*Re: Building Permit Reimbursement*

Dear Alderman Reilly:

After speaking with your staffer Louie Grecnebaum during the week of March 15<sup>th</sup>, we discussed the City's reimbursement of the Environmental Law & Policy Center's (ELPC) building permit due to our status as a lax exempt 'organization under both federal and slate law. Mr. Grecnebaum informed nie that after speakirig with the Committee on Finance, the permit fee can be reimbursed.

Enclosed with this correspondence arc the documents that have been requested via e-mail on March 19<sup>th</sup> in order to initiate the permit fee reimbursement process. The documents enclosed are: (1) a copy of the check used to pay for the building permit in the amount of \$3,637.00, (2) a copy of the approved permit application #100331382, (3) a copy of our federal tax exempt status under section 501(c)(3) and (4) a copy of our state-taxi, exempt status. Please advise me whether you will need any additional information.

On behalf of the Environmental Law & Policy Center, we thank you and Louie Greenebaum for your assistance in gaining reimbursement for our building permit fee.  
Sincerely,

Melville Nickerson Staff Attorney

Dear Sir or Madam:

This is in response to your request of August 28, 2003 regarding your organization's tax-exempt status.

In February 1993 we issued a determination letter that recognized your organization as exempt from federal income tax. Our records indicate that your organization is currently exempt under section 501(c)(3) of the Internal Revenue Code.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in section(s) 509(a)(1) and 170(b)(1)(A)(vi).

This classification was based on the assumption that your organization's operations would continue as stated in the application. If your organization's sources of support, or its character, method of operations, or purposes have changed, please let us know so we can consider the effect of the change on the exempt status and foundation status of your organization.

Your organization is required to file Form 990, Return of Organization Exempt from Income Tax, only if its gross receipts each year are normally more than \$25,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of the organization's annual accounting period. The law imposes a penalty of \$20 a day, up to a maximum of \$10,000, when a return is filed late, unless there is reasonable cause for the delay.

All exempt organizations (unless specifically excluded) are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of \$100 or more paid to each employee during a calendar year. Your organization is not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code.

However, these organizations are not automatically exempt from other federal excise taxes.

Donors may deduct contributions to your organization as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to your organization or for its use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.
