The Honorable Susana Mendoza Clerk of the City of Chicago
121 North LaSalle Street Chicago, Illinois 60602

Clerk Mendoza:

At the April 30, 2014, meeting of the City Council, I was unfortunately out of the room for a moment during the vote on SO2014-836, Zoning Reclassification Application # 17944. Later in the meeting, the President Pro Tern ruled my motion to suspend the rules for the purpose of being recorded as a "no" vote on the ordinance as out of order despite there being no objection raised from the members.

Be it known that I oppose SO2014-836 and intended to vote "no"

Please include this letter in the Clerk's record of the April 30, 2014, meeting of the Chicago City Council. Should you have any questions, please contact my office at (773) 286-4545.

Sincerely,

John Arena Alderman,
45th Ward

8. The Publicly Available Improvements, defined by Statement No. 14 hereof, shall be and shall remain publicly available places for the use and enjoyment of the public. All exterior walks, paths and ways upon the Property, and the Publicly Available Improvements, shall be open to the public during the hours of 6:00 A.M. to 11:00 P.M. (the "Operating Hours"). Public pedestrian, bicycle, stroller and similar traffic during said hours shall not be unreasonably restricted within any of said portions of the Property. The segment of Level 53 of Parcel D of Subarea 4 between the North and South Halls is intended to be open for public passage during most Operating Hours but may be closed from time to time provided that (a) such closure is indicated at appropriate locations by appropriate signage or other appropriate means and (b) Level 39 of Parcel D of Subarea 4 remains open during Operating Hours. The Parcel C Concourse Segment is intended to be open for public passage during most Operating Hours but may be closed from time to time. The Parcel C Concourse Segment shall be unobstructed while open.

During Operating Hours, Applicant shall provide reasonable public access from the public park located to the east of the East Hall of the McCormick Place Complex to McCormick Square. Such public access shall be provided with sufficient lighting and signs, and shall be sufficiently unobstructed to permit reasonable pedestrian use thereof.

It is acknowledged by the Applicant and the City that the Publicly Available Improvements and their uses as described herein shall be consistent with and complementary to the use of the Property as a convention complex. The requirements applicable to the Publicly Available Improvements shall not, however, be construed to permit interference with the reasonable operation of the convention complex. The Publicly Available Improvements shall be owned by the Applicant or its designee and their successors, grantees or assigns, but shall be made available to the public for public passage as set forth herein.

It is further acknowledged by the Applicant and the City that the Property, in its entirety excluding public streets, including the Publicly Available Improvements, is intended to be operated and managed by the Applicant as a non-public forum in tandem and consistent with the operations of McCormick Place as a whole.

9. Off-street parking spaces and off-street loading berths shall be provided to serve the uses contained within this Planned Development Ordinance in accordance with the requirements contained in the Bulk Regulations and Data Table made a part hereof and other applicable requirements of this Planned Development Ordinance. Such off-street parking spaces shall be provided in the locations depicted on the Parking Location Exhibit described by Statement No. 6 hereof

FINAL FOR PUBLIC

(which includes locations not within the boundaries of this Planned Development). If such parking spaces become unavailable for use by the Applicant, the Applicant shall promptly obtain the use of replacement parking spaces within a reasonable distance from the use served.

Notwithstanding the requirements of the City of Chicago Zoning Ordinance, any other applicable regulation or anything above to the contrary, off-street parking located in Subarea 1 (other than disabled parking spaces): (a) need be only 8.5 feet wide and 17 feet long, and (b) need have aisle widths of only 20 feet.

No parking (other than bicycle parking) or truck loading shall be permitted within or upon any of the Publicly Available Improvements as described by Statement No. 14 hereof. In addition, within the portion of Parcel D of Subarea 4 located over Lake Shore Drive and the Parcel C Promenade Segment of Subarea 4, no taxi or automobile loading shall be permitted.

10. Any service drive or other ingress or egress shall be adequately designed and paved in accordance with the regulations of the Department of Transportation and in compliance with the Municipal Code of Chicago to provide ingress and egress for motor vehicles, including emergency vehicles. No parking on any service drive or blockage of said ingress and egress shall be permitted. Fire lanes, if required, shall be adequately designed and paved in compliance with the Municipal Code of Chicago.
11. Business, business identification and temporary signs, such as construction and marketing signs, may be permitted upon the exterior of the Property, subject to the review and approval of the Commissioner. Signs which conflict with any provision of the Chicago Zoning Ordinance which, shall not be permitted. No sign shall be permitted which would be visible from any lakefront park area other than building identification signs (limited in size to the otherwise applicable requirements of the Chicago Zoning Ordinance) and temporary business identification banners.
12. The maximum allowable height of any structure upon the Property shall conform with the Exhibits described in Statement No. 6 hereof and shall further be subject to the following.
- a. Height limitations as certified on Form FAA-117 (or on successor form or forms covering the same subject matter) and approved by the Federal Aviation Administration pursuant to Part 77 of the

Regulations of the Administrator, Federal Aviation Administration.

b. Airport Zoning Regulations as established by the Department of Planning and Development, Department of Aviation and Department of Law and approved by the City Council.

c. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

13. The following additional principles shall govern the development of the Property:

- a. The improvements on the property shall be designed, constructed, used and maintained in general conformance with all of the Exhibits described in Statement 6 of this Planned Development.
- b. All landscaping on the Property shall be designed, constructed, used and maintained by the Applicant in general conformance with (i) the requirements established in Statement, above, and (ii) shall conform generally with the requirements of the parkway tree planting provisions and the parking lot screening provisions of the Chicago Zoning Ordinance and associated regulations (hereinafter "the Landscape Ordinances"). All landscaping shall be properly maintained at all times.
- c. Vehicular movement within the Property shall be limited to those areas designated on the plans made part hereof and shall be in general conformance with the provisions of Traffic Management Plan I, II and Traffic Management Plan III, described in Statements Nos. 6 and 16 of this Planned Development. A complete copy of the Transportation Plan shall be filed with the Department and only the executive summary of Transportation Plan (Exhibit 19) shall be an exhibit to this Planned Development.
- d. The Applicant shall make appropriate arrangements to ensure public safety and public access to the Lakefront, to the extent feasible, during construction.

- e. McCormick Square and the park areas south of McCormick Square shall be maintained as public space to provide an area for passive activities and public gatherings at no charge or cost to public users. This area shall be (i) accessible and convenient for the handicapped as required by applicable laws, (ii) improved with seating and other furnishings (including bicycle racks) appropriately located and arranged and in reasonable and sufficient quantities to encourage public use, (iii) provided with appropriate exterior landscaping, (iv) provided with appropriate, decorative exterior lighting and (v) open to the public during all Operating Hours. Regular musical entertainment and live performances within the areas are encouraged. The areas shall be maintained in a clean and litter-free condition. The final design of McCormick Square and the park areas to the west of the South Hall comply with the applicable plans made part hereof and, in addition, shall be subject to the review and approval of the Commissioner of the Department of Planning and Development to assure compliance with the terms hereof. No. development, other than that provided herein, shall be permitted within McCormick Square or within the park areas south of McCormick Square.
- f. The "Grand Concourse" (consisting of the Concourse Walkway, the Parcel C Concourse Segment and the Parcel C Exterior Promenade) shall be maintained as a public space to permit public pedestrian passage (including bicycles, strollers and similar pedestrian oriented vehicles), at no charge or cost to public users. Such area shall also include, as appropriate, activities and uses related to public pedestrian use, such as without limitation, retail and convenience shops, restaurants and cafes, transit facility access, and cultural and visitor information and programs. The Grand Concourse shall be (i) accessible and convenient for the handicapped as required by applicable laws, (ii) improved with seating and other furnishing appropriately located and arranged and in reasonable and sufficient quantities to encourage public use, (iii) provided with appropriate interior and exterior landscaping and with appropriate water features, (iv) reasonably accessible to restroom facilities, (v) provided with appropriate retail, restaurant and service facilities, (vi) provided with adequate and appropriate signs to facilitate easy public understanding and use of the Concourse including, without limitation, identification of locations of restrooms, food service, retail shops, METRA station, access to Lake Michigan and Burnham Park, bicycle paths, McCormick Square, etc., (vii) open to the public during all Operating Hours, (viii) maintained in a clean and litter-free condition, and (ix) provided with cultural and tour information services intended to promote and enhance the public's interest in and knowledge of the attractions of the immediate area of the McCormick Place Complex and of the City, together with relevant information relating to transportation, restaurants, lodging and hotels, services, etc. Appropriate signs shall also be located throughout the McCormick Place Complex to achieve the purposes identified in clause (vi) above.

That portion of the Grand Concourse which is located at the 39 level and is located beneath the 53 level convention level (the "Covered Level Walkway") shall be maintained to provide for an inviting pedestrian experience. To the extent reasonably feasible, pedestrian oriented services such as retail uses, cultural, tourism and business services shall be located along both the north and south sides of the Covered Level Walkway. The Covered Level Walkway shall be brightly lighted (by natural or artificial light). Floor paving materials, pedestrian seating areas, wall finishes, ceiling finishes, lighting fixtures, signs, graphic display, interior landscaping and water features may be provided within the Covered Level Walkway as appropriate for the purposes stated herein.

The Applicant shall maintain a direct pedestrian connection between that portion of the 39 level of the Grand Concourse located within the North-South Halls and the portion of the Grand Concourse which spans across Lake Shore Drive. Said connection shall be by means of a stair or ramp, located on the 39 level Covered Level Walkway. To the extent reasonably possible, the Applicant shall shield the view of the truck docks located on the east side of the South Hall as viewed from the pedestrian corridor of the Grand Concourse.

The Applicant shall maintain the park/plaza located upon the surface of the bridge spanning Lake Shore Drive between the North-South Halls and the East Hall. Said park/plaza area shall be landscaped to the extent feasible taking into consideration the necessity to accommodate occasionally heavy volumes of pedestrian traffic and vehicles permitted by the Traffic Management Plan. The landscaping should include grass, ground cover, shrubs, trees, flowering plants and other foliage as appropriate. The park/plaza shall provide appropriate areas and furnishing for pedestrian seating. Vehicle access shall be provided with pavers appropriate to permit landscape growth. One or more stair or ramp connections between the portion of the Grand Concourse spanning Lake Shore Drive and said park/plaza level shall be maintained to afford pedestrian ingress and egress between the Grand Concourse and the exterior park/plaza level.

The portions of the east and west facades of the East Hall which are adjacent to internal publicly available open areas shall be maintained with clear glass panels. The bridges above and across the Parcel C Concourse Segment shall not be enclosed except at those times that the Parcel C Concourse Segment is closed to public access.

- g. The development of Subarea 1 with the uses described in Statement No. 7 shall comply with the following additional conditions:

Applicant: Metropolitan Pier and Exposition Authority
Application: BPD 331, as amended
Address: 301 E. Cermak Road
Intro Date: Feb. 5, 2014
CPC DATE: April 23, 2014

- (i.) Review standards/submissions. In addition to compliance with all other applicable provisions of this Planned Development Ordinance, any such development shall be of an

appropriate, efficient and beneficial design and shall create no significant adverse impact on public health, safety or welfare. In order to ensure compliance with this provision, the Commissioner may require the submission of any items described in the Rules, Regulations and Procedures as the Commissioner may deem necessary or appropriate.

- (ii) Street Wall. The multi-purpose facility to be developed in Subarea 1 and depicted on the Exhibits identified in Statement No. 6, which includes the proposed West Hall, shall be built proximate to the property line along Indiana Avenue, Cermak Road and Dr. Martin Luther King, Jr. Drive to create and promote the physical definition of a continuous urban street edge. Where setbacks are created along such street edges, they shall be designed to provide entry plazas or landscaped areas or to define significant design elements of the structure.
- (iii) Circulation. The structure and the uses within Subarea 1 shall be provided with appropriate vehicular and pedestrian access to a public roadway. Parking space layout, vehicular circulation, loading access, pedestrian circulation routes, and the location and design of curb-cuts at public streets shall be designed and constructed in accordance with the applicable provisions of this Planned Development Ordinance and shall promote a safe, efficient, appropriate and beneficial design.
- iv) Loading. Off-street loading shall be provided in accordance with the Bulk Regulations Table attached hereto and made a part of this Planned Development Ordinance. All loading within Subarea 1 shall be located proximate to the building or use served thereby.
- v) Curb-cuts. Driveways, entrances to off-street parking and to loading docks, and all other facilities requiring curb-cuts shall be located to minimize conflicts with on-street traffic and with pedestrian circulation. All curb-cuts shall be constructed in accordance with the standards of the City.

- vi) Landscaping. Open areas not otherwise devoted to a permitted building, parking areas or pedestrian/vehicular circulation and all other development, to the extent reasonably feasible, shall be landscaped to enhance the appearance of the development from the

public street and McCormick Square, to screen unattractive uses from the street and McCormick Square, and to provide buffers between adjacent uses. Landscaping shall consist of grass, ground cover, shrubs, trees or other living plant materials. All landscaping shall be properly maintained by the Applicant at all times. To the extent reasonably possible, the Applicant shall shield the truck flyover, as viewed from the south, located on the south side of the West Hall through the use of trees, bushes, vines at grade, and through the use planter boxes at the top of the truck flyover retaining wall.

- vii) Building Design and Exterior. The massing of the West Hall and the design of the building exterior shall, where appropriate, be designed to fit within the urban context and texture of the city appearing, to the extent possible, as a collection of buildings rather than a single monolithic structure. In addition, the facades and building edges shall be designed to (1) respond to the formal character of McCormick Square along the Dr. Martin Luther King, Jr. Drive facade, consistent with the massing and design of the South Hall; (2) respond to the civic character of McCormick Place along Cermak Road, providing a distinct and inviting massing and design; (3) respond to the urban character of the Motor Row Historic District along Indiana Avenue, with multiple facade treatments, elements and materials sensitive to the scale and context of adjoining areas; and (4) respond to the expressway edge and broader neighborhood edge along the Stevenson Expressway, providing properly designed screening and streetscaping while expressing the activity and use of the facility above with glazing or other design techniques.
- viii) West Hall Central Concourse. The portion of Subarea 1 depicted on the applicable Exhibits identified in Statement No. 6 hereof as the Central Concourse (the West Hall Central Concourse) shall be designed, constructed and maintained to provide for an inviting pedestrian experience for convention-goers. Floor paving materials, pedestrian seating areas, wall finishes, ceiling finishes, lighting fixtures, signs, graphic display, and interior landscaping may be provided within the West Hall Central Concourse as appropriate for the purposes stated herein.
- ix) South Edge. The City and Applicant acknowledge and anticipate that the south edge of the West Hall, above the ground level, may

Applicant: Application Address: Intro Date: CPC DATE:

Metropolitan Pier and Exposition Authority BPD 331, as amended 301 E. Cermak Road Feb. 5, 2014 April 23, 2014

extend over 24th Place and the Stevenson Expressway in order to accommodate one or more of the uses described in Statement No. 7 hereof.

- x) Gateways at Dr. Martin Luther King, Jr. Drive. The Stevenson Expressway and truck flyover overpass at Dr. Martin Luther King, Jr. Drive will be designed to provide two gateways at Dr. Martin Luther King, Jr. Drive: (i) a gateway to be located on the south side of the truck flyover, and (ii) a gateway to be located on the north side of the Stevenson Expressway. The design of the gateways will reflect the general criteria contained in the Master Plan Report, Exhibit 18 of this Planned Development, and shall include consultation with the neighborhood and community groups in the geographic area of the Planned Development boundary. The design of the gateways shall be subject to review and approval by the Commissioner and such approval shall not be unreasonably denied. The commitment by the Applicant to so design and construct the gateways shall apply notwithstanding the fact that a gateway, or a portion thereof, may be located outside of the boundary of the Planned Development.

xi) Truck Flyover. Prior to use of the truck flyover, the Applicant shall obtain the consent for such use from the Illinois Department of Transportation.

(xii) Light Fixtures on S. Indiana. The Commissioner shall have the opportunity to review the street light fixtures proposed for installation along S. Indiana Ave. as part of the Part II approval process.

Enclosed parking shall be permitted in Subarea 1 and Parcel F of Subarea 4, provided that, with regard to Parcel F of Subarea 4:

i) Any such parking, if approved by the Commissioner, shall be designed, constructed and maintained in accordance with the policies and purposes of the Lake Michigan and Chicago Lakefront Protection Ordinance, and

ii) The Commissioner determines, following the Applicant's submission of appropriate studies and other documentation, that the proposed enclosed parking would be appropriate including consideration of, without limitation, the traffic impact of the parking operation, the structure's location, appearance and design and, as applicable, compliance with the aforesaid plans, policies and purposes.

Applicant: Metropolitan Pier and Exposition Authority
Application: BPD 331, as amended

i. The Applicant shall, upon the request of the City, dedicate to the City such portions of (a) Parcel E of Subarea 4 as may be necessary to accommodate the right-of-way for any pedestrian crossing facility and (b) Parcel F of Subarea 4 as may be necessary to accommodate the right-of-way for any pedestrian crossing facility.

j. The Applicant acknowledges that, although the City's Percent for Public Art Ordinance is not applicable to the proposed development, the McCormick Place development project is a public project and that the location and placement of art work in appropriate places within the McCormick Square/South Park and McCormick Complex Publicly Available Areas is a worthy public goal. Accordingly, the Applicant shall, in its planning for the design and construction of the proposed development, take into consideration the installation of art work as an integral part of interior and exterior spaces. In connection therewith the Applicant shall work with the appropriate representatives of the Public Art Program of the City's Department of Cultural Affairs.

k. Prior to issuance by the Department of Planning and Development of a determination pursuant to Section 11.11-3(b) of the Chicago Zoning Ordinance ("Part II approval") for any development of Subarea 1, Subarea 2, and/or Parcels E or F of Subarea 4 and Subarea 5 with uses described as permitted by Statement No. 7 of this Planned Development Ordinance, a site plan for proposed development shall be submitted to the Commissioner for site plan approval. Site plan approval is intended to assure that specific development proposals conform with the Planned Development Ordinance and to assist the City in monitoring ongoing development. A Said site plan shall include all of the area within Subarea 1 or Parcel F of Subarea 4, as the case may be. No Part II approval

for Subarea 1, Parcel F of Subarea 4, or Subarea 5 shall be granted until and unless an applicable site plan has been approved.

After approval of a site plan by the Commissioner, the approved site plan may be changed or modified pursuant to the provisions of Statement No. 17 of this Planned Development Ordinance. In the event of any inconsistency between an approved site plan and the terms of the Planned Development Ordinance in effect at the time of approval of such site plan or of the modifications thereto, the terms of the Planned Development Ordinance shall govern.

A site plan shall, at a minimum, provide the following information:

- Boundaries and dimensions of the development parcel; Building footprint;
- Dimensions of all setbacks;
- Location and depiction of all parking spaces (including relevant dimensions);
- Location and depiction of all loading berths (including relevant dimensions);

Applicant: Application:

Address: Intro Date: CPC DATE:

Metropolitan Pier and Exposition Authority BPD 331, as amended 301 E. Cermak Road Feb.5,2014 April 23, 2014

- All drives, roadways, and vehicular routes (including relevant dimensions);
- All pedestrian circulation routes and points of ingress/egress (including sidewalks); All building elevations; Detailed landscape plan;
- All site statistics applicable to the development parcel or parcels including:
 - 1) Floor area and floor area ratio as presented on submitted drawings;
 - 2) Number of parking spaces provided;
 - 3) Number of loading berths provided;
 - 4) Uses of development of parcel;
 - 5) Maximum building heights; and
 - 6) Setbacks and vertical setbacks, required and provided.

A site plan shall include such other information as may be necessary to illustrate conformance with this Planned Development Ordinance.

14. Three types of improvements are contemplated by this Planned Development Ordinance-as follows:

- a. Public Improvements: The "Public Improvements" shall mean those improvements to, within or upon the public way (including area required to be dedicated to public uses) required or authorized by the I.G.A.
- b. Publicly Available Improvements. The "Publicly Available Improvements": shall mean the Parcel C Concourse Segment and the Parcel C Exterior Promenade of Subarea 4 (as such terms are defined in Statement No. 7(d)(i) hereof), McCormick Square, certain open landscaped areas south of McCormick Square, and Parcel D of Subarea 4. The Applicant shall be responsible at all times for the maintenance of the Publicly Available Improvements in good and sound condition appropriate for public use thereof.
- c. Convention Improvements. The "Convention Improvements" shall mean all improvements upon the Property other than the Public Improvements and the Publicly Available Improvements. The Convention Improvements include, without limitation, the West Hall.

15. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation

Administration.

16. The Applicant shall be responsible for implementing certain operational controls over parking and traffic activity as further set forth in Traffic Management Plan

Applicant: Metropolitan Pier and Exposition Authority
Application: BPD 331, as amended
Address: 301 E. Cermak Road
Intro Date: Feb. 5, 2014
CPC DATE: April 23, 2014

("T.M.P.") I, II and III, as described in Statement No. 6. T.M.P. I remains in effect, as adopted in 1993 and shall remain in effect going forward. T.M.P. II remains in effect, as adopted in 2002 and shall remain in effect going forward. The T.M.P III shall become effective after the issuance of the Certificate of Occupancy for any development in Sub area 5. T.M.P. I, T.M.P. II and T.M.P III, as may be amended or otherwise modified from time to time, shall be deemed an integral part of this Planned Development Ordinance. The Applicant's compliance with T.M.P. I, II and III shall be a requirement of this Planned Development Ordinance.

In order to assure the effectiveness of the T.M.P. I and II, prior to December 31 of each year for five years following the issuance of the Certificate of Occupancy for the West Hall, the Traffic Coordinator, as defined below, shall submit to the Commissioner of the Department of Transportation (with a copy to the Commissioner of the Department of Planning and Development) a report describing the past year's traffic and parking activity and assessing the effectiveness of the various provisions of T.M.P. I and II, and any recommended modifications thereto. Notwithstanding the provisions contained within Statement No. 17, Modifications may be made to T.M.P. I and II at any time and without requiring a change to this Planned Development Ordinance with the approval of the Commissioner of the Department of Transportation and the Commissioner of the Department of Planning and Development.

In order to assure that the provisions of T.M.P. I and II are properly carried out and that proper and prompt coordination exists among the Applicant and the various departments of the City and the applicable transit agencies and the public, the Applicant shall designate and maintain a Traffic Coordinator ("T.C."). The T.C. may consist of one or more individuals, but in any event, a single person, entity or division of the Applicant shall be readily available and apparent for inquiry by any parties concerned. The T.C. shall be charged with the responsibility, on behalf of the Applicant, to (a) oversee and coordinate the day-to-day implementation of T.M.P. I and II, (b) act as a formal point of communication between the Applicant and any other agencies or individuals inquiring or concerned about traffic, or parking-related issues, and (c) coordinate traffic, loading, and parking management activity with representatives of the City and the appropriate transit agencies through, among other things, the T.C.'s participation in the Mayor's Transportation Management Task Force.

In order to assure that the provisions of T.M.P. III is complied with, the Applicant shall submit a report to CDOT 12 months after the Certificate of Occupancy is granted to the hotel and event center describing the past year's traffic and parking activity and assessing the various provisions of T.M.P. III and recommending any modifications to T.M.P. III.

FINAL FOR PUBLICATION

17. The terms, conditions and exhibits of this Planned Development Ordinance may be modified administratively by the Commissioner of the Department of Planning and Development upon the request of the Applicant and after a determination by the Commissioner that such a modification is minor, appropriate, consistent with the nature of the development of the Property contemplated in this Planned Development Ordinance and will not result in increasing the maximum floor area ratio for the total Property Net Site Area or the maximum number of dwelling units an acre for the total Property Net Site Area established by this Planned Development Ordinance. Any such modification shall be deemed to be a minor change in the Planned Development Ordinance as contemplated by Section 11.11-3(c) of the Chicago Zoning Ordinance. Such minor changes may include the establishment of a use in a Subarea as a new use where such use is permitted as a use in another Subarea, a transfer of unused F.A.R. from one Subarea to another, or a transfer of unallocated F.A.R. for the total Property Net Site Area to one or more Subareas. Moreover, notwithstanding the provisions of subclauses (4) and (5) of Section 11.11-3(c) of the Chicago Zoning Ordinance, such minor changes may also include a reduction in the minimum required distance between structures, a reduction in periphery setbacks or an increase in the maximum percent of land covered.
18. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and if different than the Applicant, the Owners of record title of the Property. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns. Furthermore, pursuant to the requirements of Section 11.11-1 of the Chicago Zoning Ordinance, the Property, at the time applications for amendments, modifications or changes (administrative, legislative or otherwise) to the Planned Development are made shall be under single ownership or under single designated control. Single designated control for purposes of this paragraph shall mean that any application to the City for any amendment to this Planned Development or any other modification or change thereto (administrative, legislative or otherwise) shall be made or authorized by all the owners of the Property.

Prior to acquisition of property within the Planned Development over which the Applicant does not have control or title, such property shall nevertheless be deemed to be under the Applicant's control so long as such property remains subject to the Applicant's authority to condemn pursuant to state law.

Nothing herein shall be construed to mean that any individual owner of the property or any portion thereof is relieved of obligations imposed hereunder or any rights granted herein or is not subject to City action pursuant to this Planned Development Ordinance. Nothing herein shall prohibit or in any way restrict the alienation, sale, or any other transfer of all or any portion of the Property or any rights, interests or obligations therein. Upon any alienation, sale or any other transfer of all or any

portion of the Property or the rights therein, except as assignment or transfer of rights pursuant to a mortgage or otherwise as collateral for any indebtedness, and solely with respect to the portion of the Property transferred, the term "Applicant" shall be deemed amended to apply to the legal titleholder thereof (and its beneficiaries if title is held in a land trust) and the seller or transferor thereof shall hereafter be released from any and all obligation or liability hereunder.

19. In the event that, prior to acquisition of any portion of Subarea 1 intended to be acquired by the Applicant, the Applicant makes a final determination that any portion of said Subarea is not to be acquired; the Applicant shall so notify the Commissioner within thirty (30) days of such final determination. Upon the receipt of such notification by the Commissioner, the zoning of said portion of the Property shall automatically revert to the previously underlying zoning district, as set forth above.
20. Unless substantial construction of the improvements proposed in Subarea 5 has commenced within six (6) years following adoption of this Planned Development Ordinance, then this Planned Development Ordinance shall expire. If this Planned Development Ordinance expires under the provisions of this Statement, then the zoning of the Property shall automatically revert to the a, DX-7 Downtown Mixed-Use Districts for the property identified as Subarea 5, and the remaining property defined in this ordinance shall revert to Business Planned Development No. 331, as amended and published in the Journal of the City Council of Chicago on September 4, 2002.
21. As part of the proposed development in Subarea 1, the Applicant agrees to relocate the facade of the Piatt Luggage Building (the "Facade") from the west edge of the parking garage located in Subarea 1 to the west edge of the district and local energy facility located in Subarea 2, as depicted in Exhibit 17. The relocation of the Facade shall be subject to the following conditions: (i) the Applicant shall retain both an experienced preservation architect and a building mover to develop a relocation plan to ensure the safety, stability and integrity of the Facade during the relocation process; (ii) the relocation plan shall mean collectively those documents prepared by the preservation architect which shall include at least the following: measured drawings of the Facade prior to moving; photo documentation of the Facade; structural stabilization plan stamped by a structural engineer; site plan, foundation plans and details for the new location; specifications of the building moving operation; and a map of the moving route; (iii) if possible, the Applicant shall move the Facade in one piece, or if not possible, in the fewest pieces in an effort to preserve the integrity of the Facade; (iv) the Applicant shall present the relocation plan, including a time table for the relocation of the Facade, to the Commissioner for review and approval as a part of its Part II submission for the relocation of the Facade, and prior to relocation of the Facade; (v) as a part of its Part II submission, the Applicant shall submit renderings depicting the anticipated appearance of the Facade subsequent to the relocation, which renderings shall include a depiction of

the appearance of the windows and will take into consideration the relationship of the Facade to its immediate context (including the design, color and materials of neighboring buildings and the portion of the tank visible as viewed from the west of the relocated Facade), and the pedestrian streetscape of the property immediately to the west of the relocated Facade. Notwithstanding the anticipated relocation of the Facade described above, the Applicant and the City acknowledge and agree that the Facade may be relocated subject to conditions (i) through (v) above to another location either within or outside the Property upon the prior consent of the Commissioner.

For security and emergency response needs and requirements, nothing contained in this Planned Development shall prevent the Applicant from making temporary or indefinite changes to the access to and hours of operation of (i) the Public, Publicly Available and Convention Improvements, or (ii) the public or private streets within the boundaries of the Property. Such changes shall be made known to the Commissioner within 3 business days of such change. Any such change which remains in place in excess of 7 business days shall be subject to the review and approval of the Commissioner.

22. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. At the time of this hearing before the Chicago Plan Commission, all proposed development in Subarea 5 must be in substantial compliance with the current City of Chicago Sustainable Development Policy set forth by the Planning and Development. All development within Subarea 5 shall Achieve LEED certification and provides a green roof covering 50% of Net Roof Area (51,342 square footage)

Any provision of Planned Development Ordinance No. 331, amended, having the effect of repealing and rescinding any inconsistent provisions of a certain ordinance adopted July 21, 1919 shall be in force and effect and shall apply to any and all development within this Planned Development Ordinance.
