Zoning Ordinance. With this bonus FAR, the total FAR for the Planned Development is 11.2. In exchange for the bonus FAR, the Applicant is required to make a corresponding payment, pursuant to Sections 17-4-1003-B & C, prior to the issuance of the first building permit for any building in the Planned Development; provided, however, if the Planned Development is constructed in phases, the bonus payment may be paid on a pro rata basis as the first building permit for each subsequent new-building or phase of construction is issued. 14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.
15. Prior to the Part II Approval (Section 17-13-0610 of the Chicago Zoning Ordinance) for any building in Subarea B, the Applicant shall submit a site plan, landscape plan and building elevations for the specific Subarea(s) for review and approval in accordance with the Site Plan Review provisions of Section 17-13-0800 of the Chicago Zoning Ordinance. Review and approval by Department of Planning and Development (DPD) and review by the Chicago Plan Commission for a courtesy presentation and comment is intended to assure that specific development components substantially conform with the Planned Development (PD) and to assist the City in monitoring ongoing development. Subarea Site Plan Approval Submittals (Section 17-13-0800) need only include that portion of the Property for which approval is being sought by the Applicant. If the Applicant is seeking approval for a portion of the Property that represents less than an entire Subarea, the Applicant shall also include a site plan for that area of the Property which is bounded on all sides by either public Rights-of-Way or the boundary of the nearest Sub-Area. The site plan provided shall include all dimensioned and planned street Rights-of-Way.

No Part II approval for any portion of Subarea B shall be granted until Site Plan approval has been granted. Following approval by DPD, the approved Sub-Area Site Plan Approval Submittals, supporting data and materials shall be made part of the main file and shall be deemed to be an integral part of the PD.

Provided the Site Plan Submittal required hereunder is in general conformance with this Planned Development and the Design Guidelines, and provided Applicant has timely provided all Site Plan Submittals, the Commissioner of DPD (the "Commissioner") shall issue such site plan approval and the Plan Commission shall conduct its review hearing of the Site Plan Submittal. Following approval of a Site Plan Submittal by the Commissioner, the approved plan shall be kept on permanent file with the Department of Planning and Development and shall be deemed to be an integral part of this Planned Development.

After approval of the Sub-Area Site Plan, changes or modifications may be made pursuant to the provisions of Statement 12. In the event of any inconsistency between approved plans and the terms of the PD, the terms of the PD shall govern. Any Subarea Site Plan Approval Submittals shall, at a minimum, provide the following information:

- fully-dimensioned site plan (including a footprint of the proposed improvements);
- location and dimensions of all parking spaces and loading berths;
- fully-dimensioned building elevations;
- building sections of the improvements;
- building materials list;
- fully-dimensioned landscape plan(s);
- statistical information applicable to the subject Subarea. including floor area, the applicable floor area ratio, uses to be established, floor area devoted to all uses; building heights and setbacks;

- if requested by DPD, a School Impact Study may be required with a future site plan submittal; and
- an approved Site Plan by CDOT (as provided in Statement 3). Fire Prevention Bureau, Mayor's Office for People with Disabilities, and the Building Departments Division of Storm water Management.

Subarea Site Plan Approval Submittals shall include all other information necessary to illustrate substantial conformance to the PD.

16. Subject in all cases to the other statements, terms, regulations and provisions of this Planned Development, the Applicant shall have the right to designate additional subareas within the Planned Development from time to time in order to promote orderly development, to facilitate financing, acquisition, leasing or disposition of the Property or relevant portions thereof, to designate zoning control or to otherwise administer this Planned Development. The designation and re-designation of subareas shall not in and of itself require an amendment to this Planned Development and shall be approved as a minor change, pursuant to Section 17-13-061 1; included in such minor change, the Applicant shall provide notice of all material terms of any such designation to DPD, including the designated area and the bulk regulations that will apply therein, for DPD's administrative purposes to facilitate Part II review for any such designated subarea. In furtherance of the foregoing, and in all cases subject to the other statements, terms, regulations and provisions of this Planned Development, the Applicant may allocate or assign previously unused development rights under the Planned Development from other designated or to be designated subareas including, but not limited to, floor area and floor area ratio, building height, dwelling units and parking; provided that the overall regulations and limitations set forth in the Bulk Regulations and Data Table and the Plans applicable to the entirety of the Planned Development shall not be exceeded or increased as a result of any such allocation(s) or assignment(s), and (iii) all such allocation(s) or assignment(s) of development rights are subject to the terms of Section 17-13-0611.
17. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of (i) 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof)- The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation

in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

18. The Applicant acknowledges and agrees that the rezoning of the Property from the DS-5 Downtown Service District, CI-5 Neighborhood Commercial District, M2-3 Light Industry to the DX-7 Downtown Mixed-Use District and then to this Residential-Business Planned Development ("PD") No. _____ is an "entitlement" that triggers the requirements of Section 2-44-085 of the Municipal Code of Chicago (the "ARO"). The PD is located in a "downtown district" within the meaning of the ARO and permits the construction of 1,544 dwelling units. The Applicant intends to construct 1,544 rental units in multiple buildings (the "Project").

Developers of rental projects in downtown districts with 30 or more units must provide between 10% and 20% of the units in the residential development as affordable units, depending on the average depth of affordability provided, as

described in subsection (F)(2) of the ARO. Regardless of the applicable percentage of affordable units in the rental project, developers must construct at least 25% of the affordable units on-site and another 25% on-site or off-site (collectively, the "Required Units"), and may satisfy the balance of their affordable housing obligation through: (a) the establishment of additional on-site or off-site affordable units; (b) payment of a fee in lieu of the establishment of on-site or off-site affordable units; or (c) any combination thereof. All on-site affordable units must be accessible dwelling units, as required under subsection (W)(10) of the ARO, and developers must give preference in leasing accessible units to people with disabilities, as specified in the ARO rules. All off-site affordable units must have at least two bedrooms and must be located in a downtown district, inclusionary housing area, or community preservation area. Whether on-site or off-site, developers must give preference in leasing affordable units of two bedrooms or more to multi-person households, as specified in the ARO rules. If a residential project is located in a transit-served location, off-site units must be located in a substantially comparable transit-served location.

The Applicant has elected the 20% option as set forth in the chart in subsection (F)(2) of the ARO. As a result, the Applicant's affordable housing obligation is 309 affordable units (20% of 1,544) and half of those affordable units are Required Units. The Applicant has agreed to satisfy its affordable housing obligation by providing all 309 affordable units in the rental building in the PD, as set forth in the Affordable Housing Profile (AHP) attached hereto. The Applicant agrees that the affordable rental units must be affordable to households with a range of incomes averaging 60% of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually, provided that (x) the maximum income level for any affordable unit may not exceed 80% of the AMI, (y) at least one-third (or 103 units) must be affordable to households at or below 50% of the AMI, of which one-sixth (or 17 of the 103 units) must be affordable to households at or below 40% of the AMI, and (z) all income levels must be multiples of 10% of the AMI.

This PD is located in the Fulton Market Innovation District (the "FMID"). The Chicago Plan Commission adopted a plan for the FMID in July 2014, and approved an update to the plan (the "FMID Plan Update") in February 2021. The FMID Plan Update allows residential uses north of Lake Street in the FMID and establishes a 30% affordability goal for new residential projects in that area. In order to achieve that goal, the City's Department of Housing ("DOH") is committed to offering developers a

menu of public assistance. The Applicant agrees to collaborate with DOH to provide an additional 154 affordable units (10% of 1,544) either on-site or in an off-site location within the boundaries of the FMID, in accordance with the FMID Plan Update (the "FMID Units^{7*}"). Specifically, the Applicant and DOH will collaborate to establish the additional cost associated with the construction of the FMID Units, including review of a detailed budget and proforma. The Applicant will work with DOH to identify public financial assistance to fund the FMID Units, whether on-site or off-site through a potential partnership with an affordable housing developer. To that end, the Applicant (a) has submitted an intake form to initiate the process required to apply for financial assistance from the City, including, but not limited to, 4% Low Income Housing Tax Credits (the "FMID Financial Assistance") and (b) has agreed to collaborate with DOH to explore partnerships with affordable housing developers to provide the FMID Units. If the Applicant is not awarded FMID Financial Assistance or is unable to form a partnership with an affordable housing developer on terms that will fully fund the cost of the FMID Units to meet the 30% affordability goal, the Applicant may proceed with the development of the Project without providing the unfunded FMID Units, provided, however, the Applicant must notify DOH of its determination that providing all of the FMID Units is not feasible at least 6 months prior to the issuance of the first vertical improvements permit for any residential building in the PD by providing to DOH a written explanation therefor, and, at DOH's request, the Applicant must provide an informational presentation to the Plan Commission on such determination prior to the issuance of such permit. Notwithstanding the foregoing, if DOH is unable to award the Applicant any FMID Financial Assistance, such presentation will not be requested.

If the Applicant requests any material change to its method of compliance with the ARO, such as locating affordable units off-site instead of on-site or changing the target affordability level after the passage of this PD, DOH may adjust the AHP as requested, in accordance with the ARO, without amending the PD, provided however, the Applicant must

update and resubmit the revised AHP to DOH for review and approval and, at DOH's request, provide an informational presentation to Plan Commission on such change. Prior to the issuance of any building permits for any residential building in the PD, including, without limitation, excavation or foundation permits, the Applicant must execute and record an Inclusionary Housing Agreement ("IHA") in accordance with subsection (N) of the ARO. The terms of the IHA and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the IHA will be recorded against the PD, and will constitute a lien against such property. If the IHA is executed before the Applicant and DOH complete negotiations regarding the FMID Units, the Applicant agrees to update, amend and rerecord the IHA as necessary to incorporate any additional FMID affordability requirements. The Commissioner of DOH may enforce remedies for any breach of this Statement 18, including any breach of any IHA, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the PD.

This statement does not include all ARO requirements and options. It is intended to provide an overview of the application of the ARO to this PD. In the event of any conflict between this statement and the terms and conditions of the ARO, the ARO shall govern.

19. The Applicant acknowledges that the Property is located in the Kinzie Industrial Corridor Industrial Corridor Conversion Area, and has undergone a "rezoning" within the meaning of Chapter 16-8 of the Municipal Code (the "Industrial Corridor System Fund Ordinance"). As a result of this rezoning, the Planned Development is subject to the conversion fee provisions of the Industrial Corridor System Fund Ordinance. The purpose of the conversion fee is to mitigate the loss of industrial land and facilities in conversion areas by generating funds for investment in receiving industrial corridors in order to preserve and enhance the city's industrial base, support new and expanding industrial uses, and ensure

a stable future for manufacturing and industrial employment in Chicago. The Applicant is required to pay the conversion fee in full prior to the issuance of the first building permit for any building in the Planned Development; provided, however, if the Planned Development is constructed in phases, the conversion fee may be paid on a pro rata basis as the first building permit for each subsequent new building or phase of construction is issued. The amount of the conversion fee due prior to the issuance of a building permit shall be calculated based on the fee rate in effect at the time of payment. The Applicant shall record a notice against the Property to ensure that the requirements of the Industrial Corridor System Fund Ordinance are enforced in accordance with Section 16-8-100.

20. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Zoning Administrator shall initiate a Zoning Map Amendment to rezone the property to the DX-7 Downtown Mixed-Use District.
