1

WHEREAS, AIS and PBC have determined that it is necessary, desirable, and in the public interest to amend the Agreement to provide City TIF Funds to the Projects; and

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Recitals. The foregoing recitals are incorporated herein by reference.

2. Definitions. All capitalized terms used but not otherwise defined herein shall have the same meanings as set forth in the Agreement. The DEFINITIONS section of the Agreement is hereby amended by adding the following definitions:

City TIF Funds: A portion of Redevelopment Area Increment in an amount not to exceed the amount identified in Exhibit B attached hereto and made a part hereof.

Increment: such ad valorem taxes which pursuant to the TIF Act have been collected and are allocated to pay redevelopment project costs and obligations incurred in the payment thereof.

Redevelopment Area Increment: Increment collected from a Redevelopment Area.

TIF Act: Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq., as amended from time to time.

TIF-Funded Improvements: shall have the meaning provided in Section 9.3.3. hereof.

3. *The Agreement is hereby amended by adding the following Section 9.3.3. for the provision of City TIF Funds to PBC. '*

9.3.3. Notwithstanding anything herein to the contrary, this Section 9.3.3. shall apply to all City TIF Funds provided by the City to the PBC. The PBC shall provide AIS with a Requisition Form substantially in the form of Exhibit G hereto, along with: (i) a cost itemization of the applicable portions of the budget provided to the City in accordance with Section 9.3.3.4 herein; (ii) evidence of the expenditures upon TIF-Funded Improvements which the PBC has incurred; and (iii) all other documentation described in Exhibit G. The City shall review and, in the City's discretion, approve each Requisition Form and make the applicable requested and approved disbursement of City TIF Funds, subject to the availability thereof. The availability of the City TIF Funds is subject to the PBC's compliance with all applicable requirements regarding the use of such funds and the timing of such use. The PBC will only request disbursement of City TIF Funds, and the City will only disburse City TIF Funds for the costs of a Project, to the extent that such costs are TIF-Funded Improvements, as determined by the City in its sole discretion.

9.3.3.1. Delivery by the PBC to AIS of a Requisition Form hereunder shall, in addition to the items therein expressly set forth, constitute a certification to the City, as of the date of such Requisition Form, that:

2

1. the total amount of the City TIF Funds disbursed in the previously made

disbursement (if any) represents the actual amount paid to the general contractor, subcontractors, and other parties who have performed work on or otherwise provided goods or services in connection with the Project, and/or their payees;

2. all amounts shown as previous payments on the current Requisition Form have been paid to the parties entitled to such payment;

3. the PBC has approved all work and materials for the current Requisition Form, and such work and materials conform to the plans and specifications for the Project; and

4. the PBC is in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, as well as all policies, programs and procedures of the PBC, all as may be in effect from time to time, pertaining to or affecting the Project or the PBC as related thereto.

The City shall have the right, in its discretion, to require the PBC to submit further documentation as the City may require in order to verify that the matters certified to above are true and correct, and any approval of a Requisition Form by the City shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by the PBC.

2. The PBC's right to receive payments hereunder shall be subordinate to all prior obligations of the City to be paid from Redevelopment Area Increment.

3. The availability of City TIF Funds is subject to: (i) the City's annual retention of Redevelopment Area Increment in an amount necessary for the payment of expenses incurred by the City in the administration of the Redevelopment Area; and (ii) the City's compliance with all applicable requirements regarding the use of such funds and the timing of such use.

4. The current estimate of the cost of a Project is identified in Exhibit B (the "Estimated Project Cost"). The PBC shall deliver to the Commissioner of AIS, and the Commissioner may approve, a detailed project budget for a Project. If the PBC at any point does not have sufficient funds to complete the Project, the PBC and City will determine any future actions in accordance with Section 9.4 hereof.

5. PBC shall provide a preliminary list of Project costs, by line item, to the City for the City's determination that such costs are eligible redevelopment project costs under the TIF Act with respect to a Project, to be paid for out of City TIF Funds ("TIF-Funded Improvements"). Prior to the expenditure of City TIF Funds on a Project, the AIS Commissioner, based upon the detailed project budget provided in accordance with Section 9.3.3.4 above, shall make such modifications to such Project budget as he or she wishes in his or her discretion to account for all of the City TIF Funds to be expended under this Agreement; provided, however, that all TIF-Funded Improvements shall (i) qualify as redevelopment project costs under the TIF Act; (ii) qualify as eligible costs under the appropriate Redevelopment Plan; and (iii) be improvements that the AIS Commissioner has agreed to pay for out of City TIF Funds, subject to the terms of this Agreement.

6. If the aggregate cost of a Project is less than the amount of the City TIF Funds contemplated by this Agreement, PBC shall have no claim to the difference between the

amount of the City TIF Funds contemplated by this Agreement and the amount of the City TIF Funds actually paid by the City to the PBC and expended by the PBC on a Project.

9.3.3.7. In the event the PBC has acquired or leased property in connection with a Project with City TIF Funds (such property shall be included in the definition of a "Property"), PBC shall not sell, transfer, convey or otherwise dispose of all or any portion of a Project and/or a Property or any interest therein to a party other than the City (a "Transfer"), or otherwise effect or consent to a Transfer to a party other than the City, without the prior written consent of the City. The City's consent to any Transfer may, in the City's sole discretion, be conditioned upon (among other things) whether such a Transfer would conflict with the statutory basis for the grant of the City TIF Funds hereunder pursuant to the Act.

4. Exhibit B to the Agreement is hereby deleted in its entirety and replaced by Exhibit A to this First Amendment.

5. Exhibit G is hereby added to the Agreement and is attached as Exhibit B to this First Amendment.

6. Except as amended hereby, the terms and conditions of the Agreement shall remain in full force and effect.

7. In the event of a conflict between the Agreement and this First Amendment, this First Amendment shall control and govern.

8. This First Amendment is comprised of several identical counterparts, each to be fully signed by the Parties and each to be considered an original having identical legal effect.

IN WITNESS WHEREOF, the parties hereto have executed or caused to be executed this First

Amendment to Master Intergovernmental Agreement between the Public Building Commission of Chicago and the City of Chicago, all as of the date first written above.
