**OUC File No. VD-107673 M&P Project No. 09-45-21**  
**-3960 Water Atlas Page 64**

Sewer Atlas Page 40-3-52 ' Dear Mr. Kalayil:

This letter is in response to your inquiry concerning the proposed vacation. After reviewing our records, we have determined the following:

**I) The Department of Water Management - Water Section**

There are no water facilities within the limits of the area proposed for vacation. Therefore, the Water Section has no objection to the proposed vacation.

All water services no longer in use must be permanently terminated as part of the proposed development by permit per DWM standards.

For questions regarding water facilities, please contact Andrew McFarland at [andrew.mcfarland @ci tyofchicago.org](mailto:andrew.mcfarland@cityofchicago.org) <<http://tyofchicago.org>>.

**II) The Department of Water Management - Sewer Section**

Based on a sewer investigation, there is a 12-inch City sewer on W Gunnison Ave, running east-west from approx. 52.6-feet west of west line of N Lamon Ave to the City's manhole located at the intersection of W Gunnison Ave and N Lamon Ave. This investigation also indicates that the 12-inch sewer is serving both north and south sides of private properties of the area to be vacated along with two City's catch basins located at northwest and southwest corners of W Gunnison Ave and N Lamon Ave and connected into this 12-inch sewer at approx. 18.9-feet east of west line of N Lamon Ave.

Department of Water Management - Sewer Section has a 2021/22 planned sewer project on N Lamon Ave between W Gunnison Ave and W Carmen Ave. Current plans of the DWM sewer

1(100 PAST OHIO ST)EPT. CHICAGO, III IINOIS (IOGII

OUCFile No. VD-107673 April 8, 2021 Page 2 of 2

project, call for both City's catch basins located at northwest and southwest corners of W Gunnison Ave and N Lamon Ave to be eliminated by DWM as part of DWM's project. Once the both catch basin outlets are eliminated the 12-inch sewer will solely be serving the area to be vacated and private properties on both north and south sides of the area to be

vacated, which are owned by beneficiary of the area to be vacated.

To approve the proposed vacation, the beneficiary must assume ownership of the sewer and appurtenances associated with the proposed vacation in two stages. The first stage shall be upon passage and recording of the ordinance and the beneficiary must assume ownership of the sewer and appurtenances along W Gunnison Ave from approx. 52.6-feet west of west line of N Lamon Ave to approx. 18.9-feet east of west line of N Lamon Ave. The second stage will be after DWM's sewer project eliminates both City's catch basins located at northwest and southwest corners of W Gunnison Ave and N Lamon Ave. the beneficiary must assume ownership of the remaining sewer from approx. 18.9-feet east of west line of N Lamon Ave to City's manhole located at the intersection of W Gunnison Ave and N Lamon Ave upon written notice of the completion of the elimination of the catch basins. These sewer facilities will then be the private property of the beneficiary up to the City's manhole located at the intersection of W Gunnison Ave and N Lamon Ave. The beneficiary must assume all liability for these facilities and be responsible for all maintenance and repairs for reuse.

If there are any questions regarding the sewer facilities, contact Sid Osakada at [Sid.Osakada@CityofChicago.org](mailto:Sid.Osakada@CityofChicago.org) or Anupam Verma at [Anupam.Verma@CityofChicago.org](mailto:Anupam.Verma@CityofChicago.org).

Very truly yours,
