Proposed Zoning: B2-3 Neighborhood Mixed-Use District Lot Area: 6,250 square feet

Proposed Land Use: The Applicant is seeking a Zoning Map Amendment in order to permit the construction of a new four-story multi-unit residential building, with attached garage, at the subject property, which such site is split-zoned. To accommodate for the new development, the Applicant intends to raze the existing non-conforming structures, which presently occupy the site. The proposed new four-story building will contain a total of fourteen (14) dwelling units, located on and between the 1st thru 4th Floors. The 1st Floor will also feature a residential lobby. Because the subject property is located within 1,320 linear feet of the entrance to the Paulina CTA Rail Station, it qualifies as a Transit-Served Location, pursuant to the current Zoning Ordinance. [Sec. 17-10-0102-B] As such, the Applicant will be providing off-street parking for a total of four (4) vehicles - a 75% reduction, which such parking will be located in an attached garage, at the rear of the 1st Floor. The proposed new building will be masonry in construction and will measure 48 feet-0 inches in height.

- A) The Project's Floor Area Ratio: 17,957 square feet (2.9 FAR)
- B) The Project's Density (Lot Area Per Dwelling Unit): 14 dwelling units (446 sf per unit)
- C) The amount of off-street parking: 4 vehicular parking spaces; 14 bicycle parking spaces

**The subject property is located less than 1,320 linear feet from the entrance to the Paulina CTA Rail Station - therefore, the Applicant qualifies for a reduction (75%) in the amount of required off-street parking, pursuant to Sec. 17-10-0102-B of the Zoning Ordinance.*
