Response to question 11 - Comments on Section V-B Further Certifications

V-B-I: This certification does not apply to the Disclosing Party as the Matter is not a contract being handled by the City's Department of Procurement Services.

V-B-2: The Disclosing Party certifies that it is not delinquent in the payment of any tax administered by the Illinois Department of Revenue, except for taxes that are being contested in good faith in applicable legal proceedings (whether judicial or administrative). Neither the Disclosing Party nor its Affiliated Entities are delinquent in paying any fine, fee, tax or other source of indebtedness owed to the City of Chicago ("Debts") except for Debts which are being contested in good faith in applicable legal proceedings and except for possible delinquencies in the ordinary course of business arising from: (i) property on which the Disclosing Party or its Affiliated Entities hold only a mortgage and do not own the underlying property; (ii) property of the Disclosing Party or its Affiliated Entities which is leased to others where such tenants bear the legal responsibility of payments to the City; (iii) property which the Disclosing Party or its Affiliated Entities have taken ownership of property through foreclosure or other delinquency proceedings; and (iv) property owned by the Disclosing Party or its Affiliated Entities as a trustee and fiduciary where the holder of the beneficial interest is responsible for payment of Debts.

Representatives and agents of the Disclosing Party and its Affiliated Entities meet with City representatives (or otherwise receive information) regularly to identify outstanding Debts duly payable by the Disclosing Party and its Affiliated Entities and any such Debts are settled accordingly.

V-B-3-b, c and e and V-B-5-a, b and c: The Disclosing Party is routinely involved in litigation in various state and federal courts. With an approximate headcount of 208,000, such a large business presence and a wide variety of activities subject to complex and extensive regulatory frameworks at the local, state, and federal levels, it is not possible for the Disclosing Party and its Affiliated Entities to perform due diligence across the full panoply of associates in preparing the Disclosing Party's response and it is possible that allegations or findings of civil or criminal liability, as well as the termination of one or more transactions for various reasons may have arisen and pertain to or be the subject of matters covered in these certifications. The Disclosing Party (including with respect to those persons identified in Section 11(B)(1) who are employed by the Disclosing Party) makes all required disclosures in the Forms 10-K, 10-Q and 8-K (filed by its parent corporation, the Bank of America Corporation, with the Securities and Exchange Commission) and in the Annual Report of its parent corporation as posted on its website. In addition, any registered broker-dealer and investment adviser subsidiaries or affiliates make all required disclosures in their Form BDs and filed with FINRA and their Form ADVs as filed with the SEC. These filings include disclosures of investigations and litigation as required by the securities regulatory organizations and federal law, and are publicly available (a copy of the "Litigation and Regulatory Matters" portions of the Form 10-K and 10-Q filed by the Disclosing Party's parent corporation for calendar year 2017 and for the first quarter of 2018 are attached). The Disclosing Party cannot confirm or deny the existence of any other non-public investigation conducted by any governmental agency unless required to do so by law. With respect to those persons identified in Section II(B)(I) who are not employed by the Disclosing Party (such as independent directors), such persons are involved in a wide variety of business, charitable, social

and other activities and transactions independent of their activities on behalf of the Disclosing Party and the Disclosing Party cannot further certify. As for any unrelated Contractor, Affiliated Entity or such Contractors or Agents of either

("Unrelated Entities"), however, the Disclosing Party certifies that with respect to the Matter it has not and will not knowingly hire, without disclosure to the City of Chicago, any Unrelated Entities who are unable to certify to such statements and the Disclosing Party cannot further certify as to the Unrelated Entities. It is the Disclosing Party's policy to diligently investigate any allegations relevant to the requested certifications, promptly resolve any allegations or findings and at all times comply in good faith with all applicable legal requirements.

V-B-3-d: The Disclosing Party performed due diligence within the Public Sector Banking and Markets Group of the Disclosing Party ("Public Sector Group") to determine whether any Public Sector Group employees were aware of any public finance transactions (federal, state or local) having been terminated for cause or default within the last five years, and none of such employees were aware of any such transactions.

V-B-5: Please note that our responses are on behalf of the Disclosing Party and its Affiliated Entities only and not on behalf of any Contractors.

V-B-6: Disclosing Party certifies to this Statement. (Please see "Litigation and Regulatory Matters" attachments for potentially relevant additional information, if any)

Comment on Section V-B-12 Certification

V-B-12: None of the persons identified in Section 11(B)(1) of this EDS were employees, or elected or appointed officials of the City of Chicago during the period of May 16, 2017 through May 16, 2018. The Disclosing Party has a headcount of approximately 140,000 and is unaware of any particular employee having been a City of Chicago employee or elected or appointed official during the time period previously described, but did not, for its new hires during the period of May 16, 2017 through May 16, 2018, collect data on immediately preceding employment by the City of Chicago or status of a new hire as an elected or appointed official of the City of Chicago.

Comment on Section V-d-4

V-D-4: The Disclosing Party certifies this statement as to itself but cannot fully provide the requested certification because the Disclosing Party does not have control over all means of a City official or employee's acquisition of a prohibited financial interest in the Matter.

LITIGATION AND REGULATORY MATTERS -- BANK OF AMERICA CORPORATION

2017 FORM 10-K

Corporation has assessed the probability of making such payments in the future as remote.

Merchant Services

In accordance with credit and debit card association rules, the Corporation sponsors merchant processing servicers that process credit and debit card transactions on behalf of various merchants. In connection with these services, a liability may arise in the event of a billing dispute between the merchant and a cardholder that is ultimately resolved in the cardholder's favor. If the merchant defaults on its obligation to reimburse the cardholder, the cardholder, through its issuing bank, generally has until six months after the date of the transaction to present a chargeback to the merchant processor, which is primarily liable for any losses on covered transactions. However, if the merchant processor fails to meet its obligation to reimburse the cardholder for disputed transactions, then the Corporation, as the sponsor, could be held liable for the disputed amount. In 2017 and 2016, the sponsored entities processed and settled \$812.2 billion and \$731.4 billion of transactions and recorded losses of \$28 million and \$33 million. A significant portion of this activity was processed by a joint venture in which the Corporation holds a 49 percent ownership, which is recorded in other assets on the Consolidated Balance Sheet and in All Other. At both December 31, 2017 and 2016, the carrying value of the Corporation's investment in the merchant services joint venture was \$2.9 billion.

As of December 31, 2017 and 2016, the maximum potential exposure for sponsored transactions totaled \$346.4 billion and \$325.7 billion. However, the Corporation believes that the maximum potential exposure is not representative of the actual potential loss exposure and does not expect to make material payments in connection with these guarantees.

Exchange and Clearing House Member Guarantees

The Corporation is a member of various securities and derivative exchanges and clearinghouses, both in the U.S. and other countries. As a member, the Corporation may be required to pay a pro-rata share of the losses incurred by some of these organizations as a result of another member default and under other loss scenarios. The Corporation's potential obligations may be limited to its membership interests in such exchanges and clearinghouses, to the amount (or multiple) of the Corporation's contribution to the guarantee fund or, in limited instances, to the full pro-rata share of the residual losses after applying the guarantee fund. The Corporation's maximum potential exposure under these membership agreements is difficult to estimate; however, the potential for the Corporation to be required to make these payments is remote.

Prime Brokerage and Securities Clearing Services

In connection with its prime brokerage and clearing businesses, the Corporation performs securities clearance and settlement services with other brokerage firms and clearinghouses on behalf of its clients. Under these arrangements, the Corporation stands ready to meet the obligations of its clients with respect to securities transactions. The Corporation's obligations in this respect are secured by the assets in the clients' accounts and the accounts of their customers as well as by any proceeds received from the transactions cleared and settled by the firm on behalf of clients or their customers. The Corporation's maximum potential exposure under these arrangements is difficult to estimate; however, the potential for the Corporation to incur material losses pursuant to these arrangements is remote.

Other Guarantees

The Corporation has entered into additional guarantee agreements and commitments, including sold risk participation swaps, liquidity facilities, lease-end obligation agreements, partial credit guarantees on certain leases, real estate joint venture guarantees, divested business commitments and sold put options that require gross settlement. The maximum potential future payment under these agreements was approximately \$5.9 billion and \$6.7 billion at December 31, 2017 and 2016. The estimated maturity dates of these obligations extend up to 2040. The Corporation has made no material payments under these guarantees.

In the normal course of business, the Corporation periodically guarantees the obligations of its affiliates in a variety of transactions including; ISDA-related transactions and non-ISDA related transactions such as commodities trading, repurchase agreements, prime brokerage agreements and other transactions.

Payment Protection Insurance Claims Matter

On June 1, 2017, the Corporation sold its non-U.S. consumer credit card business. Included in the calculation of the gain on sale, the Corporation recorded an obligation to indemnify the purchaser for substantially all PPI exposure above reserves assumed by the purchaser.

Litigation and Regulatory Matters

In the ordinary course of business, the Corporation and its subsidiaries are routinely defendants in or parties to many pending and threatened legal, regulatory and governmental actions and proceedings.

In view of the inherent difficulty of predicting the outcome of such matters, particularly where the claimants seek very large or indeterminate damages or where the matters present novel legal theories or involve a large number of parties, the Corporation generally cannot predict what the eventual outcome of the pending matters will be, what the timing of the ultimate resolution of these matters will be, or what the eventual loss, fines or penalties related to each pending matter may be.

In accordance with applicable accounting guidance, the Corporation establishes an accrued liability when those matters present loss contingencies that are both probable and estimable. In such cases, there may be an exposure to loss in excess of any amounts accrued. As a matter develops, the Corporation, in conjunction with any outside counsel handling the matter, evaluates on an ongoing basis whether such matter presents a loss contingency that is probable and estimable. Once the loss contingency is deemed to be both probable and estimable, the Corporation will establish an accrued liability and record a corresponding amount of litigation-related expense. The Corporation continues to monitor the matter for further developments that could affect the amount of the accrued liability that has been previously established. Excluding expenses of internal and external legal service providers, litigation-related expense of \$753 million was recognized for 2017 compared to \$1.2 billion for 2016.

Bank of America 2017 154

For a limited number of the matters disclosed in this Note, for which a loss, whether in excess of a related accrued liability or where there is no accrued liability, is reasonably possible in future periods, the Corporation is' able to estimate a range of possible loss. In determining whether it is possible to estimate a range of possible loss, the Corporation reviews and evaluates its matters on an ongoing basis, in conjunction with any outside counsel handling the matter, in light of potentially relevant factual and legal developments. In cases in which the Corporation possesses sufficient appropriate information to estimate a range of possible loss, that estimate is aggregated and disclosed below. There may be other disclosed matters for which a loss is probable or reasonably possible but such an estimate of the range of possible loss may not be possible. For those matters where an estimate of the range of possible loss is possible, management currently estimates the aggregate range of possible loss is\$0 to \$1.3 billion in excess of the accrued liability (if any) related to those matters. This estimated range of possible loss is based upon currently available information and is subject to significant judgment and a variety of assumptions, and known and unknown uncertainties. The matters underlying the estimated range will change from time to time, and actual results may vary significantly from the current estimate. Therefore, this estimated range of possible loss represents what the Corporation believes to be an estimate of possible loss only for certain matters meeting these criteria. It does not represent the Corporation's maximum loss exposure.

Information is provided below regarding the nature of all of these contingencies and, where specified, the amount of the claim associated with these loss contingencies. Based on current knowledge, management does not believe that loss contingencies arising from pending matters, including the matters described herein will have a material adverse effect on the consolidated financial position or liquidity of the Corporation. However, in light of the inherent uncertainties involved in these matters, some of which are beyond the Corporation's control, and the very large or indeterminate damages sought in some of these matters, an adverse outcome in one or more of these matters could be material to the Corporation's results of operations or liquidity for any particular reporting period.

Ambac Bond Insurance Litigation

Ambac Assurance Corporation and the Segregated Account of Ambac Assurance Corporation (together, Ambac) have filed five separate lawsuits against the Corporation and its subsidiaries relating to bond insurance policies Ambac provided on certain securitized pools of HELOCs, first-lien subprime home equity loans, fixed-rate second-lien mortgage loans and negative amortization pay option adjustable-rate mortgage loans. Ambac alleges that they have paid or will pay claims as a result of defaults in the underlying loans and assert that the defendants misrepresented the characteristics of the underlying loans and/or breached certain contractual representations and warranties regarding the underwriting and servicing of the loans. In those actions where the Corporation is named as a defendant, Ambac contends the Corporation is liable on various successor and vicarious liability theories.

Ambac v. Countrywide I

The Corporation, Countrywide and other Countrywide entities are named as defendants in an action filed on September 29, 2010 in New York Supreme Court. Ambac asserts claims for fraudulent inducement as well as breach of contract and seeks damages in excess of \$2.2 billion, plus unspecified punitive damages.

On May 16, 2017, the First Department issued its decision on the parties' cross-appeals of the trial court's October 22, 2015 summary judgment rulings. Among other things, the First Department reversed on the applicability of New York insurance law to Ambac's common-law fraud claim, ruling that Ambac must prove all of the elements of its fraudulent inducement claim, including justifiable reliance and loss causation; reversed as to Ambac's remedy for its breach of contract claims, finding that Ambac's sole remedy is the repurchase protocol of cure, repurchases or substitution of any materially defective loan; affirmed the trial court's ruling that Ambac's compensatory damages claim was an impermissible request for rescissory damages; reversed the dismissal of Ambac's claim for reimbursement of claims payments, but affirmed the dismissal of Ambac's claim for reimbursements of attorneys' fees; and reversed as to the meaning of specific representations and warranties, ruling that disputed issues of fact precluded summary judgment. On July 25, 2017, the First Department granted Ambac's motion for leave to appeal to the Court of Appeals. That appeal is pending.

Ambac v. Countrywide II

On December 30, 2014, Ambac filed a complaint in New York Supreme Court against the same defendants, claiming fraudulent inducement against Countrywide, and successor and vicarious liability against the Corporation. Ambac claims damages in excess of \$600 million plus punitive damages. On December 19, 2016, the Court granted in part and denied in part Countrywide's motion to dismiss the complaint.

Ambac v. Countrywide III

On December 30, 2014, Ambac filed an action in Wisconsin state court against Countrywide. The complaint seeks damages in excess of \$350 million plus punitive damages. Countrywide has challenged the Wisconsin courts' jurisdiction over it. Following a ruling by the lower court that jurisdiction did not exist, the Wisconsin Court of Appeals reversed. On June 30, 2017, the Wisconsin Supreme Court reversed the decision of the Wisconsin Court of Appeals and held that Countrywide did not consent to the jurisdiction of the Wisconsin courts and remanded the case to the Court of Appeals for further consideration of whether specific jurisdiction exists. On December 14, 2017, the Wisconsin Court of Appeals ruled that specific jurisdiction over Countrywide does not exist for this matter. On January 16, 2018, Ambac asked the Wisconsin Supreme Court to review the decision of the Court of Appeals.

155 Bank of America 2017

Ambac v. Countrywide IV

On July 21, 2015, Ambac filed an action in New York Supreme Court against Countrywide asserting the same claims for fraudulent inducement that Ambac asserted in

Ambac v. Countrywide III. Ambac simultaneously moved to stay the action pending resolution of its appeal in Ambac v. Countrywide III. Countrywide moved to dismiss the complaint. On September 20, 2016, the Court granted Ambac's motion to stay the action pending resolution of Ambac v. Countrywide III.

Ambac v. First Franklin

On April 16, 2012, Ambac filed an action against BANA, First Franklin and various Merrill Lynch entities, including Merrill Lynch, Pierce, Fenner & Smith Incorporated (MLPF&S) in New York Supreme Court relating to guaranty insurance Ambac provided on a First Franklin securitization sponsored by Merrill Lynch. The complaint alleges fraudulent inducement and breach of contract, including breach of contract claims against BANA based upon its servicing of the loans in the securitization. The complaint alleges that Ambac has paid hundreds of millions of dollars in claims and has accrued and continues to accrue tens of millions of dollars in additional claims. Ambac seeks as damages the total claims it has paid and its projected future claims payment obligations, as well as specific performance of defendants' contractual repurchase obligations.

ATM Access Fee Litigation

On January 10, 2012, a putative consumer class action was filed in U.S. District Court for the District of Columbia against Visa, Inc., MasterCard, Inc. and several financial institutions, including the Corporation and BANA alleging that surcharges paid at financial institution ATMs are artificially inflated by Visa and MasterCard rules and regulations. The network rules are alleged to be the product of a conspiracy between visa, MasterCard and financial institutions in violation of Section 1 of the Sherman Act. Plaintiffs seek compensatory and treble damages and injunctive relief.

On February 13, 2013, the District Court granted defendants' motion to dismiss. On August 4, 2015, the U.S. Court of Appeals for the District of Columbia Circuit vacated the District Court's decision and remanded the case to the District Court, where proceedings have resumed.

Deposit Insurance Assessment

On January 9, 2017, the FDIC filed suit against BANA in U.S. District Court for the District of Columbia alleging failure to pay a December 15, 2016 invoice for additional deposit insurance assessments and interest in the amount of \$542 million for the quarters ending

June 30, 2013 through December 31, 2014. On April 7, 2017, the FDIC amended its complaint to add a claim for additional deposit insurance and interest in the amount of \$583 million for the quarters ending March 31, 2012 through March 31, 2013. The FDIC asserts these claims based on BANA's alleged underreporting of counterparty exposures that resulted in underpayment of assessments for those quarters. BANA disagrees with the FDIC's interpretation of the regulations as they existed during the relevant time period and is defending itself against the FDIC's claims. Pending final resolution, BANA has pledged security satisfactory to the FDIC related to the disputed additional assessment amounts.

Interchange and Related Litigation

In 2005, a group of merchants filed a series of putative class actions and individual actions directed at interchange fees associated with Visa and MasterCard payment card transactions. These actions, which were consolidated in the U.S. District Court for the Eastern District of New York under the caption In re Payment Card Interchange Fee and Merchant Discount Anti-Trust Litigation (Interchange), named Visa, MasterCard and several banks and bank holding companies, including the Corporation, as defendants. Plaintiffs allege that defendants conspired to fix the level of default interchange rates and that certain rules of Visa and MasterCard were unreasonable restraints of trade. Plaintiffs sought compensatory and treble damages and injunctive relief.

On October 19, 2012, defendants reached a proposed settlement that would have provided for, among other things, (i) payments by defendants to the class and individual plaintiffs totaling approximately \$6.6 billion, allocated to each defendant based upon various loss-sharing agreements; (ii) distribution to class merchants of an amount equal to 10 basis points (bps) of default interchange across all Visa and MasterCard credit card transactions; and (iii) modifications to certain Visa and MasterCard rules. Although the District Court approved the class settlement agreement, the U.S. Court of Appeals for the Second Circuit reversed the decision on appeal. The Interchange class case was remanded to the District Court, where proceedings have resumed.

In addition to the class actions, a number of merchants filed individual actions against the defendants. The Corporation was named as a defendant in one such individual action. In addition, a number of individual actions were filed that do not name the Corporation as a defendant. As a result of various loss-sharing agreements, however, the Corporation remains liable for any settlement or judgment in these individual suits where it is not named as a defendant.

LIBOR, Other Reference Rates, Foreign Exchange (FX) and Bond Trading Matters

Government authorities in the U.S. and various international jurisdictions continue to conduct investigations, to make inquiries of, and to pursue proceedings against, a significant number of FX market participants, including the Corporation, regarding FX market participants' conduct and systems and controls. Government authorities also continue to conduct investigations concerning conduct and systems and controls of panel banks in connection with the setting of other reference rates as well as the trading of government, sovereign, supranational and agency bonds. The Corporation is responding to and cooperating with these proceedings and investigations.

In addition, the Corporation, BANA and certain Merrill Lynch entities have been named as defendants along with most of the other LIBOR panel banks in a number of individual and putative class actions by persons alleging they sustained losses on U.S. dollar LIBOR-based financial instruments as a result of collusion or manipulation by defendants regarding the setting of U.S. dollar LIBOR. Plaintiffs assert a variety of claims, including antitrust, Commodity Exchange Act (CEA), Racketeer Influenced and Corrupt Organizations (RICO), Securities Exchange Act of 1934 (Exchange Act), common law fraud and breach of contract claims, and seek compensatory, treble and punitive damages, and injunctive relief. All cases naming the Corporation and its affiliates relating to U.S. dollar LIBOR have been consolidated for pre-trial purposes in the U.S. District Court for the Southern District of New York.

In a series of rulings beginning in March 2013, the District Court dismissed antitrust, RICO, Exchange Act and certain state law claims, dismissed all manipulation claims based on alleged trader conduct as to the Corporation and BANA, and substantially limited the scope of CEA and various other claims. On May 23, 2016, the U.S. Court of Appeals for the Second Circuit reversed the District Court's dismissal of the antitrust claims and remanded for further proceedings in the District Court, and on December 20, 2016, the District Court again dismissed certain plaintiffs' antitrust claims in their entirety and substantially limited the scope of the remaining antitrust claims.

Certain antitrust, CEA and state law claims remain pending in the District Court against the Corporation, BANA and certain Merrill Lynch entities, and the Court is continuing to consider motions regarding them. Plaintiffs whose antitrust. Exchange Act and/or state law claims were previously dismissed by the District Court are pursuing appeals in the Second Circuit.

in addition, the Corporation, BANA and MLPF&S were named as defendants along with other FX market participants in a putative class action filed in the U.S. District Court for the Southern District of New York, in which plaintiffs allege that they sustained losses as a result of the defendants' alleged conspiracy to manipulate the prices of over-the-counter FX transactions and FX transactions on an exchange. Plaintiffs assert antitrust claims and claims for violations of the CEA and seek compensatory and treble damages, as well as declaratory and injunctive relief. On October 1, 2015, the Corporation, BANA and MLPF&S executed a final settlement agreement, in which they agreed to pay \$187.5 million to settle the litigation. The settlement is subject to final District Court approval.

Mortgage-backed Securities Litigation

The Corporation and its affiliates, Countrywide entities and their affiliates, and Merrill Lynch entities and their affiliates have been named as defendants in cases relating to their various roles in MBS offerings and, in certain instances, have received claims for contractual indemnification related to the MBS securities actions. Plaintiffs in these cases generally sought unspecified compensatory and/or rescissory damages, unspecified costs and legal fees and generally alleged false and misleading statements. The indemnification claims include claims from underwriters of MBS that were issued by these entities, and from underwriters and issuers of MBS backed by loans originated by these entities.

Mortgage Repurchase Litigation

U.S. Bank - Harborview Repurchase Litigation

On August 29, 2011, U.S. Bank, National Association (U.S. Bank), as trustee for the Harborview Mortgage Loan Trust 2005-10 (the Trust), a mortgage pool backed by loans originated by Countrywide Home Loans, Inc. (CHL), filed a complaint in New York Supreme Court, in a case entitled U.S. Bank National Association, as Trustee for Harborview Mortgage Loan Trust, Series 2005-10 v. Countrywide Home Loans, Inc. (dba Bank of America Home Loans), Bank of America Corporation, Countrywide Financial Corporation, Bank of America, N.A. and NB Holdings Corporation, alleging breaches of representations and warranties. This litigation has been stayed since March 23, 2017,

pending finalization of the settlement discussed below.

On December 5, 2016, the defendants and certain certificate-holders in the Trust agreed to settle the litigation in an amount not material to the Corporation, subject to acceptance by U.S. Bank. U.S. Bank has initiated a trust instruction proceeding in Minnesota state court relating to the proposed settlement, and that proceeding is ongoing.

U.S. Bank - SURF/OWNIT Repurchase Litigation

On August 29, 2014 and September 2, 2014, U.S. Bank, solely in its capacity as Trustee for seven securitization trusts (the Trusts), served seven summonses with notice commencing actions against First Franklin Financial Corporation, Merrill Lynch Mortgage Lending, Inc., Merrill Lynch Mortgage Investors, Inc. (MLMI) and Ownit Mortgage Solutions Inc. in New York Supreme Court. The summonses advance breach of contract claims alleging that defendants breached representations and warranties related to loans securitized in the Trusts. The summonses allege that defendants failed to repurchase breaching mortgage loans from the Trusts, and seek specific performance of defendants' alleged obligation to repurchase breaching loans, declaratory judgment, compensatory, rescissory and other damages, and indemnity.

On February 25, 2015 and March 11, 2015, U.S. Bank served complaints regarding four of the seven Trusts. On December 7, 2015, the Court granted in part and denied in part defendants' motion to dismiss the complaints. The Court dismissed claims for breach of representations and warranties against MLMI, dismissed U.S. Bank's claims for indemnity and attorneys' fees, and deferred a ruling regarding defendants' alleged failure to provide notice of alleged representations and warranties breaches, but upheld the complaints in all other respects. On December 28, 2016, U.S. Bank filed a complaint with respect to a fifth Trust.

LITIGATION AND REGULATORY MATTERS - BANK OF AMERICA CORPORATION

2018 FIRST QUARTER FORM 10-Q

Litigation and Regulatory Matters

The following supplements the disclosure in Note 12 -Commitments and Contingencies to the Consolidated Financial Statements of the Corporation's 2017 Annual Report on Form 10-K (the prior commitments and contingencies disclosure).

In the ordinary course of business, the Corporation and its subsidiaries are routinely defendants in or parties to many pending and threatened legal, regulatory and governmental actions and proceedings. In view of the inherent difficulty of predicting the outcome of such matters, particularly where the claimants seek very large or indeterminate damages or where the matters present novel legal theories or involve a large number of parties, the Corporation generally cannot predict what the eventual outcome of the matters will be, what the timing of the ultimate resolution of these matters will be, or what the expense, eventual loss, fines or penalties related to each matter may be.

The Corporation establishes an accrued liability when those matters present loss contingencies that are both probable and estimable. In such cases, there may be an exposure to loss in excess of any amounts accrued. As a matter develops, the Corporation, in conjunction with any outside counsel handling the matter, evaluates on an ongoing basis whether such matter presents a loss contingency that is probable and estimable. Once the loss contingency is deemed to be both probable and estimable, the Corporation will establish an accrued liability and record a corresponding amount of litigation-related expense. The Corporation continues to monitor the matter for further developments that could affect the amount of the accrued liability that has been previously established. Excluding expenses of internal and external legal service providers, litigation-related expense of \$116 million and \$274 million was recognized for the three months ended March 31, 2018 and 2017.

For a limited number of the matters disclosed in the prior commitments and contingencies disclosure, for which a loss, whether in excess of a related accrued liability or where there is no accrued liability, is reasonably possible in future periods, the Corporation is able to estimate a range of possible loss. In determining whether it is possible to estimate a range of possible loss, the Corporation reviews and evaluates its matters on an ongoing basis, in conjunction with any outside counsel handling the matter, in light of potentially relevant factual and legal developments, in cases in which the Corporation possesses sufficient appropriate information to estimate a range of possible loss, that estimate is aggregated and disclosed below. There may be other previously disclosed matters for which a loss is probable or reasonably possible but such an estimate of the range of possible loss may not be possible. For those matters where an estimate of the range of possible loss is reasonably possible, management currently estimates the aggregate range of possible loss is \$0 to \$1.2 billion in excess of the accrued liability (if any) related to those matters. This estimated range of possible loss is based upon currently available information and is subject to significant judgment and a variety of assumptions, and known and unknown uncertainties. The matters underlying the estimated range will change from time to time, and actual results may vary significantly from the current estimate. Therefore, this estimated range of possible loss represents what the Corporation believes to be an estimate of possible loss only for certain matters meeting these criteria. It does not represent the Corporation's maximum loss exposure.

Information has been provided below or in the prior commitments and contingencies disclosure regarding the nature of all of these contingencies and, where specified, the amount of the claim associated with these loss contingencies. Based on current knowledge, management does not believe that loss contingencies arising from pending matters, including the matters described in the prior commitments and contingencies disclosure, will have a material adverse effect on the consolidated financial position or liquidity of the Corporation. However, in light of the inherent uncertainties involved in these matters, some of which are beyond the Corporation's control, and the very large or indeterminate damages sought in some of these matters, an adverse outcome in one or more of these matters could be material to the Corporation's results of operations or liquidity for any particular reporting period.

Ambac Bond Insurance Litigation

Ambac v. Countrywide III

On March 13,2018, the Wisconsin Supreme Court denied Ambac's petition for review.

Deposit Insurance Assessment

On March 27, 2018, the U.S. District Court for the District of Columbia denied BANA's partial motion to dismiss certain of the Federal Deposit Insurance Corporation's claims.

LIBOR, Other Reference Rates, Foreign Exchange (FX) and Bond Trading Matters

On February 23, 2018, the U.S. Court of Appeals for the- Second Circuit issued an opinion affirming in part and vacating in part the decision of the U.S. District Court for the Southern District of New York dismissing Securities Exchange Act and certain state law claims against the Corporation, BANA and other defendants.

On February 28, 2018, the District Court issued an opinion granting certification of a class of persons that purchased over-the-counter swaps and notes that referenced U.S. dollar LIBOR from one of the U.S. dollar LIBOR panel banks, limited to claims under Section 1 of the Sherman Act, and denying plaintiffs' class certification motions in other respects, including with respect to other putative classes. Requests to appeal those rulings are pending in the U.S. Court of Appeals for the Second Circuit.

Mortgage Appraisal Litigation

The Corporation and certain subsidiaries are named as defendants in two putative class action lawsuits filed in U.S. District Court for the Central District of California (Waldrup and Williams, et al.). In November 2016, the actions were consolidated for pre-trial purposes. Plaintiffs allege that in fulfilling orders made by Countrywide for residential mortgage appraisal services, a former Countrywide subsidiary, LandSafe Appraisal Services, Inc., arranged for and completed appraisals that were not in compliance with applicable laws and appraisal standards. Plaintiffs seek, among other forms of relief, compensatory and treble damages.

On February 8, 2018, the District Court granted plaintiffs' motion for class certification. Defendants' petition for permission to appeal that ruling to the U.S. Court of Appeals for the Ninth Circuit is pending.

Response to question 11 - Comments on Section V-B Further Certifications

V-B-l: This certification does not apply to the Disclosing Party as the Matter is not a contract being handled by the City's Department of Procurement Services.

>

V-B-2: The Disclosing Party certifies that it is not delinquent in the payment of any tax administered by the Illinois Department of Revenue, except for taxes that are being contested in good faith in applicable legal proceedings (whether judicial or administrative). Neither the Disclosing Party nor its Affiliated Entities are delinquent in paying any fine, fee, tax or other source of indebtedness owed to the City of Chicago ("Debts") except for Debts which are being contested in good faith in applicable legal proceedings and except for possible delinquencies in the ordinary course of business arising from: (i) property on which the Disclosing Party or its Affiliated Entities hold only a mortgage and do not own the underlying property; (ii) property of the Disclosing Party or its Affiliated Entities which is leased to others where such tenants bear the legal responsibility of payments to the City; (iii) property which the Disclosing Party or its Affiliated Entities have taken ownership of property through foreclosure or other delinquency proceedings; and (iv) property owned by the Disclosing Party or its Affiliated Entities as a trustee and fiduciary where the holder of the beneficial interest is responsible for payment of Debts.

Representatives and agents of the Disclosing Party and its Affiliated Entities meet with City representatives (or otherwise receive information) regularly to identify outstanding Debts duly payable by the Disclosing Party and its Affiliated Entities and any such Debts are settled accordingly.

V-B-3-b, c and e and V-B-5-a, b and c: The Disclosing Party is routinely involved in litigation in various state and federal courts. With an approximate headcount of 208,000, such a large business presence and a wide variety of activities subject to complex and extensive regulatory frameworks at the local, state, and federal levels, it is not possible for the Disclosing Party and its Affiliated Entities to perform due diligence across the full panoply of associates in preparing the Disclosing Party's response and it is possible that allegations or findings of civil or criminal liability, as well as the termination of one or more transactions for various reasons may have arisen and pertain to or be the subject of matters covered in these certifications. The Disclosing Party (including with respect to those persons identified in Section 11(B)(1) who are employed by the Disclosing Party) makes all required disclosures in the Forms 10-K, 10-Q and 8-K (filed by its parent corporation, the Bank of America Corporation, with the Securities and Exchange Commission) and in the Annual Report of its parent corporation as posted on its website. In addition, any registered broker-dealer and investment adviser subsidiaries or affiliates make all required disclosures in their Form BDs and filed with FINRA and their Form ADVs as filed with the SEC. These filings include disclosures of investigations and litigation as required by the securities regulatory organizations and federal law, and are publicly available (a copy of the "Litigation and Regulatory Matters" portions of the Form 10-K and 10-Q filed by the Disclosing Party's parent corporation for calendar year 2017 and for the first quarter of 2018 are attached). The Disclosing Party cannot confirm or deny the existence of any other non-public investigation conducted by any governmental agency unless required to do so by law. With respect to those persons identified in Section 11(B)(1) who are not employed by the Disclosing Party (such as independent directors), such persons are involved in a wide variety of business, charitable, social

and other activities and transactions independent of their activities on behalf of the Disclosing Party and the Disclosing Party cannot further certify. As for any unrelated Contractor, Affiliated Entity or such Contractors or Agents of either ("Unrelated Entities"), however, the Disclosing Party certifies that with respect to the Matter it has not and will not

knowingly hire, without disclosure to the City of Chicago, any Unrelated Entities who are unable to certify to such statements and the Disclosing Party cannot further certify as to the Unrelated Entities. It is the Disclosing Party's policy to diligently investigate any allegations relevant to the requested certifications, promptly resolve any allegations or findings and at all times comply in good faith with all applicable legal requirements.

V-B-3-d: The Disclosing Party performed due diligence within the Public Sector Banking and Markets Group of the Disclosing Party and/or its Affiliates ("Public Sector Group") to determine whether any Public Sector Group employees were aware of any public finance transactions (federal, state or local) having been terminated for cause or default within the last five years, and none of such employees were aware of any such transactions.

V-B-5: Please note that our responses are on behalf of the Disclosing Party and its Affiliated Entities only and not on behalf of any Contractors.

V-B-6: Disclosing Party certifies to this Statement. (Please see "Litigation and Regulatory Matters" attachments for potentially relevant additional information, if any)

Comment on Section V-B-12 Certification

V-B-12: None of the persons identified in Section 11(B)(1) of this EDS were employees, or elected or appointed officials of the City of Chicago during the period of May 16, 2017 through May 16, 2018. Disclosing Party is unaware of any additional employee having been a City of Chicago employee or elected or appointed official during the period of May 16, 2017 through May 16, 2018, but did not, for its new hires during the period previously described, collect data on immediately preceding employment by the City of Chicago or status of a new hire as an elected or appointed official of the City of Chicago.

Comment on Section V-d-4

V-D-4: The Disclosing Party certifies this statement as to itself but cannot fully provide the requested certification because the Disclosing Party does not have control over all means of a City official or employee's acquisition of a prohibited financial interest in the Matter.

LITIGATION AND REGULATORY MATTERS - BANK OF AMERICA CORPORATION

2017 FORM 10-K

Corporation has assessed the probability of making such payments in the future as remote.

Merchant Services

In accordance with credit and debit card association rules, the Corporation sponsors merchant processing servicers that process credit and debit card transactions on behalf of various merchants. In connection with these services, a liability may arise in the event of a billing dispute between the merchant and a cardholder that is ultimately resolved in the cardholder's favor. If the merchant defaults on its obligation to reimburse the cardholder, the cardholder, through its issuing bank, generally has until six months after the date of the transaction to present a chargeback to the merchant processor, which is primarily liable for any losses on covered transactions. However, if the merchant processor fails to meet its obligation to reimburse the cardholder for disputed transactions, then the Corporation, as the sponsor, could be held liable for the disputed amount. In 2017 and 2016, the sponsored entities processed and settled \$812.2 billion and \$731.4 billion of transactions and recorded losses of \$28 million and \$33 million. A significant portion of this activity was processed by a joint venture in which the Corporation holds a 49 percent ownership, which is recorded in other assets on the Consolidated Balance Sheet and in All Other. At both December 31, 2017 and 2016, the carrying value of the Corporation's investment in the merchant services joint venture was \$2.9 billion.

As of December 31, 2017 and 2016, the maximum potential exposure for sponsored transactions totaled \$346.4 billion and \$325.7 billion. However, the Corporation believes that the maximum potential exposure is not representative of the actual potential loss exposure and does not expect to make material payments in connection with these guarantees.

Exchange and Clearing House Member Guarantees

The Corporation is a member of various securities and derivative exchanges and clearinghouses, both in the U.S. and other countries. As a member, the Corporation may be required to pay a pro-rata share of the losses incurred by some of these organizations as a result of another member default and under other loss scenarios. The Corporation's potential obligations may be limited to its membership interests in such exchanges and clearinghouses, to the amount (or multiple) of the Corporation's contribution to the guarantee fund or, in limited instances, to the full pro-rata share of the residual losses after applying the guarantee fund. The Corporation's maximum potential exposure under these membership agreements is difficult to estimate; however, the potential for the Corporation to be required to make these payments is remote.

Prime Brokerage and Securities Clearing Services

In connection with its prime brokerage and clearing businesses, the Corporation performs securities clearance and settlement services with other brokerage firms and clearinghouses on behalf of its clients. Under these arrangements, the Corporation stands ready to meet the obligations of its clients with respect to securities transactions. The Corporation's obligations in this respect are secured by the assets in the clients' accounts and the accounts of their customers as well as by any proceeds received from the transactions cleared and settled by the firm on behalf of clients or their customers. The Corporation's maximum potential exposure under these arrangements is difficult to estimate; however, the potential for the Corporation to incur material losses pursuant to these arrangements is remote.

Other Guarantees

The Corporation has entered into additional guarantee agreements and commitments, including sold risk participation swaps, liquidity facilities, lease-end obligation agreements, partial credit guarantees on certain leases, real estate joint venture guarantees, divested business commitments and sold put options that require gross settlement. The maximum potential future payment under these agreements was approximately \$5.9 billion and \$6.7 billion at December 31, 2017 and 2016. The estimated maturity dates of these obligations extend up to 2040. The Corporation has made no material payments under these guarantees.

In the normal course of business, the Corporation periodically guarantees the obligations of its affiliates in a variety of transactions including ISDA-related transactions and non-ISDA related transactions such as commodities trading, repurchase agreements, prime brokerage agreements and other transactions.

Payment Protection Insurance Claims Matter

On June 1, 2017, the Corporation sold its non-U.S. consumer credit card business. Included in the calculation of the gain on sale, the Corporation recorded an obligation to indemnify the purchaser for substantially all PPI exposure above reserves assumed by the purchaser.

Litigation and Regulatory Matters

In the ordinary course of business, the Corporation and its subsidiaries are routinely defendants in or parties to many pending and threatened legal, regulatory and governmental actions and proceedings.

In view of the inherent difficulty of predicting the outcome of such matters, particularly where the claimants seek very large or indeterminate damages or where the matters present novel legal theories or involve a large number of parties, the Corporation generally cannot predict what the eventual outcome of the pending matters will be, what the timing of the ultimate resolution of these matters will be, or what the eventual loss, fines or penalties related to each pending matter may be.

In accordance with applicable accounting guidance, the Corporation establishes an accrued liability when those matters present loss contingencies that are both probable and estimable. In such cases, there may be an exposure to loss in excess of any amounts accrued. As a matter develops, the Corporation, in conjunction with any outside counsel handling the matter, evaluates on an ongoing basis whether such matter presents a loss contingency that is probable and estimable. Once the loss contingency is deemed to be both probable and estimable, the Corporation will establish an accrued liability and record a corresponding amount of litigation-related expense. The Corporation continues to monitor the matter for further developments that could affect the amount of the accrued liability that has been previously established. Excluding expenses of internal and external legal service providers, litigation-related expense of \$753 million was recognized for 2017 compared to \$1.2 billion for 2016.

Bank of America 2017 154

For a limited number of the matters disclosed in this Note, for which a loss, whether in excess of a related accrued liability or where there is no accrued liability, is reasonably possible in future periods, the Corporation is able to estimate a range of possible loss. In determining whether it is possible to estimate a range of possible loss, the Corporation reviews and evaluates its matters on an ongoing basis, in conjunction with any outside counsel handling the matter, in light of potentially relevant factual and legal developments. In cases in which the Corporation possesses sufficient appropriate information to estimate a range of possible loss, that estimate is aggregated and disclosed below. There may be other disclosed matters for which a loss is probable or reasonably possible but such an estimate of the range of possible loss may not be possible. For those matters where an estimate of the range of possible loss is possible, management currently estimates the aggregate range of possible loss is \$0 to \$1.3 billion in excess of the accrued liability (if any) related to those matters. This estimated range of possible loss is based upon currently available information and is subject to significant judgment and a variety of assumptions, and known and unknown uncertainties. The matters underlying the estimated range will change from time to time, and actual results may vary significantly from the current estimate. Therefore, this estimated range of possible loss represents what the Corporation believes to be an estimate of possible loss only for certain matters meeting these criteria. It does not represent the Corporation's maximum loss exposure.

Information is provided below regarding the nature of all of these contingencies and, where specified, the amount of the claim associated with these loss contingencies. Based on current knowledge, management does hot believe that loss contingencies arising from pending matters, including the matters described herein will have a material adverse effect on the consolidated financial position or liquidity of the Corporation. However, in light of the inherent uncertainties involved in these matters, some of which are beyond the Corporation's control, and the very large or indeterminate damages sought in some of these matters, an adverse outcome in one or more of these matters could be material to the Corporation's results of operations or liquidity for any particular reporting period.

Ambac Bond Insurance Litigation

Ambac Assurance Corporation and the Segregated Account of Ambac Assurance Corporation (together, Ambac) have filed five separate lawsuits against the Corporation and its subsidiaries relating to bond insurance policies Ambac provided on certain securitized pools of HELOCs, first-lien subprime home equity loans, fixed-rate second-lien mortgage loans and negative amortization pay option adjustable-rate mortgage loans. Ambac alleges that they have paid or will pay claims as a result of defaults in the underlying loans and assert that the defendants misrepresented the characteristics of the underlying loans and/or breached certain contractual representations and warranties regarding the underwriting and servicing of the loans. In those actions where the Corporation is named as a defendant, Ambac contends the Corporation is liable on various successor and vicarious liability theories.

Ambac v. Countrywide /

The Corporation, Countrywide and other Countrywide entities are named as defendants in an action filed on September 29, 2010 in New York Supreme Court. Ambac asserts claims for fraudulent inducement as well as breach of contract and seeks damages in excess of \$2.2 billion, plus unspecified punitive damages.

On May 16, 2017, the First Department issued its decision on the parties' cross-appeals of the trial court's October 22, 2015 summary judgment rulings. Among other things, the First Department reversed on the applicability of New York insurance law to Ambac's common-law fraud claim, ruling that Ambac must prove all of the elements of its fraudulent inducement claim, including justifiable reliance and loss causation; reversed as to Ambac's remedy for its breach of contract claims, finding that Ambac's sole remedy is the repurchase protocol of cure, repurchases or substitution of any materially defective loan; affirmed the trial court's ruling that Ambac's compensatory damages claim was an impermissible request for rescissory damages; reversed the dismissal of Ambac's claim for reimbursements of attorneys' fees; and reversed as to the meaning of specific representations and warranties, ruling that disputed issues of fact precluded summary judgment. On July 25, 2017, the First Department granted Ambac's motion for leave to appeal to the Court of Appeals. That appeal is pending.

Ambac v. Countrywide II

On December 30, 2014, Ambac filed a complaint in New York Supreme Court against the same defendants, claiming fraudulent inducement against Countrywide, and successor and vicarious liability against the Corporation. Ambac claims damages in excess of \$600 million plus punitive damages. On December 19, 2016, the Court granted in part and denied in part Countrywide's motion to dismiss the complaint.

Ambac v. Countrywide III

On December 30, 2014, Ambac filed an action in Wisconsin state court against Countrywide. The complaint seeks damages in excess of \$350 million plus punitive damages. Countrywide has challenged the Wisconsin courts' jurisdiction over it. Following a ruling by the lower court that jurisdiction did not exist, the Wisconsin Court of Appeals reversed. On June 30, 2017. the Wisconsin Supreme Court reversed the decision of the Wisconsin Court of Appeals and held that Countrywide did not consent to the jurisdiction of the Wisconsin courts and remanded the case to the Court of Appeals for further consideration of whether specific jurisdiction exists. On December 14, 2017, the Wisconsin Court of Appeals ruled that specific jurisdiction over Countrywide does not exist for this matter. On January 16, 2018, Ambac asked the Wisconsin Supreme Court to review the decision of the Court of Appeals.

Bank of America 2017

Ambac v. Countrywide N

On July 21, 2015, Ambac filed an action in New York Supreme Court against Countrywide asserting the same claims for fraudulent inducement that Ambac asserted in Ambac v. Countrywide III. Ambac simultaneously moved to stay the action pending resolution of its appeal in Ambac v. Countrywide III. Countrywide moved to dismiss the complaint. On September 20, 2016, the Court granted Ambac's motion to stay the action pending resolution of Ambac v. Countrywide III.

Ambac v. First Franklin

On April 16, 2012, Ambac filed an action against BANA, First Franklin and various Merrill Lynch entities, including Merrill Lynch, Pierce, Fenner & Smith Incorporated (MLPF&S) in New York Supreme Court relating to guaranty insurance Ambac provided on a First Franklin securitization sponsored by Merrill Lynch. The complaint alleges fraudulent inducement and breach of contract, including breach of contract claims against BANA based upon its servicing of the loans in the securitization. The complaint alleges that Ambac has paid hundreds of millions of dollars in claims and has accrued and continues to accrue tens of millions of dollars in additional claims. Ambac seeks as damages the total claims it has paid and its projected future claims payment obligations, as well as specific performance of defendants' contractual repurchase obligations.

ATM Access Fee Litigation

On January 10, 2012, a putative consumer class action was filed in U.S. District Court for the District of Columbia against Visa, Inc., MasterCard, Inc. and several financial institutions, including the Corporation and BANA alleging that surcharges paid at financial institution ATMs are artificially inflated by Visa and MasterCard rules and regulations. The network rules are alleged to be the product of a conspiracy between Visa, MasterCard and financial institutions in violation of Section 1 of the Sherman Act. Plaintiffs seek compensatory and treble damages and injunctive relief.

On February 13, 2013, the District Court granted defendants' motion to dismiss. On August 4, 2015, the U.S. Court of Appeals for the District of Columbia Circuit vacated the District Court's decision and remanded the case to the District Court, where proceedings have resumed.

Deposit Insurance Assessment

On January 9, 2017, the FDIC filed suit against BANA in U.S. District Court for the District of Columbia alleging failure to pay a December 15, 2016 invoice for additional deposit insurance assessments and interest in the amount of \$542 million for the quarters ending

June 30, 2013 through December 31, 2014. On April 7, 2017, the FDIC amended its complaint to add a claim for additional deposit insurance and interest in the amount of \$583 million for the quarters ending March 31, 2012 through March 31, 2013. The FDIC asserts these claims based on BANA's alleged underreporting of counterparty exposures that resulted in underpayment of assessments for those quarters. BANA disagrees with the FDIC's interpretation of the regulations as they existed during the relevant time period and is defending itself against the FDIC's claims. Pending final resolution, BANA has pledged security satisfactory to the FDIC related to the disputed additional assessment amounts.

Interchange and Related Litigation

In 2005, a group of merchants filed a series of putative class actions and individual actions directed at interchange fees associated with Visa and MasterCard payment card transactions. These actions, which were consolidated in the U.S. District Court for the Eastern District of New York under the caption In re Payment Card Interchange Fee and Merchant Discount Anti-Trust Litigation (Interchange), named Visa, MasterCard and several banks and bank holding companies, including the Corporation, as defendants. Plaintiffs allege that defendants conspired to fix the level of default interchange rates and that certain rules of Visa and MasterCard were unreasonable restraints of trade. Plaintiffs sought compensatory and treble damages and injunctive relief.

On October 19, 2012, defendants reached a proposed settlement that would have provided for, among other things, (i) payments by defendants to the class and individual plaintiffs totaling approximately \$6.6 billion, allocated to each defendant based upon various loss-sharing agreements; (ii) distribution to class merchants of an amount equal to 10 basis points (bps) of default interchange across all Visa and MasterCard credit card transactions; and (iii) modifications to certain Visa and MasterCard rules. Although the District Court approved the class settlement agreement, the U.S. Court of Appeals for the Second Circuit reversed the decision on appeal. The Interchange class case was remanded to the District Court, where proceedings have resumed.

In addition to the class actions, a number of merchants filed individual actions against the defendants. The Corporation was named as a defendant in one such individual action. In addition, a number of individual actions were filed that do not name the Corporation as a defendant. As a result of various loss-sharing agreements, however, the Corporation remains liable for any settlement or judgment in these individual suits where it is not named as a defendant.

LIBOR, Other Reference Rates, Foreign Exchange (FX) and Bond Trading Matters

Government authorities in the U.S. and various international jurisdictions continue to conduct investigations, to make inquiries of, and to pursue proceedings against, a significant number of FX market participants, including the Corporation, regarding FX market participants' conduct and systems and controls. Government authorities also continue to conduct investigations concerning conduct and systems and controls of panel banks in connection with the setting of other reference rates as well as the trading of government, sovereign, supranational and agency bonds. The Corporation is responding to and cooperating with these proceedings and investigations.

In addition, the Corporation, BANA and certain Merrill Lynch entities have been named as defendants along with most of the other LIBOR panel banks in a number of individual and putative class actions by persons alleging they sustained losses on U.S. dollar LIBOR-based financial instruments as a result of collusion or manipulation by defendants regarding the setting of U.S. dollar LIBOR. Plaintiffs assert a variety of claims, including antitrust, Commodity Exchange Act (CEA), Racketeer Influenced and Corrupt Organizations (RICO), Securities Exchange Act of 1934 (Exchange Act), common law fraud and breach of contract claims, and seek compensatory, treble and punitive damages, and injunctive relief. All cases naming the Corporation and its affiliates relating to U.S. dollar LIBOR have been consolidated for pre-trial purposes in the U.S. District Court for the Southern District of New York.

In a series of rulings beginning in March 2013, the District Court dismissed antitrust, RICO, Exchange Act and certain state law claims, dismissed all manipulation claims based on alleged trader conduct as to the Corporation and BANA, and substantially limited the scope of CEA and various other claims. On May 23, 2016, the U.S. Court of Appeals for the Second Circuit reversed the District Court's dismissal of the antitrust claims and remanded for further proceedings in the District Court, and on December 20, 2016, the District Court again dismissed certain plaintiffs' antitrust claims in their entirety and substantially limited the scope of the remaining antitrust claims.

Certain antitrust, CEA and state law claims remain pending in the District Court against the Corporation, BANA and certain Merrill Lynch entities, and the Court is continuing to consider motions regarding them. Plaintiffs whose antitrust, Exchange Act and/or state law claims were previously dismissed by the District Court are pursuing appeals in the Second Circuit

In addition, the Corporation, BANA and MLPF&S were named as defendants along with other FX market participants in a putative class action filed in the U.S. District Court for the Southern District of New York, in which plaintiffs allege that they sustained losses as a result of the defendants' alleged conspiracy to manipulate the prices of over-the-counter FX transactions and FX transactions on an exchange. Plaintiffs assert antitrust claims and claims for violations of the CEA and seek compensatory and treble damages, as well as declaratory and injunctive relief. On October 1, 2015, the Corporation, BANA and MLPF&S executed a final settlement agreement, in which they agreed to pay \$187.5 million to settle the litigation. The settlement is subject to final District Court approval.

Mortgage-backed Securities Litigation

The Corporation and its affiliates, Countrywide entities and their affiliates, and Merrill Lynch entities and their affiliates have been named as defendants in cases relating to their various roles in MBS offerings and, in certain instances, have received claims for contractual indemnification related to the MBS securities actions. Plaintiffs in these cases generally sought unspecified compensatory and/or rescissory damages, unspecified costs and legal fees and generally alleged false and misleading statements. The indemnification claims include claims from underwriters of MBS that were issued by these entities, and from underwriters and issuers of MBS backed by loans originated by these entities.

Mortgage Repurchase Litigation

U.S. Sank - Harborview Repurchase Litigation

On August 29, 2011, U.S. Bank, National Association (U.S. Bank), as trustee for the Harborview Mortgage Loan Trust 2005-10 (the Trust), a mortgage pool backed by loans originated by Countrywide Home Loans, Inc. (CHL), filed a complaint in New York Supreme Court, in a case entitled U.S. Bank National Association, as Trustee for Harborview Mortgage Loan Trust, Series 2005-10 v. Countrywide Home Loans, Inc. (dba Bank of America Home Loans), Bank of America Corporation, Countrywide Financial Corporation, Bank of America, NA and NB Holdings Corporation, alleging breaches of representations and warranties. This litigation has been stayed since March 23, 2017, pending finalization of the settlement discussed below.

On December 5, 2016, the defendants and certain certificate-holders in the Trust agreed to settle the litigation in an amount not material to the Corporation, subject to acceptance by U.S. Bank. U.S. Bank has initiated a trust instruction proceeding in Minnesota state court relating to the proposed settlement, and that proceeding is ongoing.

US. Bank-SURF/OWNIT Repurchase Litigation

On August 29, 2014 and September 2, 2014, U.S. Bank, solely in its capacity as Trustee for seven securitization trusts (the Trusts), served seven summonses with notice commencing actions against First Franklin Financial Corporation, Merrill Lynch Mortgage Lending, Inc., Merrill Lynch Mortgage Investors, Inc. (MLMI) and Ownit Mortgage Solutions Inc. in New York Supreme Court. The summonses advance breach of contract claims alleging that defendants breached representations and warranties related to loans securitized in the Trusts. The summonses allege that defendants failed to repurchase breaching mortgage loans from the Trusts, and seek specific performance of defendants' alleged obligation to repurchase breaching loans, declaratory judgment, compensatory, rescissory and other damages, and indemnity.

On February 25, 2015 and March 11, 2015, U.S. Bank served complaints regarding four of the seven Trusts. On December 7, 2015, the Court granted in part and denied in part defendants' motion to dismiss the complaints. The Court dismissed claims for breach of representations and warranties against MLMI, dismissed U.S. Bank's claims for indemnity and attorneys' fees, and deferred a ruling regarding defendants' alleged failure to provide notice of alleged representations and warranties breaches, but upheld the complaints in all other respects. On December 28, 2016, U.S. Bank filed a complaint with respect to a fifth Trust.

LITIGATION AND REGULATORY MATTERS - BANK OF AMERICA CORPORATION

2017 FIRST QUARTER FORM 10-Q

Litigation and Regulatory Matters

The following supplements the disclosure in Note 12 -Commitments and Contingencies to the Consolidated Financial Statements of the Corporation's 2017 Annual Report on Form 10-K (the prior commitments and contingencies disclosure).

In the ordinary course of business, the Corporation and its subsidiaries are routinely defendants in or parties to many pending and threatened legal, regulatory and governmental actions and proceedings. In view of the inherent difficulty of predicting the outcome of such matters, particularly where the claimants seek very large or indeterminate damages or where the matters present novel legal theories or involve a large number of parties, the Corporation generally cannot predict what the eventual outcome of the matters will be, what the timing of the ultimate resolution of these matters will be, or what the expense, eventual loss, fines or penalties related to each matter may be.

The Corporation establishes an accrued liability when those matters present loss contingencies that are both probable and estimable. In such cases, there may be an exposure to loss in excess of any amounts accrued. As a matter develops, the Corporation, in conjunction with any outside counsel handling the matter, evaluates on an ongoing basis whether such matter presents a loss contingency that is probable and estimable. Once the loss contingency is deemed to be both probable and estimable, the Corporation will establish an accrued liability and record a corresponding amount of litigation-related expense. The Corporation continues to monitor the matter for further developments that could affect the amount of the accrued liability that has been previously established. Excluding expenses of internal and external legal service providers, litigation-related expense of \$116 million and \$274 million was recognized for the three months ended March 31, 2018 and 2017.

For a limited number of the matters disclosed in the prior commitments and contingencies disclosure, for which a loss, whether in excess of a related accrued liability or where there is no accrued liability, is reasonably possible in future periods, the Corporation is able to estimate a range of possible loss. In determining whether it is possible to estimate a range of possible loss, the Corporation reviews and evaluates its matters on an ongoing basis, in conjunction with any outside counsel handling the matter, in light of potentially relevant factual and legal developments. In cases in which the Corporation possesses sufficient appropriate information to estimate a range of possible loss, that estimate is aggregated and disclosed below. There may be other previously disclosed matters for which a loss is probable or reasonably possible but such an estimate of the range of possible loss may not be possible. For those matters where an estimate of the range of possible loss is reasonably possible, management currently estimates the aggregate range of possible loss is \$0 to \$1.2 billion in excess of the accrued liability (if any) related to those matters. This estimated range of possible loss is based upon currently available information and is subject to significant judgment and a variety of assumptions, and known and unknown uncertainties. The matters underlying the estimated range will change from time to time, and actual results may vary significantly from the current estimate. Therefore, this estimated range of possible loss represents what the Corporation believes to be an estimate of possible loss only for certain matters meeting these criteria. It does not represent the Corporation's maximum loss exposure.

Information has been provided below or in the prior commitments and contingencies disclosure regarding the nature of all of these contingencies and, where specified, the amount of the claim associated with these loss contingencies. Based on current knowledge, management does not believe that loss contingencies arising from pending matters, including the matters described in the prior commitments and contingencies disclosure, will have a material adverse effect on the consolidated financial position or liquidity of the Corporation. However, in light of the inherent uncertainties involved in these matters, some of which are beyond the Corporation's control, and the very large or indeterminate damages sought in some of these matters, an adverse outcome in one or more of these matters could be material to the Corporation's results of operations or liquidity for any particular reporting period.

Ambac Bond Insurance Litigation

Ambac v. Countrywide III

On March 13,2018, the Wisconsin Supreme Court denied Ambac's petition for review.

Deposit Insurance Assessment

On March 27, 2018, the U.S. District Court for the District of Columbia denied BANA's partial motion to dismiss certain of the Federal Deposit Insurance Corporation's claims.

LIBOR, Other Reference Rates, Foreign Exchange (FX) and Bond Trading Matters

On February 23, 2018, the U.S. Court of Appeals for the Second Circuit issued an opinion affirming in part and vacating in part the decision of the U.S. District Court for the Southern District of New York dismissing Securities Exchange Act and certain state law claims against the Corporation, BANA and other defendants.

On February 28, 2018, the District Court issued an opinion granting certification of a class of persons that purchased over-the-counter swaps and notes that referenced U.S. dollar LIBOR from one of the U.S. dollar LIBOR panel banks, limited to claims under Section 1 of the Sherman Act, and

denying plaintiffs' class certification motions in other respects, including with respect to other putative classes. Requests to appeal those rulings are pending in the U.S. Court of Appeals for the Second Circuit.

Mortgage Appraisal Litigation

The Corporation and certain subsidiaries are named as defendants in two putative class action lawsuits filed in U.S. District Court for the Central District of California (Waldrup and Williams, et al.). In November 2016, the actions were consolidated for pre-trial purposes. Plaintiffs allege that in fulfilling orders made by Countrywide for residential mortgage appraisal services, a former Countrywide subsidiary, LandSafe Appraisal Services, Inc., arranged for and completed appraisals that were not in compliance with applicable laws and appraisal standards. Plaintiffs seek, among other forms of relief, compensatory and treble damages.

On February 8, 2018, the District Court granted plaintiffs' motion for class certification. Defendants' petition for permission to appeal that ruling to the U.S. Court of Appeals for the Ninth Circuit is pending.

Response to question 11 - Comments on Section V-B Further Certifications

V-B-l: This certification does not apply to the Disclosing Party as the Matter is not a contract being handled by the City's Department of Procurement Services.

V-B-2: The Disclosing Party certifies that it is not delinquent in the payment of any tax administered by the Illinois Department of Revenue, except for taxes that are being contested in good faith in applicable legal proceedings (whether judicial or administrative). Neither the Disclosing Party nor its Affiliated Entities are delinquent in paying any fine, fee, tax or other source of indebtedness owed to the City of Chicago ("Debts") except for Debts which are being contested in good faith in applicable legal proceedings and except for possible delinquencies in the ordinary course of business arising from: (i) property on which the Disclosing Party or its Affiliated Entities hold only a mortgage and do not own the underlying property; (ii) property of the Disclosing Party or its Affiliated Entities which is leased to others where such tenants bear the legal responsibility of payments to the City; (iii) property which the Disclosing Party or its Affiliated Entities have taken ownership of property through foreclosure or other delinquency proceedings; and (iv) property owned by the Disclosing Party or its Affiliated Entities as a trustee and fiduciary where the holder of the beneficial interest is responsible for payment of Debts.

Representatives and agents of the Disclosing Party and its Affiliated Entities meet with City representatives (or otherwise receive information) regularly to identify outstanding Debts duly payable by the Disclosing Party and its Affiliated Entities and any such Debts are settled accordingly.

V-B-3-b, c and e and V-B-5-a, b and c: The Disclosing Party is routinely involved in litigation in various state and federal courts. With an approximate headcount of 208,000, such a large business presence and a wide variety of activities subject to complex and extensive regulatory frameworks at the local, state, and federal levels, it is not possible for the Disclosing Party and its Affiliated Entities to perform due diligence across the full panoply of associates in preparing the Disclosing Party's response and it is possible that allegations or findings of civil or criminal liability, as well as the termination of one or more transactions for various reasons may have arisen and pertain to or be the subject of matters covered in these certifications. The Disclosing Party (including with respect to those persons identified in Section 11(B)(1) who are employed by the Disclosing Party) makes all required disclosures in the Forms 10-K, 10-Q and 8-K (filed by its parent corporation, the Bank of America Corporation, with the Securities and Exchange Commission) and in the Annual Report of its parent corporation as posted on its website. In addition, any registered broker-dealer and investment adviser subsidiaries or affiliates make all required disclosures in their Form BDs and filed with FINRA and their Form ADVs as filed with the SEC. These filings include disclosures of investigations and litigation as required by the securities regulatory organizations and federal law, and are publicly available (a copy of the "Litigation and Regulatory Matters" portions of the Form 10-K and 10-Q filed by the Disclosing Party's parent corporation for calendar year 2017 and for the first quarter of 2018 are attached). The Disclosing Party cannot confirm or deny the existence of any other non-public investigation conducted by any governmental agency unless required to do so by law. With respect to those persons identified in Section 11(B)(1) who are not employed by the Disclosing Party (such as independent directors), such

persons are involved in a wide variety of business, charitable, social

and other activities and transactions independent of their activities on behalf of the Disclosing Party and the Disclosing Party cannot further certify. As for any unrelated Contractor, Affiliated Entity or such Contractors or Agents of either ("Unrelated Entities"), however, the Disclosing Party certifies that with respect to the Matter it has not and will not knowingly hire, without disclosure to the City of Chicago, any Unrelated Entities who are unable to certify to such statements and the Disclosing Party cannot further certify as to the Unrelated Entities. It is the Disclosing Party's policy to diligently investigate any allegations relevant to the requested certifications, promptly resolve any allegations or findings and at all times comply in good faith with all applicable legal requirements.

V-B-3-d: The Disclosing Party performed due diligence within the Public Sector Banking and Markets Group of the Disclosing Party and/or its Affiliates ("Public Sector Group") to determine whether any Public Sector Group employees were aware of any public finance transactions (federal, state or local) having been terminated for cause or default within the last five years, and none of such employees were aware of any such transactions.

V-B-5: Please note that our responses are on behalf of the Disclosing Party and its Affiliated Entities only and not on behalf of any Contractors.

V-B-6: Disclosing Party certifies to this Statement. (Please see "Litigation and Regulatory Matters" attachments for potentially relevant additional information, if any)

Comment on Section V-B-12 Certification

V-B-12: None of the persons identified in Section 11(B)(1) of this EDS were employees, or elected or appointed officials of the City of Chicago during the period of May 16, 2017 through May 16, 2018. Disclosing Party is unaware of any additional employee having been a City of Chicago employee or elected or appointed official during the period of May 16, 2017 through May 16, 2018, but did not, for its new hires during the period previously described, collect data on immediately preceding employment by the City of Chicago or status of a new hire as an elected or appointed official of the City of Chicago.

Comment on Section V-d-4

V-D-4: The Disclosing Party certifies this statement as to itself but cannot fully provide the requested certification because the Disclosing Party does not have control over all means of a City official or employee's acquisition of a prohibited financial interest in the Matter.

LITIGATION AND REGULATORY MATTERS - BANK OF AMERICA CORPORATION

2017 FORM 10-K

Corporation has assessed the probability of making such payments in the future as remote.

Merchant Services

In accordance with credit and debit card association rules, the Corporation sponsors merchant processing servicers that process credit and debit card transactions on behalf of various merchants. In connection with these services, a liability may arise in the event of a billing dispute between the merchant and a cardholder that is ultimately resolved in the cardholder's favor. If the merchant defaults on its obligation to reimburse the cardholder, the cardholder, through its issuing bank, generally has until six months after the date of the transaction to present a chargeback to the merchant processor, which is primarily liable for any losses on covered transactions. However, if the merchant processor fails to meet its obligation to reimburse the cardholder for disputed transactions, then the Corporation, as the sponsor, could be held liable for the disputed amount. In 2017 and 2016, the sponsored entities processed and settled \$812.2 billion and \$731.4 billion of transactions and recorded losses of \$28 million and \$33 million. A significant portion of this activity was processed by a joint venture in which the Corporation holds a 49 percent ownership, which is recorded in other assets on the Consolidated Balance Sheet and in All Other. At both December 31, 2017 and 2016, the carrying value of the Corporation's investment in the merchant services joint venture was \$2.9 billion.

As of December 31, 2017 and 2016, the maximum potential exposure for sponsored transactions totaled \$346.4 billion and \$325.7 billion. However, the Corporation believes that the maximum potential exposure is not representative of the actual potential loss exposure and does not expect to make material payments in connection with these guarantees.

Exchange and Clearing House Member Guarantees

The Corporation is a member of various securities and derivative exchanges and clearinghouses, both in the U.S. and other countries. As a member, the Corporation may be required to pay a pro-rata share of the losses incurred by some of these organizations as a result of another member default and under other loss scenarios. The Corporation's potential obligations may be limited to its membership interests in such exchanges and clearinghouses, to the amount (or multiple) of the Corporation's contribution to the guarantee fund or, in limited instances, to the full pro-rata share of the residual losses after applying the guarantee fund. The Corporation's maximum potential exposure under these membership agreements is difficult to estimate; however, the potential for the Corporation to be required to make these payments is remote.

Prime Brokerage and Securities Clearing Services

In connection with its prime brokerage and clearing businesses, the Corporation performs securities clearance and settlement services with other brokerage firms and clearinghouses on behalf of its clients. Under these arrangements, the Corporation stands ready to meet the obligations of its clients with respect to securities transactions. The Corporation's obligations in this respect are secured by the assets in the clients' accounts and the accounts of their customers as well as by any proceeds received from the transactions cleared and settled by the firm on behalf of clients or their customers. The Corporation's maximum potential exposure under these arrangements is difficult to estimate; however, the potential for the Corporation to incur material losses pursuant to these arrangements is remote.

Other Guarantees

The Corporation has entered into additional guarantee agreements and commitments, including sold risk participation swaps, liquidity facilities, lease-end obligation agreements, partial credit guarantees on certain leases, real estate joint venture guarantees, divested business commitments and sold put options that require gross settlement. The maximum potential future payment under these agreements was approximately \$5.9 billion and \$6.7 billion at December 31,.2017 and 2016. The estimated maturity dates of these obligations extend up to 2040. The Corporation has made no material payments under these guarantees.

In the normal course of business, the Corporation periodically guarantees the obligations of its affiliates in a variety of transactions including ISDA-related transactions and non-ISDA related transactions such as commodities trading, repurchase agreements, prime brokerage agreements and other transactions.

Payment Protection Insurance Claims Matter

On June 1, 2017, the Corporation sold its non-U.S. consumer credit card business. Included in the calculation of the gain on sale, the Corporation recorded an obligation to indemnify the purchaser for substantially all PPI exposure above reserves assumed by the purchaser.

Litigation and Regulatory Matters

In the ordinary course of business, the Corporation and its subsidiaries are routinely defendants in or parties to many pending and threatened legal, regulatory and governmental actions and proceedings.

In view of the inherent difficulty of predicting the outcome of such matters, particularly where the claimants seek very large or indeterminate damages or where the matters present novel legal theories or involve a large number of parties, the Corporation generally cannot predict what the eventual outcome of the pending matters will be, what the timing of the ultimate resolution of these matters will be, or what the eventual loss, fines or penalties related to each pending matter may be.

In accordance with applicable accounting guidance, the Corporation establishes an accrued liability when those matters present loss contingencies that are both probable and estimable. In such cases, there may be an exposure to loss in excess of any amounts accrued. As a matter develops, the Corporation, in conjunction with any outside counsel handling the matter, evaluates on an ongoing basis whether such matter presents a loss contingency that is probable and estimable. Once the loss contingency is deemed to be both probable and estimable, the Corporation will establish an accrued liability and record a corresponding amount of litigation-related expense. The Corporation continues to monitor the matter for further developments that could affect the amount of the accrued liability that has been previously established. Excluding expenses of internal and external legal service providers, litigation-related expense of \$753 million was recognized for 2017 compared to \$1.2 billion for 2016.

Bar* of America 2017 154

For a limited number of the matters disclosed in this Note, for which a loss, whether in excess of a related accrued liability or where there is no accrued liability, is reasonably possible in future periods, the Corporation is able to estimate a range of possible loss. In determining whether it is possible to estimate a range of possible loss, the Corporation reviews and evaluates its matters on an ongoing basis, in conjunction with any outside counsel handling the matter, in light of potentially relevant factual and legal developments. In cases in which the Corporation possesses sufficient appropriate information to estimate a range of possible loss, that estimate is aggregated and disclosed below. There may be other disclosed matters for which a loss is probable or reasonably possible but such an estimate of the range of possible loss is possible. For those matters where an estimate of the range of possible loss is possible, management currently estimates the aggregate range of possible loss is \$0\$ to \$1.3\$ billion in excess of the accrued liability (if any) related to those matters. This estimated range of possible loss is based upon currently available information and is subject to significant judgment and a variety of assumptions, and known and unknown uncertainties. The matters underlying the estimated range will change from time to time, and actual results may vary significantly from the current estimate. Therefore, this estimated range of possible loss represents what the Corporation believes to be an estimate of possible loss only for certain matters meeting these criteria. It does not represent the Corporation's maximum loss exposure.

Information is provided below regarding the nature of all of these contingencies and, where specified, the amount of the claim associated with these loss contingencies. Based on current knowledge, management does not believe that loss contingencies arising from pending matters, including the matters described herein will have a material adverse effect on the consolidated financial position or liquidity of the Corporation. However, in light of the inherent uncertainties involved in these matters, some of which are beyond the Corporation's control, and the very large or indeterminate damages sought in some of these matters, an adverse outcome in one or more of these matters could be material to the Corporation's results of operations or liquidity for any particular reporting period.

Ambac Bond Insurance Litigation

Ambac Assurance Corporation and the Segregated Account of Ambac Assurance Corporation (together, Ambac) have filed five separate lawsuits against the Corporation and its subsidiaries relating to bond insurance policies Ambac provided on certain securitized pools of HELOCs, first-lien subprime home equity loans, fixed-rate second-lien mortgage loans and negative amortization pay option adjustable-rate mortgage loans. Ambac alleges that they have paid or will pay claims as a result of defaults in the underlying loans and assert that the defendants misrepresented the characteristics of the underlying loans and/or breached certain contractual representations and warranties regarding the underwriting and servicing of the loans. In those actions where the Corporation is named as a defendant, Ambac contends the Corporation is liable on various successor and vicarious liability theories.

Ambac v. Countrywide I

The Corporation, Countrywide and other Countrywide entities are named as defendants in an action filed on September 29, 2010 in New York Supreme Court. Ambac asserts claims for fraudulent inducement as well as breach of contract and seeks damages in excess of \$2.2 billion, plus unspecified punitive damages.

On May 16, 2017, the First Department issued its decision on the parties' cross-appeals of the trial court's October 22, 2015 summary judgment rulings. Among other things, the First Department reversed on the applicability of New York insurance law to Ambac's common-law fraud claim, ruling that Ambac must prove all of the elements of its fraudulent inducement claim, including justifiable reliance and loss causation; reversed as to Ambac's remedy for its breach of contract claims, finding that Ambac's sole remedy is the repurchase protocol of cure, repurchases or substitution of any materially defective loan; affirmed the trial court's ruling that Ambac's compensatory damages claim was an impermissible request for rescissory damages; reversed the dismissal of Ambac's claim for reimbursements of attorneys' fees; and reversed as to the meaning of specific representations and warranties, ruling that disputed issues of fact precluded summary judgment. On July 25, 2017, the First Department granted Ambac's motion for leave to appeal to the Court of Appeals. That appeal is pending.

Ambac v. Countrywide II

On December 30, 2014, Ambac filed a complaint in New York Supreme Court against the same defendants, claiming fraudulent inducement against Countrywide, and successor and vicarious liability against the Corporation. Ambac claims damages in excess of \$600 million plus punitive damages. On December 19, 2016, the Court granted in part and denied in part Countrywide's motion to dismiss the complaint.

Ambac v. Countrywide III

On December 30, 2014, Ambac filed an action in Wisconsin state court against Countrywide. The complaint seeks damages in excess of \$350 million plus punitive damages. Countrywide has challenged the Wisconsin courts' jurisdiction over it. Following a ruling by the lower court that jurisdiction did not exist, the Wisconsin Court of Appeals reversed. On June 30, 2017, the Wisconsin Suoreme Court reversed the decision of the Wisconsin Court of Appeals and held that Countrywide did not consent to the Jurisdiction of the Wisconsin courts and remanded the case to the Court of Appeals for further consideration of whether specific jurisdiction exists. On December 14, 2017, the Wisconsin Court of Appeals ruled that specific jurisdiction over Countrywide does not exist for this matter. On January 16, 2018, Ambac asked the Wisconsin Supreme Court to review the decision of the Court of Appeals.

Ambac v. Countrywide IV

On July 21, 2015, Ambac filed an action in New York Supreme Court against Countrywide asserting the same claims for fraudulent inducement that Ambac asserted in Ambac v. Countrywide III. Ambac simultaneously moved to stay the action pending resolution of its appeal in Ambac v. Countrywide III. Countrywide moved to dismiss the complaint. On September 20, 2016, the Court granted Ambac's motion to stay the action pending resolution of Ambac v. Countrywide III.

Ambac v. First Franklin

On April 16, 2012, Ambac filed an action against BANA, First Franklin and various Merrill Lynch entities, including Merrill Lynch, Pierce, Fenner & Smith Incorporated (MLPF&S) in New York Supreme Court relating to guaranty insurance Ambac provided on a First Franklin securitization sponsored by Merrill Lynch. The complaint alleges fraudulent inducement and breach of contract, including breach of contract claims against BANA based upon its servicing of the loans in the securitization. The complaint alleges that Ambac has paid hundreds of millions of dollars in claims and has accrued and continues to accrue tens of millions of dollars in additional claims. Ambac seeks as damages the total claims it has paid and its projected future claims payment obligations, as well as specific performance of defendants' contractual repurchase obligations.

ATM Access Fee Litigation

On January 10, 2012, a putative consumer class action was filed in U.S. District Court for the District of Columbia against Visa, Inc., MasterCard, Inc. and several financial institutions, including the Corporation and BANA alleging that surcharges paid at financial institution ATMs are artificially inflated by visa and MasterCard rules and regulations. The network rules are alleged to be the product of a conspiracy between visa, MasterCard and financial institutions in violation of Section 1 of the Sherman Act. Plaintiffs seek compensatory and treble damages and injunctive relief.

On February 13, 2013. the District Court granted defendants' motion to dismiss. On August 4, 2015, the U.S. Court of Appeals for the District of Columbia Circuit vacated the District Court's decision and remanded the case to the District Court, where proceedings have resumed.

Deposit Insurance Assessment

On January 9, 2017, the FDIC filed suit against BANA in U.S. District Court for the District of Columbia alleging failure to pay a December 15, 2016 invoice for additional deposit insurance assessments and interest in the amount of \$542 million for the quarters ending

June 30, 2013 through December 31, 2014. On April 7, 2017, the FDIC amended its complaint to add a claim for additional deposit insurance and interest in the amount of \$583 million for the quarters ending March 31, 2012 through March 31, 2013. The FDIC asserts these claims based on BANA's alleged underreporting of counterparty exposures that resulted in underpayment of assessments for those quarters. BANA disagrees with the FDIC's interpretation of the regulations as they existed during the relevant time period and is defending itself against the FDIC's claims. Pending final resolution, BANA has pledged security satisfactory to the FDIC related to the disputed additional assessment amounts.

Interchange and Related Litigation

In 2005, a group of merchants filed a series of putative class actions and individual actions directed at interchange fees associated with Visa and MasterCard payment card transactions. These actions, which were consolidated in the U.S. District Court for the Eastern District of New York under the caption In re Payment Card Interchange Fee and Merchant Discount Anti-Trust Litigation (Interchange), named Visa, MasterCard and several banks and bank holding companies, including the Corporation, as defendants. Plaintiffs allege that defendants conspired to fix the level of default interchange rates and that certain rules of Visa and MasterCard were unreasonable restraints of trade. Plaintiffs sought compensatory and treble damages and injunctive relief.

On October 19, 2012, defendants reached a proposed settlement that would have provided for, among other things, (i) payments by defendants to the class and individual plaintiffs totaling approximately \$6.6 billion, allocated to each defendant based upon various loss-sharing agreements; (ii) distribution to class merchants of an amount equal to 10 basis points (bps) of default interchange across all Visa and MasterCard credit card transactions; and (iii) modifications to certain Visa and MasterCard rules. Although the District Court approved the class settlement agreement, the U.S. Court of Appeals for the Second Circuit reversed the decision on appeal. The Interchange class case was remanded to the District Court, where proceedings have resumed.

In addition to the class actions, a number of merchants filed individual actions against the defendants. The Corporation was named as a defendant in one such individual action. In addition, a number of individual actions were filed that do not name the Corporation as a defendant. As a result of various loss-sharing agreements, however, the Corporation remains liable for any settlement or judgment in these individual suits where it is not named as a defendant.

LIBOR, Other Reference Rates, Foreign Exchange (FX) and Bond Trading Matters

Government authorities in the U.S. and various international jurisdictions continue to conduct investigations, to make inquiries of, and to pursue proceedings against, a significant number of FX market participants, including the Corporation, regarding FX market participants' conduct and systems and controls. Government authorities also continue to conduct investigations concerning conduct and systems and controls of panel banks in connection with the setting of other reference rates as well as the trading of government, sovereign, supranational and agency bonds. The Corporation is responding to and cooperating with these proceedings and investigations.

In addition, the Corporation, BANA and certain Merrill Lynch entities have been named as defendants along with most of the other LIBOR panel banks in a number of individual and putative class actions by persons alleging they sustained losses on U.S. dollar LIBOR-based financial instruments as a result of collusion or manipulation by defendants regarding the setting of U.S. dollar LIBOR. Plaintiffs assert a variety of claims, including antitrust, Commodity Exchange Act (CEA), Racketeer Influenced and Corrupt Organizations (RICO), Securities Exchange Act of 1934 (Exchange Act), common law fraud and breach of contract claims, and seek compensatory, treble and punitive damages, and injunctive relief. All cases naming the Corporation and its affiliates relating to U.S. dollar LIBOR have been consolidated for pre-trial purposes in the U.S. District Court for the Southern District of New York.

In a series of rulings beginning in March 2013, the District Court dismissed antitrust, RICO, Exchange Act and certain state law claims, dismissed all manipulation claims based on alleged trader conduct as to the Corporation and BANA, and substantially limited the scope of CEA and various other claims. On May 23, 2016, the U.S. Court of Appeals for the Second Circuit reversed the District Court's dismissal of the antitrust claims and remanded for further proceedings in the District Court, and on December 20, 2016, the District Court again dismissed certain plaintiffs' antitrust claims in their entirety and substantially limited the scope of the remaining antitrust claims.

Certain antitrust, CEA and state law claims remain pending in the District Court against the Corporation, BANA and certain Merrill Lynch entities, and the Court is continuing to consider motions regarding them. Plaintiffs whose antitrust. Exchange Act and/or state law claims were previously dismissed by the District Court are pursuing appeals in the Second Circuit.

In addition, the Corporation, BANA and MLPF&S were named as defendants along with other FX market participants in a putative class action filed in the U.S. District Court for the Southern District of New York, in which plaintiffs allege that they sustained losses as a result of the defendants' alleged conspiracy to manipulate the prices of over-the-counter FX transactions and FX transactions on an exchange. Plaintiffs assert antitrust claims and claims for violations of the CEA and seek compensatory and treble damages, as well as declaratory and injunctive relief. On October 1, 2015, the Corporation, BANA and MLPF&S executed a final settlement agreement, in which they agreed to pay \$187.5 million to settle the litigation. The settlement is subject to final District Court approval.

Mortgage-backed Securities Litigation

The Corporation and its affiliates, Countrywide entities and their affiliates, and Merrill Lynch entities and their affiliates have been named as defendants in cases relating to their various roles in MBS offerings and, in certain instances, have received claims for contractual indemnification related to the MBS securities actions. Plaintiffs in these cases generally sought unspecified compensatory and/or rescissory damages, unspecified costs and legal fees and generally alleged false and misleading statements. The indemnification claims include claims from underwriters of MBS that were issued by these entities, and from underwriters and issuers of MBS backed by loans originated by these entities.

Mortgage Repurchase Litigation

U.S. Bank - Harborview Repurchase Litigation

On August 29, 2011, U.S. Bank, National Association (U.S. Bank), as trustee for the Harborview Mortgage Loan Trust 2005-10 (the Trust), a mortgage pool backed by loans originated by Countrywide Home Loans, Inc. (CHL), filed a complaint in New York Supreme Court, in a case entitled U.S. Bank National Association, as Trustee for HarborView Mortgage Loan Trust, Series 2005-10 v. Countrywide Home Loans, Inc. (dba Bank of America Home Loans), Bank of America Corporation, Countrywide Financial Corporation, Bank of America, N.A. and NB Holdings Corporation, alleging breaches of representations and warranties. This litigation has been stayed since March 23, 2017, pending finalization of the settlement discussed below.

On December 5, 2016, the defendants and certain certificate-holders in the Trust agreed to settle the litigation in an amount not material to the Corporation, subject to acceptance by U.S. Bank. U.S. Bank has initiated a trust instruction proceeding in Minnesota state court relating to the proposed settlement, and that proceeding is ongoing.

U.S. Bank - SURF/OWNIT Repurchase Litigation

On August 29, 2014 and September 2, 2014, U.S. Bank, solely in its capacity as Trustee for seven securitization trusts (the Trusts), served seven summonses with notice commencing actions against First Franklin Financial Corporation, Merrill Lynch Mortgage Lending, Inc., Merrill Lynch Mortgage Investors, Inc. (MLMI) and Ownit Mortgage Solutions Inc. in New York Supreme Court. The summonses advance breach of contract claims alleging that defendants breached representations and warranties related to loans securitized in the Trusts. The summonses allege that defendants failed to repurchase breaching mortgage loans from the Trusts, and seek specific performance of defendants' alleged obligation to repurchase breaching loans, declaratory judgment, compensatory, rescissory and other damages, and indemnity.

On February 25, 2015 and March 11. 2015, U.S. Bank served complaints regarding four of the seven Trusts. On December 7, 2015, the Court granted in part and denied in part defendants' motion to dismiss the complaints. The Court dismissed claims for breach of representations and warranties against MLMI, dismissed U.S. Bank's claims for indemnity and attorneys' fees, and deferred a ruling regarding defendants' alleged failure to provide notice of alleged representations and warranties breaches, but upheld the complaints in all other respects. On December 28, 2016, U.S. Bank filed a complaint with respect to a fifth Trust.

LITIGATION AND REGULATORY MATTERS - BANK OF AMERICA CORPORATION

2018 FIRST QUARTER FORM 10-Q

Litigation and Regulatory Matters

The following supplements the disclosure in Note 12 -Commitments and Contingencies to the Consolidated Financial Statements of the Corporation's 2017 Annual Report on Form 10-K (the prior commitments and contingencies disclosure).

In the ordinary course of business, the Corporation and its subsidiaries are routinely defendants in or parties to many pending and threatened legal, regulatory and governmental actions and proceedings. In view of the inherent difficulty of predicting the outcome of such matters, particularly where the claimants seek very large or indeterminate damages or where the matters present novel legal theories or involve a large number of parties, the Corporation generally cannot predict what the eventual outcome of the matters will be, what the timing of the ultimate resolution of these matters will be, or what the expense, eventual loss, fines or penalties related to each matter may be.

The Corporation establishes an accrued liability when those matters present loss contingencies that are both probable and estimable. In such cases, there may be an exposure to loss in excess of any amounts accrued. As a matter develops, the Corporation, in conjunction with any outside counsel handling the matter, evaluates on an ongoing basis whether such matter presents a loss contingency that is probable and estimable. Once the loss contingency is deemed to be both probable and estimable, the Corporation will establish an accrued liability and record a corresponding amount of litigation-related expense. The Corporation continues to monitor the matter for further developments that could affect the amount of the accrued liability that has been previously established. Excluding expenses of internal and external legal service providers, litigation-related expense of \$116 million and \$274 million was recognized for the three months ended March 31, 2018 and 2017.

For a limited number of the matters disclosed in the prior commitments and contingencies disclosure, for which a loss, whether in excess of a related accrued liability or where there is no accrued liability, is reasonably possible in future periods, the Corporation is able to estimate a range of possible loss. In determining whether it is possible to estimate a range of possible loss, the Corporation reviews and evaluates its matters on an ongoing basis, in conjunction with any outside counsel handling the matter, in light of potentially relevant factual and legal developments. In cases in which the Corporation possesses sufficient appropriate information to estimate a range of possible loss, that estimate is aggregated and disclosed below. There may be other previously disclosed matters for which a loss is probable or reasonably possible but such an estimate of the range of possible loss may not be possible. For those matters where an estimate of the range of possible loss is reasonably possible, management currently estimates the aggregate range of possible loss is \$0 to \$1.2 billion in excess of the accrued liability (if any) related to those matters. This estimated range of possible loss is based upon currently available information and is subject to significant judgment and a variety of assumptions, and known and unknown uncertainties. The matters underlying the estimated range will change from time to time, and actual results may vary significantly from the current estimate. Therefore, this estimated range of possible loss represents what the Corporation believes to be an estimate of possible loss only for certain matters meeting these criteria. It does not represent the Corporation's maximum loss exposure.

Information has been provided below or in the prior commitments and contingencies disclosure regarding the nature of all of these contingencies and, where specified, the amount of the claim associated with these loss contingencies. Based on current knowledge, management does not believe that loss contingencies arising from pending matters, including the matters described in the prior commitments and contingencies disclosure, will have a material adverse effect on the consolidated financial position or liquidity of the Corporation. However, in light of the inherent uncertainties involved in these matters, some of which are beyond the Corporation's control, and the very large or indeterminate damages sought in some of these matters, an adverse outcome in one or more of these matters could be material to the Corporation's results of operations or liquidity for any particular reporting period.

Ambac Bond Insurance Litigation

Ambac v. Countrywide III

On March 13,2018, the Wisconsin Supreme Court denied Ambac's petition for review.

Deposit Insurance Assessment

On March 27, 2018, the U.S. District Court for the District of Columbia denied BANA's partial motion to dismiss certain of the Federal Deposit Insurance Corporation's claims.

LIBOR, Other Reference Rates, Foreign Exchange (FX) and Bond Trading Matters

On February 23, 2018, the U.S. Court of Appeals for the Second Circuit issued an opinion affirming in part and vacating in part the decision of the U.S. District Court for the Southern District of New York dismissing Securities Exchange Act and certain state law claims against the Corporation, BANA and other defendants.

On February 28, 2018, the District Court issued an opinion granting certification of a class of persons that purchased over-the-counter swaps and notes that referenced U.S. dollar LIBOR from one of the U.S. dollar LIBOR panel banks, limited to claims under Section 1 of the Sherman Act, and denying plaintiffs' class certification motions in other respects, including with respect to other putative classes. Requests to appeal those rulings are pending in the U.S. Court of Appeals for the Second Circuit.

Mortgage Appraisal Litigation

The Corporation and certain subsidiaries are named as defendants in two putative class action lawsuits filed in U.S. District Court for the Central District of California (Waldrup and Williams, et al.). In November 2016, the actions were consolidated for pre-trial purposes. Plaintiffs allege that in fulfilling orders made by Countrywide for residential mortgage appraisal services, a former Countrywide subsidiary, LandSafe Appraisal Services, Inc., arranged for and completed appraisals that were not in compliance with applicable laws and appraisal standards. Plaintiffs seek, among other forms of relief, compensatory and treble damages.

On February 8, 2018, the District Court granted plaintiffs' motion for class certification. Defendants' petition for permission to appeal that ruling to the U.S. Court of Appeals for the Ninth Circuit is pending.

Response to question 11 -- Comments on Section V-B Further Certifications

V-B-l: This certification does not apply to the Disclosing Party as the Matter is not a contract being handled by the City's Department of Procurement Services.

V-B-2: The Disclosing Party certifies that it is not delinquent in the payment of any tax administered by the Illinois Department of Revenue, except for taxes that are being contested in good faith in applicable legal proceedings (whether judicial or administrative). Neither the Disclosing Party nor its Affiliated Entities are delinquent in paying any fine, fee, tax or other source of indebtedness owed to the City of Chicago ("Debts") except for Debts which are being contested in good faith in applicable legal proceedings and except for possible delinquencies in the ordinary course of business arising from: (i) property on which the Disclosing Party or its Affiliated Entities hold only a mortgage and do not own the underlying property; (ii) property of the Disclosing Party or its Affiliated Entities which is leased to others where such tenants bear the legal responsibility of payments to the City; (iii) property which the Disclosing Party or its Affiliated Entities have taken ownership of property through foreclosure or other delinquency proceedings; and (iv) property owned by the Disclosing Party or its Affiliated Entities as a trustee and fiduciary where the holder of the beneficial interest is responsible for payment of Debts.

Representatives and agents of the Disclosing Party and its Affiliated Entities meet with City representatives (or otherwise receive information) regularly to identify outstanding Debts duly payable by the Disclosing Party and its Affiliated Entities and any such Debts are settled accordingly.

V-B-3-b, c and e and V-B-5-a, b and c: The Disclosing Party is routinely involved in litigation in various state and federal courts. With an approximate headcount of 208,000, such a large business presence and a wide variety of activities subject to complex and extensive regulatory frameworks at the local, state, and federal levels, it is not possible for the Disclosing Party and its Affiliated Entities to perform due diligence across the full panoply of associates in preparing the Disclosing Party's response and it is possible that allegations or findings of civil or criminal liability, as well as the termination of one or more transactions for various reasons may have arisen and pertain to or be the subject of matters covered in these certifications. The Disclosing Party (including with respect to those persons identified in Section 11(B)(1) who are employed by the Disclosing Party) makes all required disclosures in the Forms 10-K, 10-Q and 8-K (filed by its parent corporation, the Bank of America Corporation, with the Securities and Exchange Commission) and in the Annual Report of its parent corporation as posted on its website. In addition, any registered broker-dealer and investment adviser subsidiaries or affiliates make all required disclosures in their Form BDs and filed with FINRA and their Form ADVs as filed with the SEC. These filings include disclosures of investigations and litigation as required by the securities

regulatory organizations and federal law, and are publicly available (a copy of the "Litigation and Regulatory Matters" portions of the Form 10-K and 10-Q filed by the Disclosing Party's parent corporation for calendar year 2017 and for the first quarter of 2018 are attached). The Disclosing Party cannot confirm or deny the existence of any other non-public investigation conducted by any governmental agency unless required to do so by law. With respect to those persons identified in Section 11(B)(1) who are not employed by the Disclosing Party (such as independent directors), such persons are involved in a wide variety of business, charitable, social

and other activities and transactions independent of their activities on behalf of the Disclosing Party and the Disclosing Party cannot further certify. As for any unrelated Contractor, Affiliated Entity or such Contractors or Agents of either ("Unrelated Entities"), however, the Disclosing Party certifies that with respect to the Matter it has not and will not knowingly hire, without disclosure to the City of Chicago, any Unrelated Entities who are unable to certify to such statements and the Disclosing Party cannot further certify as to the Unrelated Entities. It is the Disclosing Party's policy to diligently investigate any allegations relevant to the requested certifications, promptly resolve any allegations or findings and at all times comply in good faith with all applicable legal requirements.

V-B-3-d: The Disclosing Party performed due diligence within the Public Sector Banking and Markets Group of the Disclosing Party and/or its Affiliates ("Public Sector Group") to determine whether any Public Sector Group employees were aware of any public finance transactions (federal, state or local) having been terminated for cause or default within the last five years, and none of such employees were aware of any such transactions.

V-B-5: Please note that our responses are on behalf of the Disclosing Party and its Affiliated Entities only and not on behalf of any Contractors.

V-B-6: Disclosing Party certifies to this Statement. (Please see "Litigation and Regulatory Matters" attachments for potentially relevant additional information, if any)

Comment on Section V-B-12 Certification

V-B-12: None of the persons identified in Section 11(B)(1) of this EDS were employees, or elected or appointed officials of the City of Chicago during the period of May 16, 2017 through May 16, 2018. Disclosing Party is unaware of any additional employee having been a City of Chicago employee or elected or appointed official during the period of May 16, 2017 through May 16, 2018, but did not, for its new hires during the period previously described, collect data on immediately preceding employment by the City of Chicago or status of a new hire as an elected or appointed official of the City of Chicago.

Comment on Section V-d-4

V-D-4: The Disclosing Party certifies this statement as to itself but cannot fully provide the requested certification because the Disclosing Party does not have control over all means of a City official or employee's acquisition of a prohibited financial interest in the Matter.

LITIGATION AND REGULATORY MATTERS - BANK OF AMERICA CORPORATION

2017 FORM 10-K

Corporation has assessed the probability of making such payments in the future as remote.

Merchant Services

In accordance with credit and debit card association rules, the Corporation sponsors merchant processing servicers that process credit and debit card transactions on behalf of various merchants. In connection with these services, a liability may arise in the event of a billing dispute between the merchant and a cardholder that is ultimately resolved in the cardholder's favor. If the merchant defaults on its obligation to reimburse the cardholder, through its issuing bank, generally has until six merchant processor fails to meet its obligation to reimburse the cardholder for disputed transactions, then the Corporation, as the sponsor, could be held liable for the disputed amount. In 2017 and 2016, the sponsored entities processed and settled \$812.2 billion and \$731.4 billion of transactions and recorded losses of \$28 million and \$33

million. A significant portion of this activity was processed by a joint venture in which the Corporation holds a 49 percent ownership, which is recorded in other assets on the Consolidated Balance Sheet and in All Other. At both December 31, 2017 and 2016, the carrying value of the Corporation's investment in the merchant services joint venture was \$2.9 hillion

As of December 31, 2017 and 2016, the maximum potential exposure for sponsored transactions totaled \$346.4 billion and \$325.7 billion. However, the Corporation believes that the maximum potential exposure is not representative of the actual potential loss exposure and does not expect to make material payments in connection with these guarantees.

Exchange and Clearing House Member Guarantees

The Corporation is a member of various securities and derivative exchanges and clearinghouses, both in the U.S. and other countries. As a member, the Corporation may be required to pay a pro-rata share of the losses incurred by some of these organizations as a result of another member default and under other loss scenarios. The Corporation's potential obligations may be limited to its membership interests in such exchanges and clearinghouses, to the amount (or multiple) of the Corporation's contribution to the guarantee fund or, in limited instances, to the full pro-rata share of the residual losses after applying the guarantee fund. The Corporation's maximum potential exposure under these membership agreements is difficult to estimate; however, the potential for the Corporation to be required to make these payments is remote.

Prime Brokerage and Securities Clearing Services

In connection with its prime brokerage and clearing businesses, the Corporation performs securities clearance and settlement services with other brokerage firms and clearinghouses on behalf of its clients. Under these arrangements, the Corporation stands ready to meet the obligations of its clients with respect to securities transactions. The Corporation's obligations in this respect are secured by the assets in the clients' accounts and the accounts of their customers as well as by any proceeds received from the transactions cleared and settled by the firm on behalf of clients or their customers. The Corporation's maximum potential exposure under these arrangements is difficult to estimate; however, the potential for the Corporation to incur material losses pursuant to these arrangements is remote.

Other Guarantees

The Corporation has entered into additional guarantee agreements and commitments, including sold risk participation swaps, liquidity facilities, lease-end obligation agreements, partial credit guarantees on certain leases, real estate joint venture guarantees, divested business commitments and sold put options that require gross settlement. The maximum potential future payment under these agreements was approximately \$5.9 billion and \$6.7 billion at December 31, 2017 and 2016. The estimated maturity dates of these obligations extend up to 2040. The Corporation has made no material payments under these guarantees.

In the normal course of business, the Corporation periodically guarantees the obligations of its affiliates in a variety of transactions including ISDA-related transactions and non-ISDA related transactions such as commodities trading, repurchase agreements, prime brokerage agreements and other transactions.

Payment Protection Insurance Claims Matter

On June 1, 2017, the Corporation sold its non-U.S. consumer credit card business. Included in the calculation of the gain on sale, the Corporation recorded an obligation to indemnify the purchaser for substantially all PPI exposure above reserves assumed by the purchaser.

Litigation and Regulatory Matters

In the ordinary course of business, the Corporation and its subsidiaries are routinely defendants in or parties to many pending and threatened legal, regulatory and governmental actions and proceedings.

In view of the inherent difficulty of predicting the outcome of such matters, particularly where the claimants seek very large or indeterminate damages or where the matters present novel legal theories or involve a large number of parties, the Corporation generally cannot predict what the eventual outcome of the pending matters will be, what the timing of the ultimate resolution of these matters will be, or what the eventual loss, fines or penalties related to each pending matter may be.

In accordance with applicable accounting guidance, the Corporation establishes an accrued liability when those matters present loss contingencies that are both probable and estimable. In such cases, there may be an exposure to loss in excess of any amounts accrued. As a matter develops, the Corporation, in conjunction with any outside counsel handling the matter, evaluates on an ongoing basis whether such matter presents a loss contingency that is probable and estimable. Once the loss contingency is deemed to be both probable and estimable, the Corporation will establish an accrued liability and record a corresponding amount of litigation-related expense. The Corporation continues to monitor the matter for further developments that could affect the amount of the accrued liability that has been previously established. Excluding expenses of internal and external legal service providers, litigation-related expense of \$753 million was recognized for 2017 compared to \$1.2 billion for 2016.

Bank of America 2017 154

For a limited number of the matters disclosed in this Note, for which a loss, whether in excess of a related accrued liability or where there is no accrued liability, is reasonably possible in future periods, the Corporation is able to estimate a range of possible loss. In determining whether it is possible to estimate a range of possible loss, the Corporation reviews and evaluates its matters on an ongoing basis, in conjunction with any outside counsel handling the matter, in light of potentially relevant factual and legal developments. In cases in which the Corporation possesses sufficient appropriate information to estimate a range of possible loss, that estimate is aggregated and disclosed below. There may be other disclosed matters for which a loss is probable or reasonably possible but such an estimate of the range of possible loss may not be possible. For those matters where an estimate of the range of possible loss is possible, management currently estimates the aggregate range of possible loss is \$0 to \$1.3 billion in excess of the accrued liability (if any) related to those matters. This estimated range of possible loss is based upon currently available information and is subject to significant judgment and a variety of assumptions, and known and unknown uncertainties. The matters underlying the estimated range will change from time to time, and actual results may vary significantly from the current estimate. Therefore, this estimated range of possible loss represents what the Corporation believes to be an estimate of possible loss only for certain matters meeting these criteria. It does not represent the Corporation's maximum loss exposure.

Information is provided below regarding the nature of all of these contingencies and, where specified, the amount of the claim associated with these loss contingencies. Based on current knowledge, management does not believe that loss contingencies arising from pending matters, including the matters described herein will have a material adverse effect on the consolidated financial position or liquidity of the Corporation. However, in light of the inherent uncertainties involved in these matters, some of which are beyond the Corporation's control, and the very large or indeterminate damages sought in some of these matters, an adverse outcome in one or more of these matters could be material to the Corporation's results of operations or liquidity for any particular reporting period.

Ambac Bond Insurance Litigation

Ambac Assurance Corporation and the Segregated Account of Ambac Assurance Corporation (together, Ambac) have filed five separate lawsuits against the Corporation and its subsidiaries relating to bond insurance policies Ambac provided on certain securitized pools of HELOCs, first-lien subprime home equity loans, fixed-rate second-lien mortgage loans and negative amortization pay option adjustable-rate mortgage loans. Ambac alleges that they have paid or will pay claims as a result of defaults in the underlying loans and assert that the defendants misrepresented the characteristics of the underlying loans and/or breached certain contractual representations and warranties regarding the underwriting and servicing of the loans. In those actions where the Corporation is named as a defendant, Ambac contends the Corporation is liable on various successor and vicarious liability theories.

Ambac v. Countrywide I

The Corporation, Countrywide and other Countrywide entities are named as defendants in an action filed on September 29, 2010 in New York Supreme Court. Ambac asserts claims for fraudulent inducement as well as breach of contract and seeks damages in excess of \$2.2 billion, plus unspecified punitive damages.

On May 16, 2017, the First Department issued its decision on the parties' cross-appeals of the trial court's October 22, 2015 summary judgment rulings. Among other things, the First Department reversed on the applicability of New York insurance law to Ambac's common-law fraud claim, ruling that Ambac must prove all of the elements of its fraudulent inducement claim, including justifiable reliance and loss causation; reversed as to Ambac's remedy for its breach of contract claims, finding that Ambac's sole remedy is the repurchase protocol of cure, repurchases or substitution of any materially defective loan; affirmed the trial court's ruling that Ambac's compensatory damages claim was an impermissible request for rescissory damages; reversed the dismissal of Ambac's claim for reimbursements of claims payments, but affirmed the dismissal of Ambac's claim for reimbursements of attorneys' fees; and reversed as to the meaning of specific representations and warranties, ruling that disputed issues of fact precluded

summary judgment. On July 25, 2017, the First Department granted Ambac's motion for leave to appeal to the Court of Appeals. That appeal is pending.

Ambac v. Countrywide II

On December 30, 2014, Ambac filed a complaint in New York Supreme Court against the same defendants, claiming fraudulent inducement against Countrywide, and successor and vicarious liability against the Corporation. Ambac claims damages in excess of \$600 million plus punitive damages. On December 19, 2016, the Court granted in part and denied in part Countrywide's motion to dismiss the complaint.

Ambac v. Countrywide III

On December 30, 2014, Ambac filed an action in Wisconsin state court against Countrywide. The complaint seeks damages in excess of \$350 million plus punitive damages. Countrywide has challenged the Wisconsin courts'jurisdiction over it. Following a ruling by the lower court that jurisdiction did not exist, the Wisconsin Court of Appeals reversed. On June 30, 2017, the Wisconsin Supreme Court reversed the decision of the Wisconsin Court of Appeals and held that Countrywide did not consent to the jurisdiction of the Wisconsin courts and remanded the case to the Court of Appeals for further consideration of whether specific Jurisdiction exists. On December 14, 2017, the Wisconsin Court of Appeals ruled that specific jurisdiction over Countrywide does not exist for this matter. On January 16, 2018, Ambac 3sked the Wisconsin Supreme Court to review the decision of the Court of Appeals.

155 Bank of America 2017

Ambac v. Countrywide IV

On July 21, 2015, Ambac filed an action in New York Supreme Court against Countrywide asserting the same claims for fraudulent inducement that Ambac asserted in Ambac v. Countrywide III. Ambac simultaneously moved to stay the action pending resolution of its appeal in Ambac v. Countrywide III. Countrywide moved to dismiss the complaint. On September 20, 2016, the Court granted Ambac's motion to stay the action pending resolution of Ambac v. Countrywide III.

Ambac v. First Franklin

On April 16, 2012, Ambac filed an action against BANA, First Franklin and various Merrill Lynch entities, including Merrill Lynch, Pierce, Fenner 44 Smith Incorporated (MLPF&S) in New York Supreme Court relating to guaranty insurance Ambac provided on a First Franklin securitization sponsored by Merrill Lynch. The complaint alleges fraudulent inducement and breach of contract, including breach of contract claims against BANA based upon its servicing of the loans in the securitization. The complaint alleges that Ambac has paid hundreds of millions of dollars in claims and has accrued and continues to accrue tens of millions of dollars in additional claims. Ambac seeks as damages the total claims it has paid and its projected future claims payment obligations, as well as specific performance of defendants' contractual repurchase obligations.

ATM Access Fee Litigation

On January 10, 2012, a putative consumer class action was filed in U.S. District Court for the District of Columbia against Visa, Inc., MasterCard, Inc. and several financial institutions, including the Corporation and BANA alleging that surcharges paid at financial institution ATMs are artificially inflated by Visa and MasterCard rules and regulations. The network rules are alleged to be the product of a conspiracy between Visa, MasterCard and financial institutions in violation of Section 1 of the Sherman Act. Plaintiffs seek compensatory and treble damages and injunctive relief.

On February 13, 2013, the District Court granted defendants' motion to dismiss. On August 4. 2015, the U.S. Court of Appeals for the District of Columbia Circuit vacated the District Court's decision and remanded the case to the District Court, where proceedings have resumed.

Deposit Insurance Assessment

On January 9, 2017, the FDIC filed suit against BANA in U.S. District Court for the District of Columbia alleging failure to pay a December 15, 2016 invoice for additional deposit insurance assessments and interest in the amount of \$542 million for the quarters ending

June 30, 2013 through December 31, 2014. On April 7, 2017. the FDIC amended its complaint to add a claim for additional deposit insurance and interest in the amount of \$583 million for the quarters ending March 31, 2012 through March 31, 2013. The FDIC asserts these claims based on SANA'S alleged underreporting of counterparty exposures that resulted in underpayment of assessments for those quarters. BANA disagrees with the FDIC's interpretation of the regulations as they existed during the relevant time period and is defending itself against the FDIC's claims. Pending final resolution, BANA has pledged security satisfactory to the FDIC related to the disputed additional assessment amounts.

Interchange and Related Litigation

In 2005, a group of merchants filed a series of putative class actions and individual actions directed at interchange fees associated with Visa and MasterCard payment card transactions. These actions, which were consolidated in the U.S. District Court for the Eastern District of New York under the caption In re Payment Card Interchange Fee and Merchant Discount Anti-Trust Litigation (Interchange), named Visa, MasterCard and several banks and bank holding companies, including the Corporation, as defendants. Plaintiffs allege that defendants conspired to fix the level of default interchange rates and that certain rules of Visa and MasterCard were unreasonable restraints of trade. Plaintiffs sought compensatory and treble damages and injunctive relief.

On October 19, 2012, defendants reached a proposed settlement that would have provided for, among other things, (i) payments by defendants to the class and individual plaintiffs totaling approximately \$6.6 billion, allocated to each defendant based upon various loss-sharing agreements; (ii) distribution to class merchants of an amount equal to 10 basis points (bps) of default interchange across all Visa and MasterCard credit card transactions; and (iii) modifications to certain Visa and MasterCard rules. Although the District Court approved the class settlement agreement, the U.S. Court of Appeals for the Second Circuit reversed the decision on appeal. The Interchange class case was remanded to the District Court, where proceedings have resumed.

In addition to the class actions, a number of merchants filed individual actions against the defendants. The Corporation was named as a defendant in one such individual action. In addition, a number of individual actions were filed that do not name the Corporation as a defendant. As a result of various loss-sharing agreements, however, the Corporation remains liable for any settlement or judgment in these individual suits where it is not named as a defendant.

LIBOR, Other Reference Rates, Foreign Exchange (FX) and Bond Trading Matters

Government authorities in the U.S. and various international jurisdictions continue to conduct investigations, to make inquiries of, and to pursue proceedings against, a significant number of FX market participants, including the Corporation, regarding FX market participants' conduct and systems and controls. Government authorities also continue to conduct investigations concerning conduct and systems and controls of panel banks in connection with the setting of other reference rates as well as the trading of government, sovereign, supranational and agency bonds. The Corporation is responding to and cooperating with these proceedings and investigations.

In addition, the Corporation, BANA and certain Merrill Lynch entities have been named as defendants along with most of the other LIBOR panel banks in a number of individual and putative class actions by persons alleging they sustained losses on U.S. dollar LIBOR-based financial instruments as a result of collusion or manipulation by defendants regarding the setting of U.S. dollar LIBOR. Plaintiffs assert a variety of claims, including antitrust, Commodity Exchange Act (CEA), Racketeer Influenced and Corrupt Organizations (RICO), Securities Exchange Act of 1934 (Exchange Act), common law fraud and breach of contract claims, and seek compensatory, treble and punitive damages, and injunctive relief. All cases naming the Corporation and its affiliates relating to U.S. dollar LIBOR have been consolidated for pre-trial purposes in the U.S. District Court for the Southern District of New York.

In a series of rulings beginning in March 2013, the District Court dismissed antitrust, RICO, Exchange Act and certain state law claims, dismissed all manipulation claims based on alleged trader conduct as to the Corporation and BANA, and substantially limited the scope of CEA and various other claims. On May 23, 2016, the U.S. Court of Appeals for the Second Circuit reversed the District Court's dismissal of the antitrust claims and remanded for further proceedings in the District Court, and on December 20, 2016, the District Court again dismissed certain plaintiffs' antitrust claims in their entirety and substantially limited the scope of the remaining antitrust claims.

Certain antitrust, CEA and state law claims remain pending in the District Court against the Corporation, BANA and certain Merrill Lynch entities, and the Court is

continuing to consider motions regarding them. Plaintiffs whose antitrust, Exchange Act and/or state law claims were previously dismissed by the District Court are pursuing appeals in the Second Circuit.

In addition, the Corporation, BANA and MLPF&S were named as defendants along with other FX market participants in a putative class action filed in the U.S. District Court for the Southern District of New York, in which plaintiffs allege that they sustained losses as a result of the defendants' alleged conspiracy to manipulate the prices of over-the-counter FX transactions and FX transactions on an exchange. Plaintiffs assert antitrust claims and claims for violations of the CEA and seek compensatory and treble damages, as well as declaratory and injunctive relief. On October 1, 2015, the Corporation, BANA and MLPF&S executed a final settlement agreement, in which they agreed to pay \$187.5 million to settle the litigation. The settlement is subject to final District Court approval.

Mortgage-backed Securities Litigation

The Corporation and its affiliates, Countrywide entities and their affiliates, and Merrill Lynch entities and their affiliates have been named as defendants in cases relating to their various roles in MBS offerings and, in certain instances, have received claims for contractual indemnification related to the MBS securities actions. Plaintiffs in these cases generally sought unspecified compensatory and/or rescissory damages, unspecified costs and legal fees and generally alleged false and misleading statements. The indemnification claims include claims from underwriters of MBS that were issued by these entities, and from underwriters and issuers of MBS backed by loans originated by these entities.

Mortgage Repurchase Litigation

US. Bank - Harborview Repurchase Litigation

On August 29, 2011, U.S. Bank, National Association (U.S. Bank), as trustee for the Harborview Mortgage Loan Trust 2005-10 (the Trust), a mortgage pool backed by loans originated by Countrywide Home Loans, Inc. (CHL), filed a complaint in New York Supreme Court, in a case entitled U.S. Bank National Association, as Trustee for HarborView Mortgage Loan Trust, Series 2005-10 v. Countrywide Home Loans, Inc. (dba Bank of America Home Loans), Bank of America Corporation, Countrywide Financial Corporation, Bank of America, NA and NB Holdings Corporation, alleging breaches of representations and warranties. This litigation has been stayed since March 23, 2017, pending finalization of the settlement discussed below.

On December 5, 2016, the defendants and certain certificate-holders in the Trust agreed to settle the litigation in an amount not material to the Corporation, subject to acceptance by U.S. Bank. U.S. Bank has initiated a trust instruction proceeding in Minnesota state court relating to the proposed settlement, and that proceeding is ongoing.

U.S. Bank-SURF/OWNIT Repurchase Litigation

On August 29, 2014 and September 2, 2014, U.S. Bank, solely in its capacity as Trustee for seven securitization trusts (the Trusts), served seven summonses with notice commencing actions against First Franklin Financial Corporation, Merrill Lynch Mortgage Lending, Inc., Merrill Lynch Mortgage Investors, Inc. (MLMI) and Ownit Mortgage Solutions Inc. in New York Supreme Court. The summonses advance breach of contract claims alleging that defendants breached representations and warranties related to loans securitized in the Trusts. The summonses allege that defendants failed to repurchase breaching mortgage loans from the Trusts, and seek specific performance of defendants' alleged obligation to repurchase breaching loans, declaratory judgment, compensatory, rescissory and other damages, and indemnity.

On February 25, 2015 and March 11, 2015, U.S. Bank served complaints regarding four of the seven Trusts. On December 7, 2015, the Court granted in part and denied in part defendants' motion to dismiss the complaints. The Court dismissed claims for breach of representations and warranties against MLMI, dismissed U.S. Bank's claims for indemnity and attorneys' fees, and deferred a ruling regarding defendants' alleged failure to provide notice of alleged representations and warranties breaches, but upheld the complaints in all other respects. On December 28, 2016, U.S. Bank filed a complaint with respect to a fifth Trust.

LITIGATION AND REGULATORY MATTERS - BANK OF AMERICA CORPORATION

2018 FIRST QUARTER FORM 10-Q

Litigation and Regulatory Matters

The following supplements the disclosure in Note 12 -Commitments and Contingencies to . the Consolidated Financial Statements of the Corporation's 2017 Annual Report on Form 10-K (the prior commitments and contingencies disclosure).

In the ordinary course of business, the Corporation and its subsidiaries are routinely defendants in or parties to many pending and threatened legal, regulatory and governmental actions and proceedings. In view of the inherent difficulty of predicting the outcome of such matters, particularly where the claimants seek very large or indeterminate damages or where the matters present novel legal theories or involve a large number of parties, the Corporation generally cannot predict what the eventual outcome of the matters will be, what the timing of the ultimate resolution of these matters will be, or what the expense, eventual loss, fines or penalties related to each matter may be.

The Corporation establishes an accrued liability when those matters present loss contingencies that are both probable and estimable. In such cases, there may be an exposure to loss in excess of any amounts accrued. As a matter develops, the Corporation, in conjunction with any outside counsel handling the matter, evaluates on an ongoing basis whether such matter presents a loss contingency that is probable and estimable. Once the loss contingency is deemed to be both probable and estimable, the Corporation will establish an accrued liability and record a corresponding amount of litigation-related expense. The Corporation continues to monitor the matter for further developments that could affect the amount of the accrued liability that has been previously established. Excluding expenses of internal and external legal service providers, litigation-related expense of \$116 million and \$274 million was recognized for the three months ended March 31, 2018 and 2017.

For a limited number of the matters disclosed in the prior commitments and contingencies disclosure, for which a loss, whether in excess of a related accrued liability or where there is no accrued liability, is reasonably possible in future periods, the Corporation is able to estimate a range of possible loss. In determining whether it is possible to estimate a range of possible loss, the Corporation reviews and evaluates its matters on an ongoing basis, in conjunction with any outside counsel handling the matter, in light of potentially relevant factual and legal developments. In cases in which the Corporation possesses sufficient appropriate information to estimate a range of possible loss, that estimate is aggregated and disclosed below. There may be other previously disclosed matters for which a loss is probable or reasonably possible but such an estimate of the range of possible loss may not be possible. For those matters where an estimate of the range of possible loss is reasonably possible, management currently estimates the aggregate range of possible loss is \$0 to \$1.2 billion in excess of the accrued liability (if any) related to those matters. This estimated range of possible loss is based upon currently available information and is subject to significant judgment and a variety of assumptions, and known and unknown uncertainties. The matters underlying the estimated range will change from time to time, and actual results may vary significantly from the current estimate. Therefore, this estimated range of possible loss represents what the Corporation believes to be an estimate of possible loss only for certain matters meeting these criteria. It does not represent the Corporation's maximum loss exposure.

Information has been provided below or in the prior commitments and contingencies disclosure regarding the nature of all of these contingencies and, where specified, the amount of the claim associated with these loss contingencies. Based on current knowledge, management does not believe that loss contingencies arising from pending matters, including the matters described in the prior commitments and contingencies disclosure, will have a material adverse effect on the consolidated financial position or liquidity of the Corporation. However, in light of the inherent uncertainties involved in these matters, some of which are beyond the Corporation's control, and the very large or indeterminate damages sought in some of these matters, an adverse outcome in one or more of these matters could be material to the Corporation's results of operations or liquidity for any particular reporting period.

Ambac Bond Insurance Litigation

Ambac v. Countrywide III

On March 13,2018, the Wisconsin Supreme Court denied Ambac's petition for review.

Deposit Insurance Assessment

On. March 27, 2018, the U.S. District Court for the District of Columbia denied BANA's partial motion to dismiss certain of the Federal Deposit Insurance Corporation's claims.

LIBOR, Other Reference Rates, Foreign Exchange (FX) and Bond Trading Matters

On February 23, 2018, the U.S. Court of Appeals for the Second Circuit issued an opinion affirming in part and vacating in part the decision of the U.S. District Court for the Southern District of New York dismissing Securities Exchange Act and certain state law claims against the Corporation, BANA and other defendants.

On February 28, 2018, the District Court issued an opinion granting certification of a class of persons that purchased over-thecounter swaps and notes that referenced U.S. dollar LIBOR from one of the U.S. dollar LIBOR panel banks, limited to claims under Section 1 of the Sherman Act, and denying plaintiffs' class certification motions in other respects, including with respect to other putative classes. Requests to appeal those rulings are pending in the U.S. Court of Appeals for the Second Circuit.

Mortgage Appraisal Litigation

The Corporation and certain subsidiaries are named as defendants in two putative class action lawsuits filed in U.S. District Court for the Central District of California (Waldrup and Williams, et al.). In November 2016, the actions were consolidated for pre-trial purposes. Plaintiffs allege that in fulfilling orders made by Countrywide for residential mortgage appraisal services, a former Countrywide subsidiary, LandSafe Appraisal Services, Inc., arranged for and completed appraisals that were not in compliance with applicable laws and appraisal standards. Plaintiffs seek, among other forms of relief, compensatory and treble damages.

On February 8, 2018, the District Court granted plaintiffs' motion for class certification. Defendants' petition for permission to appeal that ruling to the U.S. Court of Appeals for the Ninth Circuit is pending.
