BUSINESS PLANNED DEVELOPMENT STATEMENTS

1. The area delineated herein as Planned Development Number , ("Planned

Development") consists of approximately 1.1,985 square feet of property which is depicted on the attached Planned Development Boundary and Property Line Map ("Property"), representing the Net Site Area of this Planned Development, and is owned or controlled by the Applicant, AP 100 W. Huron Property, LLC.

2. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns and, if different than the Applicant, the legal titleholder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or designated control. Single designated control is defined in Section 17-8-0400 of the Zoning Ordinance.

3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Department of Transportation on behalf of the Applicant or its successors, assign or grantees. Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the Plans.

Ingress or egress shall be pursuant to the Plans and may be subject to the review and approval of the Departments of Planning and Development and Transportation. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation.

All work proposed in the public way must be designed and constructed in accordance with the Department of Transportation Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. Prior to the issuance of any Part II approval, the submitted plans must be approved by the Department of Transportation

4. This Plan of Development consists of sixteen (16) Statements: a Bulk Regulations Table; an Existing Zoning Map; a Planned Development Boundary, Property Line and Sub-Area Map; and, a Site/Landscape Plan; a Green Roof Plan and Building Elevations prepared by Norr and dated May 19, 2016 all submitted herein. Full-sized copies of the Site Plan/Landscape Plan and Building Elevations are on file with the Department of Planning and Development. In any instance where a provision of this

Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development Ordinance and the Zoning Ordinance, this Planned Development Ordinance shall control.

5. The following uses are permitted in the area delineated herein as a Business
Planned Development:

Sub-Area A: Hotel, retail, office, financial services (excluding payday/title secure loan store and pawn shops), retail food sales, medical service, personal service, consumer repair or laundry service, restaurants (including the incidental sale of alcohol for on-premises consumption), roof-top deck (including the incidental sale of alcohol for on-premises consumption), wireless communication facilities, and accessory uses.

Sub-Area B: retail, office, financial services (excluding payday/title secure loan store and pawn shops), eating and drinking establishments, including taverns and live entertainment, entertainment establishments, retail food and beverage sales, medical service, personal service, consumer repair or laundry service and accessory uses. .

6. On-Premise signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-Premise signs are prohibited within the boundary of the Planned Development.

7. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

8. The maximum permitted Floor Area Ratio ("FAR") for the site shall be in accordance with the attached Bulk Regulations Table. For the purposes of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted Floor Area Ratio identified in the Bulk Regulations Table has been determined using a Net Site Area of 11,985.00 square feet and a base FAR of 7 and the following bonuses:

Affordable Housing Bonus:	1.75	Upper Level
Setback Bonus:	1.00	Total FAR: 9.75

9. Pursuant to Section 17-4-1004-B of the Zoning Ordinance, the Applicant has requested an increase in the floor area ratio for the Property, as set forth in the bonus worksheet required under Section 17-4-1003-D and attached hereto as an Exhibit

("Bonus Worksheet"). Any developer of a building receiving an affordable housing floor area bonus ("Eligible Building") must either provide on-site affordable housing units or make a cash payment to the city's Affordable Housing Opportunity Fund. The Applicant has elected to make a cash payment in lieu of providing on-site affordable housing units. In accordance with the formulas set forth in Section 17-4-1004-C and the Bonus Worksheet, the Applicant acknowledges and agrees that it must make a cash payment in the amount of \$721,497.00 ("Cash Payment"). The Applicant must make the required Cash Payment before the issuance of the building permits for the Eligible Building, including, without limitation, excavation or foundation permits, and must comply with all applicable affordable housing standards and requirements in Section 17-4-1004, the terms of which are incorporated herein by this reference.

10. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review Fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the

Department of Revenue prior to the issuance of any Part II approval.

11. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II reviews, are conditional until final Part II approval.

12. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Environment and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.

13. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors.

14. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor

FINAL

REPORT to the
CHICAGO PLAN COMMISSION from the
DEPARTMENT OF PLANNING AND DEVELOPMENT

MAY 19, 2016

PROPOSED PLANNED
DEVELOPMENT (APPLICATION NO. 18704)

AP 100 W. HURON HURON PROPERTY, LLC.

110 W. HURON STREET

Pursuant to the provisions of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, the Department of Planning and Development hereby submits this report and recommendation regarding a proposed Business Planned Development for your review and recommendation to the Chicago City Council. The application for this amendment to the Zoning Ordinance was introduced into the City Council on March 16, 2016. Proper legal notice of the public hearing on this application was published in the Chicago Sun-Times on May 4, 2016; the Applicant, AP 100 W. Huron Property, LLC, was separately notified of this hearing.

The subject property, located 100-110 W. Huron Street, has a current underlying zoning of DX-7 (Downtown Mixed-Use District). The Applicant proposes to rezone this property to a Business Planned Development; which would allow for the construction of a seventeen-story 180'-1" hotel building which would have a maximum of 200 hotel keys and 5,100 square feet of ground floor retail space. The proposal does not include any off-street parking spaces.

This request is being submitted as a mandatory planned development, pursuant to Section 17-8-0512-B, due to the fact that the proposed building will exceed 180'-0" in height in a DX-7 underlying zoning designation

PROJECT BACKGROUND AND DESCRIPTION

The site consists of approximately 11,985 square feet and is currently improved with a one-story ■ bar/restaurant use as well as public -surface parking lot. The applicant proposes to create a planned development comprised of two sub-areas. The first sub-area would be the one-story bar/restaurant building and would remain as is with no construction proposed. The second sub-area would be the remaining portion of the parcel of land and would be the site of the proposed project. The applicant proposes the construction of a seventeen-story 180'-1" tall building to be comprised of 5,100 square feet of retail space on the ground floor with 200 hotel keys on the floors above. The proposed development will not have any parking spaces provided as part of the proposal.

FINAL

CTA Bus Stop and Rail Station location

FfNAL

DESIGN

The proposed project will be primarily finished with metal panels and spandrel glass. The building proposes to locate active uses immediately adjacent to the street edge along both the Clark Street and Huron Street frontages. The proposed color palette includes earth tone browns with minor accenting in white and grays.

LANDSCAPING AND SUSTAINABILITY

The entire planned development will be compliant with the requirements of the Chicago Landscape Ordinance.

The subject site will be designed to be in compliance with the current City of Chicago Sustainable Development policy and will provide a vegetated roof equivalent to a minimum of 50% of the net roof area which equates to approximately 3,300 square feet of area. Additionally the subject building will obtain LEED certification.

ACCESS / CIRCULATION

The site does not provide any surface parking spaces. If arriving by vehicle, patrons are able to access the site via drop off along the curb line of West Huron Street. Deliveries to the subject site are handled off of the public alley to the west where a loading berth is available.

FINAL

BULK / USE / DENSITY

The current maximum allowable Floor Area Ratio (FAR) for the proposed underlying zoning district (DX-7) is 7.0; however, the applicant will be taking advantage of an additional 1.75 FAR via the Affordable Housing Bonus and an additional 1.0 FAR via the Upper Level Setback Bonus, this will bring the total FAR of the overall planned development to 9.75. The actual proposed planned development is designed for and will be limited to this maximum overall FAR of 9.75, Sub-Area B will be limited to 1.0 FAR and Sub-Area A will be limited to 11.72. The proposed planned development will maintain setbacks that are in compliance with the underlying DX-7 zoning designation. All remaining bulk, use and density items will be in substantial compliance with the stipulations of Section 17-4-0400 for DX-7 zoning districts.

RECOMMENDATION

The Department of Planning and Development has reviewed the project materials submitted by the Applicant

and compared this proposal to the requirements of the Chicago Zoning Ordinance and existing development in the community. The area around this project is composed of manufacturing uses and is accessible from public transit. Based on that analysis, DPD has concluded that this proposal is appropriate for this site and supports this development for the following reasons:

1. Promotes economically beneficial development patterns that are compatible with the character of existing neighborhood (per 17-8-0103), as evidenced by the design of the project, and the fact that the proposed uses are in context with the character of the adjacent properties and also meet the needs of the immediate community;
2. Promotes transit and pedestrian use, ensures accessibility for persons with disabilities and minimizes conflicts with existing traffic patterns in the vicinity (per 17-8-0904-1-2, 3 & 4), as evidenced by the site's close proximity to public transit in the form of various CTA bus lines as well as the Chicago Avenue station along the CTA Brown Line and the Chicago Avenue Station along the CTA Red Line; the accessibility accommodations made on-site for the building users; pedestrian ingress and egress options provided to the building users and lastly ensuring that the design of the site works within the confines of the current existing traffic patterns at the site and creates little or no adverse impact to those patterns.
3. Building Orientation and Massing (per 17-8-0906-B), as evidenced by the project design which brings the edge of the building up to the street frontage and provides large transparent store front windows to create an active building wall;
4. All sides and areas of the buildings that are visible to the public should be treated with materials, finishes, and architectural details that are of high-quality and appropriate for use on primary public-right-of-way-facing facade (per 17-8-0907-A-4), as evidenced through the information contained within this report, the proposed material is to be metal panel and spandrel glass as shown on the elevations in the exhibits for this planned development, and the corresponding proposal renderings;

FINAL

The project meets the purpose and criteria set forth in the Chicago Zoning Ordinance and its adoption would not have any adverse impact on the public's health, safety or welfare:

1. Per 17-13-0308-C, the proposed development is compatible with surrounding commercial, retail, and residential developments in terms of land use, as well as, the density and scale of the physical structure.
2. Per 17-13-0308-D, the proposed underlying zoning for this planned development (DX-7) and is consistent with other zoning districts, both adjacent to this site and in the immediate area.
3. Per 17-13-0308-E, the public infrastructure facilities and City services will be adequate to serve the proposed development at the time of occupancy and the project will comply with the requirements for access in case of fire and other emergencies. The proposed project has been reviewed by the Mayor's Office for People with Disabilities and the Department of Transportation and all requested changes have been made. Copies of this application have been circulated to other City departments and agencies and no comments have been received which have not been addressed in the application.

Based on the foregoing, it is the recommendation of the Department of Planning and Development that this application for the establishment of a Planned Development be approved and that the recommendation to the City Council Committee on Zoning Landmarks and Building Standards be "Passage Recommended".

Reason for rezoning the property Development of a hotel —

Describe the proposed use of the property after the rezoning. Indicate the number of dwelling units; number of parking spaces; approximate square footage of any commercial space; and height of the proposed building. (BESPECIFIC)

Seventeen-story (180.1 ft.) building containing a maximum of 200 hotel rooms, ground floor retail space of approximately 5,150 sq. ft, no parking and one loading berth and an approximately 2,000 sq. ft. existing restaurant

The Affordable Requirements Ordinance (ARO) requires on-site affordable housing units and/or a financial contribution for residential housing projects with ten or more units that receive a zoning change which, among other triggers, increases the allowable floor area, or, for existing Planned Developments, increases the number of units (see attached fact sheet or visit • www.ciivoicnicatio.oig A KG for more information). Is this project subject to the ARO?
