6. On-Premise signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-Premise signs are prohibited within the boundary of the Planned Development.

7. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

8. The maximum permitted Floor Area Ratio ("FAR") for the site shall be in accordance with the attached Bulk Regulations Table. The permitted Floor Area Ratio identified in the Bulk Regulations Table has been determined using a Net Site Area of 27,740.72 square feet and a base FAR of 5.0 plus an Affordable Housing Bonus of 1.0 for a total FAR of 6.0.

9. The Applicant acknowledges and agrees that the rezoning of the Property from DS-3 to DX-5 for this Planned Development triggers the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance" or "AHO"). Any developer of a "residential housing project" within the meaning of the Affordable Housing Ordinance ("Residential Project") must: (i) develop affordable housing units as part of the

Residential Project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). The Applicant further acknowledges and agrees that this Planned Development is subject to the former Section 17-4-1004-D of the Zoning Code, which also requires on-site affordable housing or payment of a fee in lieu of providing affordable housing for rezonings in DC, DX and DR districts that increase the base floor area ratio. If a planned development is subject to the requirements of both sections (2-45-110 and the former 17-4-1004-D), the developer may elect to satisfy the AHO requirements by complying with the affordable housing floor area bonus provided for in Section 17-4-1004. Applicant has elected to comply with Section 17-4-1004. Pursuant to Section 17-4-1004-B of the Zoning Ordinance, the Applicant has requested an increase in the floor area ratio for the Property, as set forth in the bonus worksheet required under the former Section 17-4-1003-D and attached hereto as Exhibit A ("Bonus Worksheet"). In accordance with the formulas set forth in the former Section 17-4-1004-C and the Bonus Worksheet, the Applicant acknowledges and agrees that it must provide either a minimum of 6,935 square feet of floor area (the "Affordable Units") in the building receiving the affordable housing floor area bonus ("Eligible Building"), with an affordable unit mix comparable to the overall mix and approved by DPD's density bonus project manager prior to issuance of the first building permit, or make a cash payment in lieu of providing affordable housing in the amount of \$643,584.70 ("Cash Payment"), or \$8,146.64 per unit ("Pro Rata Amount"). Prior to the issuance of any building permits for the Eligible Building, including, without limitation, excavation or foundation permits, the Applicant must either make the

FOR

required Cash Payment or provide a performance bond or other security in the amount of the Cash Payment ensuring construction of the Affordable Units. If the Applicant elects to construct the Affordable Units, it must also enter into an Affordable Housing Agreement with the City pursuant to the former Section 17-4-1004-129 prior to the issuance of any building permits for the Eligible Building, including, without limitation, excavation or foundation permits. The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Eligible Building and will constitute a lien against each Affordable Unit in an amount equal to the Pro Rata Amount. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. In addition to the Affordable Housing Agreement, the Applicant acknowledges and agrees that, pursuant to the former Section 17-4-1003-D3, the Bonus Worksheet will serve as an official record of bonuses and amenities. The Applicant must comply with the applicable affordable housing standards and requirements set forth in the former Section 17-4-1004, the terms of which are incorporated herein by this reference. Notwithstanding anything to the contrary contained in the former Section 17-4-1003-E, the Commissioner of the Department of Planning and Development may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development. If this Planned Development does not receive City Council approval by July 13, 2016, the project will be subject to Section 2-45-115 of the Municipal Code (the "2015 ARO"). In such event, the Applicant shall meet with the Department of Planning and Development to determine the application of the 2015 ARO to the project, and the 2015 ARO requirements will replace and supersede the affordability requirements of this Section.

10. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review Fee shall be assessed by the Department of Housing and Economic Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval.

11. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II reviews, are conditional until final Part II approval.

12. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Environment and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

13. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors.

14. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The applicant has agreed to provide a 50% green roof over the net roof area and achieve Energy Star Certification to comply with the City of Chicago's Sustainable Matrix.

16. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a Zoning Map Amendment to rezone the property to a DX-5 Downtown Mixed-Use District.

PROPOSED RENDERING

RECOMMENDATION

The Department of Planning and Development has reviewed the project materials submitted by the Applicant and compared this proposal to existing development in the community. The area around this project consists of a mix of downtown zoning districts and planned developments and the project represents an opportunity to construct a compatible residential infill project along South Peoria/South Green Streets in Chicago's Near West Side Community Area.

Based on that analysis, the Department of Planning and Development has concluded that this proposal is appropriate for this site and supports this development for the following reasons:

1. The proposed rezoning of the subject property is appropriate under Chapter 17-13 of the Zoning Ordinance. Specifically, the proposed DX-5 underlying zoning classification and or the project is 1) consistent with plans for the area, including the Central Area Action Plan (17-13-0308-A); 2) appropriate because of growth and

3

FINAL

development trends (17-13-0308-B); 3) compatible with the character of the surrounding area in terms of uses, density and building scale (17-13-0308-C), and; 4) compatible with surrounding zoning districts (17-13-0308-D).

2. The project meets the purpose and criteria set forth in Chapter 17-8 of the Zoning Ordinance and its adoption would not have any adverse impact on the public's health, safety or welfare. Specifically, this project meets the following provisions of Chapter 17-8:
 - a. Promotes economically beneficial development patterns that are compatible with the character of existing neighborhoods (per 17-8-0103), as evidenced through the project's design and massing keeping within the context of adjacent structures;
 - b. Promotes green design by conserving non-renewable energy and scarce materials (per 17-8-0908-A) as evidenced by the proposed green roof; and,
 - c. All sides and areas of the buildings that are visible to the public are treated with materials, finishes and architectural details that are of high-quality and appropriate for use on primary street-facing facade (17-8-0907-A-4), as evidenced through the material callouts in this report and on the elevations.

3. The project has been reviewed and approved by CDOT, MOPD and the Fire Department.

Based on the foregoing, it is the recommendation of the Department of Planning and Development that this application for a Residential Planned Development be approved and that the recommendation to the City Council Committee on Zoning, Landmarks and Building Standards be "Passage Recommended".
