5. The following uses are allowed/permitted in the area delineated herein as a Residential Planned Development:

Residential Dwelling Units; parking and accessory uses.

6. On-Premise signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-Premise signs are prohibited within the boundary of the Planned Development.
7. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.
8. The maximum permitted Floor Area Ratio ("FAR") for the site shall be in accordance with the attached Bulk Regulations Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted Floor Area Ratio identified in the Bulk Regulations Table has been determined using a Net Site Area of 65,536 square feet and a base FAR of 1.7.
9. The Applicant acknowledges and agrees that the rezoning of the Property from C1-1 and RS-3 to RM-4.5, and then to this Planned Development, triggers the requirements of Section 2-45-115 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10% of the housing units in the residential housing project as affordable units (the "Affordable Units"), or provide the Affordable Units in an approved off-site location; (ii) pay a fee in lieu of the development of the Affordable Units; or (iii) any combination of (i) and (ii); provided, however, in higher income areas, residential

housing projects with 20 or more units must provide a minimum of 25% of the Affordable Units on-site or off-site (the "Required Units"). If the developer elects to provide Affordable Units off-site, the off-site Affordable Units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. This Planned Development is located in a "higher income area" within the meaning of the ARO and permits the construction of 49 housing units. As a result, the number of Affordable Units is five (5) and the number of Required Units is one (1), calculated as follows: $49 \text{ housing units} \times 10\% = 5 \text{ Affordable Units} \times 25\% = 1.25$, which is rounded down to one (1) Required Unit pursuant to Section 2-45-115(R). The Applicant has submitted, and the Department of Planning and Development ("DPD") has approved, a proposal to build the Required Unit and the other four (4) Affordable Units off-site, as set forth in the Affordable Housing Profile Form attached hereto as an Exhibit. The Applicant agrees that the Affordable Units must be affordable to households earning no more than 60% of the median household income for the Chicago Primary Metropolitan Statistical Area ("AMI") in the case of rental units, and 100% of the AMI in the case of owner-occupied units. If the Applicant subsequently reduces (or increases) the number of housing units in the Planned Development, the

FINAL FOR PUBLICATION

Applicant shall update and resubmit the Affordable Housing Profile Form to DPD for review and approval, and DPD may adjust the number of required Affordable Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must execute and record an affordable housing agreement in accordance with Section 2-45-115(K)(2). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the off-site location(s), or the applicable portions thereof, and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement [9], including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

10. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review Fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval.
11. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and

any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II reviews, are conditional until final Part II approval.

12. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Environment and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.
13. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors.
14. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. PUBLICATION**

15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The applicant has agreed to secure building certification to comply with the City of Chicago's Sustainable Development Policy.

16. This Planned Development shall be governed by Section 17-13-0612 of the Zoning

16. Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the

16. Department of Planning and Development shall initiate a Zoning Map Amendment to rezone

16. the property to a RM4.5 Residential Multi-Unit District.

DEPARTMENT OF PLANNING AND DEVELOPMENT
DECEMBER 17, 2015**

LOCATION: 2500-20 WEST CORTLAND STREET; 1900-24 NORTH CAMPBELL AVENUE; 2501-31 WEST HOMER STREET

The Applicant, Guardian Properties, LLC is seeking approval for a Residential Planned Development in order to construct a 49 unit townhome project with accessory parking. The property is currently zoned RS-3 and C1-1 and is proposed to be rezoned to RM-4.5, prior to establishing the proposed planned development. This development is being submitted by the Applicant as an elective Planned Development, pursuant to Section 17-8-0600 of the Chicago Zoning Ordinance, because the proposed project includes at least 50% of the number of dwelling units that trigger a mandatory planned development.

The site formerly housed an industrial facility known as the Phoenix Fastener Company. The developer has a contract to purchase the subject property.

SITE AND AREA DESCRIPTION

The subject site is approximately 65,536 square feet and is bounded by West Cortland Street on the south, North Campbell Avenue on the east, West Homer Street on the north and private (residential) property on the west. An east-west public alley runs through the middle of the site between West Cortland Street and West Homer Street. The site is generally level.

The site is currently zoned RS-3(Residential Single Unit (Detached House) District) on the southern half and C1 -1 (Neighborhood Commercial District) on the northern half. The area surrounding the site to the east, south and west consists of a mix of generally residential

1

FINAL

zoning districts, predominantly RS-3, as well as RM-5 (Residential Multi-Unit District), RM-4.5 (Residential Multi-Unit District) and RT-4 (Residential Two-Flat, Townhouse and Multi-Unit District). To the north, the area is zoned C1-1, C2-2 (Motor Vehicle-Related Commercial District) and PD #1247. The residential land uses in the area consists of a mix of single family homes, two and three flats and multi-unit residential buildings. To the north, the land uses include commercial/light industrial buildings that once formed a small cluster of such uses adjacent to Armitage Avenue and the nearby railroad tracks.

The site is not located within either the Lake Michigan and Chicago Lakefront Protection District or a Chicago Landmark District, nor does it contain a designated local or national landmark structure or site. The project does lie within the Fullerton/Milwaukee Tax Increment Financing District and within the Logan Square Community Area.

The site is very well served by the Chicago Transit Authority's Blue Line station at Western Avenue, less than 1/2 mile from the subject site. In addition, the site is nearby to the CTA's Western Avenue (#49), Armitage Avenue (#73) and Milwaukee Avenue (#56) buses. Finally, North Milwaukee Avenue is a bike route as well.

PROJECT DESCRIPTION

The project consists of the creation of four rows of townhomes separated into eight buildings, for a total of 49 dwelling units. The site plan consists of two new car courts to be located parallel and to the north and south of the public alley. This will provide for half of the townhomes to front onto West Cortland Street and West Homer Street while the other half of the units will front onto the car courts.

The units will include private outdoor space that includes 10' front yard setbacks on all of the units and individual unit roof decks, totaling approximately 22,000 square feet of private outdoor space. In addition, a 1,283 square foot common open space will be provided in between the two buildings that will front on West Homer Street. Moreover, the car courts themselves will be improved with permeable pavers and will function as an additional common open space, totaling approximately

12,000 additional square feet.

The units themselves are planned to consist predominantly of three bedroom floor plans and are planned to average approximately 2,200 square feet.

DESIGN/LANDSCAPING

The townhomes are planned to be three stories each and approximately 44' in height. The materials on all elevations include fibre cement panels, brick, glass. Wooden pergolas are planned for the roof decks.

10' front setbacks are planned for all of the units either along West Homer Street, West Cortland Avenue or the internal car courts. Side setbacks of 3' are planned along the west side of the site while 5' setbacks are planned along North Campbell Avenue. Parkway trees are planned for West Homer Street, North Campbell Avenue and West Cortland Avenue in compliance with the Chicago Landscape Ordinance. Internal landscaping and trees are also planned for the units that face the internal car courts in accordance with the

2

FINAL

site plan.

ACCESS/CIRCULATION

Vehicular access to the site is planned via the east-west public alley in the middle of the site as well as the planned car courts. The 20' wide car courts will be accessed via North Campbell Avenue via new curb cuts. Attached garage spaces will be provided for all of the units, totaling approximately 98 accessory parking spaces.

SUSTAINABILITY

The project will achieve Building Certification in accordance with the City of Chicago's Sustainable Development Policy. The project will also comply with the Storm Water Management Ordinance, implementing best practices in all storm water management.

BULK/USE/DENSITY

The overall Floor Area Ratio for the project is not to exceed 1.7, which is the maximum allowed under the proposed RM-4.5 (Residential Multi-Unit District) Zoning District. The Minimum Lot Area for the project is 1334, which is well above the minimum required under the RM-4.5 of 700. The planned development will allow for residential dwelling units and accessory parking. The project will trigger the City of Chicago's Affordable Requirements Ordinance and will meet the obligation of the ordinance by providing the five affordable units at off-site locations.

RECOMMENDATION

The Department of Planning and Development has reviewed the project materials submitted by the Applicant and compared this proposal to existing development in the community. The area around this project consists of a mix of generally residential zoning districts and the project represents an opportunity to construct an appropriate residential infill development along West Cortland Street and North Campbell Avenue in Chicago's Logan Square Community Area. In addition, pursuant to Chapter 17-13 of the Chicago Zoning Ordinance, the proposed rezoning from RS-3/C1-1 to RM4.5 is appropriate. Specifically, the proposed development is compatible with the character of the surrounding area in terms of uses, density and building scale (17-13-0308-C) and the proposed zoning classification is compatible with surrounding zoning (17-13-0308-C).

Based on that analysis, the Department of Planning and Development has concluded that this proposal is appropriate for this site and supports this development for the following reasons:

1. The project meets the purpose and criteria set forth in Chapter 17-8 of the Zoning Ordinance and its adoption would not have any adverse impact on the public's health, safety or welfare. Specifically, this project meets the following provisions of

FINAL

Chapter 17-8:

- a. Promotes economically beneficial development patterns that are compatible with the character of existing neighborhoods (per 17-8-0103), as evidenced through the project's design and massing remaining within the context of adjacent structures; and,
 - b. Provides that adequate, inviting, usable and accessible open spaces for residents (per 17-8-0909-A-1), as evidenced by the private yards and decks as well as common open space to be located on site; and,
 - c. Promotes green design by conserving non-renewable energy and scarce materials (per 17-8-0908-A) as evidenced by the project achieving building certification for the project; and,
 - d. All sides and areas of the buildings that are visible to the public are treated with materials, finishes and architectural details that are of high-quality and appropriate for use on primary street-facing facade (17-8-0907-A-4), as evidenced through the material callouts in this report and on the elevations.
2. The project lies within the boundaries of the Fullerton/Milwaukee TIF District which was approved by the Chicago Plan Commission in 2000 and is consistent with the land use plan associated with that TIF District.
3. The public infrastructure facilities and city services will be adequate to serve the proposed development at the time of occupancy. The proposed project has been reviewed by the Mayor's Office for People with Disabilities and the Department of Transportation and all

requested changes have been made. Copies of this application have been circulated to other City departments and agencies and no comments have been received which have not been addressed in the application.

4. The project will comply with the requirements for access in case of fire and other emergencies.

Based on the foregoing, it is the recommendation of the Department of Planning and Development that this application for a Residential Business Planned Development be approved and that the recommendation to the City Council Committee on Zoning, Landmarks and Building Standards be "Passage Recommended".
