DECEMBER 23, 2020

TO THE MAYOR, MEMBERS OF THE CHICAGO PROCUREMENT REFORM TASK FORCE, MEMBERS OF CITY COUNCIL, CITY CLERK, CITY TREASURER, AND RESIDENTS OF THE CITY OF CHICAGO:

Enclosed for your consideration is the City of Chicago Office Inspector General 2020 progress report on fulfillment of the recommendations of the Chicago Procurement Reform Task Force (PRTF). In previous years, OIG has issued our progress report in late spring, following the issuance of the annual PRTF report in March. In 2020, however, the COVID-19 crisis disrupted this timeline. The project's Chief Procurement Officers (CPO) Committee-comprising procurement officials from the City, the Chicago Public Schools (CPS), the Chicago Transit Authority (CTA), the Chicago Housing Authority (CHA), the City Colleges of Chicago (CCC), the Chicago Park District (Parks), and the Public Building Commission (PBC) (collectively, the Participating Members)- was unable to issue the annual report until June. The timing of the CPO Committee annual report overlaid it with ensuing 2020 quarterly cycle activities, the reporting of which was likewise delayed by COVID-19 disruptions. In light of these and other operational challenges, OIG, in consultation with the CPO Committee Chair, have consolidated all 2020 calendar year reporting information into a single annual overview. In 2021, the CPO Committee and OIG anticipate returning to the original reporting schedule we followed in 2017, 2018, and 2019.

The PRTF initiative has been ongoing for more than five years, with the Task Force having first convened in May 2015. The City's CPO and the Inspector General co-chaired PRTF, which included the CEO, Executive Director, or Chancellor of each Participating Member. The Task Force undertook a six-month project to identify opportunities for these entities to implement-in a uniform manner- best practices for awarding, managing, and overseeing public contracts. PRTF's mission

was to maximize operational efficiency, increase accountability, and economize public funds.

In November 2015, PRTF reported its findings, grouped into five categories representing the essential principles of government procurement: competition, efficiency, transparency, integrity, and uniformity. The Task Force also made

recommendations designed to advance these principles, a 31-point blueprint for refining and standardizing the Participating Members' procurement operations. The recommendations in the 2015 Report of the Chicago Procurement Reform Task Force fall into three categories: the first 15 were proposed for "immediate" implementation (i.e., by March 30, 2016); the next 12 for "mid-term" implementation (by December 31, 2016); and last 4 for "long-term" implementation (in "2017 and beyond").

Pursuant to an intergovernmental agreement executed under the authority of an ordinance passed by City Council and approved by Mayor Emanuel in January 2016, the Participating Members fulfilled PRTF's Recommendation #1 by creating the CPO Committee, and charging it with addressing the Task Force's recommendations, tracking their implementation, and issuing quarterly and annual reports. The ordinance also directed the Participating Members to begin work on Recommendation #5 by establishing a committee of Chief Information Officers (the Chicago Government IT Coordination Committee) to manage the technical aspects of the implementation process, and directed OIG to prepare and publish, within 90 days following the issuance of each Annual Report, an independent evaluation of the Participating Members' progress toward implementing the recommendations.

In March 2017, the CPO Committee issued the 2016 Annual Report of the Chicago Procurement Reform Task Force, indicating that the Participating Members had addressed, in whole or part, 27 of the 31 recommendations. In May 2017, OIG issued its First Annual Progress Report on the Chicago Procurement Reform Task Force. Our review concluded that the Members had fully implemented 7 of the PRTF recommendations, formulated policies and processes for implementing 7 others, partially implemented an additional 13, and had not yet begun to address the remaining 4. OIG suggested that the CPO Committee set target completion deadlines for the 24 open recommendations.

In March 2018, the CPO Committee issued the 2017 Annual Report, indicating that the Participating Members had fully implemented 18 recommendations and partially implemented the remaining 13. In May 2018, OIG issued its Second Annual Progress Report. Our review concluded that the Members had fully implemented 14 of the recommendations and partially implemented 15 others, and that 2 of the recommendations remained in the "process completed; implementation ongoing" category.

In March 2019, the CPO Committee issued the 2018 Annual Report, indicating that the Participating Members had fully addressed 23 recommendations and partially addressed the remaining 8. To prepare the Third Annual Progress Report, issued in June 2019, OIG solicited the assistance of and worked in coordination with the IGs of the Participating Members to more closely assess whether represented actions had,

:Bk. | OIG 'i I PLIME (866; iAQ-A'/HA \ TIV (773) ■.78-'.:_'366

in fact, been undertaken. Based on that joint-IG undertaking, we concluded that the Participating Members had fully implemented 13 of the recommendations and partially implemented 9 others, and that the remaining 9 recommendations, which were designated as completed, had not yet been fully and consistently operationalized across the board.

In June 2020, the CPO Committee issued the 2019 Annual Report, indicating that the Participating Members had fully addressed 27 recommendations and partially addressed the remaining 4. With the caveat that the 2020 challenges referenced above limited OIG's ability to undertake the full and rigorous review taken in past years, we tentatively confirm the Committee's assessment. In 2021, OIG-consulting, as necessary, with our colleagues from the offices of the IGs of the Participating Members-will endeavor, as in 2019, to provide a full account of the status of the remaining recommendations pending completion. These, in significant part, relate to information system and technology upgrades and reforms on the way to a more unified, interoperable platform across the City and its Sister Agencies, respecting procurement and contract programming, management, and enforcement.

Once again, OIG is glad to acknowledge the continuing progress the Participating Members have made toward addressing and implementing PRTF's recommendations. We look forward to the steadily approaching day that this project is brought to full and final fruition.

Joseph M. Ferguson Inspector General City of Chicago
| QIC T'PLINE (866) 48-4754 | T'V (773) 478 2066

Respectfully,

Fourth Annual Progress Report on the Procurement Reform Task Force

I. PROGRESS ON TASK FORCE RECOMMENDATIONS

The following table illustrates the Participating Members' progress in implementing PRTF's 31 recommendations, from the outset of the reform process to date. According to the 2019 Annual Report, issued in June 2020, the Members had completed 22 recommendations, and work was ongoing or partially completed for the remaining 9. As of the CPO Committee's most recent

quarterly, issued on October 27, 2020, the Members have now fully completed 27 recommendations and partially completed the remaining 4. OIG's independent review tentatively confirms the October assessment.¹

For purposes of clarity and consistency with our previous progress reports, we use the term "partially completed" to describe the recommendations classified as "outstanding" by the CPO Committee in its annual and quarterly reports. Further, we do not repeat narratives for recommendations deemed completed in our previous progress reports (specifically, recommendations 1, 2, 5, 11, 13, 14, 15, 21, 22, 2b, 27, 29, and 30) below, we simply describe them as completed.

- RECOMMENDATION #9 o Lead agency: City

Establish minimum standards for conducting due diligence of vendors before entering into a contract.

CPO Committee Status Completed.

Assessment

• **OIG-Evaluation** . Completed All Participating Members Have adopted and operationalized the standards. The CPO Committee determined that there are technical and process limitations providing Participating Members accessed the City's debt system (IRIS). Instead, as reported, each Participating Member ensured that its Electronic Disclosure System (EDS) includes a section for vendors to affirm debt-free status. Vendors are required to complete an EDS prior to award of a contract and must be kept current as the contract requires. If it is determined that information provided in the EDS is false or inaccurate the contract may be rescinded, or other remedies under the contract may be pursued.

- RECOMMENDATION #10 o Lead agency: CTA

Establish uniform rules governing resolicitation of contracts due to significant changes in scope or value.

B. THE MID-TERM RECOMMENDATIONS

- RECOMMENDATION #16 o Lead agency: CTA

Establish uniform standards based on best practices for approval of noncompetitive awards, including small purchase, emergency, and sole source.

CPO Committee Status Completed Assessment

OIG Evaluation ' ' Completed -'All Participating Members have adopted-and operationalized the standards; "•'> \>NT. ,,•'

- RECOMMENDATION #17 o Lead agency: ITCC

Develop a common electronic Economic Disclosure Statement system that: allows for the submission of uniform information for all Participating Members' vendors and subcontractors, integrates disclosures and certifications into

Participating Members' procurement databases; automates conflict checks and due diligence; and can be updated in real time.

CPO Committee Status Partially completed
Assessment
OIG Evaluation ? " | Partially completed!. In 2018, the technical aspects of this recommendation were put on hold pending the completion of a related procurement process. Ongoing development work to update the application to a modern application platform that will support a common EDS is targeted for completion by the end of 2020.
" .>

fourth Annual Progress Report, on the Procurement Reform Task Force

- RECOMMENDATION #18 o Lead agency: City

Establish a process for the use of joint pre-qualified vendor pools that recognizes the different statutory requirements applicable to Participating Members.

CPO Committee Status Completed
Assessment
OIG Evaluation Completed. This recommendation originally contemplated the development of a standardized contract boilerplate, which would result in a more efficient procurement process. The CPO committee ultimately determined that any theoretical efficiency gains realized through standardization across agencies would result in a more organized and efficient procurement process at the individual agency level and therefore create a vendor community; across the board utilizing the "City's Procurement Contract Policy allows the most flexibility for participating Members to meet their organization's needs while ensuring the use of a single contract form is required for their agencies. The policy is available on the City's website; a handbook has been circulated for Participating Members' reference; .y.'^.,-x ^|V| ?' -iy,

- RECOMMENDATION #19 o Lead agency: City

Develop best practices for routine audits of procurement functions and contract awards, and evaluate use of shared services to perform this function.

CPO Committee Status Partially completed
Assessment

OIG Evaluation. Partially completed. The City decided to engage a third party to assist Participating Members with compliance audits. The task order for this project is being finalized. The CPD Committee anticipates that the contract will be awarded and work will commence in Q1 2021.

- RECOMMENDATION #20 o Lead agency CCC

Require each Participating Member to create a comprehensive procurement manual for its staff that is user-friendly and available to the public.

- RECOMMENDATION #31 o Lead agency: City

Evaluate the benefits of center-led or consolidated procurement among the Participating Members.

CPO Committee Status Completed
Assessment

- **OIG Evaluation** Completed, this report was called on the CPO and City of Chicago consolidated procurement, the Members. The resulting data analysis conducted by City of Chicago Mayoral Fellows and World Business-Chicago showed relatively little overlap in the procurement opportunities at any given time, and therefore, concluded that center-led or consolidated procurement would be operationally inefficient. Further, the analysis found that the procurement process for each individual Participating Member organization is unique but that a common need for procurement activities accordingly.

II. CONCLUSION

Under the leadership of the CPO and IT Coordination Committees, the Participating Members have continued to progress toward full implementation of the recommendations in the 2015 PRTF Report. OIC appreciates the efforts to date and looks forward to continued progress toward achieving these important reforms.
