This grant of Easement is subject to the following terms and conditions:

1. Grantee desires to upgrade an already existing North/South 9-inch clay municipal storm sewer line built in 1919, which such storm sewer line runs under private property owned by Grantor and located at 1515 West Haddon, Chicago, Illinois. No public record currently exists evidencing that 1919 Storm Sewer.

2. Grantor agrees to grant to the Grantee at no cost, and the Grantee agrees to accept the Easement right in, on, over, and under the Real Estate for purpose of upgrading the 1919 Storm Sewer to a

Grantor agrees to provide a copy of lien waivers for the cost of the construction and installation of the Sewer Facilities.

4. Grantor shall perform any and all construction and installation of the Sewer Facilities in the Easement Area in accordance with all applicable laws governing such construction, and in a safe and a good workman like manner and standard.

5. After Grantor's construction and installation of the Sewer Facilities, Grantor shall transfer the Sewer Facilities to the Grantee. Grantee shall own, maintain and operate the Sewer Facilities at its own cost and expense.

6. Grantee, its employees, agents, and assigns shall at all times have free access and ingress to, and egress from, and over said Easement Area to lay, construct, reconstruct, repair, renew, replace, operate, maintain, inspect, alter, change the size of or abandon in place all or any part of said Sewer Facilities. 2

7. Grantor retains all of its rights to use and occupy said Real Estate not inconsistent with the use by Grantee, its successors or assigns, of the Easement herein granted for the purposes aforesaid, and agrees that the erection or construction of any trees, building or other permanent structure on or over said Real Estate or any part thereof by Grantor, its successors, assigns, licensees or lessees, shall not interfere with Grantee's Easement rights.

8. After Grantor's construction and installation of the Sewer Facilities and transfer of the Sewer Facilities to Grantee, Grantee agrees to restore any part of the Easement Area which is damaged by Grantee's construction, installation, operation, maintenance, repair, renewal, removal, or changing the size of said Sewer Facilities, to the condition of the Easement Area immediately before such damage occurred or better.

9. In the event of the bringing of any action, suit or suits, against the Grantor growing out of any such loss, damage, cost or expense, and as a prerequisite to any recovery therefore from the Grantee, the Grantor shall give written notice to Grantee of the commencement of such action, suit or suits, and thereafter Grantee shall assume the defense thereof. Grantee is not precluded from raising any defense or immunity, with respect to third party claims, under the Local Governmental and Governmental Employees Tort Immunity Act (745 ILCS 10/1-101 et seq.).
