SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

INSTITUTIONAL PLANNED DEVELOPMENT NO. 707, AS AMENDED PLAN
OF DEVELOPMENT - STATEMENTS

1. The area delineated herein as an Institutional Planned Development ("Planned Development") consists of approximately 1,050,058 square feet of Property which is depicted on the attached Planned Development Boundary and Property Line Map ("Property") and is owned or controlled by the Applicant, North Park University.

2. The requirements, obligations and conditions contained within this Planned Development shall be binding upon the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors. All rights granted hereunder to the Applicant shall inure to the benefit of the Applicant's successors and assigns and, if different than the Applicant, the legal title holder and any ground lessors. Furthermore, pursuant to the requirements of Section 17-8-0400 of the Chicago Zoning Ordinance, the Property, at the time of application for amendments, modifications or changes (administrative, legislative or otherwise) to this Planned Development are made, shall be under single ownership or designated control. Single designated control is defined in Section 17-8-0400 of the Zoning Ordinance.

3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant, its successors, assigns or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate

submittal to the Department of Transportation on behalf of the Applicant or its successors, assigns or grantees. Any requests for grants of privilege, or any items encroaching on the public way, shall be in compliance with the Plans. Ingress or egress shall be pursuant to the Plans and may be subject to the review and approval of the Departments of Planning and Development and Transportation. Closure of all or any public street or alley during demolition or construction shall be subject to the review and approval of the Department of Transportation. All work proposed in the public way must be designed and constructed in accordance with the Department of Transportation Construction Standards for Work in the Public Way and in compliance with the Municipal Code of the City of Chicago. Prior to the issuance of any Part II approval, the submitted plans must be approved by the Department of Transportation.

4. This Plan of Development consists of 15 Statements; a Bulk Regulations and Data Table; an Existing Zoning Map; an Existing Land Use Map; a Planned Development Boundary and Property Line Map; a Master Plan Exhibit; a Site Plan; a Landscape Plan and a Plant List prepared by VOA Architects, Ltd. dated May 19, 2016. Full-sized copies of the Master Plan, Site Plan and Landscape plan are on file with the Department of Planning and Development. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control. This Planned Development conforms to the intent and purpose of the Zoning Ordinance, and all requirements "thereof, and satisfies the established" criteria for approval as a Planned Development. In case of a conflict between the terms of this

Planned Development Ordinance and the Zoning Ordinance, this Planned Development Ordinance shall control.

5. The following uses are allowed in this Planned Development: all university uses, including, but not limited to, educational and/or student-related facilities; accessory uses; parking; and retail, office and limited restaurant uses located on property along the north side of West Foster Avenue between North Kedzie Avenue and North Sawyer Avenue and along the south side of West Foster Avenue between North Spaulding Avenue (or the line thereof extended where no street exists) and North Christiana Avenue (or the line thereof extended where no street exists) as permitted in the B2 Neighborhood Mixed-Use District.

6. On-Premise signs and temporary signs, such as construction and marketing signs, shall be permitted within the Planned Development, subject to the review and approval of the Department of Planning and Development. Off-Premise signs are prohibited within the boundary of the Planned Development.

7. Off-street parking and loading facilities shall be provided in accordance with the provisions of this Planned Development subject to the review and approval of the Departments of Transportation and Planning and Development. Any service drive or other ingress or egress shall be adequately designed and paved, in accordance with the regulations of the Department of

Transportation in effect at the time of construction and in compliance with the Municipal Code of the City of Chicago, to provide ingress and egress for motor vehicles, including emergency vehicles. There shall be no parking within such emergency areas. Ingress and egress shall be subject to the review and approval of the Departments of Transportation and Planning and Development. Closure of all or part of any public streets or alleys during demolition or construction shall be subject to the review and approval of the Department of Transportation.

8. For purposes of height measurement, the definitions in the Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

9. The Site Plan and Landscape Plan shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II reviews are conditional until final Part II approval.

10. A portion of the existing and proposed improvements contemplated within this

Planned Development are or will be located adjacent to the North Branch of the Chicago River.

Should the Applicant develop either of the surface parking lots located on the east side of North

Kedzie Avenue adjacent to the river with a structure or structures, such structure(s) shall be set back a minimum of 30 feet from the top of the river bank at all points along the waterway. In addition, this setback area shall be landscaped with trees and vegetation which enhances the riparian environment and shall be consistent with any inland waterway design guidelines in effect at the time a permit for such construction is issued. Any structure (s) developed on the site of the parking lot adjacent to the north bank of the river shall be set back from West Foster Avenue so as to maintain the northern building line set back of Hamming Hall located on the west side of North Kedzie Avenue (See Master Plan). Likewise, any structure developed on either of the parking lots north of West Carmen Avenue and east of North Kedzie Avenue shall be set back a minimum of 16 feet from the Kedzie Avenue property line (See Master Plan). Notwithstanding the foregoing, the setbacks requirements for such new structures may be modified at the time of Part II approval as set forth in Statement 11 hereof. Additions to existing buildings on the west side of North Kedzie Avenue between Foster Avenue and the north bank of the river may follow the footprint and Kedzie Avenue and Foster Avenue setbacks of the existing gymnasium and Hamming Hall (see Master Plan), except that any new construction above the existing elevated deck of the Carlson Building (see Master Plan) shall be set back a minimum of eight feet from the river edge of the deck. Moreover, any new construction immediately south of the Carlson Building shall include a 16-foot

setback from the river edge of the deck beginning at the western edge of the deck and extending for a distance of 90 feet measured along the edge of the deck. Notwithstanding the foregoing, the final configuration of such new construction may

be modified at the time of Part II approval as set forth in Statement 11 hereof. Additionally, the southern and western facades of any future construction immediately south of the Carlson Building shall be comprised of a minimum of 70% glass. Any such additions shall not exceed the height of the gymnasium which currently exists on the west side of "North Kedzie Avenue between Foster Avenue and the river. At the time that an application for a permit for the construction of any such addition is submitted, the Applicant shall improve the existing parking lot west of North Kedzie Avenue adjacent to the south bank of the river with ornamental iron fencing and shall, if agreement can be reached with the U.S. Army Corps of Engineers which has jurisdiction over this land, stabilize and install additional landscaping along the interior of the south riverbank on the west side of North Kedzie Avenue. It is specifically agreed that such stabilization shall not require reconstruction, modification or alteration of the existing sheet piling at the site.

11. Prior to the Part II Approval (per Section 17-13-0601 of the Zoning Ordinance) for development or redevelopment Of any property included within this Planned Development, other than the proposed parking lot at the northeast corner of North Kedzie Avenue and West Argyle Street or alterations to existing buildings which do not increase their height or alter their footprint, the Applicant shall submit a site plan, landscape plan

and building elevations for ...review and approval by the Department of Planning and Development. Review and approval by the Department of Planning and Development is intended to assure that specific development

components substantially conform with the Planned Development and to assist the City in monitoring ongoing development. Site Plan Approval Submittals (per Section 17-13-0800) need only include that portion of the Property for which approval is being sought by the Applicant. The site plan provided shall include all dimensioned and planned street Rights-of-Way.

No Part 11 Approval for any portion of the Property shall be granted until Site Plan approval has been granted. Following approval by the Department of Planning and Development, the approved Site Plan Approval Submittals, supporting data and materials shall be made part of the main file and shall be deemed to be an integral part of the Planned Development. After approval of the Site Plan, changes or modifications may be made pursuant to the provisions of Statement 12. In the event of any inconsistency between approved plans and the terms of the Planned Development, the terms of the Planned Development shall govern. Any Site Plan Approval Submittals shall, at a minimum, provide the following information:

- fully-dimensioned site plan (including a footprint of the proposed improvements);
- fully-dimensioned building elevations;
- fully-dimensioned landscape plan(s); and,
- statistical information applicable to the subject parcel, including floor area, the applicable FAR, uses to be established, building heights and setbacks.

Site Plan Approval Submittals shall include all other information necessary to illustrate substantial conformance with the Planned Development.

12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to section 17-13-0611-A of the Zoning

Ordinance, by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors.

13. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs, conserves energy and maximizes the preservation of natural resources. The Applicant shall use best and reasonable efforts to design, construct and maintain all buildings located within this Planned Development in an energy efficient manner, generally consistent with the current City of Chicago Sustainable Development Policy set forth by the Department of Planning and Development.

14. The Applicant acknowledges that it is in the public interest to design, construct

and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for any new buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

15. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance.-Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a Zoning Map Amendment to rezone the

REPORT to the
CHICAGO PLAN COMMISSION from the
DEPARTMENT OF PLANNING AND DEVELOPMENT

MAY 19, 2016

AMENDMENT TO PLANNED DEVELOPMENT #707 (APPLICATION NO. 18750)

NORTH PARK UNIVERSITY

3225 WEST FOSTER AVENUE

Pursuant to the provisions of the Chicago Zoning Ordinance, Title 17 of the Municipal Code of Chicago, the Department of Planning and Development hereby submits this report and recommendation on an amendment to a planned development for your review and recommendation to the Chicago City Council. The application was introduced to the Chicago City Council on April 13, 2016. Notice of this public hearing was published in the Chicago Sun-Times on May 4, 2016. The

Applicant was separately notified of this public hearing.

The property is identified as 3225 W. Foster Avenue and is a sprawling planned development comprised of many parcels of land which make up the campus of North Park University. The applicant, North Park University, proposes to amend the boundaries of the existing planned development to incorporate various parcels of land that the university already owns. A majority of those parcels are to remain in use as they are today with no proposed changes, however, one parcel will be improved with a new surface parking lot that will have a capacity of 89 vehicle.

This application has been submitted as a mandatory planned development pursuant to section 17-8-0515 of the Chicago Zoning Ordinance. The proposal to amend the boundaries of this planned development will result in an increase in the overall lot area of the planned development and thus must be reviewed and approved at the Chicago Plan Commission. "~ ~" • - •

PROJECT BACKGROUND AND DESCRIPTION

The subject planned development site consists of approximately 1,050,000 square feet. The applicant proposes construction only upon one parcel of land within the newly defined planned development boundaries. The subject parcel of land is measured at 33,815 square feet and is currently a fenced in vacant lot, all previously existing buildings had been demolished prior to the application. The applicant proposes to construct a surface parking lot for 89 vehicles upon this subject parcel of land.

FINAL

SITE AND AREA DESCRIPTION

The subject site is served by three CTA bus routes, #82 (Kimball/Homan), #92 (Foster), and #93 (California/Dodge). The Kimball station on the CTA Brown Line is also located approximately $\frac{1}{4}$ mile from the proposed parking lot site as well as a large portion of the North Park University campus.

FINAL

LANDSCAPING AND SUSTAIN ABILITY

The entire planned development, including this proposed parking lot, will be compliant with the requirements of the Chicago Landscape Ordinance.

The proposed surface parking lot will be designed to be in conformity with the storm water ordinance.

The entire planned development is committed to be in compliance with the City of Chicago Sustainable Development policy in place at the time of any proposed construction. In the case of the subject proposal for construction since there are no

structures proposed there is thus no additional sustainable requirements necessary as part of this particular proposal.

ACCESS / CIRCULATION

The subject parcel is accessed by two (2) driveways. The first driveway is off of North Kedzie Avenue and handles both ingress and egress access of the parking lot. The second driveway is off of West Argyle Street and is designed as a one-way exit only driveway. The layout of the parking lot is that of a typical rectangle and circulation occurs in the same geometric fashion around the parking lot via a

FINAL

two-way access aisle. All parking provided will meet the layout and design requirements as stated under 17-10-1000 of the Chicago Zoning Ordinance. BULK / USE / DENSITY

The proposed project does not contain any structures and this incorporates no additional Bulk or Density, the bulk and density restrictions of the previously approved planned development shall remain in place and unchanged as a result of this proposal.

RECOMMENDATION

The Department of Planning and Development has reviewed the project materials submitted by the Applicant and compared this proposal to the requirements of the Chicago Zoning Ordinance and existing development in the community. The area around this project is composed of a mixture of various uses including commercial, retail, institutional and residential uses and is accessible from public transit. Based on that analysis, DPD has concluded that this proposal is appropriate for this site and supports this development for the following reasons:

1. Promotes unified planning and development (per 17-8-0102), as evidenced through the proposed project which seeks to provide additional parking, an item that was identified as a deficiency for the campus while seeking to adhere to the guiding principles of the previously reviewed and approved campus master plan;
2. Promotes transit, pedestrian and bicycle use, ensures accessibility for persons with disabilities and minimizes conflicts with existing traffic patterns in the vicinity (per 17-8-0904-1-2, 3 & 4), as evidenced by the site's close proximity to public transit in the form of various CTA bus lines and the Kimball Avenue station along the CTA's brown line; the accessibility accommodations made on-site for the building users; pedestrian and bicycle ingress and egress options provided to the campus users, and lastly, ensuring that the design of the site works within the confines of the current existing traffic patterns at the site and creates little or no adverse impact to those patterns;
3. Transportation, Traffic Circulation, and Parking. Pursuant to 17-8-0904 of the Chicago Zoning Ordinance the proposed parking lot promotes the safe and efficient circulation of pedestrians, cyclists and motor vehicles by proposing a design with adequate pedestrian walkways leading directly to the city sidewalks as well as clearly marked vehicular

- signage creating a safe and efficient traffic circulation pattern within the parking area;
4. The proposal incorporates green design and storm water compliance as suggested in sections 17-8-0908 of the Chicago Zoning Ordinance. The parking lot has been designed in full compliance with the landscape requirements contained within the Chicago Zoning Ordinance and in addition the parking lot has been designed to meet the necessary regulations of the storm water ordinance.

FINAL

The project meets the purpose and criteria set forth in the Chicago Zoning Ordinance and its adoption would not have any adverse impact on the public's health, safety or welfare:

1. Per 17-13-0308-C, the proposed development is compatible with surrounding developments in terms of land use.
2. Per 17-13-0308-D, the proposed underlying zoning for the proposed parking lot parcel planned development is B3-2 and is similar to other business and commercial zoning districts, both adjacent to this site and in the immediate area.
3. Per 17-13-0308-E, the public infrastructure facilities and City services will be adequate to serve the proposed development at the time of occupancy and the project will comply with the requirements for access
in case of fire and other emergencies. The proposed project has been reviewed by the Mayor's Office for People with Disabilities and the Department of Transportation and all requested changes have been made. Copies of this application have been circulated to other City departments and agencies and no comments have been received which have not been addressed in the application.

Based on the foregoing, it is the recommendation of the Department of Planning and Development that this application for the establishment of a Planned Development be approved and that the recommendation to the City Council Committee on Zoning Landmarks and Building Standards be "Passage Recommended."
