Luz Delia Spears Type 1 Zoning Amendment
Application 1254 W. Addison Street, Chicago, Illinois

Narrative Zoning Analysis

This is a proposed zoning amendment to change the zoning of the subject site from RT-3.5 Residential Two-Flat, Townhouse and Multi-Unit District to the B2-3 Neighborhood Mixed-Use District as follows:

1. The site is located at 1254 W. Addison Street and contains a site area of approximately 4,091 square feet. The subject site is bounded by the B2-3 Zoning District on the West and by the RT-3.5 Zoning District on the North, East and South.
2. The site is improved with an existing three story mixed use building with a height of approximately 35 feet, with commercial/retail space on the ground floor and a total of four dwelling units on the second and third floors, and a detached garage.
3. Zoning Analysis:
 - a. FAR: Approximately 1.20 (existing no change);
 - b. MLA Density: 4 dwelling Units, 1,022 per dwelling unit (existing no change);
 - c. Off street parking: 3 Parking spaces (existing no change);
 - d. Setbacks; Front 0'; West Side Yard 0'; East Side Yard 0' and Rear Yard approx. 60' (existing no change); and
 - e. Building Height: A.pprox. 35' (existing no change).
4. The Applicant proposes to use the ground floor for permitted business / commercial uses and the upper two floors for four dwelling units (existing), which requires a zoning change to the B2-3 district to permit the business / commercial uses on the ground floor.
5. Pedestrian access to the site is from W. Addison Street. Vehicular ingress and egress to the site is from the alley.
6. See attached survey, floor plans and photograph of the exiting building.
