ORDINANCE

WHEREAS, the City of Chicago (the "City") is a home rule unit of government by virtue of the provisions of the Constitution of the State of Illinois of 1970, and as such, may exercise any power and perform any function pertaining to its government and affairs; and

WHEREAS, 600 S. Wells (Chicago III), LLC, a Delaware limited liability company ("Developer"), is the owner of a portion of the approximately 6.5-acre site located generally at 223-313 West Harrison Street, Chicago, Illinois, which is legally described on Exhibit C attached hereto and incorporated herein (the "Property"); and

WHEREAS, Developer intends to develop the Property with a multi-phase, mixed-use residential development (the "Project"); and

WHEREAS, the Property contains certain subsurface freight tunnels (the "Tunnels"). The locations of the Tunnels are depicted in Exhibit B attached hereto and incorporated herein. The Tunnels are integrated into a city-wide freight tunnel system that is operated and maintained by the City (the "Tunnel System"); and

WHEREAS, Developer has determined that it is necessary to fill the Tunnels, install bulkheads, and grout between bulkheads (the "Tunnel Work") in order to facilitate construction of future phases of the Project. Developer proposes to undertake the Tunnel Work at its sole cost and expense; and

WHEREAS, the City has determined that the Tunnels are not a necessary part of the Tunnel System. The City has no objection to Developer completing the Tunnel Work, provided that City access to the Tunnel System is unimpeded by the Tunnel Work and the Project; and

WHEREAS, the City has historically used a vertical access shaft abutting the Property at Polk Street to access the Tunnels and portions of the Tunnel System near the Property (the "Tunnel Access Point"). The

Tunnel Work will permanently block subsurface connections from Polk Street to the Tunnels and such portions of the Tunnel System that lie to the north and east of the Property; and

WHEREAS, in connection with the Tunnel Work, Developer has agreed to establish a new tunnel access point by installing a vertical access shaft on the Property along the northern property line (the "Access Shaft"). The Access Shaft will be physically connected to and integrated with portions of the Tunnel System that lie to the north and east of the Property; and

WHEREAS, Developer's contractors, Rausch Infrastructure, LLC, an Illinois limited liability company, and Lendlease (US) Construction, Inc., a Florida corporation, each intend to enter into a Chicago Freight Tunnel Construction and Maintenance Agreement providing for the bulkheading of the Tunnel System on the Property, the construction of the Access Shaft to replace the Tunnel Access Point, the turnover of the Access Shaft and related construction matters; and

WHEREAS, Developer and City desire to provide the City access in perpetuity to the Tunnel System via the Access Shaft, subject to the terms of an easement agreement; and

WHEREAS, the location of the easement is depicted in the plat of easement attached hereto as Exhibit A, and legally described in Exhibit D attached hereto, and each such exhibit is incorporated herein: and

WHEREAS, Developer owns the portion of the Property to be encumbered by the easement;
and

WHEREAS, the City's Department of Transportation ("CDOT") has determined that following Developer's completion of the construction of the Tunnel Access Shaft the Tunnels will not be a necessary part of the Tunnel System and it would no longer be in the best interests of the City to retain ownership of the Tunnels; and

WHEREAS, the City has agreed to convey its interests in the Tunnels to Developer; now therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

SECTION 1. The foregoing recitals are hereby adopted as the findings of the City Council.

SECTION 2. The sale of the Tunnels to Developer for the sum of Ten and 00/100 Dollars (\$ 10.00) is hereby approved.

SECTION 3. The Mayor or her proxy is authorized to execute, and the City Clerk or Deputy City Clerk is authorized to attest, one or more quitclaim deeds (each a "Deed", and collectively, "Deeds") conveying the Tunnels to Developer, or to an entity of which Developer is the sole owner and the controlling party.

SECTION 4. The Commissioner of CDOT (the "Commissioner") or a designee of the Commissioner is each hereby authorized, with the approval of the City's Corporation Counsel as to form and legality, to enter into an Easement Agreement in substantially the form attached hereto and incorporated herein as Exhibit E, and to negotiate, execute and deliver such other supporting documents as may be necessary or appropriate to carry out and comply with the provisions of the Easement Agreement, with such changes, deletions and insertions as shall be approved by the persons executing

the Easement Agreement.

SECTION 5. Within one hundred eighty (180) days after the passage of this ordinance,' Developer shall file or cause to be filed for recordation with the Office of the Recorder of Deeds of Cook County, Illinois (i) the Deed(s) and (ii) the fully-executed Easement Agreement.

SECTION 6. If any provision of this ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such provision shall not affect any of the other provisions of this ordinance.

EASEMENT AGREEMENT (Southbank Freight
Tunnel Access)

This EASEMENT AGREEMENT (the "Agreement") is entered into as of the _____ day of _____, 2020 (the "Effective Date"), by and between the CITY OF CHICAGO, an Illinois home rule municipal corporation, by and through its Department of Transportation, (the "City") and 600 S. Wells (Chicago) III, LLC, a Delaware limited liability company ("Grantor"). City and Grantor together shall be referred to herein as the "Parties".

RECITALS

A. Grantor is the owner of a portion of the approximately 6.5-acre site located generally at 223-313 West Harrison Street, Chicago, Illinois, which is legally described on Exhibit C attached hereto and made a part hereof (the "Property").

B. Grantor intends to develop the Property with a multi-phase, mixed-use residential development (the "Project").

C. The Property contains certain subsurface freight tunnels (the "Tunnels"). The Tunnels are integrated into a city-wide freight tunnel system that is operated and maintained by the City (the "Tunnel System").

D. Grantor has determined that it is necessary to fill the Tunnels, install bulkheads, and grout between bulkheads (the "Tunnel Work") in order to facilitate construction of future phases of the Project. Grantor proposes to undertake the Tunnel Work at its sole cost and expense.

H. The City has determined that the Tunnels are not a necessary part of the Tunnel System. The City has no objection to the Grantor completing the Tunnel Work, provided that City access to the Tunnel System is unimpeded by the Tunnel Work and the Project.

F. The City has historically used a vertical access shaft abutting the Property at Polk Street to access the Tunnels and portions of the Tunnel System near the Property (the "Tunnel

Access Point"). The Tunnel Work will permanently block subsurface connections from Polk Street to the Tunnels and such portions of the Tunnel System that lie to the north and east of the Property.

G. In connection with the Tunnel Work, Grantor has agreed to establish a new tunnel access point by installing a vertical access shaft on the Property along the northern property line (the "Access Shaft"). The Access Shaft will be physically connected to and integrated with portions of the Tunnel System that lie to the north and east of the Property.

H. On _____, 2020, Rausch Infrastructure, LLC, an Illinois limited liability company, and the City executed that certain **Chicago Freight Tunnel Construction and Maintenance Agreement providing for the bulkheading of the Tunnel System on the Property, the construction of the Tunnel Access Shaft to replace the Tunnel Access Point, the turnover of the Access Shaft and related construction matters ("Construction Agreement 1")**.

I. On _____, 2020, Lendlease (US) Construction, Inc., a Florida corporation, and the City executed that certain **Chicago Freight Tunnel Construction and Maintenance Agreement providing for the bulkheading of the Tunnel System on the Property, the construction of the Tunnel Access Shaft to replace the Tunnel Access Point, the turnover of the Access Shaft and related construction matters ("Construction Agreement 2"; Construction Agreement 1 together with Construction Agreement 2, the "Construction Agreements")**.

J. Grantor and City desire to provide for perpetual City access to the Tunnel System via the Access Shaft, subject to the terms of this Agreement.

NOW, THEREFORE, in consideration of the above recitals, the mutual covenants herein contained, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Recitals Incorporated. The recitals set forth above are incorporated herein by this reference and shall be deemed terms and provisions hereof, the same as if fully set forth in this Section 1.

2. Access Shaft Installation, Ownership and Maintenance. Subject to the terms and conditions of the Construction Agreements:

a. Grantor shall design and install the Access Shaft. Grantor agrees that the Access Shaft shall be installed in a good and workmanlike manner and in compliance with all applicable laws, statutes and ordinances.

b. Upon completion of the Access Shaft installation, Grantor shall turn over the Access Shaft to the City. The City will own and maintain the Access Shaft as part of the Tunnel System. The City agrees that the Access Shaft shall be maintained in a good and workmanlike manner and in compliance with all applicable laws, statutes and ordinances. In the event the Access Shaft becomes damaged, broken or unsafe, Grantor shall provide written notice to the City of such condition and within seven (7) days of the City's receipt of such notice, the City will secure the

Tunnel Access Easement Area (as defined below) and make the necessary repairs within sixty (60) days of the City's receipt of such notice, provided that such damage or unsafe condition was a direct result of the City's failure to maintain the Access Shaft. In the event such damage or unsafe condition was directly caused by the City's failure to maintain the Access Shaft, and the City fails to so timely cure the condition, Grantor may exercise its right of self-help and cure, or cause to be cured, the condition and the cost of such remedy, without any mark-up, shall be the responsibility of the City, subject to the availability of legally appropriated funds.

3. Grant of Tunnel Access Easement. Subject to the terms and conditions of this Agreement, Grantor hereby grants to the City a perpetual easement (the "Tunnel Access Easement") in, on, and over certain areas of the Property (the "Tunnel Access Easement Area"), as legally described in Exhibit B. and depicted in the plat of easement in Exhibit A. each such exhibit attached hereto and made a part hereof, for purposes of inspecting, using, operating, maintaining, repairing and replacing the Tunnel System, including pedestrian and vehicular access between Harrison Street and the

Access Shaft, (the "City Work"). Vehicular access shall be expressly limited to support activities required to complete the City Work. Grantor warrants to the City that it has sufficient title and interest in and to the Property to enter into this Agreement, and to grant the Tunnel Access Easement.

4. Term. The Tunnel Access Easement shall commence on the Effective Date and shall be perpetual.

5. Use of Tunnel Access Easement and Access Shaft. Grantor may use the Property including the at-grade portion of the Tunnel Access Easement Area, so long as such use does not substantially interfere with the City's use of the Tunnel Access Easement, including the Access Shaft. Use of and access to the Access Shaft and the below-grade portions of the Tunnel Access Easement Area will be exclusive to the City, provided that the City may grant access to its contractors and licensees (the "City Contractors"). At all times, Grantor shall provide lateral and subjacent support for those portions of the Tunnel System in, on or adjacent to the Property, including the at-grade and below-grade portions thereof and the Access Shaft, and any failure to provide such support shall constitute substantial interference with City use of the Tunnel Access Easement.

6. Insurance During City Work. Prior to the City Contractors' entry onto the Tunnel Access Easement Area to perform any City Work to the portion of the Tunnel System in or on the Property, the City shall require each such contractor to procure and maintain and at all times thereafter continuing until the completion of such entry or work, the City's then-standard coverages of insurance for such City Work.

7. Liens. The City and Grantor acknowledge that this Easement Agreement does not authorize the City to allow or permit any City Contractor to file for any lien upon the Property. City shall keep the Property free from any and all liens and encumbrances arising out of the City Work. In case a claim of any such lien is filed, Grantor shall promptly notify City of such lien. Upon receipt of such notice, City shall either pay and remove said lien, or undertake, in good faith, to contest such lien by appropriate legal proceedings and provide Grantor with written notice of the same. The City shall not be required to pay the lien until a final non-appealable judgment has

been rendered in the lien holder's favor for work performed for City on the Property. If the City (1) fails to pay and remove such lien, and fails to contest same as provided herein, or (2) fails to comply with a final non-appealable judgment, then Grantor, at Grantor's election following 30 days' notice and time for cure to the City, may, but is not obligated to, pay and satisfy the same, and all actual costs incurred related thereto (including, without limitation, reasonable attorneys' fees, disbursements and court costs) and such amounts paid by Grantor shall be reimbursed by the City, after review and approval by the City (which approval shall not be unreasonably delayed or withheld), within forty-five (45) days of City's receipt of a written notice detailing such costs.

8. Default, Termination. It shall be a "City Default" under this Agreement if the City shall fail to comply with or perform any term, covenant, agreement or condition of this Agreement, and such failure shall continue for thirty (30) days after written notice provided, however, if such default cannot be cured in 30 days, the City shall have an additional reasonable period of time (not to exceed ninety (90) additional days) to cure such failure provided that City has commenced to cure such failure within said thirty (30) day period and thereafter diligently and continuously uses commercially reasonable efforts to pursue the remedies or steps necessary to cure such failure. In the event of a City Default, Grantor shall have all remedies at law or in equity except for the right to terminate this Agreement and the Tunnel Access Easement granted herein.

9. Partial Invalidity. If any clause, sentence or other portion of this Agreement shall become illegal, null or void for any reason, or shall be held by any court of competent jurisdiction to be so, the remaining portion hereof shall remain in full force and effect.

10. Notices. Any and all notices or other communications required or permitted pursuant hereto shall be in writing and shall be deemed to have been given if and when personally delivered or on the next following business day if transmitted by reputable overnight carrier. Notices shall be addressed to Grantor and the City at their respective addresses set forth below, or to such substitute address as Grantor or the City may have designed by notice in accordance herewith:
