The bonus payment will be split between three separate funds, as follows: 80% to the Neighborhoods Opportunity Fund, 10% to the Citywide Adopt-a-Landmark Fund and 10% to the Local Impact Fund. In lieu of paying the City directly, the Department may: (a) direct developers to deposit a portion of the funds with a sister agency to finance specific local improvement projects; (b) direct developers to deposit a portion of the funds with a landmark property owner to finance specific landmark restoration projects; or, (c) approve proposals for in-kind improvements to satisfy the Local Impact portion of the payment.

It is currently anticipated that the 10% to the Local Impact Fund shall be utilized for the future development of a Chicago Park District open space located at the southwest corner of North Milwaukee Avenue and West Erie Street. Any modification of the allocation of the Local Impact Fund shall be subject to Section 17-4-1005-G but in no event shall such modification cause a delay in the issuance of Part II approval, building permit or certificate of occupancy for the Planned Development.

9. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review Fee shall be assessed by the Department of Planning and Development. 10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines. Final landscape plan review and approval will be by the Department of Planning and Development. Any interim reviews associated with site plan review or Part II reviews, are conditional until final Part II approval.
11. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-125 of the Municipal Code, or any other provision of that Code.
12. The terms and conditions of development under this Planned Development ordinance may be modified administratively, pursuant to section 17-13-0611-A of the Zoning Ordinance by the Zoning Administrator upon the application for such a modification by the Applicant, its successors and assigns and, if different than the Applicant, the legal title holders and any ground lessors!

14. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall comply with the current City of Chicago Sustainable Development Policy (Green Matrix) set forth by the Department of Planning and Development.
15. The Applicant acknowledges and agrees that the rezoning of the Property from M1-3 to DX-5 for construction of this Planned Development triggers the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance" or ARO) as well as the obligations mandated by the Near North/Near West Pilot Area Ordinance (the "Pilot"). Any developer of a residential housing project within the meaning of the ARO, and within the Near North/Near West Pilot Area ("Pilot Area") must: (A) (i) set aside 10% of the housing units in the residential housing project ("First Units") as affordable units, or (ii) with the Commissioner of the Department of Planning and Development's (DPD) approval, provide the First Units in an approved off-site location within two miles of the Property; or, (iii) any combination of (i) and (ii); and (B) (i) set aside an additional 10% of the housing units in the residential housing project ("Additional Units") as affordable units; or (ii) with the Commissioner of the Department of Planning and Development's (DPD) approval, provide the Additional Units in an approved off-site location anywhere within the Pilot Area; or, (iii) any combination of (i) and (ii). The Property is located in the Near North Pilot Area and has a total of 226 units. As a result, the Applicant's affordable housing obligation is 45 Affordable Units (20% of 226 rounded down). In accordance with the requirements of the ARO, the Pilot, and the requirements set forth in the Affordable Housing Profile Form attached hereto as Exhibit A, the Applicant has agreed to provide 10% or 23 affordable housing units in the Residential Project for households earning up to 60% of the Chicago Primary Metropolitan Statistical Area median income ("AMI") and 10% or 23 affordable housing units in the Residential Project for households earning up to 100% of AMI, provided, however, the foregoing income eligibility and affordability may be decreased to 80% of AMI if the Commissioner, in consultation with the alderman of the ward in which the affordable units will be located, determines that there is a greater need for affordable housing at this income level in the subject location based on factors established by rule (collectively, the "Affordable Units"). If the Applicant subsequently reduces (or increases) the number of housing units in the PD, or elects to build a for-sale project instead, or elects to construct off-site units consistent with the provisions of the ARO and the Pilot, the Applicant shall update and resubmit the Affordable Housing Profile Form to DPD for review and approval. DPD may adjust the requirements (including location, on-site or off-site) and number of required Affordable Units without amending the PD. Prior to the issuance of any building permits for any residential building in the PD, including, without limitation, excavation or foundation permits, the Applicant must execute and record an affordable housing agreement in accordance with Section 2-45-115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the PD, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement 15, including any breach of any affordable housing agreement, and enter into settlement agreements with

respect to any such breach, subject to the approval of the Corporation Counsel, without amending the PD.

16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and

city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, (i) the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

17. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a Zoning Map Amendment to rezone the property to DX-5 Downtown Mixed Use District.
