of a "residential housing project" within the meaning of the Affordable Housing Ordinance in Subarea A and Subarea B must: (i) develop affordable housing units as part of the residential housing project in Subarea B; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). In accordance with these requirements and the Affordable Housing Profile Form attached hereto as Exhibit A, the Applicant has agreed to provide 11 affordable units in Subarea B at 100% AMI affordable housing units in the Residential Project for households earning up to 100% AMI of the Chicago Primary Metropolitan Statistical Area median income (the "Affordable Units") or make a cash payment to the Affordable Housing Opportunity Fund in the amount of \$100,000 per required Affordable Unit ("Cash Payment"). At the time of each Part II review for the Residential Project, Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Housing and Economic Development for review and approval. If the Applicant subsequently reduces the number of dwelling units in the residential project, the Department of Housing and Economic Development may adjust the requirements of this Statement 13 (i.e., number of Affordable Units and/or amount of Cash Payment) accordingly without amending this Planned Development. Prior to the issuance of any building permits for the residential housing project within Subarea B, including, without limitation,

excavation or foundation permits, the Applicant must either make the required cash payment, or execute an Affordable Housing Agreement in accordance with Section 2-45-110(i)(2), with respect to such Subarea. The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Residential Project in Subarea B and will constitute a lien against each Affordable Unit. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. If the Applicant initially sells a housing unit required to be affordable at a price that renders the housing unit not affordable, or to a household that does not meet the eligibility criteria, the Applicant shall make a Cash Payment for each such affordable housing unit in accordance with Section 2-45-110(i)(2)(i) and the Affordable Housing Agreement. The Commissioner of Housing and Economic Development may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the planned development ordinance.

14. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all new buildings and improvements on the Property constructed after the date hereof shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. In furtherance of this policy, improvements within Subarea A and Subarea B shall include the following sustainable features: (A) 50% Green Roof and (B) LEED certified.
16. The Applicant acknowledges that it is in the public interest to ensure that adequate open space and recreational facilities are provided to serve new residential developments. As stated in the Open Space Impact Fee Ordinance Section 16-18-080 of the Municipal Code of Chicago, in the case of larger developments which are processed as Planned Developments, developers are encouraged to provide open space and recreational facilities on-site to serve new residents instead of paying open space impact fees. DHED may approve a credit for such on-site facilities and open space at any time prior to Part II approval for a particular subarea provide that such facilities and/or open space meet the criteria for such credit.

All open spaces developed for use by the public must be in compliance with the Open Space Impact Fee

Administrative Regulations and Procedures promulgated by the Commissioner of the Department of Housing and Economic Development, pursuant to Section 16-18-110.

Any open space to be dedicated to the Chicago Park District must meet Chicago Park District standards and, where applicable, the park must be designed and constructed to Chicago Park District standards. Any conveyance of open space to the Chicago Park District, measuring two or more acres, shall be approved by the Chicago Park District. A Board issued resolution must be provided to the Department of Housing and Economic Development prior to the issuance of any Part II approval. Any conveyance of open space to the Chicago Park District, measuring less than two acres, shall be formalized in a contract that shall be provided to the Department of Housing and Economic Development prior to the issuance of any Part II approval.

17. The Applicant acknowledges that the Planned Development includes a building commonly known as Filmworks Lofts and identified on the National Register of Historic Places as the Coca Cola Building as potentially significant in the Chicago Historic Resources Survey. Pursuant to the Zoning Ordinance, Section 17-8-0911 and Section 13-32-230 of the Municipal Code, the Applicant acknowledges that planned developments should give priority to the adaptive reuse of historic buildings which have been designated as a "Chicago Landmark" or color-coded red or orange in the Chicago Historic Resources Survey. It shall be the responsibility of the owners of Subarea C to retain and preserve the character-defining features of the building, which include the Wabash Avenue street facade. In general, the original features and materials of the street facade should be retained and preserved as much as reasonably possible, while any changes should be compatible with the building's historic character. Such work to the character-defining features shall be subject to the review and approval of the Department of Housing and Economic Development as a part of the Part II Review.

18. In order to develop the proposed improvements in Subarea A and Subarea B, the Applicant has contracted to acquire unused FAR and square footage (for minimum lot area purposes) from Subarea C (the "Development Rights"). Because the Applicant has not acquired the Development Rights at the time of the approval of this Planned Development, each subarea will have an initial FAR of 7.0. At the time the Applicant acquires certain portions of the Development Rights to construct the improvements on Subarea A, the maximum permitted FAR for Subarea A shall, without amendment to this Planned Development, increase by 90,160 square feet (or 2.755 using the net site area of Subarea A), the maximum number of permitted dwelling units for Subarea A shall increase by 81 dwelling units, the maximum permitted FAR for Subarea C shall decrease by 90,160 square feet (or 2.015 using the net site area of Subarea C) and the maximum number of dwelling units for Subarea C shall decrease by 81 dwelling units, all as set forth in the Bulk Regulations and Data Table. Prior to Part II approval, Applicant shall deliver to the Department an executed and recorded Agreement of Covenants and Restrictions ("Covenant A") which shall set forth the amount of Development Rights acquired for the benefit of Subarea A. Delivery of Covenant A shall cause corresponding increases and decreases in FAR and permitted dwelling units in Subarea A and Subarea C. At the time the Applicant acquires certain

portions of the Development Rights to construct the improvements on Subarea B, the maximum permitted FAR for Subarea B shall, without amendment to this Planned Development, increase by up to 56,186 square feet (or 4.319 using the net site area of Subarea B), the maximum number of permitted dwelling units for Subarea B shall increase by 54 dwelling units, the maximum permitted FAR for Subarea C shall decrease 56,186 square feet (or 1.256 using the net site area of Subarea C and the maximum number of dwelling units for Subarea C shall decrease by 54 dwelling units all as set forth in the Bulk Regulations and Data Table. Prior to Part II approval, Applicant shall deliver to the Department an executed and recorded Agreement of Covenants and Restrictions ("Covenant B") which shall set forth the amount of Development Rights acquired for the benefit of Subarea B. Delivery of Covenant B shall cause a corresponding increase and decrease in FAR and maximum permitted dwelling units Subarea B and Subarea C. The City of Chicago is not party to Covenant A or B and is not responsible for enforcing anything in said covenants other than the above provisions governing the transfer of floor area and dwelling units.

19. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Housing and Economic Development shall initiate a Zoning Map Amendment to rezone the property to DX-7 Downtown Mixed-Use District.
