worksheet required under Section 17-4-1003-D ("Bonus Worksheet"). Unless substantial construction on Sub-Area B has commenced within six (6) years following adoption of this Planned Development, and unless completion is thereafter diligently pursued, then this Planned Development shall expire. If this Planned Development expires under the provisions of this section, then the zoning of Sub-Areas A and B of the Planned Development shall automatically revert to Residential Business Planned Development Number 1116, as amended on February 15, 2012.

171 NORTH WABASH AVENUE

Pursuant to the provisions of the Chicago Zoning Ordinance, Title 16 and 17 of the Municipal Code of Chicago, the Department of Planning and Development hereby submit this report and recommendation on a proposed amendment to Residential Business Planned Development No. 1116 for your review and recommendation to the Chicago City Council. The application for the amendment to the Chicago Zoning Ordinance was introduced into the City Council on September 24, 2015 and a Lakefront Protection Application was filed with the Department on September 16, 2015. Proper legal notice of the public hearing on the application was published in the Chicago Sun Times on May 4, 2016. The Applicant was separately notified of this hearing.

This application is submitted as a mandatory planned development pursuant to section 17-8-0515 Expansion of Existing Development. The applicant proposes to amend Subarea B to allow a residential use, containing a maximum of 60 units, within a proposed seven-story building with ground floor retail and accessory and related uses.

SITE AND AREA DESCRIPTION

i i

The project consists of Subarea B of Planned Development No. 1116 and consist of 7,795 square feet and is bounded on the north by a multi-story commercial and residential building, on the east by Subarea A with a multi-story residential building, on the south by East Benton Court and on the west by a North Wabash Avenue.

PROJECT DESCRIPTION AND BUILDING DESIGN

The applicant proposes to rezone the site from a Residential Business Planned Development No. 1116 to Residential Business Planned Development No. 1116 as Amended. The proposal will establish a seven-story masonry building with approximately 5,000 square feet of ground floor retail and 60 residential dwelling units. The top floor will be a partial floor and allow for a vestibule with access to the roof level and a green roof. The base

of the building is defined by an aluminum store front system with stone accent and the mid portion of the building is defined by brick masonry with stone accents and a typical Chicago Style Window for each residential unit. The top of the building is accentuated with a natural sand stone color style brick with double hung aluminum windows for the residential units.

ACCESS/CIRCULATION

The pedestrian access point for the 7-story residential building is located on East Benton Court. Loading will occur along a private drive along the north side of the proposed building.

BULK/USE/DENSITY

This PD amendment application does not trigger the 2007 ARO as it does not seek to increase the FAR of existing PD 1116. PD 1116 has a total amount of Bonus Far of 2.40 pursuant to the Affordable Housing FAR Bonus. This FAR Bonus was utilized by the Subarea A and the Developer paid \$1,482,941.00 for Subarea A; the FAR for Subarea B is 7.24 or 56,436 sf of build-able square feet. The gross square footage of the development as proposed is approximately 54,000 sq. ft. which is within the permitted FAR. Neither the FAR of Subarea A or B is being changed by this PD Amendment and therefore the FAR of Subarea B remains unchanged at 7.24 and the Minimum Lot Area also permits the 60 residential dwelling units. This amendment application does not trigger the 2007 ARO as it does not seek to increase the FAR of this planned development.

Reference attached Bulk and Data Table Exhibit.

RECOMMENDATION

The Department of Planning and Development has reviewed the project materials submitted by the applicant and has concluded that the proposed amendment to Residential Business Planned Development No. 1116 would be appropriate for the site and that the project meets the review criteria for planned developments set forth in the Zoning Ordinance (Section 17-13-0900).

1. The project complies with the Standards and Guidelines for Planned Developments in the Zoning Ordinance (Section 17-8-0900).
 - a. Approved Plans. The project conforms to the State Street/Wabash Avenue Commercial Corridor Plan approved by Plan Commission on January 2000.
 - b. Transportation, Traffic Circulation and Parking. The pedestrian access point for the 7-story residential building is located on East Benton Court. Loading will occur along a private drive along the north side of the proposed building. The proposed building is not required to provide parking.
 - c. Pedestrian Orientation. The proposed project will allow unimpeded pedestrian flow on North Wabash Avenue. The entire street frontage of the building is enlivened by an aluminum storefront base looking directly onto the street frontage.
 - d. Urban and Building Design. The building's design emphasizes the contrast among the various types of architectural vocabulary along both East Lake Street and North Wabash Avenue.
2. The proposed development is compatible with the character of the surrounding area in terms of uses, density, and building scale.
 - a. The proposed amended Planned Development would increase the maximum net site area but the Floor Area Ratio (F.A.R.) stipulated by the existing Planned Development for Sub-Area B would remain at the previously approved maximum F.A.R of 7.24. This project would have similar uses

as the surrounding areas, which include residential, commercial, and accessory parking.

Also, the Department of Planning and Development has reviewed the proposal with regard to the requirements of the Lake Michigan and Chicago Lakefront Protection Ordinance and have concluded that the proposed development would be in compliance with the applicable Policies of the Lakefront Plan of Chicago and the Purposes of the Lake Michigan and Chicago Lakefront Protection Ordinance as they apply to development in the Private Use Zone, particularly:

- 1) Policy No. 3 (Continue to improve the water quality and ecological balance of Lake Michigan) and Purpose No. 3 (To maintain and improve the quality of the waters of Lake Michigan). A green roof system and on-site storm water retention systems will reduce storm water run-off.
- 2) Policy No. 10 (Ensure a harmonious relationship between the lakeshore parks and the community edge, but in no instance will further private development be permitted east of Lake Shore Drive). The proposed project will provide an active frontage along

North Wabash Avenue by providing an uninterrupted pedestrian flow along Lake Street allowing pedestrian to connect to Michigan Avenue and the Lakefront Park system.

- 3) Purpose No. 10 (To insure that development of properties adjacent to the Lake or Lakefront Parks is so defined as to implement the above-stated purposes). The proposed project would comply with the accompanying proposed amendment to the site's Residential Business Planned Development No. 1116 for uses (residential uses and ground floor retail)
- 4) Policy No. 14 (Coordinate all public and private development within the water, park, and community zones). The public infrastructure facilities and city services will be adequate to serve the proposed development at the time of occupancy. The proposed development has been reviewed by the Chicago Department of Transportation and all requested changes have been made.

With respect to the Policies and Purposes not enumerated here, the Department of Planning and Development has determined that they are either not applicable to development in the Private Use Zone or that the proposed project will not have a detrimental affect on the Lake Michigan shoreline or any wildlife habitats therein. In addition, no new roadways are proposed as part of this project.
