necessary to pay all unpaid Project costs incurred or to be incurred in the completion of the Project. "Available Project Funds" as used herein shall mean: (i) the undisbursed City Funds; (ii) the undisbursed Lender Financing, if any; (iii) the undisbursed Equity; and (iv) any other amounts deposited by Developer pursuant to this Agreement. Developer hereby agrees that, if the Project is not In Balance, Developer shall, within 10 days after a written request by the City, deposit [with the escrow agent/Title Company] or will make available (in a manner acceptable to the City), cash in an amount that will place the Project In Balance, which deposit shall first be exhausted before any further disbursement of the City Funds shall be made.

The City shall have the right, in its discretion, to require Developer to submit further documentation as the City may require in order to verify that the matters certified to above are true and correct, and any execution of a Certificate of Expenditure by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by Developer. In addition, Developer shall have satisfied all other preconditions of execution of a Certificate of Expenditure, including but not limited to requirements set forth in the TIF Ordinances, the Milwaukee Corridor ARO Pilot Area Ordinance, this Agreement and/or the Escrow Agreement, if any.

(A) In the event of a refinance, sale or transfer of the Theater Property ("Phase I Capital Event") or any part thereof occurring on or before the fifth-year anniversary of the issuance of the Phase I Certificate (the "Phase I Return Period") provided, however, that the replacement of financing for construction of the Project Phase I by more permanent financing of the Project costs, as deemed acceptable by DPD, shall not constitute a Phase I Capital Event, the Developer agrees to an overall reduction to the amount of the City Funds related to Phase I of the Project based on the following schedule:

Year of Capital Event	% Reduction of Total Cash Funds
Issuance of Certificate of Occupancy ("COO") to 1 st Anniversary	100%
1 st to 2 nd Anniversary	80%
2 nd to 3 rd Anniversary	60%
3 rd to 4 th Anniversary	40%
4 th to 5 th Anniversary	20%

3 rd to 4 th Anniversary	25%

Under no circumstances will the provisions under this Section 4.09 be in place for less than four (4) years from the issuance of the Phase I Certificate.

The manner and source from which the City Funds for Phase I will be reduced will be at the discretion of the City but could mean a cessation of the future cash payments, a reduction of the face value of City Note #1 or the return of the City Funds related to Phase I paid to date. The Developer shall never be required to pay and remit to the City an amount of money greater than the amount of the City Funds related to Phase I paid to date from the City.

If the Theater Property becomes subject to an option or other agreement to pursue a Capital Event during the Phase I Return Period, this Section 4.09 shall apply regardless of whether any resulting Capital Event actually occurs within the Phase I Return Period.

(B) In the event of a refinance, sale or transfer of the Residential Property (a "Phase II Capital Event") or any part thereof occurring on or before the fifth-year anniversary of the issuance of the Phase II Certificate (the "Phase II Return Period") provided, however, that the replacement of financing for

construction of the Project Phase II by more permanent financing of the Project costs, as deemed acceptable by DPD, shall not constitute a Phase II Capital Event, the Developer agrees to pay and remit to the City an amount equal to one hundred percent (100%) of the City Funds related to Phase II of the Project paid. Additionally, all future City Funds related to Phase II of the Project payments, if any, shall cease. If the Residential Property becomes subject to an option or other agreement to pursue a Capital Event during the Phase II Return Period, this Section 4.09 shall apply regardless of whether any resulting Residential Capital Event actually occurs within the Phase II Return Period. The covenants set forth in this Section shall run with the land and be binding upon any transferee.

4.10 Annual Recapture. From the 5th year anniversary of the issuance of the Phase I Certificate until the end of the Phase I Compliance Period, the City will be entitled to receive 50% of the Net Annual Cash Flow generated from the operations and/or sale of the Phase I. by appropriate legal proceedings properly and diligently instituted and prosecuted, in such manner as shall stay the collection of the contested Non-Governmental Charge, prevent the imposition of a lien or remove such lien, or prevent the sale or forfeiture of the Property (so long as no such contest or objection shall be deemed or construed to relieve, modify or extend Developer's covenants to pay any such Non-Governmental Charge at the time and in the manner provided in this Section 8.15); or

Developer's right to challenge real estate taxes applicable to the Property is limited as provided for in Section 8.19(c) below; provided, that such real estate taxes must be paid in full when due and may be disputed only after such payment is made. No such contest or objection shall be deemed or construed in any way as relieving, modifying or extending Developer's covenants to pay any such Governmental Charge at the time and in the manner provided in this Agreement unless Developer has given prior written notice to DPD of Developer's intent to contest or object to a Governmental Charge and, unless, at DPD's sole option,

(i) Developer shall demonstrate to DPD's satisfaction that legal proceedings instituted by Developer contesting or objecting to a Governmental Charge shall conclusively operate to prevent or remove a lien against, or the sale or forfeiture of, all or any part of the Property to satisfy such Governmental Charge prior to final determination of such

\ proceedings; and/or

(ii) Developer shall furnish a good and sufficient bond or other security satisfactory to

' DPD in such form and amounts as DPD shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property during the pendency of such contest, adequate to pay fully any such contested Governmental Charge and all interest and penalties upon the adverse determination of such contest.

If Developer fails to pay any Governmental Charge or to obtain discharge of the same, Developer shall advise DPD thereof in writing, at which time DPD may, but shall not be obligated to, and without waiving or releasing any obligation or liability of Developer under this Agreement, in DPD's sole discretion, make such payment, or any part thereof, or obtain such discharge and take any other action with respect thereto which DPD deems advisable. All sums so paid by DPD, if any, and any expenses, if any, including reasonable attorneys' fees, court costs, expenses and other charges relating thereto, shall be promptly disbursed to DPD by Developer. Notwithstanding anything contained herein to the contrary, this paragraph shall not be construed to obligate the City to pay any such Governmental Charge. Developer shall cause the General Contractor to comply with that certain Settlement Agreement dated November 3, 2011, by and among the City, the Chicago Regional Council of Carpenters, the Metropolitan Pier and Exposition Authority, the Public Building Commission of the City, and the State, because the Phase I and Phase II Budgets in the aggregate are in excess of \$25,000,000, and, therefore, is subject to the provisions of that certain City Multi-Project Labor Agreement (the "MPLA") dated February 9, 2011, by and among the City and the labor organizations comprising the Chicago & Cook County Building & Construction Trades Council. This information is used by the OBM to determine how much funding has been committed and how much funding is available for potential projects. The reports and the projections including therein are not audited and do not represent a final accounting of funds. The reports are not prepared for investors or as a basis for making investment decisions with respect to any notes, bonds or other debt obligations of the City that are payable from available incremental taxes. Investors in such obligations are cautioned not to rely on any of the information contained in the District Projection Reports."

(d) If any Consultant's Report contains projections, the consultant shall consider the publicly available TIF-wide projections from the OBM and provide an explanation as to the discrepancy, if any, between the consultant's projections and those of OBM. In addition, the consultant shall state in the Consultants Report all assumptions used in formulating the projections.

(e) The Developer shall cause the following documents to be disseminated through the Electronic Municipal Market Access ("EMMA") system for municipal securities disclosure maintained by the Municipal Securities Rulemaking Board (the "MSRB") or through any other electronic format or system prescribed by the MSRB for purposes of Rule 15c2-12 under the Securities Exchange Act of 1934, as amended:

SECTION 9. COVENANTS/REPRESENTATIONS/VARRANTIES OF CITY

1 General Covenants. The City represents that it has the authority as a home rule unit of local government to execute and deliver this Agreement and to perform its obligations hereunder.

2 Survival of Covenants. All warranties, representations, and covenants of the City contained in this Section 9 or elsewhere in this Agreement shall be true, accurate, and complete at the time of the City's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and be in effect throughout the Term of the Agreement.

SECTION 10. DEVELOPER'S EMPLOYMENT OBLIGATIONS

10.01 Employment Opportunity. Developer, on behalf of itself and its successors and assigns, hereby agrees, and shall contractually obligate its or their various contractors, subcontractors or any Affiliate of Developer operating on the Property (collectively, with Developer, the "Employers" and individually an "Employer") to agree, that for the Term of this Agreement with respect to Developer and during the period of any other party's provision of services in connection with the construction of the Project or occupation of the Property:

(a) No Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Chapter 2-160, Section 2-160-010 et seq., Municipal Code, except as otherwise provided by said ordinance and as amended from time to time (the "Human Rights Ordinance"). Each Employer shall take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a non-discriminatory manner with regard to all job-related matters, including without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City

setting forth the provisions of this nondiscrimination clause. In addition, the Employers,

40

in all solicitations or advertisements for employees, shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.

b) To the greatest extent feasible, each Employer is required to present opportunities for training and employment of low- and moderate-income residents of the City and preferably of the Redevelopment Area; and to provide that contracts for work in connection with the construction of the Project be awarded to business concerns that are located in, or owned in substantial part by persons residing in, the City and preferably in the Redevelopment Area.

c) Each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including but not limited to the City's Human Rights Ordinance and the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. (1993), and any subsequent amendments and regulations promulgated thereto.

d) Each Employer, in order to demonstrate compliance with the terms of this Section, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.

e) Each Employer shall include the foregoing provisions of subparagraphs (a) through (d) in every contract entered into in connection with the Project, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any Affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or Affiliate, as the case may be.

f) Failure to comply with the employment obligations described in this Section 10.01 shall be a basis for the City to pursue remedies under the provisions of Section 15.02 hereof.

10.02 City Resident Construction Worker Employment Requirement. Developer agrees for itself and its successors and assigns, and shall contractually obligate its General Contractor and shall cause the General Contractor to contractually obligate its subcontractors, as applicable, to agree, that during the construction of Phase I and Phase II, they shall comply with the minimum percentage of total worker hours performed by actual residents of the City as specified in Section 2-92-330 of the Municipal Code (at least 50 percent (50%) of the total worker hours worked by persons on the site of each Project respectively shall be performed by actual residents of the City); provided, however, that in addition to complying with this percentage, Developer, its General Contractor and each subcontractor shall be required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions..

"Actual residents of the City" shall mean persons domiciled within the City. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

Developer, the General Contractor and each subcontractor shall provide for the maintenance of adequate employee residency records to show that actual Chicago residents are employed on the Project. Each Employer shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

Weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) shall be submitted to the Commissioner of DPD in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the Employer hired the employee should be written in after the employee's name.

Developer, the General Contractor and each subcontractor shall provide full access to their employment records to the Chief Procurement Officer, the Commissioner of DPD, the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative of any of them. Developer, the General Contractor and each subcontractor shall maintain all relevant personnel data and records for a period of at least three (3) years after final acceptance of the work constituting the Project.

At the direction of DPD, affidavits and other supporting documentation will be required of Developer, the General Contractor and each subcontractor to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of Developer, the General Contractor and each subcontractor to provide utilization of actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Chief Procurement Officer) shall not suffice to replace the actual, verified achievement of the requirements of this Section concerning the worker hours performed by actual Chicago residents.

When work at the Project is completed, in the event that the City has determined that Developer has failed to ensure the fulfillment of the requirement of this Section concerning the worker hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Section. Therefore, in such a case of non-compliance, it is agreed that 1/20 of 1 percent.(0.0005) of the aggregate hard construction costs set forth in the respective Phase I or Phase II Project Budget (the product of .0005 x such aggregate hard construction costs) (as the same shall be evidenced by approved contract value for the actual contracts) shall be surrendered by Developer to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject Developer, the General Contractor and/or the subcontractors to prosecution. Any retainage to cover contract performance that may become due to Developer pursuant to Section 2-92-250 of the Municipal Code may be withheld by the City pending the Chief Procurement Officer's determination as to whether Developer must surrender damages as provided in this paragraph.

Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this Agreement or related documents.

Developer shall cause or require the provisions of this Section 10.02 to be included in all construction contracts and subcontracts related to the Project.

10.03. MBEAA/BE Commitment. Developer agrees for itself and its successors and assigns, and, if necessary to meet the requirements set forth herein, shall contractually obligate the General Contractor to agree that during each Project:

a) Consistent with the findings which support, as applicable, (i) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420 et seq., Municipal Code (the "Procurement Program"), and (ii) the Minority- and Women-Owned Business Enterprise Construction Program, Section 2-92-650 et seq., Municipal Code (the "Construction Program," and collectively with the Procurement Program, the "MBEAA/BE Program"), and in reliance upon the provisions of the MBEAA/BE Program to the extent contained in, and as qualified by, the provisions of this Section 10.03, during the course of Phase I and Phase II, at least the following percentages of the MBEAA/BE Budget (as set forth in Exhibit H-2 hereto) shall be expended for contract participation by MBEs and by WBEs, the respective amounts of which shall be met individually and which will be taken into account for each of the Phase I and Phase II Budgets:

- 1) At least twenty-six percent (26%) by MBEs.
- 2) At least six percent (6%) by WBEs.

b) For purposes of this Section 10.03 only, Developer (and any party to whom a contract is let by Developer in connection with the Project) shall be deemed a "contractor" and this Agreement (and any contract let by Developer in connection with the Project) shall be deemed a "contract" or a "construction contract" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code, as applicable.

(c) Consistent with Sections 2-92-440 and 2-92-720, Municipal Code, Developer's MBEAA/BE commitment may be achieved in part by Developer's status as an MBE or WBE (but only to the extent of any actual work performed on the Project by Developer) or by a joint venture with one or more MBEs or WBEs (but only to the extent of the lesser of (i) the MBE or WBE participation in such joint venture or (ii) the amount of any actual work performed on the Project by the MBE or WBE), by Developer utilizing a MBE or a WBE as the General Contractor (but only to the extent of any actual work performed on the Project by the General Contractor), by subcontracting or causing the General Contractor to subcontract a portion of the Project to one or more MBEs or WBEs, or by the purchase of materials or services used in the Project from one or more MBEs or WBEs, or by any combination of the foregoing. Those entities which constitute both a MBE and a WBE shall not be credited more than once with regard to Developer's MBEAA/BE commitment as described in this Section 10.03. In accordance with Section 2-92-730, Municipal Code, Developer shall not substitute any MBE or WBE General Contractor or subcontractor without the prior written approval of DPD.

(d) Developer shall deliver monthly reports to the City's monitoring staff during the Project describing its efforts to achieve compliance with this MBEAA/BE commitment. Such reports shall include, inter alia, the name and business address of each MBE and WBE solicited by Developer or the General Contractor to work on the Project, and the responses received from such solicitation, the name and business address of each MBE or WBE actually involved in the Project, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the City's monitoring staff in determining Developer's compliance with this MBEAA/BE commitment. Developer shall maintain records of all relevant data with respect to the utilization of MBEs and WBEs in connection with the Project for at least five years after completion of the Project, and the City's monitoring staff shall have access to all such records maintained by Developer, on five Business Days' notice, to allow the City to review

Developer's compliance with its commitment to MBE/WBE participation and the status of any MBE or WBE performing any portion of the Project.

e) Upon the disqualification of any MBE or WBE General Contractor or subcontractor, if such status was misrepresented by the disqualified party, Developer shall be obligated to discharge or cause to be discharged the disqualified General Contractor or subcontractor, and, if possible, identify and engage a qualified MBE or WBE as a replacement. For purposes of this subsection (e), the disqualification procedures are further described in Sections 2-92-540 and 2-92-730, Municipal Code, as applicable.

f) Any reduction or waiver of Developer's MBEAA/BE commitment as described in this Section 10.03 shall be undertaken in accordance with Sections 2-92-450 and 2-92-730, Municipal Code, as applicable. If the Developer seeks to exclude the cost of any of the applicable Project Activities from the MBEAA/BE Budget as provided in Exhibit H-2 of this Agreement, the Developer must provide DPD with a list of those Program Activities, and the estimated cost of such Program Activities the Developer wishes to be excluded. The City, in its sole discretion, will determine if said Program Activities are to be excluded from the MBEAA/BE Budget. The Developer may not request a waiver for any Project Activity and/or its associated cost after the earlier of the execution of this Agreement or the start of construction of the Project.

g) Prior to the Closing Date, Developer shall be required to meet with the City's monitoring staff with regard to Developer's compliance with its obligations under this Section 10.03. The General Contractor and all major subcontractors shall be required to attend this pre-construction meeting. During said meeting, Developer shall demonstrate to the City's monitoring staff its plan to achieve its obligations under this Section 10.03, the sufficiency of which shall be approved by the City's monitoring staff. Prior to the Closing Date, Developer shall be required to submit to DPD its contract with the General Contractor for review and may request copies of contracts with subcontractors. The Developer shall submit its MBEAA/BE utilization plan, including Schedule C and D to DPD for approval and must submit evidence acceptable to DPD that the General Contractor has met at least once with, and provided bid documents to, applicable MBEAA/BE contractor associations. During the Project, Developer shall submit the documentation required by this Section 10.03 to the City's monitoring staff, including the following: (i) subcontractor's activity report; (ii) contractor's certification concerning labor standards and prevailing wage requirements; (iii) contractor letter of understanding; (iv) monthly utilization report; (v) authorization for payroll agent; (vi) certified payroll; (vii) evidence that MBEAA/BE contractor associations have been informed of the Project via written notice and hearings; and (viii) evidence of compliance with job creation/job retention requirements. Failure to submit such documentation on a timely basis, or a determination by the City's monitoring staff, upon analysis of the documentation, that Developer is not complying with its obligations under this Section 10.03, shall, upon the delivery of written notice to Developer, be deemed an Event of Default. Upon the occurrence of any such Event of Default, in addition to any other remedies provided in this Agreement, the City may: (1) issue a written demand to Developer to halt the Project, (2) withhold any further payment of any City Funds to Developer or the General Contractor, or (3) seek any other remedies against Developer available at law or in equity.

f) the appointment of a receiver or trustee for Developer, for any substantial part of Developer's assets or the institution of any proceedings for the dissolution, or the full or partial liquidation, or the merger or consolidation, of Developer; provided, however, that if such appointment or commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such appointment is not revoked or such proceedings are not dismissed within sixty (60) days after the commencement thereof;

For purposes of Sections 15.01(i) and 15.01[(L) hereof, a person with a material interest in Developer shall be one owning in excess of seven and a half percent (7.5%) of Developer's membership, partnership or ownership interests.

2 Remedies. Upon the occurrence of an Event of Default, the City may terminate this Agreement and any other agreements to which the City and Developer are or shall be parties, suspend disbursement of City Funds, place a lien on the Project in the amount of City Funds paid, and/or seek reimbursement of any City Funds paid. The City may, in any court of competent jurisdiction by any action or proceeding at law or in equity, pursue and secure any available remedy, including but not limited to damages, injunctive relief or the specific performance of the agreements contained herein.

3 Curative Period, (a) In the event Developer shall fail to perform a monetary covenant which Developer is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless Developer has failed to perform such monetary covenant within ten (10) days of its receipt of a written notice from the City specifying that it has failed to perform such monetary covenant. In the event Developer shall fail to perform a non-monetary covenant which Developer is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default shall not be deemed to have occurred unless Developer has failed to cure such default within thirty (30) days of its receipt of a written notice from the City specifying the nature of the default; provided, however, with respect to those non-monetary defaults which are not capable of being cured within such thirty (30) day period, Developer shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such thirty (30) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured, provided, further, that there shall be no cure period under this Section 15.03 with respect to Developer's failure to comply with the Operations Covenant requirements of Section 8.06 hereof, and as otherwise stated herein.

(b) Except as otherwise stated herein, the Developer shall have two non-consecutive one-year cure periods during the Phase I Compliance Period which commences on the date of the issuance of the Phase I Certificate. The City shall have the right to cease City Funds payments, seek reimbursement for City Funds payments made to the Developer, and to terminate this Agreement if such Event of Default is not cured prior to the end of the cure period. Interest on Note ... #1 will not accrue during the cure period. Any year under which the Event of Default takes place and

is cured within the cure period shall not count toward the required 10 years of compliance or any other obligation of the Developer under this Agreement. If two Events of Default have occurred as determined by the City and have been independently cured within the cure period as described in this paragraph, then any subsequent Event of Default shall constitute an Event of Default without notice or opportunity to cure.

SECTION 16. MORTGAGING OF THE PROJECT

All mortgages or deeds of trust in place as of the date hereof with respect to the Property or any portion thereof are listed on Exhibit G hereto (including but not limited to mortgages made prior to or on the date hereof in connection with Lender Financing) and are referred to herein as the "Existing Mortgages." Any mortgage or deed of trust that Developer may hereafter elect to execute and record or permit to be recorded

against the Property or any portion thereof is referred to herein as a "New Mortgage." Any New Mortgage that Developer may hereafter elect to execute and record or permit to be recorded against the Property or any portion thereof with the prior written consent of the City is referred to herein as a "Permitted Mortgage." It is hereby agreed by and between the City and Developer as follows:

(a) In the event that a mortgagee or any other party shall succeed to Developer's interest in the Property or any portion thereof pursuant to the exercise of remedies under a New Mortgage (other than a Permitted Mortgage), whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of Developer's interest hereunder in accordance with Section 18.14 hereof, the City may, but shall not be obligated to, attorn to and recognize such party as the successor in interest to Developer for all purposes under this Agreement and, unless so recognized by the City as the successor in interest, such party shall be entitled to no rights or benefits under this Agreement, but such party shall be bound by those provisions of this Agreement that are covenants expressly running with the land.

(b) In the event that any mortgagee shall succeed to Developer's interest in the Property or any portion thereof pursuant to the exercise of remedies under an Existing Mortgage or a Permitted Mortgage, whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of Developer's interest hereunder in accordance with Section 18.14 hereof, the City hereby agrees to attorn to and recognize such party as the successor in interest to Developer for all purposes under this Agreement so long as such party accepts all of the obligations and liabilities of "Developer" hereunder; provided, however, that, notwithstanding any other provision of this Agreement to the contrary, it is understood and agreed that if such party accepts an assignment of Developer's interest under this Agreement, such party has no liability under this Agreement for any Event of Default of Developer which accrued prior to the time such party succeeded to the interest of Developer under this Agreement, in which case Developer shall be solely responsible. However, if such mortgagee under a Permitted Mortgage or an Existing Mortgage does not expressly accept an assignment of Developer's interest hereunder, such party shall be entitled to no rights and benefits under this Agreement, and such party shall be bound only by those provisions of this Agreement, if any, which are covenants expressly running with the land.

(c) Prior to the issuance by the City to Developer of a Phase I Certificate or Phase II Certificate pursuant to Section 7 hereof, no New Mortgage shall be executed or financing undertaken with respect to the Property or any portion thereof without the prior written consent of the Commissioner of DPD. After a Phase I Certificate or Phase II Certificate have been issued pursuant to Section 7 hereof, if mortgagee or other permitted transferee executes a subordination agreement

acceptable to the City in which it subordinates its mortgage lien to the covenants in this Agreement that run with the land, City consent is not required.

SECTION 17. NOTICE

Unless otherwise specified, any notice, demand or request required hereunder shall be given in writing at the addresses set forth below, by any of the following means: (a) personal service; (b) telecopy or facsimile; (c) overnight courier, or (d) registered or certified mail, return receipt requested.

If to the City:

If to Developer:

Such addresses may be changed by notice to the other parties given in the same manner provided above. Any notice, demand, or request sent pursuant to either clause (a) or (b) hereof shall be deemed received upon such personal service or upon dispatch. Any notice, demand or request sent pursuant to clause (c) shall be deemed received on the day immediately following deposit with the overnight courier and any notices, demands or requests sent pursuant to subsection (d) shall be deemed received two (2) business days following deposit in the mail.

SECTION 18. MISCELLANEOUS

18.01 Amendment. Except as provided in Section 3.13 herein, this Agreement and the Exhibits attached hereto may not be amended or modified without the prior written consent of the parties hereto; provided, however, that the City, in its sole discretion, may amend, modify or supplement the Redevelopment Plan without the consent of any party hereto. It is agreed that no material amendment or change to this Agreement shall be made or be effective unless ratified or authorized by an ordinance duly adopted by the City Council. The term "material" for the purpose of

this Section 18.01 shall be defined as any deviation from the terms of the Agreement which operates to cancel or otherwise reduce any developmental, construction or job-creating obligations of Developer (including those set forth in Sections 10.02 and 10.03 hereof) by more than five percent (5%) or unless otherwise stated herein, materially changes the Project site or character of the Project or any activities undertaken by Developer affecting the Project site, the Project, or both, or increases any time agreed for performance by Developer by more than ninety (90) days.

2 Entire Agreement. This Agreement (including each Exhibit attached hereto, which is hereby incorporated herein by reference) constitutes the entire Agreement between the parties hereto and it supersedes all prior agreements, negotiations and discussions between the parties relative to the subject matter hereof.

3 Limitation of Liability. No member, official or employee of the City shall be personally liable to Developer or any successor in interest in the event of any default or breach by the City or for any amount which may become due to Developer from the City or any successor in interest or on any obligation under the terms of this Agreement.

4 Further Assurances. Developer agrees to take such actions, including the execution and delivery of such documents, instruments, petitions and certifications as may become necessary or appropriate to carry out the terms, provisions and intent of this Agreement.

5 Waiver. Waiver by the City or Developer with respect to any breach of this Agreement shall not be considered or treated as a waiver of the rights of the respective party with respect to any other default or with respect to any particular default, except to the extent specifically waived by the City or Developer in writing. No delay or omission on the part of a party in exercising any right shall operate as a waiver of such right or any other right unless pursuant to the specific terms hereof. A waiver by a party of a provision of this Agreement shall not prejudice or constitute a waiver of such party's right otherwise to demand strict compliance with that provision or any other provision of this Agreement. No prior waiver by a party, nor any course of dealing between the parties hereto, shall constitute a waiver of any such parties' rights or of any obligations of any other party hereto as to any future transactions.

6 Remedies Cumulative. The remedies of a party hereunder are cumulative and the exercise of any one or more of the remedies provided for herein shall not be construed as a waiver of any other remedies of such party unless specifically so provided herein.

7 Disclaimer. Nothing contained in this Agreement nor any act of the City shall be deemed or construed by any of the parties, or by any third person, to create or imply any relationship of third-party beneficiary, principal or agent, limited or general partnership or joint venture, or to create or imply any association or relationship involving the City.

8 Counterparts. This Agreement may be executed in several counterparts, each of which shall be deemed an original and all of which shall constitute one and the same agreement.

9 Severability. If any provision in this Agreement, or any paragraph, sentence, clause, phrase, word or the application thereof, in any circumstance, is held invalid, this Agreement shall be construed as if such invalid part were never included herein and the remainder of this Agreement shall be and remain valid and enforceable to the fullest extent permitted by law.

10 Conflict. In the event of a conflict between any provisions of this Agreement and the provisions of the TIF Ordinances, or the Milwaukee Corridor ARO Pilot Area Ordinance, such ordinance(s) shall prevail and control.

11 Governing Law. This Agreement shall be governed by and construed in accordance with the internal laws of the State of Illinois, without regard to its conflicts of law principles.

12 Form of Documents. All documents required by this Agreement to be submitted, delivered or furnished to the City shall be in form and content satisfactory to the City.

13 Approval. Wherever this Agreement provides for the approval or consent of the City, DPD or the Commissioner, or any matter is to be to the City's, DPD's or the Commissioner's satisfaction, unless specifically stated to the contrary, such approval, consent or satisfaction shall be made, given or determined by the City, DPD or the Commissioner in writing and in the reasonable discretion thereof. The Commissioner or other person designated by the Mayor of the City shall act for the City or DPD in making all approvals, consents and determinations of satisfaction, granting the Certificate or otherwise administering this Agreement for the City.

14 Assignment. Developer may not sell, assign or otherwise transfer its interest in this Agreement in whole or in part without the written consent of the City. Any successor in interest to Developer under this Agreement shall certify in writing to the City its agreement to abide by all remaining executory terms of this Agreement, including but not limited to Sections 8.19 Real Estate Provisions and 8.23 (Survival of Covenants) hereof, for the Term of the Agreement. Developer consents to the City's sale, transfer, assignment or other disposal of this Agreement at any time in whole or in part.

15 Binding Effect. This Agreement should not be deemed to confer upon third parties any remedy, claim, right of reimbursement or other right.

16 Force Majeure. Neither the City nor Developer nor any successor in interest to either of them shall be considered in breach of or in default of its obligations under this Agreement in the event of any delay caused by damage or destruction by fire or other casualty, strike, shortage of material, unusually adverse weather conditions such as, by way of illustration and not limitation, severe rain storms or below freezing temperatures of abnormal degree or for an abnormal duration, tornadoes or cyclones, and other events or conditions beyond the reasonable control of the party affected which in fact interferes with the ability of such party to discharge its obligations hereunder. The individual or entity relying on this section with respect to any such delay shall, upon the occurrence of the event causing such delay, immediately give written notice to the other parties to this Agreement. The individual or entity relying on this section with respect to any such delay may rely on this section only to the extent of the actual number of days of delay effected by any such events described above.

17 Business Economic Support Act. Pursuant to the Business Economic Support Act (30 ILCS 760/1 et seq.), if Developer is required to provide notice under the WARN Act, Developer shall, in addition to the notice required under the WARN Act, provide at the same time a copy of the

WARN Act notice to the Governor of the State, the Speaker and Minority Leader of the House of Representatives of the State, the President and minority Leader of the Senate of State, and the Mayor of each municipality where Developer has locations in the State. Failure by Developer to provide such notice as described above may result in the termination of all or a part of the payment or reimbursement obligations of the City set forth herein.

18 Venue and Consent to Jurisdiction. If there is a lawsuit under this Agreement, each party hereto agrees to submit to the jurisdiction of the courts of Cook County, the State of Illinois and the United States District Court for the Northern District of Illinois.

EXHIBIT J

OPINION OF DEVELOPER'S COUNSEL [To be
retyped on Developer's Counsel's letterhead]

2019

City of Chicago ■
121 North LaSalle Street
Chicago, IL 60602

ATTENTION: Corporation Counsel

Ladies and Gentlemen:

We have acted as counsel to New Congress, LLC, an Illinois limited liability company (the "Developer"), in connection with the purchase of certain land and the rehabilitation and construction of certain Facilities (as defined below) thereon located in the Fullerton/Milwaukee Tax Increment Financing Redevelopment Project Area (the "Project"). In that capacity, we have examined, among other things, the following agreements, instruments and documents of even date herewith, hereinafter referred to as the "Documents":

a) New Congress, LLC Redevelopment Agreement (the "Agreement") of even date herewith, executed by Developer and the City of Chicago (the "City");

b) The deed, title policies and other documents related to the conveyance of the real property known as 2117-39 North Rockwell Avenue and 2115-39 North Milwaukee Avenue, Chicago, Illinois 60647 (the "Theater Property"), and 2149-63 North Milwaukee Avenue and 2120-32 North Rockwell Avenue, Chicago^ Illinois 60647 (the "Residential Property" and together with the Residential Property, the "Facilities"); and

c) all other agreements, instruments and documents executed in connection with the foregoing.

In addition to the foregoing, we have examined:

a) the original or certified, conformed or photostatic copies of Developer's (i) Articles of Organization, as amended to date, (ii) qualifications to do business and certificates of good standing in all states in which Developer is qualified to do business, (iii) Operating Agreement, as amended to date, and (iv) records relating to the Project; and

b) such other documents, records and legal matters as we have deemed necessary or relevant for purposes of issuing the opinions hereinafter expressed.

In all such examinations, we have assumed the genuineness of all signatures (other than those of Developer), the authenticity of documents submitted to us as originals and conformity to the originals of all documents submitted to us as certified, conformed or photostatic copies.

72

Based on the foregoing, it is our opinion that:

1. Developer is a company duly organized, validly existing and in good standing under the laws of its state of organization, has full power and authority to own and lease its properties and to carry on its business as presently conducted, and is in good standing and duly qualified to do business as a foreign entity under the laws of every state in which the conduct of its affairs or the ownership of its assets requires such qualification, except for those states in which its failure to qualify to do business would not have a material adverse effect on it or its business.

2. Developer has full right, power and authority to execute and deliver the Documents to which it is a party and to perform its obligations thereunder. Such execution, delivery and performance will not conflict with, or result in a breach of, Developer's Articles of Organization or Operating Agreement or result in a breach or other violation of any of the terms, conditions or provisions of any law or regulation, order, writ, injunction or decree of any court, government or regulatory authority, or, to the best of our knowledge after diligent inquiry, any of the terms, conditions or provisions of any agreement, instrument or document to which Developer is a party or by which Developer or its properties is bound. To the best of our knowledge after diligent inquiry, such execution, delivery and performance will not constitute grounds for acceleration of the maturity of any agreement, indenture, undertaking or other instrument to which Developer is a party or by which it or any of its property may be bound, or result in the creation or imposition of (or the obligation to create or impose) any lien, charge or encumbrance on, or security interest in, any of its property pursuant to the provisions of any of the foregoing, other than liens or security interests in favor of the lender providing Lender Financing (as defined in the Agreement).

3. The execution and delivery of each Document and the performance of the transactions contemplated thereby have been duly authorized and approved by all requisite action on the part of Developer.

4. Each of the Documents to which Developer is a party has been duly executed and delivered by a duly authorized officer of Developer, and each such Document constitutes the legal, valid and binding obligation of Developer, enforceable in accordance with its terms, except as limited by applicable bankruptcy, reorganization, insolvency or similar laws affecting the enforcement of creditors' rights generally.

5. Exhibit A attached hereto (a) identifies each class of units of Developer, (b) sets forth the number of issued and authorized units of each class, and (c) identifies the record owners of shares of each class of units of Developer and the number of units held of record by each such holder. To the best of our knowledge after diligent inquiry, except as set forth on Exhibit A, there are no warrants, options, rights or commitments of purchase, conversion, call or exchange or other rights or restrictions with respect to any of the units of Developer. Each outstanding unit of the Developer is duly authorized, validly issued, fully paid and nonassessable.

6. To the best of our knowledge after diligent inquiry, no judgments are outstanding against

Developer, nor is there now pending or threatened, any litigation, contested claim or governmental proceeding by or against Developer or affecting Developer or its property, or seeking to restrain or enjoin the performance by Developer of the Agreement or the transactions contemplated by the Agreement, or contesting the validity thereof. To the best of our knowledge after diligent inquiry, Developer is not in default with respect to any order, writ, injunction or decree of any court, government or regulatory authority or in default in any respect under any law, order,

73

regulation or demand of any governmental agency or instrumentality, a default under which would have a material adverse effect on Developer or its business.

7. To the best of our knowledge after diligent inquiry, there is no default by Developer or any other party under any material contract, lease, agreement, instrument or commitment to which Developer is a party or by which the company or its properties is bound.

8. To the best of our knowledge after diligent inquiry, all of the assets of Developer are free and clear of mortgages, liens, pledges, security interests and encumbrances except for those specifically set forth in the Documents.

9. The execution, delivery and performance of the Documents by Developer have not and will not require the consent of any person or the giving of notice to, any exemption by, any registration, declaration or filing with or any taking of any other actions in respect of, any person, including without limitation any court, government or regulatory authority.

10. To the best of our knowledge after diligent inquiry, Developer owns or possesses or is licensed or otherwise has the right to use all licenses, permits and other governmental approvals and authorizations, operating authorities, certificates of public convenience, goods carriers permits, authorizations and other rights that are necessary for the operation of its business.

11. A federal or state court sitting in the State of Illinois and applying the choice of law provisions of the State of Illinois would enforce the choice of law contained in the Documents and apply the law of the State of Illinois to the transactions evidenced thereby.

We are attorneys admitted to practice in the State of Illinois and we express no opinion as to any laws other than federal laws of the United States of America and the laws of the State of Illinois.

This opinion is issued at Developer's request for the benefit of the City and its counsel, and may not be disclosed to or relied upon by any other person.

Very truly yours,

PThe following "Noteholder Risks" constitutes an integral part of this Note.]

NOTEHOLDER RISKS

The purchase of or investment in the Note involves certain risks. Each prospective holder or purchaser of the Note, or any interest therein, should make an independent evaluation of the financial and business risks associated with holding or having an investment interest in the Note. Certain of these risks are set forth below. The following summary is not intended to be complete and does not purport to identify all possible risks that should be considered by prospective holders of the Note or any interests therein. Capitalized terms used herein have the meanings set forth in the Note.

All prospective holders of the Note are urged to consult with their financial adviser and legal counsel before acquiring the Note or any interest therein.

Loss of Investment

Investment in the Note involves a high degree of risk. It is suitable only for persons who are able to bear the economic risks of the investment, including total loss. No assurance can be provided that prospective holders of the Note will not lose their entire investment in the Note.

Lack of Liquidity

The Note is suitable only for persons who have no need for liquidity. The transferability of the Note is restricted. The Note may only be transferred in the manner and subject to the limitations provided in the Redevelopment Agreement. Investors in the Note must be prepared to hold the Note until the maturity of the Note.

Reliance on Projections

The City does not endorse projections of any kind from any source as to the sufficiency of Available Incremental Taxes to pay principal of and interest on the Note. Investors who rely on any such projections do so at their own risk.

The City's Office of Budget and Management ("OBM") produces five-year projection reports for each TIF district in the City for the purpose of evaluating resources and project balances ("District Projection Reports"). This information, which is currently publicly available, is used by the OBM to determine how much funding has been committed and how much funding is available for potential projects. The District Projection Reports and the projections included therein are not audited and do not represent a final accounting of funds. The District Projection Reports are not prepared for investors or as a basis for making investment decisions with respect to any notes, bonds or other debt obligations of the City that are payable from Incremental Taxes, including the Note. Prospective investors in the Note are cautioned not to rely on any of the information contained in the . District Projection Reports. w

Limited Obligations

THE NOTE IS A SPECIAL LIMITED OBLIGATION OF THE CITY PAYABLE SOLELY FROM THE ALLOCATED AVAILABLE INCREMENTAL TAXES AFTER PAYMENT OF ALL OBLIGATIONS HAVING A PRIORITY OVER THE NOTE, IF ANY, AND SHALL BE A VALID CLAIM ONLY AGAINST SAID SOURCES. THE NOTE DOES NOT CONSTITUTE AN INDEBTEDNESS OR A LOAN AGAINST THE GENERAL TAXING POWERS OR CREDIT OF THE CITY, WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY PROVISION. THE NOTEHOLDER HAS NO RIGHT TO COMPEL ANY EXERCISE OF THE TAXING POWER OF THE CITY, THE STATE OF ILLINOIS OR ANY POLITICAL SUBDIVISION THEREOF

TO PAY THE PRINCIPAL OF OR INTEREST ON THE NOTE.

There can be no assurance that Available Incremental Taxes will be sufficient for payment of amounts due and owing on the Note.

Limited Information

The Note was issued to the Developer under the Redevelopment Agreement as part of a commercial transaction negotiated by the Developer and the City. The Developer engaged a consultant to deliver a [feasibility report][projection report] to the City in connection with the Project, which included certain information about the Project Area, the Project and historical and projected Available Incremental Taxes. The report contained information as of its date only, and neither the Developer nor any other party have any obligation to update the report as of any subsequent date.

The City is under no continuing obligation to provide to any holder or prospective holder of the Note, or to post to the Electronic Municipal Market Access System of the Municipal Securities Rulemaking Board or any other website, any current or updated information with respect to the Project Area, the Project, the historical and projected Available Incremental Taxes or the Note. The City does not prepare or have readily available any current or updated information about the Project Area, the Project or the Available Incremental Taxes.

Unavailability of City Funds

The City is not obligated to pay principal of or interest on the Note in any year in which there are inadequate Available Incremental Taxes. The City is obligated to pay the amount of any unpaid principal or accrued interest in any subsequent year but only to the extent of the availability of Available Incremental Taxes for those subsequent years. If, on the maturity date of the Note, any outstanding unpaid principal or interest on the Note exists for any reason, including without limitation the inadequacy of Available Incremental Taxes, such outstanding principal and/or interest will be forgiven in full and the City will have no further obligation to pay such outstanding amount. In such event, there would be no further payments of principal or interest in respect of the Note.

Risk of Failure to Maintain Levels of Assessed Valuation

There can be no assurance that the equalized assessed value of the Project property will remain the same throughout the term of the Note. Furthermore, the successful petition or application of any owner for the reduction of the assessed value of the Project property may cause the equalized assessed value of the Project to be less than the originally projected equalized assessed value. If any time during the term of the Note the actual equalized assessed value is less

than what was projected, the generation of Available Incremental Taxes for payment on the Note is likely to be significantly impaired.

There can be no assurance that the equalized assessed value of the Project property will remain the same throughout the term of the Note. Furthermore, the successful petition or application of any owner for the reduction of the assessed value of the Project property or any other properties in the Project Area may cause the equalized assessed value of properties in the Project Area to be less than the originally projected equalized assessed value. If any time during the term of the Note the actual equalized assessed value is less

than what was projected, the generation of Available Incremental Taxes for payment on the Note is likely to be significantly impaired.

Risk of Change in Incremental Taxes

Prospective holders of the Note should carefully consider, among other factors, the risks associated with the ultimate generation of Available Incremental Taxes in the Project Area. These risks include, but are not limited to, the following:

1. Property tax rates are calculated by the Cook County Clerk for numerous funds of a number of taxing districts that tax all or part of the property in the Project Area. A reduction in the tax levies by the affected taxing districts may have an adverse effect on the Available Incremental Taxes.

2. Further changes may be made in the real property tax system by the State of Illinois or Cook County. Such changes could include various property tax rollbacks, abatements, exemptions, changes in the ratio of assessment, or relief measures, limitations on the amount or percent of increase in tax levies by taxing districts, or other measures that would limit the tax levy amount that could be extended to the property within the Project Area and, consequently, the projected Available Incremental Taxes generated. For example, if Illinois adopted practices used in other states, the property tax system could be changed so that schools would be financed from a source other than property taxes. This type of change could have a significant adverse effect upon Available Incremental Taxes.

3. Cook County's methodology and procedures used to assess the value of property may be altered resulting in a potentially reduced or altered valuation in a particular year or succession of years.

FUTURE LEGISLATION, REGULATIONS, GOVERNMENTAL OR JUDICIAL INTERPRETATION OF REGULATIONS OR LEGISLATION OR PRACTICES AND PROCEDURES RELATED TO PROPERTY TAX ASSESSMENT, LEVY, COLLECTIONS OR DISTRIBUTION COULD HAVE A MATERIAL EFFECT ON THE CALCULATION OR AVAILABILITY OF INCREMENTAL TAXES COLLECTED OR DISTRIBUTED AND THEREFORE A MATERIAL EFFECT ON THE AMOUNT OF AVAILABLE INCREMENTAL TAXES FOR PAYMENT OF PRINCIPAL OF AND INTEREST ON THE NOTE.

Changes in Multiplier and Tax Rate

The equalization factor annually determined by the Illinois Department of Revenue for properties located within Cook County (commonly referred to as the "multiplier") may vary substantially in future years. A decrease in the multiplier would reduce the equalized assessed value of the taxable real property in the Project Area and, therefore, the Available Incremental Taxes

available to pay principal of and interest on the Note. The future tax rates of the units of local government levying taxes in the Project Area either individually or on a composite basis, may differ from their historical levels. Any decrease in the composite tax rate of the governmental units would decrease the amount of Available Incremental Taxes available to pay principal of and interest on the Note. Any decrease in the composite tax rate of the governmental units could occur in future years as a result of various factors, including, but not limited to, one or more of the following: (a) reduced governmental costs; (b) constitutional or statutory spending or tax rate limitations; or (c) governmental reorganization or consolidation.

Economic Risks Affecting Incremental Taxes

Changing economic circumstances or events in the Project Area may result in reductions in Available

Incremental Taxes available to pay principal of and interest on the Note. Relocations of major property owners to sites outside the Project Area or sales of major properties to tax-exempt entities could reduce the assessed valuation of the real properties in the Project Area. Substantial damage to or destruction of improvements within the Project Area could cause a material decline in assessed valuation and impair the ability of the taxpayers in the Project Area to pay their respective portions of real estate taxes. Similarly, there can be no assurance that the improvements in the Project Area will be sufficiently insured under fire and extended coverage insurance policies. Even if such insurance is sufficient, the proceeds thereof will not be assigned as security for the payment of real estate taxes or to secure payment of the Note. In addition, any insurance proceeds may not be sufficient to repair or rebuild said improvements. The restoration of such improvements may be delayed by other factors, or the terms of then-applicable mortgage financing could require the application of insurance proceeds to the reduction of mortgage balances. Any of the foregoing circumstances could result in the assessed valuation of property in the Project Area remaining depressed for an unknown period of time and decrease the amount of Available Incremental Taxes available to pay principal of and interest on the Note.

Results of operation of properties within the Project Area depend, in part, on sales, leases, rental rates and occupancy levels, which may be adversely affected by competition, suitability of the properties located in the Project Area, local unemployment, availability of transportation, neighborhood changes, crime levels in the Project Area, vandalism, rising operating costs and similar factors. Poor operating results of properties within the Project Area may cause delinquencies in the payment of real estate taxes, reduce assessed valuations and increase the risk of foreclosures. Successful petitions by taxpayers to reduce their assessed valuations could adversely affect Available Incremental Taxes available for payment of principal of and interest on the Note.

Failure to Sell or Lease Property

At the time of Note issuance, the redevelopment plan called for the Developer [to sell/lease to commercial or industrial enterprises/retailers prior to/in connection with] completion of the Project. The slowdown, stoppage or failure of the Developer to complete the Project and to successfully sell/lease the Project could delay or reduce the amount of Available Incremental Taxes generated in the Project Area. Such delay or reduction could lead to a default in payments of the principal of and interest on the Note.

Reliance on Primary Taxpayers

If one or only a few property owners within the Project Area are responsible for generating a substantial amount of the Incremental Taxes, the generation of Available Incremental Taxes could

be significantly adversely affected if such owner or owners and/or their tenants discontinue or curtail their businesses or terminate or default on their leases, and substitutes or replacements cannot be made on a timely basis.

Force Majeure Conditions

Riots, civil disturbances, vandalism, fires, and natural disasters or other "Acts of God" affecting the conditions and viability of the Project Area may reduce or eliminate the receipt of Incremental Taxes which would result in the reduction or elimination of Available Incremental Taxes to pay principal of and interest on the Note.

Contiguous Project Areas

The Project Area is, or may become, contiguous with other redevelopment areas designated by the City pursuant to the TIF Act. The TIF Act allows the City to expend Incremental Taxes collected from the Project Area which are in excess of the amounts required in each year to pay and secure obligations issued and project costs incurred with respect to the Project Area to pay for costs eligible for payment under the TIF Act which are incurred in such contiguous areas. In the event Incremental Taxes from the Project Area in excess of Available Incremental Taxes, along with the amounts required to (i) pay principal and interest coming due on the Note in any year, and (ii) be deposited in other funds and accounts maintained under the Redevelopment Agreement, are allocated to a contiguous project redevelopment area, such excess Incremental Taxes will not be available to remedy any future failure to pay principal of and interest on the Note.

Risk of Delay in Payment

The failure of current or future owners of real property in the Project Area to remit property taxes to Cook County when due or the failure of Cook County to timely remit Incremental Taxes to the City could result in insufficient Available Incremental Taxes being available to pay principal of or interest on the Note when due.

Delays in Exercising Remedies

The enforceability of the Note is subject to applicable bankruptcy laws, equitable principles affecting the enforcement of creditors' rights generally and of liens securing such rights, and the police powers of the State of Illinois and its political subdivisions. Because of delays inherent in obtaining judicial remedies, it should not be assumed that these remedies could be accomplished rapidly.

Remedies available to the Noteholder may be limited by a variety of factors and may be inadequate to assure the timely payment of principal of and interest on the Note, or to preserve the tax-exempt status of the Note. The Note is not subject to acceleration due to payment default. Lack of remedies may entail risks of delay, limitation, or modification of the rights of the Noteholder. Judicial remedies, such as foreclosure and enforcement of covenants, are subject to exercise of judicial discretion.

Risk of Transferee Becoming a Debtor in Bankruptcy

90

If a transferee of the Note were to become a debtor under the United States Bankruptcy Code or applicable state laws, a creditor or trustee in bankruptcy of the transferee might argue that the sale of the Note by the transferee constituted a fraudulent conveyance or a pledge of the Note rather than a sale. If such positions were accepted by a court, then delays in principal and interest payments to the Noteholder could occur or reductions in the amounts of such payments could result. Additionally, if the transfer of the Note is re-characterized as a pledge, then a tax lien, governmental lien or other lien created by operation of law on the property of the transferee could have priority over the holder's interest in the Note.

Loss of Tax Exemption

Interest on the Note could become includible in gross income for federal income tax purposes retroactive to the date of issuance of the Note as a result of a failure of the City to comply with certain provisions of the Internal Revenue Code of 1986, as amended (the "Code"). An event of taxability does not trigger a mandatory redemption of the Note, and the Note will remain outstanding to maturity or until redeemed.

THE ABOVE IS NOT INTENDED TO BE A COMPREHENSIVE DISCUSSION OF ALL POTENTIAL RISKS ASSOCIATED WITH THE NOTE.

Comptroller Date:

[The following "Noteholder Risks" constitutes an integral part of this Note.]

NOTEHOLDER RISKS

The purchase of or investment in the Note involves certain risks. Each prospective holder or purchaser of the Note, or any interest therein, should make an independent evaluation of the financial and business risks associated with holding or having an investment interest in the Note. Certain of these risks are set forth below. The following summary is not intended to be complete and does not purport to identify all possible risks that should be considered by prospective holders of the Note or any interests therein. Capitalized terms used herein have the meanings set forth in the Note.

All prospective holders of the Note are urged to consult with their financial adviser and legal counsel before acquiring the Note or any interest therein.

Loss of Investment

Investment in the Note involves a high degree of risk. It is suitable only for persons who are able to bear the economic risks of the investment, including total loss. No assurance can be provided that prospective holders of the Note will not lose their entire investment in the Note.

Lack of Liquidity

The Note is suitable only for persons who have no need for liquidity. The transferability of the Note is restricted. The Note may only be transferred in the manner and subject to the limitations provided in the Redevelopment Agreement. Investors in the Note must be prepared to hold the Note until the maturity of the Note.

Reliance on Projections

The City does not endorse projections of any kind from any source as to the sufficiency of Available Incremental Taxes to pay principal of and interest on the Note. Investors who rely on any such projections do so at their own risk.

The City's Office of Budget and Management ("OBM") produces five-year projection reports for each TIF district in the City for the purpose of evaluating resources and project balances ("District Projection Reports"). This information, which is currently publicly available, is used by the OBM to determine how much

funding has been committed and how much funding is available for potential projects. The District Projection Reports and the projections included therein are not audited and do not represent a final accounting of funds. The District Projection Reports are not prepared for investors or as a basis for making investment decisions with respect to any notes, bonds or other debt obligations of the City that are payable from Incremental Taxes, including the Note. Prospective investors in the Note are cautioned not to rely on any of the information contained in the District Projection Reports.

Limited Obligations

101

<

THE NOTE IS A SPECIAL LIMITED OBLIGATION OF THE CITY PAYABLE SOLELY FROM THE ALLOCATED AVAILABLE INCREMENTAL TAXES AFTER PAYMENT OF ALL OBLIGATIONS HAVING A PRIORITY OVER THE NOTE, IF ANY, AND SHALL BE A VALID CLAIM ONLY AGAINST SAID SOURCES. THE NOTE DOES NOT CONSTITUTE AN INDEBTEDNESS OR A LOAN AGAINST THE GENERAL TAXING POWERS OR CREDIT OF THE CITY, WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY PROVISION. THE NOTEHOLDER HAS NO RIGHT TO COMPEL ANY EXERCISE OF THE TAXING POWER OF THE CITY, THE STATE OF ILLINOIS OR ANY POLITICAL SUBDIVISION THEREOF TO PAY THE PRINCIPAL OF OR INTEREST ON THE NOTE.

There can be no assurance that Available Incremental Taxes will be sufficient for payment of amounts due and owing on the Note.

Limited Information

The Note was issued to the Developer under the Redevelopment Agreement as part of a commercial transaction negotiated by the Developer and the City. The Developer engaged a consultant to deliver a [feasibility report][projection report] to the City in connection with the Project, which included certain information about the Project Area, the Project and historical and projected Available Incremental Taxes. The report contained information as of its date only, and neither the Developer nor any other party have any obligation to update the report as of any subsequent date.

The City is under no continuing obligation to provide to any holder or prospective holder of the Note, or to post to the Electronic Municipal Market Access System of the Municipal Securities Rulemaking Board or any other website, any current or updated information with respect to the Project Area, the Project, the historical and projected Available Incremental Taxes or the Note. The City does not prepare or have readily available any current or updated information about the Project Area, the Project or the Available Incremental Taxes.

Unavailability of City Funds

The City is not obligated to pay principal of or interest on the Note in any year in which there are inadequate Available Incremental Taxes. The City is obligated to pay the amount of any unpaid principal or accrued interest in any subsequent year but only to the extent of the availability of Available Incremental Taxes for those subsequent years. If, on the maturity date of the Note, any, outstanding unpaid principal or interest on the Note exists for any reason, including without limitation the inadequacy of Available Incremental Taxes, such outstanding principal and/or interest will be forgiven in full and the City will have no further obligation to pay such outstanding amount. In such event, there would be no further payments of principal or interest in

respect of the Note.

Risk of Failure to Maintain Levels of Assessed Valuation

There can be no assurance that the equalized assessed value of the Project property will remain the same throughout the term of the Note. Furthermore, the successful petition or application of any owner for the reduction of the assessed value of the Project property may cause the equalized assessed value of the Project to be less than the originally projected equalized assessed value. If any time during the term of the Note the actual equalized assessed value is less

102

than what was projected, the generation of Available Incremental Taxes for payment on the Note is likely to be significantly impaired.

There can be no assurance that the equalized assessed value of the Project property will remain the same throughout the term of the Note. Furthermore, the successful petition or application of any owner for the reduction of the assessed value of the Project property or any other properties in the Project Area may cause the equalized assessed value of properties in the Project Area to be less than the originally projected equalized assessed value. If any time during the term of the Note the actual equalized assessed value is less than what was projected, the generation of Available Incremental Taxes for payment on the Note is likely to be significantly impaired.

Risk of Change in Incremental Taxes

Prospective holders of the Note should carefully consider, among other factors, the risks associated with the ultimate generation of Available Incremental Taxes in the Project Area. These risks include, but are not limited to, the following:

1. Property tax rates are calculated by the Cook County Clerk for numerous funds of a number of taxing districts that tax all or part of the property in the Project Area. A reduction in the tax levies by the affected taxing districts may have an adverse effect on the Available Incremental Taxes.

2. Further changes may be made in the real property tax system by the State of Illinois or Cook County. Such changes could include various property tax rollbacks, abatements, exemptions, changes in the ratio of assessment, or relief measures, limitations on the amount or percent of increase in tax levies by taxing districts, or other measures that would limit the tax levy amount that could be extended to the property within the Project Area and, consequently, the projected Available Incremental Taxes generated. For example, if Illinois adopted practices used in other states, the property tax system could be changed so that schools would be financed from a source other than property taxes. This type of change could have a significant adverse effect upon Available Incremental Taxes.

3. Cook County's methodology and procedures used to assess the value of property may be altered resulting in a potentially reduced or altered valuation in a particular year or succession of years.

FUTURE LEGISLATION, REGULATIONS, GOVERNMENTAL OR JUDICIAL INTERPRETATION OF REGULATIONS OR LEGISLATION OR PRACTICES AND PROCEDURES RELATED TO PROPERTY TAX ASSESSMENT, LEVY, COLLECTIONS OR DISTRIBUTION COULD HAVE A MATERIAL EFFECT ON THE CALCULATION OR AVAILABILITY OF INCREMENTAL TAXES COLLECTED OR DISTRIBUTED AND THEREFORE A MATERIAL EFFECT ON THE AMOUNT OF AVAILABLE INCREMENTAL TAXES FOR

PAYMENT OF PRINCIPAL OF AND INTEREST ON THE NOTE.

Changes in Multiplier and Tax Rate

The equalization factor annually determined by the Illinois Department of Revenue for properties located within Cook County (commonly referred to as the "multiplier") may vary substantially in future years. A decrease in the multiplier would reduce the equalized assessed value of the taxable real property in the Project Area and, therefore, the Available Incremental Taxes

103

available to pay principal of and interest on the Note. The future tax rates of the units of local government levying taxes in the Project Area either individually or on a composite basis, may differ from their historical levels. Any decrease in the composite tax rate of the governmental units would decrease the amount of Available Incremental Taxes available to pay principal of and interest on the Note. Any decrease in the composite tax rate of the governmental units could occur in future years as a result of various factors, including, but not limited to, one or more of the following: (a) reduced governmental costs; (b) constitutional or statutory spending or tax rate limitations; or (c) governmental reorganization or consolidation.

Economic Risks Affecting Incremental Taxes

Changing economic circumstances or events in the Project Area may result in reductions in Available Incremental Taxes available to pay principal of and interest on the Note. Relocations of major property owners to sites outside the Project Area or sales of major properties to tax-exempt entities could reduce the assessed valuation of the real properties in the Project Area. Substantial damage to or destruction of improvements within the Project Area could cause a material decline in assessed valuation and impair the ability of the taxpayers in the Project Area to pay their respective portions of real estate taxes. Similarly, there can be no assurance that the improvements in the Project Area will be sufficiently insured under fire and extended coverage insurance policies. Even if such insurance is sufficient, the proceeds thereof will not be assigned as security for the payment of real estate taxes or to secure payment of the Note. In addition, any insurance proceeds may not be sufficient to repair or rebuild said improvements. The restoration of such improvements may be delayed by other factors, or the terms of then-applicable mortgage financing could require the application of insurance proceeds to the reduction of mortgage balances. Any of the foregoing circumstances could result in the assessed valuation of property in the Project Area remaining depressed for an unknown period of time and decrease the amount of Available Incremental Taxes available to pay principal of and interest on the Note.

Results of operation of properties within the Project Area depend, in part, on sales, leases, rental rates and occupancy levels, which may be adversely affected by competition, suitability of the properties located in the Project Area, local unemployment, availability of transportation, neighborhood changes, crime levels in the Project Area, vandalism, rising operating costs and similar factors. Poor operating results of properties within the Project Area may cause delinquencies in the payment of real estate taxes, reduce assessed valuations and increase the risk of foreclosures. Successful petitions by taxpayers to reduce their assessed valuations could adversely affect Available Incremental Taxes available for payment of principal of and interest on the Note.

Failure to Sell or Lease Property

At the time of Note issuance, the redevelopment plan called for the Developer [to sell/lease to commercial or industrial enterprises/retailers prior to/in connection with] completion of the Project. The slowdown, stoppage or failure of the Developer to complete the Project and to successfully sell/lease the Project could delay or reduce the amount of Available Incremental Taxes generated in the Project Area. Such

delay or reduction could lead to a default in payments of the principal of and interest on the Note.

Reliance on Primary Taxpayers

If one or only a few property owners within the Project Area are responsible for generating a substantial amount of the Incremental Taxes, the generation of Available Incremental Taxes could

104

be significantly adversely affected if such owner or owners and/or their tenants discontinue or curtail their businesses or terminate or default on their leases, and substitutes or replacements cannot be made on a timely basis.

Force Majeure Conditions

Riots, civil disturbances, vandalism, fires, and natural disasters or other "Acts of God" affecting the conditions and viability of the Project Area may reduce or eliminate the receipt of Incremental Taxes which would result in the reduction or elimination of Available Incremental Taxes to pay principal of and interest on the Note.

Contiguous Project Areas

The Project Area is, or may become, contiguous with other redevelopment areas designated by the City pursuant to the TIF Act. The TIF Act allows the City to expend Incremental Taxes collected from the Project Area which are in excess of the amounts required in each year to pay and secure obligations issued and project costs incurred with respect to the Project Area to pay for costs eligible for payment under the TIF Act which are incurred in such contiguous areas. In the event Incremental Taxes from the Project Area in excess of Available Incremental Taxes, along with the amounts required to (i) pay principal and interest coming due on the Note in any year, and (ii) be deposited in other funds and accounts maintained under the Redevelopment Agreement, are allocated to a contiguous project redevelopment area, such excess Incremental Taxes will not be available to remedy any future failure to pay principal of and interest on the Note.

Risk of Delay in Payment

The failure of current or future owners of real property in the Project Area to remit property taxes to Cook County when due or the failure of Cook County to timely remit Incremental Taxes to the City could result in insufficient Available Incremental Taxes being available to pay principal of or interest on the Note when due.

Delays in Exercising Remedies

The enforceability of the Note is subject to applicable bankruptcy laws, equitable principles affecting the enforcement of creditors' rights generally and of liens securing such rights, and the police powers of the State of Illinois and its political subdivisions. Because of delays inherent in obtaining judicial remedies, it should not be assumed that these remedies could be accomplished rapidly.

Remedies available to the Noteholder may be limited by a variety of factors and may be inadequate to assure the timely payment of principal of and interest on the Note, or to preserve the tax-exempt status of the Note. The Note is not subject to acceleration due to payment default. Lack of remedies may entail risks of delay, limitation, or modification of the rights of the Noteholder. Judicial remedies, such as foreclosure and enforcement of covenants, are subject to exercise of judicial discretion.

Risk of Transferee Becoming a Debtor in Bankruptcy

105

If a transferee of the Note were to become a debtor under the United States Bankruptcy Code or applicable state laws, a creditor or trustee in bankruptcy of the transferee might argue that the sale of the Note by the transferee constituted a fraudulent conveyance or a pledge of the Note rather than a sale. If such positions were accepted by a court, then delays in principal and interest payments to the Noteholder could occur or reductions in the amounts of such payments could result. Additionally, if the transfer of the Note is re-characterized as a pledge, then a tax lien, governmental lien or other lien created by operation of law on the property of the transferee could have priority over the holder's interest in the Note.

Loss of Tax Exemption

Interest on the Note could become includible in gross income for federal income tax purposes retroactive to the date of issuance of the Note as a result of a failure of the City to comply with certain provisions of the Internal Revenue Code of 1986, as amended (the "Code"). An event of taxability does not trigger a mandatory redemption of the Note, and the Note will remain outstanding to maturity or until redeemed.

THE ABOVE IS NOT INTENDED TO BE A COMPREHENSIVE DISCUSSION OF ALL POTENTIAL RISKS ASSOCIATED WITH THE NOTE.

7.The Investor has read and considered the risk factors set forth in "Noteholder Risks" attached hereto.

8.The Investor has not relied upon the City for any information in connection with its acquisition of the Note. Title:

NOTEHOLDER RISKS

The purchase of or investment in the Note involves certain risks. Each prospective holder or purchaser of the Note, or any interest therein, should make an independent evaluation of the financial and business risks associated with holding or having an investment interest in the Note. Certain of these risks are set forth below. The following summary is not intended to be complete and does not purport to identify all possible risks that should be considered by prospective holders of the Note or any interests therein. Capitalized terms used herein have the meanings set forth in the Note.

All prospective holders of the Note are urged to consult with their financial adviser and legal counsel before acquiring the Note or any interest therein.

Loss of Investment

Investment in the Note involves a high degree of risk. It is suitable only for persons who are able to bear the economic risks of the investment, including total loss. No assurance can be provided that prospective holders of the Note will not lose their entire investment in the Note.

Lack of Liquidity

The Note is suitable only for persons who have no need for liquidity. The transferability of the Note is restricted. The Note may only be transferred in the manner and subject to the limitations provided in the Redevelopment Agreement. Investors in the Note must be prepared to hold the Note until the maturity of the Note.

Reliance on Projections

The City does not endorse projections of any kind from any source as to the sufficiency of available incremental taxes to pay principal and interest on the Note. Investor who rely on any such projections do so at their own risk.

The City's Office of Budget and Management ("OBM") produces five-year District Projection Reports for each TIF district in the City for the purpose of evaluating resources and project balances. This information, which is currently publicly available, is used by the OBM to determine how much funding has been committed and how much funding is available for potential projects. The reports and the projections including therein are not audited and do not represent a final accounting of funds. The reports are not prepared for investors or as a basis for making investment decisions with respect to any notes, bonds or other debt obligations of the City that are payable from available incremental taxes, including the Note. Prospective investors in Note are cautioned not to rely on any of the information contained in the District Projection Reports.

Limited Obligations

THE NOTE IS A SPECIAL LIMITED OBLIGATION OF THE CITY PAYABLE SOLELY FROM THE AVAILABLE INCREMENTAL TAXES, AND SHALL BE A VALID CLAIM ONLY AGAINST SAID SOURCES. THE NOTE DOES NOT CONSTITUTE AN INDEBTEDNESS OR A LOAN AGAINST THE GENERAL TAXING POWERS OR CREDIT OF THE CITY, WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY PROVISION. THE NOTEHOLDER HAS NO RIGHT TO

COMPEL ANY EXERCISE OF THE TAXING POWER OF THE CITY, THE STATE OF ILLINOIS OR ANY POLITICAL SUBDIVISION THEREOF TO PAY THE PRINCIPAL OR INTEREST OF THE NOTE.

There can be no assurance that Available Incremental Taxes will be sufficient for payment of amounts due and owing on the Note.

Limited Information

The Note was issued to the Developer under the Redevelopment Agreement as part of a commercial transaction negotiated by the Developer and the City. [The Developer] engaged a [consultant] to deliver a [feasibility report][projection report] to the City in connection with the Project, which included certain information about the Project Area, the Project and historical and projected Available Incremental Taxes.] The report contained information as of its date only, and neither the Developer nor any other party have any obligation to update the report as of any subsequent date.

The City is under no continuing obligation to provide to any holder or prospective holder of the Note, or to post to EMMA or any website, any current or updated information with respect to the Project Area, the Project, the historical and projected Available Incremental Taxes or the Note. The City does not prepare or have readily available any current or updated information about the Project Area, the Project or the Available Incremental Taxes.

Unavailability of City Funds

The City is not obligated to pay principal of or interest on the Note in any year in which there are inadequate Available Incremental Taxes. The City is obligated to pay the amount of any unpaid-principal or accrued interest in any subsequent year but only to the extent of the Available Incremental Taxes for those subsequent years. If, on the maturity date of the Note, any outstanding unpaid principal or interest on the Note exists for any reason, including without limitation the inadequacy of Available Incremental Taxes, such outstanding principal and/or interest will be forgiven in full and the City will have no further obligation to pay such outstanding amount. In such event, there would be no further payments of principal or interest in respect of the Note.

Risk of Failure to Maintain Levels of Assessed Valuation

There can be no assurance that the equalized assessed value of the Project property will remain the same throughout the term of the Note. Furthermore, the successful petition or application of any owner for the reduction of the assessed value of the Project property may cause the equalized assessed value of the Project Area to be less than the originally projected equalized assessed value of the property. If any time during the term of the Note the actual equalized assessed value is less than what was projected, the generation of Available Incremental Taxes for payment on the Note is likely to be significantly impaired.

Risk of Change in Available Incremental Taxes

Prospective holders of the Note should carefully consider, among other factors, the risks associated with the ultimate generation of Available Incremental Taxes in the Project Area. These risks include, but are not limited to, the following:

125

1. Property tax rates are calculated by the County Clerk for numerous funds of a number of taxing districts that tax all or part of the property in the Project Area. A reduction in the tax levies by the affected taxing districts may have an adverse effect on the Available Incremental Taxes.

2. Further changes may be made in the real property tax system by the State of Illinois or Cook County. Such changes could include various property tax rollbacks, abatements, exemptions, changes in the ratio of assessment, or relief measures, limitations on the amount or percent of increase in tax levies by taxing districts, or other measures that would limit the tax levy amount that could be extended to the property within the Project Area and, consequently, the projected Available Incremental Taxes generated. For example, if Illinois adopted practices used in other states, the property tax system could be changed so that schools would be financed from a source other than property taxes. This type of change could have a significant adverse effect upon Available Incremental Taxes.

3. Cook County's methodology and procedures used to assess the value of property may be altered resulting in a potentially reduced or altered valuation in a particular year or succession of years.

4. Failure by Cook County to remit property taxes to the City on a timely basis could result in insufficient Available Incremental Taxes being available to pay principal of or interest on the Note when due.

FUTURE LEGISLATION, REGULATIONS, GOVERNMENTAL OR JUDICIAL INTERPRETATION OF REGULATIONS OR LEGISLATION OR PRACTICES AND PROCEDURES RELATED TO PROPERTY TAX ASSESSMENT, LEVY, COLLECTIONS OR DISTRIBUTION COULD HAVE A MATERIAL EFFECT ON THE CALCULATION OR AVAILABILITY OF AVAILABLE INCREMENTAL TAXES COLLECTED OR DISTRIBUTED.

Changes in Multiplier and Tax Rate

The equalization factor annually determined by the Illinois Department of Revenue for properties located within Cook County (commonly referred to as the "multiplier") may vary substantially in future years. A decrease in the multiplier would reduce the equalized assessed value of the taxable real property in the Project Area and, therefore, the Available Incremental Taxes available to pay debt service on the Note. The future tax rates of the units of local government levying taxes in the Project Area either individually or on a composite basis, may differ from their historical levels. Any decrease in the composite tax rate of the governmental units would decrease the amount of Available Incremental Taxes available to pay debt service on the Note. Any decrease in the composite tax rate of the governmental units could occur in future years as a result of various factors, including, but not limited to, one or more of the following: (a) reduced governmental costs; (b) constitutional or statutory spending or tax rate limitations; or (c) governmental reorganization or consolidation.

Economic Risks Affecting Available Incremental Taxes

Changing economic circumstances or events in the Project Area may result in reductions in Available Incremental Taxes available to pay debt service on the Note. Relocations of major property owners to sites outside the Project Area or sales of major properties to tax-exempt entities could reduce the assessed valuation of the Project Area. Substantial damage to or destruction of improvements within the Project Area could cause a material decline in assessed valuation and

impair the ability of the taxpayers in the Project Area to pay their respective portions of real estate taxes. There can be no assurance that the improvements in the Project Area are or will be insured under fire and extended coverage insurance policies, and, even if such insurance exists, the proceeds thereof will not be assigned as security for the payment of real estate taxes or to secure payment of the Note. In addition, any insurance proceeds may not be sufficient to repair or rebuild the improvements. The restoration of the

improvements may be delayed by other factors, or the terms of then-applicable mortgage financing could require the application of insurance proceeds to the reduction of mortgage balances. Any of the foregoing circumstances could result in the assessed valuation of property in the Project Area remaining depressed for an unknown period of time and decrease the amount of Available Incremental Taxes available to pay debt service on The Note.

Results of operation of properties within the Project Area depend, in part, on sales, leases, rental rates and occupancy levels, which may be adversely affected by competition, suitability of the properties located in the Project Area in its local market, local unemployment, availability of transportation, neighborhood changes, crime levels in the Project Area, vandalism, rising operating costs and similar factors. Poor operating results of properties within the Project Area may cause delinquencies in the payment of real estate taxes, reduce assessed valuations and increase the risk of foreclosures. Successful petitions by taxpayers to reduce their assessed valuations could adversely affect available incremental Taxes available for payment of the Note.

Failure to Sell or Lease Property

At the time the Note was issued, the redevelopment plan called for the Developer [to sell/lease to commercial or industrial enterprises/retailers] prior to completion of the Project. The slowdown, stoppage or failure of the Developer to complete the Project and to successfully sell/lease the Project could delay or reduce the amount of Available Incremental Taxes generated in the Project Area. Such delay or reduction could lead to a default in payments of the principal of, and interest on, the Note.

Reliance on Primary Taxpayers

If one or only a few property owners within the Project Area are responsible for generating a substantial amount of the Available Incremental Taxes, the generation of Available Incremental Taxes could be significantly adversely affected if such owner or owners and/or their tenants discontinue or curtail their businesses, terminate or default on their leases and substitutes or replacements cannot be found or located on a timely basis.

Force Majeure Conditions

Riots, civil disturbances, vandalism, fires, and natural disasters or other "Acts of God" affecting the conditions and viability of the Project Area may reduce or eliminate the receipt of Available Incremental Property.

Contiguous Project Areas

The Project Area is contiguous with other redevelopment areas designated by the City pursuant to the TIF Act and may become contiguous with others. The TIF Act allows the City to expend incremental taxes collected from the Project Area which are in excess of the amounts

required in each year to pay and secure obligations issued and project costs incurred with respect to the Project Area to pay for costs eligible for payment under the TIF Act which are incurred in such contiguous areas. In the event Incremental Taxes from the Project Area in excess of Available Incremental Taxes and the amounts required to (i) pay principal and interest coming due on the Note in any year and (ii) be deposited in other funds and accounts maintained under the Redevelopment Agreement are allocated to a contiguous project redevelopment area, such excess incremental taxes will not be available to remedy any future failure to pay principal of and interest on the Note.

Risk of Delay in Payment of Available Incremental Taxes

The failure of current or future owners of property in the Project Area to remit property taxes to the City when due or the failure of the City to timely remit Available Incremental Taxes to the Noteholder could result in insufficient Available Incremental Taxes being available to pay principal of or interest on the Note when due.

Delays in Exercising Remedies

The enforceability of the Note is subject to applicable bankruptcy laws, equitable principles affecting the enforcement of creditors' rights generally and of liens securing such rights, and the police powers of the State of Illinois and its political subdivisions. Because of delays inherent in obtaining judicial remedies, it should not be assumed that these remedies could be accomplished rapidly.

Remedies available to holder of the Note may be limited by a variety of factors and may be inadequate to assure the timely payment of principal of and interest on the Note, or to preserve the tax-exempt status of The Note. The Note is not subject to acceleration due to payment default. Lack of remedies may entail risks of delay, limitation, or modification of the rights of the holders of the Note. Judicial remedies, such as foreclosure and enforcement of covenants, are subject to exercise of judicial discretion.

Risk of Transferee Becoming a Debtor in Bankruptcy

If a transferee of the Note were to become a debtor under the United States Bankruptcy Code or applicable state laws, a creditor or trustee in bankruptcy of the transferee might argue that the sale of the Note by the transferee constituted a fraudulent conveyance or a pledge of the Note rather than a sale. If such positions were accepted by a court, then delays in principal and interest payments to holder the Note could occur or reductions in the amounts of such payments could result. Additionally, if the transfer of the Note is re-characterized as a pledge, then a tax lien, governmental lien or other lien created by operation of law on the property of the transferee could have priority over the holder's interest in the Note.

Loss of Tax Exemption

Interest on the Note could become includible in gross income for federal income tax purposes retroactive to the date of issuance of the Note as a result of a failure of the City to comply with certain provisions of the Internal Revenue Code of 1986, as amended (the "Code"). An event of taxability does not trigger a mandatory redemption of the Note, and the Note will remain outstanding to maturity or until redeemed.

THE ABOVE IS NOT INTENDED TO BE A COMPREHENSIVE DISCUSSION OF ALL POTENTIAL RISKS ASSOCIATED WITH THE NOTE.
