RESOLUTION (

WHEREAS, The scourge of gun violence has caused serious harm to the people and communities of the great City of Chicago; and

WHEREAS, According to a study released by the University of Chicago, the murder rate in Chicago jumped dramatically in 2016 to 27.7 homicides per 100,000 residents; and

WHEREAS, Chicago's murder rate is far outpacing most other U.S. cities, including the four other largest in the U.S.: New York City, Los Angeles, Houston, and Philadelphia; and

WHEREAS, There were more than 4,300 shooting incidents in Chicago in 2016; and

WHEREAS, Homicides, shootings, and robberies involving a gun all saw double-digit percentage increases; and

WHEREAS, Gun violence negatively affects the physical, mental, and emotional health of all people and hurts all neighborhoods; and

WHEREAS, Gun violence disproportionately affects young people and people of color; and

WHEREAS, Today's survivors of gun violence may perpetuate the cycle of gun violence themselves; and

WHEREAS, Cities that treat violence like an infectious disease by intervening in specific neighborhoods and treating individuals with a public health approach have seen significant reductions in gun violence; and

WHEREAS, Our residents have a right to healthy living, which includes safe

neighborhoods that are free of gun violence; and

WHEREAS, The mission of public health is the attainment of positive physical, mental, and social well-being; and

WHEREAS, The City Council of the City of Chicago recognizes the City's current gun violence crisis is a public health issue that must be addressed with a coordinated public health response; now, therefore,

BE IT RESOLVED, That we, the Members of the City Council of the City of Chicago, assembled this twenty-fifth day of January, 2017, do hereby:

- 1) Call upon the City of Chicago to undertake a comprehensive gun violence prevention plan in order to reduce the physical, mental, and emotional cost of gun violence; and
- 2) Call upon the Department of Public Health to develop and implement a comprehensive interdisciplinary response to gun violence; and
- 3) Call upon a Joint Committee composed of the Committee on Health and Environmental Protection and the Committee on Public Safety to convene one or more hearings that include testimony from affected communities, victims of gun violence, and health experts from the Chicago Department of Public Health, with the goal of developing and implementing a comprehensive interdisciplinary response to gun violence; and
- 4) Urge the Budget Director to consider ways whereby the City of Chicago can set aside \$50 million in the next annual budget to implement the Chicago Department of Public Health's gun violence prevention plan; and
- 5) Call upon the United States Congress to pass Senate Bill 1473 in order to authorize the appropriation of funds to the Centers for Disease Control and Prevention for conducting or supporting research on firearms safety and gun violence prevention in the United States.
