Narrative Information relating to the Proposed Amendment to Planned Development No. 1009 PARKING

The only available parking for the church is currently street parking, except for parking available on a private parking lot in the vicinity through arrangements that have been made with a local bank. There is no parking on site for the church to use currently; any onsite parking accessed from the alley is dedicated to the existing residential buildings and not used by congregants. The parking situation will be alleviated by the incorporation of underground parking established in the Planned Development: 11 dedicated parking stalls (including 1 accessible stall). There is an existing bus stop (Ashland Avenue #50) immediately in front of the main entry to the Sanctuary Building, which many congregation members use, as well as the Clark Street #22 which has a stop on Clark Street behind the church. The subject property is a Transit Served Location based on its close proximity to the Ashland Bus Line. There are two (2) existing bike racks on Berwyn which are regularly used by church congregants. The proposed Planned Development will increase the number of bike racks on the property by at least four (4). Moreover, many of our congregants live in the immediate neighborhood, and simply walk to church. Street parking will be augmented by the proposed 60'-0" standing / loading zone that will help to alleviate temporary standing / loading on Sunday mornings.

FACILITY USAGE

The primary church assembly time is Sunday morning at 10:00 am, where services are held in the Sanctuary of the Sanctuary building; average attendance is currently almost 150 (including kids). A Latino church (CCDA Iglesia Nuevo Amanecer) holds their services in the late afternoon on Sunday starting around 3:00 pm, with an

attendance of about 50. Various community-based groups and organizations hold meetings in our facilities throughout the week, including Business Network International (BNI) Chicago, Alcoholics Anonymous, the Berwyn Avenue Farmer's Market, and a local Girl Scout Troop. Events have been held in our facility where those in our neighborhood and surrounding communities can receive free assistance: "Community Care Clinics", where school supplies are distributed to school-age children, dentists have been able to perform routine check-ups, as well as a mini-grocery have been made available. These have been held on a Saturday prior to the beginning of religious education classes, and do not impact our regular Sunday Service attendance rates. The Community Center included in the Planned Development with the basketball / volleyball court and elevated running track is intended for use by those in our neighborhood and surrounding communities during the week, and not as an expansion of religious assembly. The offices currently housed in one of the residential buildings would be relocated to the second floor of the Community Center upon construction completion. Classroom space would be used as conference space during the week for groups that use our facilities, and then as expanded classroom space for Sunday morning classes which are all currently held in smaller rooms in the recently completed Family Life Center, which was Phase 1 of the Planned Development.
