NARRATIVE ZONING AND DEVELOPMENT ANALYSIS

FOR LOYOLA UNIVERSITY OF CHICAGO'S "TYPE 1" REZONING MAP AMENDMENT APPLICATION FOR 6315-6365 N. KENMORE AVENUE, CHICAGO, ILLINOIS

Applicant Loyola University of Chicago proposes to rezone 6315-6365 N. Kenmore Avenue from the RM5 Residential Multi-Unit District to the RM6 Residential Multi-Unit District in order to redevelop the property as its Center for Sustainable Urban Living in phases as follows.

Initially, the existing approximately 55,571 building known as Wright Hall, together with its existing approximately 25,170 square foot addition located to the south (collectively, "Wright Hall"), both of which are located on the north end of the subject property, will be renovated for university academic purposes. The uppermost floors of the northernmost portion of Wright Hall (floors 3 through 11) will be renovated for student residence use providing approximately 114 beds. Wright Hall will also include classrooms, laboratories, clean energy workshops for demonstration experiments related to alternative clean energy, open study areas, administrative offices for the Institute of Environmental Sustainability, greenhouses, and the entry lobby with aquaponics demonstration ponds.

Contemporaneously, the student residence hall known as San Francisco Hall will be constructed on the south end of the subject property, resulting in a new, six story approximately 118,245 square foot building containing rooms for first year students and some suite-style second year student rooms, totaling approximately 450 beds. San Francisco Hall will also contain multi-purpose rooms, common recreation and social space, and study and social lounges.

Contemporaneously, a 4-story academic structure will be constructed between existing Wright Hall and San Francisco

Hall containing college and university uses, including without limitation classrooms, multi-purpose rooms and common space, laboratories, university and faculty offices, university greenhouse and aquaponics demonstration ponds, and accessory restaurant, cafe and/or cafeteria-style dining facilities.

When the construction of San Francisco Hall is completed, the conversion of the student residence facilities in Wright Hall to primarily university and faculty office facilities will begin.

The result will be a world-class academic and student residential facility that fosters an advanced, integrated living/learning approach to environmentally sustainable urban architecture and living. The goal is for residents to monitor how their behavior impacts the consumption of resources such as electricity and water, spurring efforts to reduce consumption.

The new construction is designated for LEED Gold certification, incorporates Living Building Challenge elements, and designed to meet a net-zero energy model.

Sustainable elements include:

- 100% geothermal integrated with solar thermal;
- grey water systems;
- rain water collection and re-use in the greenhouse;
- operable windows for natural ventilation;
- green roofs;
- borrowed light;
- thermal synergy between occupied spaces.

Total Gross Site Area (square feet):	90,881 square feet
Total Area within Public Way:	20,088 square feet
Total Net Site Area:	66,793 square feet
Maximum Floor Area Ratio:	3.3 square feet
Off-Street Parking:	0
Maximum Building Heights (as height is defined in the Chicago Zoning Ordinance):	142 feet (top of existing Wright Hall penthouse)

Re: Loyola University of Chicago Application to Rezone 6315-6365 N. Kenmore Avenue, Chicago, Illinois from the RM5 Residential Multi-Unit District to the RM6 Residential Multi-Unit District

Dear Property Owner or Resident:

We are attorneys for Loyola University of Chicago, an Illinois not-for-profit corporation (the "applicant").

In accordance with the requirements for an Amendment to the Chicago Zoning Ordinance, specifically Section 17-13-0107, please be informed that on or about June 29, 2011, the undersigned will file an application to rezone the property commonly known as 6315-6365 N. Kenmore Avenue (the "subject property") from its existing RM5 Residential Multi-Unit District Zoning classification to the RM6 Residential Multi-Unit District zoning classification. The applicant intends to use the subject property for college and university purposes, including without limitation student residences, university and faculty offices, classrooms, university laboratories, and uses accessory thereto, such as restaurants, cafe and cafeteria

uses.

The existing improvements consist of a vacant convent, a surface parking lot, and a multi-family apartment building. Loyola University of Chicago is located at 111 East Pearson Street, Suite 1506, Chicago, Illinois 60611. The contact person for this application is Jennifer Clark, Loyola University, 820 N. Michigan Avenue, Room 1408, Chicago, Illinois 60611-2196, (773) 508-7450.

Please note that the applicant is not seeking to rezone or purchase your property. The applicant is required by law to send this notice because tax records of Cook County indicate that you own property within 250 feet of the property to be rezoned.
