ORDINANCE

WHEREAS, transportation network providers operating in the City of Chicago have no obligation to test their drivers for the use of illegal drugs;

WHEREAS, the Chicago City Council recognizes that illegal drug use by transportation network drivers poses a threat to public safety and endangers City residents and visitors by allowing impaired drivers to operate transportation network vehicles on the City's streets;

WHEREAS, the City of Chicago must protect the safety of its residents and visitors by ensuring that transportation network drivers - and, in fact, all drivers operating for-hire transportation -on the City's streets are not using illegal drugs;

WHEREAS, a cost efficient and common sense approach to preventing drivers using illegal drugs from engaging in for-hire passenger transportation of any kind is to require such drivers to undergo an annual test for illegal drug use;

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

SECTION 1: The above recitals are incorporated herein and made a part hereof and represent the findings of the City Council with respect to the matters described therein.

SECTION 2: No transportation network provider licensee shall engage any person as a transportation network driver unless the licensee ascertains, in a process approved by the commissioner, that the person has taken and passed a test, conducted by authorities approved by the commissioner, for the presence of illegal drugs in the body.

SECTION 3: For purposes of this section, illegal drugs means controlled substances, as defined by 720

ILCS 570/201, et seq., or cannabis, as defined by 720 ILCS 550/3.

SECTION 4: As a prerequisite to the renewal of a transportation network provider license, the licensee must certify that each transportation network driver with whom the licensee is affiliated has passed a test for the presence of illegal drugs in the body within the time that the driver has been affiliated with the licensee.

SECTION 5: In the event that a transportation network driver tests positive for the presence of illegal drugs in the body, the driver shall be barred from operating a transportation network vehicle for a period of no less than twelve months from the time of the positive test. After the passage of twelve months, the driver must submit to and pass a test for the presence of illegal drugs in the body before driving a transportation network vehicle.

SECTION 6: A transportation network provider licensee who affiliates with a transportation network driver who has tested positive for the presence of illegal drugs in the body within the previous twelve months shall be subject to a penalty of not less than \$500 and not to exceed

\$1,000 for each instance. Each day of such an affiliation is a separate offense. A transportation network provider licensee who is found guilty of two offenses under this section shall be subject to license suspension proceedings.

SECTION 3: This ordinance shall take effect upon passage and approval.

Alderman Roderick T. S} 6th Ward
