improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.

15. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation

Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. 17. The Applicant acknowledges and agrees that the rezoning of the Property from DX-12 and DX-16 to this Planned Development, triggers the requirements of Section 2-44-080 of the Municipal Code (the "Affordable Requirements Ordinance" or "ARO"). Any developer of a "residential housing project" within the meaning of the ARO must: (i) set aside 10% of the housing units in the residential housing project ("ARO Units") as affordable units, or with the approval of the commissioner of the Department of Housing ("DOH"), provide the ARO Units in an approved off-site location; (ii) pay a fee in lieu of the

development of the ARO Units ("Cash Payment"); or (iii) any combination of (i) and (ii); provided, however, residential housing projects in higher income areas (rental or for sale) and downtown districts (rental only) with 20 or more units must provide at least 25% of the ARO Units on-site or off-site ("Required Units"). If the developer elects to provide ARO Units off-site, the off-site ARO Units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. This Planned Development is located in a "downtown district" within the meaning of the ARO and has a total of 726 units comprised of 287 for sale units and 439 rental units. As a result, the Applicant's affordable housing obligation is 73 ARO Units (10% of 726 rounded up) comprised of 29 for sale ARO Units and 44 rental ARO Units, 11 of which are Required Units (25% of 44). Applicant has agreed to satisfy its for sale affordable housing obligation by making a cash payment to the Affordable Housing Opportunity Fund in the amount of \$238,340 per unit, as adjusted annually in accordance with the ARO, as set forth in the For Sale Affordable Housing Profile Form attached hereto. Applicant has agreed to satisfy its rental affordable housing obligation by making a cash payment to the Affordable Housing Opportunity Fund in the amount of \$185,376 per unit, as adjusted annually, for 33 ARO Units, and providing the remaining 11 Required Units in the rental building to be constructed in the Planned Development, as set forth in the Rental Affordable Housing Profile Form attached hereto. The Applicant agrees that the rental ARO Units must be affordable to households earning no more than 60% of the Chicago Primary Metropolitan Statistical Area Median Income ("AMI"), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of rental or for sale housing units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to DOH for review and approval, and DOH may adjust the requirements to reflect any such change without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must make the required

Cash Payment and/or execute and record an affordable housing agreement in accordance with Section 2-44-080(L). The Cash Payment will be recalculated at the time of payment (including partial payments for phased developments) and adjusted based on changes in the consumer price index in accordance with Section 2-44-080. The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The commissioner of DOH may enforce remedies for any breach of this Statement 17, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

18. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a Zoning Map Amendment to rezone Sub-Areas A and C of the property to the DX-16 zoning district and Sub-Area B of the property to the DX-12 zoning district.

Re: Proposed Residential Business Planned Development (421 North Michigan Avenue)

On May 8, 2020, the Chicago Plan Commission recommended approval of the proposed planned development submitted by, Tribune Tower East (Chicago) Owner, LLC. A copy of the proposed planned development is attached. I would very much appreciate your assistance in having this introduced at the next possible City Council Committee on Zoning.

Also enclosed is a copy of the staff report to the Plan Commission which includes the Department of Planning and Development, Bureau of Zoning and Land Use recommendation and a copy of the resolution. If you have any questions in this regard, please do not hesitate to contact Noah Szafraniec at 312-744-5798.
