9. The Applicant acknowledges and agrees that the rezoning of the Property to this Planned Development triggers the requirements of Section 2-45-110 of the Municipal Code (the "2007 Affordable Requirements Ordinance" or the "2007 ARO"). The 2007 ARO provides that any developer of a "residential housing project" within the meaning of the 2007 ARO must: (i) develop affordable housing units as part of the project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). The Developer further acknowledges and agrees that the project has received an affordable housing floor area bonus, as set forth in the bonus worksheet attached hereto as Exhibit D ("Bonus Worksheet"), and as a result is also subject to the requirements of the former Section 17-4-1004-D of the Zoning Code (the "Density Bonus Provisions"). Like the 2007 ARO, the Density Bonus Provisions require on-site affordable housing or payment of a fee in lieu of providing affordable housing, but the formulas for calculating the number of required affordable units and the amount of the in lieu payment are different from the formulas in the 2007 ARO. If a project is subject to both the 2007 ARO and the Density Bonus Provisions, the developer may elect to comply with either. In this case, the Developer has elected to comply with the Density Bonus Provisions. In accordance with the formulas set forth in the former Section 17-4-1004-C and the Bonus Worksheet, the Developer must provide a minimum of 10,465 square feet of affordable housing floor area (the "Affordable Units") in the Planned Development, with an affordable unit mix comparable to the overall mix and approved by the Department's density bonus project manager, or make a cash payment in lieu of providing Affordable Units in the amount of \$736,768.72 ("Cash Payment"). Prior to the issuance of any building permits for the Planned Development, including, without limitation, excavation or foundation permits, the Developer must either make the required Cash Payment or, if providing Affordable Units, provide a performance bond or other security in the amount of the Cash Payment ensuring construction of the Affordable Units. If the Developer elects to construct the Affordable Units, it must also enter into an affordable housing agreement with the City pursuant to the former Section 17-4-1004-E9 ("Affordable Housing Agreement") prior to the issuance of any building permits for the Planned Development, including, without limitation, excavation or foundation permits. The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Developer acknowledges and agrees that the Affordable Housing Agreement will be recorded against the Property. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. In addition to the Affordable Housing Agreement, the Applicant acknowledges and agrees that, pursuant to Section 17-4-1003-D3, the Bonus Worksheet will serve as an official record of bonuses and amenities. The Applicant must comply with the applicable affordable housing standards and requirements set forth in former Section 17-4-1004, the terms of which are incorporated herein by this reference.

Pursuant to an ordinance adopted on April 15, 2015, the City and the Applicant entered into that certain Agreement for the Sale and Redevelopment of

Land dated May 20, 2015, and recorded on June 19, 2015, as Document No. 1517044002 (the "RDA"). The RDA approves a 20-story building with 280 residential units, and requires the Applicant to provide 9,513 square feet of affordable floor area, or make a cash payment in the amount of \$669,715.20. The Applicant is now proposing to construct a building with 320 units, which has increased the amount of affordable floor area to 10,465 square feet and the cash payment to \$736,768.72, as set forth above. The Applicant acknowledges and agrees that (a) the affordable floor, area and cash payment required in this Planned Development shall replace and supersede the affordability requirements in the RDA, and (b) if this Planned Development does not receive City Council approval on or before July 13, 2016, any floor area that was not approved under the RDA will be subject to Section 2-45-115 of the Municipal Code (the "2015 ARO"). In such event, the Applicant shall meet with the Department of Planning and Development to determine the application of the 2015 ARO to the project, and the 2015 ARO requirements will replace and supersede the affordability requirements under the 2007 ARO with respect to the added floor area.

10. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review Fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval.

11. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II reviews, are conditional until final Part II approval.

12. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Environment and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

13. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors. .

The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. 16. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. RECOMMENDATION

The Department of Planning and Development has reviewed the project materials submitted by the Applicant and have concluded that the proposed development would be appropriate for the site for the following reasons:

The project complies with the Standards and Guidelines for Planned Developments in the Zoning Ordinance (Section 17-8-0900).

1. 17-3-0400 Bulk and Density standards. The proposed Planned Development allows for 12.0 FAR and the applicant is paying \$ 736,768.72 for 1.48 FAR via the Affordable Housing Opportunity Fund. The site is currently zoned DX-12 (Downtown Mixed-Use District) and permits an FAR of 12. The planned development via the additional 1.48 FAR bonus shall permit an overall 13.48 FAR. This project will have similar uses as the surrounding areas, which include lodging, residential, commercial and retail uses, and accessory parking spaces.
2. 17-8-0908 Green Design: The proposed building shall be required to achieve building certification and provide a 50% Green Roof over the net roof area to satisfy the requirements of the City of Chicago's Sustainable Guidelines.
3. 17-8-0905 Pedestrian Orientation: Primary pedestrian entrances are located at the sidewalk level and allow unimpeded pedestrian flow along S. Wabash Avenue. Furthermore the entire street frontage of the building along S. Wabash Avenue is enlivened by a storefront window system looking directly onto the street.
4. 17-8-0904 Transportation, Traffic, Circulation and Parking: Motor vehicle parking would be accessed from S. Wabash Avenue and an overhead door leading to a ramp allows vehicular traffic into the parking levels. The parking will be screened via a series of perforated metal panels with articulated

features and at least two different color tones.

5. 17-8-0901 Use, Bulk, Density and Intensity: The proposed development is compatible with the character of the surrounding area in terms of uses, density, and building scale. The proposed Planned Development would be consistent in bulk, density, and Floor Area Ratio (F.A.R.) with the surrounding area. The height of the proposed 26-story (303' 6") building will be consistent and is within the context of the surrounding area.

Based on the foregoing, it is the recommendation of the Department of Planning and Development that the revised application for a Residential Business Planned Development be approved and that the recommendation to the City Council Committee on Zoning, Landmarks and Building Standards is: "As Amended, Passage Recommended."
