12. Reason for rezoning the property: The current zoning district makes each of the grade level commercial uses non-conforming. There will be no expansion of the existing building in terms of density, building area or height. The 101 residential apartment units shall remain. The five (5) retail/commercial spaces will be reduced to four (4). The building's original interior lobby will be renovated and restored. New elevator systems will be installed in the building.
14. On May 14, 2007, the Chicago City Council passed the Affordable Requirements Ordinance (ARO) that requires on-site affordable housing units or a financial contribution if residential housing projects receive a zoning change under certain circumstances.
