NARRATIVE  
**803-811 W Belden**

**Zoning from RT-4 to RM-5**

In order to allow for the construction of a new dormer on the rear of the existing row home unit located at 811 W Belden (as part of the 803-811 W. Belden Town Homes) to allow the addition of approximately 351 square feet on the 4<sup>th</sup> floor/attic of the existing unit, for a total of approximately 708 square feet on the 4<sup>th</sup> floor, 4 dwelling unit town house building.

This addition will make the unit similar to the three other units located at the 803-811 W. Belden Town Homes, which all had the same type of addition constructed in 2005 under an identical zoning change and restricted covenant. This unit (811 W. Belden) was included in that previous zoning change, but the owners at the time did not follow through with construction. This zoning change is intended to reinstate the previously approved zoning change to allow the new owners to proceed with the addition and bring the unit into conformance with their three adjacent neighbors in the town home association.
