$$\text{F.A.R.} = 16 \times 0.15 = 2.40 \text{ F.A.R.}$$

Nothing in this Planned Development is intended to waive the applicability of the landscape and screening provisions of the Chicago Zoning Ordinance.

upon the application for such a modification by the Applicant and after a determination by the Zoning Administrator that such a modification is minor, appropriate and consistent with the nature of the improvements contemplated in this Planned Development and the purposes underlying the provisions hereof. Any such modification of the requirements of this Statement by the Commissioner of the Department of Planning and Development shall be deemed to be a minor change in the Planned Development as contemplated by Section 17-13-0611 of the Chicago Zoning Ordinance.

13. The Applicant acknowledges that it is in the public interest to design, construct and maintain all buildings in a manner that promotes and maximizes the conservation of natural resources. The buildings to be constructed in Sub-Area A shall be constructed under the Leadership in Energy and Environmental Design (LEED) Green Building Rating System. access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

15. Pursuant to Section 17-4-1004 of the Zoning Ordinance, the Applicant has asked for an increase in the floor area ratio for Sub-Area A of the Property, as set forth in the bonus worksheet required under Section 17-4-1003-D ("Bonus Worksheet"). Projects receiving an affordable housing floor area bonus must either provide on-site affordable housing units or make a cash payment to the city's Affordable Housing Opportunity Fund in accordance with formulas set forth in Section 17-4-1004-D. The Applicant has elected to make a cash payment in lieu of providing on-site affordable housing units. In accordance with the formulas set forth in Section 17-4-1004-D and the Bonus Worksheet, the Applicant acknowledges and agrees that it must make a cash payment to the Affordable Housing Opportunity Fund in the amount of \$1,482,941.00 ("Cash Payment"). The Applicant must make the required Cash Payment before the issuance of building permits for the construction of the building in Sub-Area A, and must comply with all applicable affordable housing standards and requirements set forth in Section 17-4-1004, the terms of which are incorporated herein by this reference.

16. As to Sub-Area B only, the Applicant acknowledges and agrees that the rezoning of the Property from Residential Business Planned Development No. 1116 to Residential Business Planned Development No. 1116, as amended, to add 21 additional residential

units, triggers the requirements of Section 245-115 of (he Municipal Code of Chicago (Affordable Requirements Ordinance or ARO) as to the 21 additional residential units.

Any developer of a residential housing project within the meaning of the ARO must: (i) set aside 10% of the housing units in the residential housing project (Required Units) as affordable units, or with the Commissioner of the Department of Planning and Development's (DPD) approval, provide the Required Units in an approved off-site location; (ii) pay a fee in lieu of the development of the Required Units; or, (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25% of the Required Units on-site or off-site. If the developer elects to provide affordable units off-site, the off-site affordable units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. The Property is located in a downtown district, within the meaning of the ARO, and the project has a total of 21 additional units. As a result, the Applicant's affordable housing obligation is 2 affordable units (10% of 21 rounded down), one of which is a Required Unit (25% of 2, rounded up). Applicant has agreed to satisfy its affordable housing obligation by providing 2 affordable units in the rental building to be constructed in the PD, as set forth in the Affordable.Housing Profile Form attached hereto as Exhibit A. The Applicant agrees that the affordable units must be affordable to households earning no more than 60% of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of housing units in the PD, or

build a for-sale project instead, the Applicant shall update and resubmit the Affordable Housing Profile Form to DPD for review and approval; DPD may adjust the requirements and number of required Affordable Units without

amending the PD. Prior to the issuance of any building permits for any residential building in the PD, including, without limitation, excavation or foundation permits, the Applicant must make the required Cash Payment and/or execute and record an affordable housing agreement in accordance with Section 2-45115(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the PD, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DPD may enforce remedies for any breach of this Statement 16, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the PD.

17. As to Sub-Area B only, the Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation

Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or

any phase thereof)- The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding

projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor. 18. Unless substantial construction on Sub-Area B has commenced within six (6) years following adoption of this Planned Development, and unless completion is thereafter diligently pursued, then this Planned Development shall expire. If this Planned Development expires under the provisions of this section, then the zoning of Sub-Areas A and B of the Planned Development shall automatically revert to Residential Business Planned Development Number 1116, as amended on June 22, 2016.

Chicago Plan Commission

Date: April 19, 2018

Re: 171 North Wabash Avenue - Planned Development No. 1116, As Amended

On January 18, 2018, the Chicago Plan Commission recommended approval of a proposed amendment to Planned Development by CCA MDA II LLC. A copy of the zoning application and proposal is attached. I would very much appreciate your assistance in having this introduced at the next possible City Council Committee on Zoning.

Also enclosed is a copy of the staff report to the Plan Commission, which includes the Department of Planning and Development, Bureau of Planning and Zoning recommendation and a copy of the resolution. If you have any questions in this regard, please do not hesitate to contact me at 744-9476.
