15. The Applicant acknowledges that the Planned Development (PD) includes a building commonly known as The Danish Home of Chicago and identified as potentially significant in the Chicago Historic Resources Survey. Pursuant to the Municipal Code of Chicago, Sections 17-8-0911 and 13-32-230, the Applicant acknowledges that Planned Developments should

16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such MAVBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

MEMORANDUM

To: Alderman Tom Tunney

*From: r^-^yC^y*  
Maurice D. Cox

Chicago Plan Commission Date: November 19, 2020

Re: Proposed Amendment to Institutional Planned Development #276 (5656 N. Newcastle Avenue)

On November 19, 2020, the Chicago Plan Commission recommended approval of the proposed amendment to Institutional Planned Development #276, submitted by The Society for the Danish Old People's Home. The applicant proposes this amendment to allow for the construction of two three-story lateral additions to the existing building - one on the west side and one on the east side. The resulting expansion would not increase the allowed number of beds within the facility (this would remain at 87 per the original approved planned development). A copy of the proposed ordinance, planned development statements, bulk table and exhibits are attached. I would very much appreciate your assistance in having this introduced at the next possible City Council Committee on Zoning.

Also enclosed is a copy of the staff report to the Plan Commission which includes the Department of Planning and Development, Bureau of Zoning recommendation and a copy of the resolution. If you have any questions in this regard, please do not hesitate to contact Noah Szafraniec at 312-744-5798.
