4347-4365 NORTH SHERIDAN ROAD

Pursuant to the provisions of the Zoning Ordinance, Title 17 of the Municipal Code of Chicago, the Department of Planning and Development hereby submits this report and recommendation on a proposed amendment to Residential Business Planned DevelopWeht*#T32""fo^ "The application for the amendment to the Zoning Ordinance was introduced into the City Council on September 24,

2015. Proper legal notice of the public hearing on the application was published in the Chicago Sun-Times on November 4,2015. The Applicant was separately notified of this hearing.

The Applicant, WRPV XII Pensacola Chicago, LLC, is seeking approval to amend Residential Business Planned Development #132. The amendment to planned development #132 is being submitted by the Applicant pursuant to Section 17-13-0611-B, which states that proposed changes to a Planned Development that do not meet the minor change criteria must be reviewed and approved by the Chicago Plan Commission.

PROJECT BACKGROUND

WRPV XII Pensacola Chicago, LLC, is the sole owner ofthe entire planned development. The 4.77-acre site was previously reviewed and approved as Business Planned Development #132 in 1975. The planned development was comprised of three sub-areas and is currently improved with a surface parking lot and a podium containing a Jewel Food Store and a fitness center, above the podium rises a large residential tower containing approximately 264 dwelling units.

SITE AND AREA DESCRIPTION

The subject property is located within the Uptown Community Area and the 46th Ward. It is surrounded by areas zoned RS-1 (Residential Single-unit ((Detached House)) District), RS-2 (Residential Single-unit ((Detached House)) District), and RM-5 (Residential Multi-Unit District) to the east, RS-1 (Residential Single-unit ((Detached House)) District) and

RM-5 (Residential Multi-Unit District) to the south, RT-4 (Residential Two-Flat, Townhouse and Multi-Unit District), RM-5 (Residential Multi-Unit District), and B1-5 to the west, RM-5 (Residential Multi-Unit District), C1-1 (Neighborhood Commercial District), and B3-3 (Community Shopping District) to the north. The site is not located within the Lake Michigan and Chicago Lakefront Protection District nor is it located within a Chicago Landmark District.

The site is served by the Chicago Transit Authority's bus routes #36 (Broadway), #78 (Montrose), #80 (Irving Park), #81 (Lawrence), #135 (Clarendon/LaSalle Express), #136 (Sheridan/LaSalle Express), #146 (Inner Drive/Michigan Express) #148 (Clarendon/Michigan Express), and #151 (Sheridan) as well as CTA rail stations at Lawrence, Wilson and Sheridan on the Red Line all of these are located within approximately one mile of the site.

PROJECT DESCRIPTION

The Applicant is proposing to amend the sub-area boundaries which were approved as part of the original 1975 planned development application. In addition to the new sub-area definitions the applicant is proposing an addition to the existing building, the addition will be 4 stories in height on top of the existing podium and will contain no more than 160 dwelling units. The dwelling units proposed will be either townhouse units or apartments based on interest from potential buyers. The proposed construction as presented would be permitted -under-the-provisions of the planned development-without need-of any additional bulk or-density changes.

DESIGN

The proposed addition to the existing podium and tower building is comprised of essentially three wings each of these wings will be primarily finished with a vertical siding product the facades will also be accented with aluminum window systems and be made of both clear glass as well as opaque glass. The plans currently call for a color palette of white, blue and gray tones.

LANDSCAPING

The entire planned development will be in compliance with the applicable landscape provisions found in the Chicago Zoning Ordinance, however, it should be noted that the current proposal contemplates construction on top of an existing podium structure and thus there is no at-grade construction being contemplated at this time. Additionally, the surface parking lot that exists in the planned development remains as is with no construction proposed.

ACCESS/CIRCULATION

The amended planned development does not include any proposals which will cause a change in access to the subject site. Currently, the existing surface parking lot is accessed via two driveways one located on West Montrose Avenue and the second located along North Broadway. Access to loading areas behind the existing Jewel grocery store is from a driveway located approximately 40'-0" west of North Hazel Street along West Montrose Avenue. Lastly, access to an interior parking level is off of a driveway south of the podium along North Hazel Street.

FINAL

SUSTAINABILITY

The applicant will provide 50% of the net roof area on the proposed new construction buildings as green roof in compliance with the City of Chicago's sustainable matrix. In addition to the green roof the applicant will obtain building certification forthe new addition.

BULK/USE/DENSITY

The overall Floor Area Ratio for this Residential Business Planned Development will remain unchanged from the previously approved planned development in 1975, this FAR was set at 6.47, the individual sub-areas will be recalculated based on the new land division and indicated on the bulk table. All other bulk and density items will remain the same as those which were previously established as part of the 1975 planned development approval.

RECOMMENDATION

The Department of Planning and Development has reviewed the project materials submitted by the Applicant and compared this proposal to the previously approved planned development as well as to existing development in the community. The area around this project is a diverse mix of residential, office, and retail uses and is accessible from numerous forms of public transit. Based on that analysis, DPD has concluded that this proposal is appropriate for this site and supports this development for the following reasons:

1. Promotes economically beneficial development patterns that are compatible with the character of the existing neighborhood (per 17-8-0103), as

evidenced by design, massing and proposed uses being in context with the character and needs ofthe immediate community;

- Ensure a level of amenities appropriate to the nature and scale ofthe project (per 17-8-0104), as evidenced by the proposed development retaining the existing retail and grocery uses thus continuing to serve the needs of the area residents while being in accordance with the requirements of the Chicago Zoning Ordinance;
- 3. Promotes transit, pedestrian and bicycle use, ensures accessibility for persons with disabilities and minimizes conflicts with existing traffic patterns in the vicinity (per 17-8 -0904-1-2, 3 & 4), as evidenced through the site's close proximity to various methods of public transit in the form of various CTA bus lines and various CTA stations along the Red Line, the accessibility accommodations made on-site for the retail users as well as the building tenants, the pedestrian and bicycle ingress and egress options provided on site, and lastly that the proposed addition to the existing building would not include and changes to the existing access to the site nor the circulation through the site;
- 4. Provides buildings abutting the sidewalk with doors windows and active use. adjacent to it (per 17-8-0905-B-1), as evidenced by the existing building on site which provides active retail use adjacent to West Montrose Avenue

3

FINAL

and also provides the residential use entrance immediately adjacent to the parkway along North Hazel Street;

- 5. All sides and areas of the buildings that are visible to the public should be treated with materials, finishes, and architectural details that are of high-quality and appropriate for use on primary public-right-of-way-facing facade (per 17-8-0907-A-4), as evidenced through the information contained within this report, the materials as called out on the elevations in the exhibits to this planned development, and the corresponding proposal renderings;
- 6. Promotes environmentally sustainable development practices (per 17-9-0908-A), as evidenced by the project providing 50% of the net area for the roofs of the new addition as a vegetated green roof and then additionally committing to obtain building certification for the building additions.

The project meets the purpose and criteria set forth in the Chicago Zoning Ordinance and its adoption would not have any adverse impact on the public's health, safety or welfare:

- 1. Per 17-13-0308-C, the proposed development is compatible with surrounding commercial, retail and residential development in terms of land use, as well as, the density and scale of the physical structure.
- 2. Per 17-13-0308-D, the proposed underlying zoning for this planned development-(PD-#132) is consistentwith other business. and-commercial zoning districts, both adjacent to this site and in the immediate area.

3. Per 17-13-0308-E, the public infrastructure facilities and City services will be adequate to serve the proposed development at the time of occupancy and the project will comply with the requirements for access in case of fire and other emergencies. The proposed project has been reviewed by the Mayor's Office for People with Disabilities and the Department of Transportation and all requested changes have been made. Copies of this application have been circulated to other City departments and agencies and no comments have been received which have not been addressed in the application.

Based on the foregoing, it is the recommendation of the Department of Planning and Development that this application for the amendment of Planned Development #132 be approved and that the recommendation to the City Council Committee on Zoning Landmarks and Building Standards be "Passage Recommended".
