Proposed Zoning: B3-5 Neighborhood Mixed-Use District

Lot Area: 7,391 square feet

Proposed Land Use: The Applicant is seeking a zoning change in order to permit the rehabilitation of the existing four-story building, and the erection of a new five-story addition - on the adjacent vacant lots, in order to locate and establish a new hotel, with retail tenancy, at the subject property. The rehabilitation plan, for the existing (vacant) four-story building, calls for the build-out and location of a hotel lobby (1,762 square feet) and a single retail space (1,476 square feet) - at grade level, and fifteen (15) hotel rooms - above (Floors 2 thru 4). The new five-story addition will contain a small hotel lobby area (275 square feet) and a single retail space (2,336 square feet) - at grade level, and twenty (20) hotel rooms - above (Floors 2 thru 5), for a total of thirty-five (35) hotel rooms at the site. Additional retail space (1,942 square feet) and a communal staff area (1,261 square feet) will be available in the basement of the existing building, with retail storage (1,000 square feet) located in the basement of the new addition. As part of the plan, the Applicant also intends to erect two private roof decks - one above the 4th Floor of the existing building and one above the 5th Floor of the new addition, which will be available for use by guests of the hotel and the retail tenants. No onsite parking is required or intended for the proposed building, with new addition. The newly rehabbed building, with five-story addition, will measure 76 feet-2 inches in height. The existing building, with new addition, will be masonry and glass in construction.
