**REPORT to the
CHICAGO PLAN COMMISSION from the
DEPARTMENT OF HOUSING AND ECONOMIC DEVELOPMENT
DECEMBER 19, 2013**

FOR APPROVAL: AMENDMENT TO BUSINESS PLANNED DEVELOPMENT #1181

APPLICANT: LOCATION:

CHITOWN-DIAMOND JV,. LLC

815-23 WEST MADISON, 16-40 SOUTH HALSTED, 800-22 WEST MONROE AND 1-39 SOUTH GREEN STREETS

Pursuant to the provisions of the Zoning Ordinance, Title 17 of the Municipal Code of Chicago, the Department of Housing and Economic Development hereby submits this report and recommendation on a proposed amendment to Business Planned Development #1181 for your review and recommendation to the City Council. The application for the amendment to the Zoning Ordinance was introduced into the City Council on September 11, 2013. Proper legal notice of the public hearing on the application was published in the Chicago Sun-Times on December 4, 2013. The Applicant was separately notified of this hearing.

The Applicant, Chitown-Diamond JV, LLC, is seeking approval to amend Business Planned Development #1181, in order to reduce the maximum height allowed in Sub-Area B down to 170 feet and to allow residential dwelling units as a permitted use in lieu of the previously permitted hotel use. The proposed development would be a 170' tall residential building containing 167 dwelling units and ground floor retail, along with 95 parking stalls. This development is being submitted by the Applicant as an amendment to Business Planned Development #1181 pursuant to Section 17-13-0611-B, which states that proposed changes to a Planned Development that do not meet the minor change criteria must be reviewed and approved by the Chicago Plan Commission.

PROJECT BACKGROUND

Chitown-Diamond JV, LLC, is the sole owner of Sub-Area B. The 2.84-acre site was previously reviewed and approved as Business Planned Development #1181 with two sub

areas. Prior to the planned development the site was owned by MB Financial Bank and was in use as a surface parking lot.

SITE AND AREA DESCRIPTION

The subject property is located within the Near West Side Community Area and the 27th Ward. It is surrounded by areas zoned DX-3 (Downtown Mixed-Use District) and DX-7 (Downtown Mixed-Use District) to the north, DX-5 (Downtown Mixed-Use District) to the south, Residential Business Planned Development #1202 to the east, and DX-5 (Downtown Mixed-Use District), DX-3 (Downtown Mixed-Use District), and DS-3 (Downtown Service District) to the west. The site is within the boundaries of the Near West Tax Increment Finance District, but is not located within the Lake Michigan and Chicago Lakefront Protection District or a Chicago Landmark District and does not include the Orange-rated Mid-City Trust and Savings Bank Building, located at the southwest corner of West Madison and South Halsted Streets.

The site is served by the Chicago Transit Authority's bus routes #1 (Indiana-Hyde Park), #7 (Harrison), #8 (Halsted), #11 (Lincoln/Sedgwick), #14 (Jeffrey Express), #20 (Madison), #X28 (Stony Island Express), #56 (Milwaukee), #60 (Blue Island/26th), #124 (Navy Pier), #125 (Water Tower Express), #126 (Jackson), #151 (Sheridan), #156 (LaSalle) and #157 (Streeterville/Taylor); CTA rail stations at Clinton and UIC/Halsted on the Blue Line and Morgan on the Green and Pink Lines; and, nine Metra Lines via either the Ogilvie Transportation Center or Union Station; all located within approximately one mile of the site.

PROJECT DESCRIPTION

The Applicant is proposing to amend Sub-Area B of the previously approved Business Planned Development #1181. The proposed amendment would be to reduce the maximum height in Sub-Area B down from 250' to 170' and to add residential use as an additional permitted use in the Sub-Area. Sub-Area A will remain unchanged as part of this proposal.

DESIGN

The proposed amended planned development will continue to hold the corners on all sides of the site, the northeast corner of the development abuts the Orange-rated Mid-City Trust and Savings Bank Building. Sub Area A will have its frontage along South Halsted, West Monroe and South Green Streets while Sub Area B will front South Green and West Madison Streets.

Sub Area A has been constructed with a three-story structure that establishes a visual presence along South Halsted and West Monroe Streets having replaced an existing surface parking lot with a more active design. The building was constructed of brick and pre-cast concrete; glass within metal frames make-up the majority of facade around entry-ways, exterior staircases and parking levels. The maximum allowable height throughout this sub area is 70'.

Sub Area B will have a 170' tall 167 dwelling unit building with ground floor retail constructed within its boundaries that will establish a focal point of attention within the Near West Side at the southeast corner of West Madison and South Green Streets. The building will be constructed of steel and glass

with cast in place concrete and standing seam metal siding. The ground floor will have a typical storefront system to serve the retail uses, with lightly-colored, recessed concrete balconies that blend with the floor-to-ceiling windows. The maximum allowable height throughout this sub area will be 170'.

LANDSCAPING

The perimeter of both sub areas of the development will include shrubbery and street tree plantings in grated pits and the parking structure in Sub Area A will have 7' of landscape areas along the tops of all exterior walls. All landscaping elements will meet the requirements of the Landscape Ordinance.

ACCESS/CIRCULATION

The amended development will rely entirely on the previous integration of this proposal into the commercial and residential developments of this neighborhood. This integration was done with special consideration due to the project's frontage along both West Madison and South Halsted Streets, both major thoroughfares, and its proximity to I-90/94 (Kennedy Expressway).

The project includes vacated Academy Place, which runs parallel to South Halsted and South Green Streets and bi-sects this site, this vacated street operates as a private drive and will help mitigate congestion along the surrounding streets by allowing for internal access to the project's parking and loading areas. In addition, the only other vehicular access will be off of South Green Street, which is currently the least traveled of the roads associated with this project. Internal ramping will circulate vehicles through the retail and residential portions of this project and those movements will not impact the flow of through traffic using Academy Place for ingress or egress to the site. Parallel parking, adjacent to this development, will still be allowed along South Green and West Monroe Streets.

Individuals arriving via public transportation will have numerous bus and rail options in close proximity, including Chicago Transit Authority bus stops in this block along both West Madison and South Halsted Streets. Bicyclists will have access to storage racks in the retail parking lot, via South Green Street, and pedestrian entrances will be available from all sides of this development.

SUSTAINABILITY

Sub-Area A is LEED certified and provides a green roof covering 100 percent of the net roof area in Sub Area A (9,250 square feet) and the applicant will be pursuing Leadership in Energy and Environmental Design (LEED) certification for Sub-Area B and will provide a green roof covering 50 percent of the net roof area in Sub Area B (3,000 square feet). The project will also comply with the Storm Water Management Ordinance, implementing best practices in all storm water management.

BULK/USE/DENSITY

The proposed Floor Area Ratio for this Residential Business Planned Development will be 4.25, which is less than the allowed 5.0 under DX-5 (Downtown Mixed-Use District). The proposed maximum allowable height of buildings will be 70' in Sub Area A and 170' in Sub Area B; both of which are in substantial compliance with the underlying DX-5 zoning. This Residential Business Planned Development proposes allowance of all permitted uses listed in the DX-5 zoning district.

RECOMMENDATION

The Department of Housing and Economic Development has reviewed the project materials submitted by the Applicant and compared this proposal to existing development in the community. The area around this project is a diverse mix of residential, business and commercial planned developments, as well as, downtown service and mixed-use zoning districts. For example, the DX-5 (Downtown Mixed-Use District) that is proposed for this site, can also be found immediately to the south and west. Additional DX and DS (Downtown Service Districts) are also located to the north, east and west. Planned Development 710, adjacent to the northeast corner of this proposed site, has an underlying zoning of B3-5 (Community Shopping District). Planned Development 1202 to the east of this site has an underlying zoning of DX-7, that project incorporated bonuses to obtain a 9.4 FAR. Although the DX-5 zoning would allow up to a 5.0 FAR, this Residential Business Planned Development will have less than a 4.50 FAR.

Based on that analysis the Department of Housing and Economic Development has concluded that this proposal is appropriate for this site and supports this development for the following reasons:

1. The project meets the purpose and criteria set forth in Chapter 17-8 of the Zoning Ordinance and its adoption would not have any adverse impact on the public's health, safety or welfare. Specifically, this project meets the following provisions of Chapter 17-8:
 - a. Promotes unified planning and development (per 17-8-0102), as evidenced by the integration of site plans and access requirements between both phases of this project;
 - b. Promotes economically beneficial development patterns that are compatible with the character of existing neighborhoods (per 17-8-0103), as evidenced through its design and massing staying within context of adjacent structures;
 - c. Promotes flexibility in the application of selected use, bulk and development standards in order to promote creative building design and high-quality urban design (per 17-8-0105), as evidenced by the varying uses, designs, heights and densities proposed for the two phases of this project;
 - d. Promotes the safe and efficient circulation of pedestrians, cyclists and motor vehicles (17-8-0904-A-1), as evidenced through the vacation of Academy Place and the positive impact that will have on its parking, vehicle, pedestrian and bicycle plans;
 - e. Promotes transit, pedestrian and bicycle use (17-8-0904-A-2), as evidenced through its proximity to various forms of public transit and the

- accommodations made for safe and covered bicycle parking;
- f. Minimizes conflicts with existing traffic patterns (17-8-0904-A-4), mitigates traffic congestion associated with the proposed development (17-8-0904-A-5) and utilizes access points on the interior of the site (17-8-0904-D-1), as evidenced by the vehicular

- ingress and egress being directed to a vacated Academy Place drive aisle;
- g. Provides active separation between above-ground parking and street level (17-8-0904-D-4), as evidenced by the placement of retail along the edges of the development and the parking structure location in the back, along a lesser-used roadway;
 - h. Provides street-level uses that engage pedestrian interest (17-8-905-A-2), as evidenced by the ground level retail that opens to the street for pedestrian access along South Halsted, West Monroe and West Madison Streets;
 - i. Provides structures that abut sidewalks (17-8-0905-B-1) and allow for pedestrian entrances from said sidewalks (17-8-0905-B-2), as evidenced by the construction of both phases to the edge of the site's property lines and the provision of access to all tenants from the sidewalk; and,
 - j. All sides and areas of the buildings that are visible to the public are treated with materials, finishes and architectural details that are of high-quality and appropriate for use on primary street-facing facade (17-8-0907-A-4), as evidenced through the material callouts in this report and on the elevations.
2. The site lies within the boundaries of the Near West Tax Increment Finance District, the redevelopment plan for which was recommended by the Chicago Plan Commission and approved by the Chicago City Council in 1996. The corresponding Land Use Plan contemplated office, commercial and retail development for this site. Additionally, redevelopment of this property will further the goals of the TIF Plan by improving the functionality and aesthetics of the Halsted/Madison Corridor, as well as, providing the City and its citizens with increased business activity, new job opportunities and an expanded tax base.
 3. The site lies within the study area of the Central Area Action Plan; as adopted by the Chicago Plan Commission in 2009. The associated projections in this plan forecasted an increase in commercial, hotel and retail development throughout the Central Area. Specific to the Near West sub district of this plan, within which this project is located, higher density developments are appropriate along the Halsted, Van Buren and Kennedy Expressway Corridors.
 4. The public infrastructure facilities and city services will be adequate to serve the proposed development at the time of occupancy. The proposed project has been reviewed by the Mayor's Office for People with Disabilities and the Department of Transportation and all requested changes have been made. Copies of this application have been circulated to other City departments and agencies and no comments have been received which have not been addressed in the application.
 5. The project will comply with the requirements for access in case of fire and other emergencies.

Based on the foregoing, it is the recommendation of the Department of Housing and Economic Development that this application for a Business Planned Development be approved and that the recommendation to the City Council Committee on Zoning be "As Amended, Passage Recommended".
