**Re: Project Narrative: Planned Development No. 728 / Application No.**  
***Costco Wholesale Corporation 2746 N. Clybourn Avenue, Chicago, IL 60614 (the "Site").***

Costco Wholesale Corporation ("Costco") is proposing certain changes to the Site, including (1) expansion of the existing drive-through fueling facility, (2) modification of the stand-alone retail building with relocation of existing tenants, demolition of part of the retail building, and reconfiguration to provide Costco with additional parking, and (3) expansion of the Costco store to increase warehouse space, while simultaneously decreasing the amount of loading docks. These changes will involve replacing the existing site and landscape plans incorporated into the existing planned development with revised site and landscape plans, including site and landscape plans specific to the fuel facility and the river setback area.

In the first phase, Costco will add five additional dispensers to the fueling facility (11 pumping stations) and expand the existing canopy to cover the additional dispensers. In addition, the ADA stalls adjacent to the existing warehouse will be relocated closer to the warehouse entrance.

In the second phase, Costco intends to expand the existing Costco store by constructing an approximately 14,300 sf addition at the rear (south elevation) of the building. The store expansion will result in three dock doors instead of the four that are existing.

In the third phase, Costco intends to demolish the existing approximately 20,448 sf stand-alone retail building along Clybourn and expand the parking lot in its place. The existing Ulta Beauty and Chase Bank tenants are anticipated to relocate to the approximately 14,200 sf building to remain at the corner of Clybourn and Damen.

There are no proposed increases to maximum floor area ratio (FAR) or building height. Further, Costco is not proposing to introduce dwelling units or otherwise change the nature of the use of the Site.

Below is a summary of zoning data for all three Phases:

The riveredge setback area has been, and shall continue to be, landscaped and improved with a pathway extending from the North Damen Avenue Bridge to the property's south property line as depicted on the Landscape Plan. This setback area shall be open and available for use by the general public, free of charge, during normal Chicago Park District hours. 17. All work proposed in the public way must be designed and constructed in accordance with the Chicago Department of Transportation Construction Standards for Work in the Public Way and in

compliance with the Municipal Code of the City of Chicago.
