1133-1155 West Fulton Market, Chicago, Illinois

Proposed Zoning: DX-5 Downtown Mixed-Use District

Lot Area: 25,060 square feet

Proposed Land Use: The Applicant is seeking a zoning change in order to permit the rehabilitation and expansion of the two (2) existing three-story conjoined buildings, which buildings are presently non-conforming under the current Zoning Ordinance. The proposed change in zoning, therefore, will also cure the non-conforming conditions, at the property. Part of the rehabilitation proposal calls for the erection of a new one-story (vertical) addition - above the existing 3rd Floor. The rehabilitation plan also calls for the establishment of 'office suites', within the western portion of the 1st Floor and on the entirety of the 2nd thru 4th Floors, while the eastern portion of the 1st Floor

addition will contain a single office suite, with a private outdoor terrace - which will wrap around the front and sides of the space. No 'residential uses' are proposed or intended. There is, and will remain, no off-street vehicular parking, at the site. The existing building, with proposed 4th Floor addition, is and will be masonry, glass and steel in construction and will measure 60 feet-0 inches in height.
