SECTION 4. REDEVELOPMENT PROJECT and PLAN

Existing Land Use

No changes.

Future Land Use

Rename this subsection "General Land Use Plan" and delete the existing text contained in this subsection. Replace the text with the following language:

Prior to adoption of the Original Plan, there were six distinct land use patterns present within the RPA:

- Residential
- Institutional
- Commercial
- Warehouse, distribution and industrial
- Vacant land
- " Public and rail right-of-way

The future land use pattern described in the Original Plan envisioned that the primary land uses along Stony Island Avenue and 71 st Street would be commercial with complementary land uses preserved and better defined in other portions of the RPA. Existing institutional uses would be preserved in their current location; mixed-use districts, including light industrial, warehousing and distribution facilities would be located along South Chicago Boulevard; and residential development would be focused in areas that have been traditionally residential located south of 79th Street, north of 67th Street and toward the east end of 71st Street. Map 5 - Future Land Use Plan Map in the Original Plan included six future land use categories: residential, commercial, mixed use, institutional, industrial, and public park.

The future land use pattern described in the Original Plan was intended to illustrate how implementation of the redevelopment objectives would result in the well-defined and complementary land use districts. Map 5-General Land Use Plan is consistent with the intent of the Original Plan, but replaces the original future land use categories with the following land uses that better represent the ongoing transition of obsolete land use patterns into an economically viable land use mix.

- Residential Mixed-Use This land use category includes historically residential uses as well as locations where there
 is a demonstrated market demand for new residential and/or commercial development.
- Commercial Mixed-Use This land use category includes retail facilities, offices, light industrial and other complementary commercial and service uses. Residential uses may either be found on upper floors or interspersed as free-standing multi-family and single-family residential buildings that expand the commercial customer base.
- Public/Institutional Mixed Use This land use category includes a variety of public and institutional uses including schools, parks, health care and religious institutions that occupy significant sites within the RPA. This designation is intended to allow for redevelopment of obsolete public or institutional uses into alternative uses that respond to market demand and City land use policy.
 - ' FjjMiC-PQrk This land use category applies to Chicago Park District property east of S South Shore Drive and north of E South Shore Drive, including the South Shore Cultural Center.

4

These land uses are intended to promote sound and healthy land use relationships as well as facilitate the use of TIF funds to support redevelopment projects in accordance with the goals and objectives of the Redevelopment Plan.

Locations of specific uses, or public infrastructure improvements, may vary from the General Land Use Plan as a result of more detailed planning and site design activities. Such variations are permitted without amendment to the Redevelopment Plan as long as they are consistent with the Redevelopment Plan's goals and objectives and the land uses and zoning approved by the Chicago Plan Commission. The Redevelopment Project shall be subject to the provisions of the Chicago Zoning Ordinance, as such may be amended from time to time, including any Planned Development (PD) undertaken within the RPA.

Redevelopment Needs of the 71s' and Stony Island RPA

No changes.

Goals, Objectives and Strategies

Update the Strategies discussion under the heading "Facilitate Property Assembly, Demolition, and Site Preparation" to read as follows:

No acquisition plan has been prepared for this Plan. By adoption of the 71sc and Stony Island Redevelopment Project and Plan on October 7,1998 (Underlying Redevelopment Area Plan), the City has authority to acquire and assemble property. Properties to be acquired as identified on the Underlying Redevelopment Area Plan have been carefully selected to cause minimal residential and business relocation. Sites that may be acquired include predominately vacant lots and abandoned, boarded, dilapidated and deteriorated structures. The list of parcels to be acquired pursuant to the Underlying Redevelopment Area Plan are identified in Map 6 - Potential Redevelopment Acquisition Parcels in the Original Plan.

For properties identified in the Underlying Redevelopment Area Plan acquisition map, the acquisition of occupied properties by the City shall commence within four years from the date of the publication of the ordinance approving the Underlying Redevelopment Area Plan. Acquisition shall be deemed to have commenced with the sending of an offer letter.

After the expiration of this four-year period, the City may acquire such property pursuant to this Plan under the Act according to its customary procedures as described in the following paragraph.

In connection with the City exercising its power to acquire real property not identified in the Underlying Redevelopment Area Plan, including the exercise of the power of eminent domain, underthe Act in implementing the Plan, the City will follow its customary procedures of having each such acquisition recommended by the Community Development Commission (or any successor commission) and authorized by the City Council of the City. Acquisition of such real property as may be authorized by the City Council does not constitute a change in the nature of this Plan.

Redevelopment Plan Elements

The text of this subsection is hereby deleted and replaced by the following text

The City proposes to achieve the Redevelopment Plan's goals through the use of public financing techniques, including tax increment financing, and by undertaking some or all of the following actions:

Property Assembly and Site Preparation

5

To meet the goals and objectives of this Plan, the City may acquire and assemble property throughout the RPA. Land assemblage by the City may be by purchase, exchange, donation, lease, eminent domain, through the City's Tax Reactivation Program or other programs and may be for the purpose of (a) sale, lease or conveyance to private developers, or (b) sale, lease, conveyance or dedication for the construction of public improvements or facilities. Furthermore, the City may require written redevelopment agreements with developers before acquiring any properties. As appropriate, the City may devote acquired property to temporary uses until such property is scheduled for disposition and development.

No acquisition plan has been prepared for this Plan. By adoption of the 71st and Stony Island Redevelopment Project and Plan on October 7,1998 (Underlying Redevelopment Area Plan), the City has authority to acquire and assemble property. Properties to be acquired as identified on the Underlying Redevelopment Area Plan have been carefully selected to cause minimal residential and business relocation. Sites that may be acquired include predominately vacant lots and abandoned, boarded, dilapidated and deteriorated structures. The list of parcels to be acquired pursuant to the Underlying Redevelopment Area Plan are identified in Map 6 - Potential Redevelopment Acquisition Parcels in the Original Plan.

For properties identified in the Underlying Redevelopment Area Plan acquisition map, the acquisition of occupied properties by the City shall commence within four years from the date of the publication of the ordinance approving the Underlying Redevelopment Area Plan. Acquisition shall be deemed to have commenced with the sending of an offer letter.

After the expiration of this four-year period, the City may acquire such property pursuant to this Plan under the Act according to its customary

procedures as described in the following paragraph.

In connection with the City exercising its power to acquire real property not identified in the Underlying Redevelopment Area Plan, including the exercise of the power of eminent domain, under the Act in implementing the Plan, the City will follow its customary procedures of having each such acquisition recommended by the Community Development Commission (or any successor commission) and authorized by the City Council of the City. Acquisition of such real property as may be authorized by the City Council does not constitute a change in the nature of this Plan.

Affordable Housing

The City requires that developers who receive TIF assistance for market rate housing set aside 20 percent of the units to meet affordability criteria established by the City's Department of Planning and Development or any successor agency. Generally, this means the affordable for-sale units should be priced at a level that is affordable to persons earning no more than 100 percent of the area median income, and affordable rental units should be affordable to persons earning no more than 60 percent of the area median income.

Intergovernmental and Redevelopment Agreements

The City may enter into redevelopment agreements or intergovernmental agreements with private entities or public entities to construct, rehabilitate, renovate or restore private or public improvements on one or several parcels (collectively referred to as the "Redevelopment Projects").

Relocation

Relocation assistance may be provided in order to facilitate redevelopment of portions of the RPA, and to meet other City objectives. Businesses or householdslegally occupying properties to be acquired by the City may be provided with relocation advisory and financial assistance as determined by the City.

Job Training

6

To the extent allowable under the Act, job training costs may be directed toward training activities designed to enhance the competitive advantages of the RPA and to attract additional employers to the RPA. Working with employers and local community organizations, job training and job readiness programs may be provided that meet employers' hiring needs, as allowed under the Act. A job readiness/training program is a component of the Redevelopment Plan. The City expects to encourage hiring that maximizes job opportunities for Chicago residents, especially those persons living in and around the RPA.

Analysis, Professional Services and Administrative Activities

The City may undertake or engage professional consultants, engineers, architects, attorneys, and others to conduct various analyses, studies, administrative legal services or other professional services to establish, implement and manage the Redevelopment Plan.

Provision of Public Improvements and Facilities

Adequate public improvements and facilities may be provided to service the RPA. Public improvements and facilities may include, but are not limited to: construction of new public streets, street closures to facilitate assembly of development sites, upgrading streets, signalization improvements, provision of pedestrian improvements, streetscape amenities, parking improvements, utility improvements and relocation of public facilities to accommodate new development. Construction of new public schools or other public facilities within the RPA as well as linkages between public facilities may also be considered.

Financing Costs Pursuant to the Act

Interest on any obligations issued under the Act accruing during the estimated period of construction of the Redevelopment Projects and other financing costs may be paid from the incremental tax revenues pursuant to the provisions of the Act.

Interest Costs Pursuant to the Act

Pursuant to the Act, the City may allocate a portion of the incremental tax revenues to pay or reimburse developers for interest costs incurred in connection with redevelopment activities in order to enhance the redevelopment potential of the RPA.

SECTION 5. FINANCIAL PLAN

Eligible Costs

The text of this entire subsection is hereby deleted and replaced with the following text:

The various redevelopment expenditures that are eligible for payment or reimbursement under the Act are reviewed below. Following this review is a list of estimated redevelopment project costs that are deemed to be necessary to implement this Plan (the "Redevelopment Project Costs").

In the event the Act is amended after the date of approval of this Amendment No. 2 by the City Council of Chicago to (a) include new eligible redevelopment project costs, or (b) expand the scope onncrease the amount of existing eligible redevelopment project costs (such as, for example, by increasing the amount of incurred interest costs that may be paid under 65 ILC5 5/11-74.4-3(q)(II), this Redevelopment Plan as amended by Amendment No. 2 shall be deemed to incorporate such additional, expanded or increased eligible costs as Redevelopment Project Costs under the Redevelopment Plan, to the extent permitted by the Act. In the event of such amendment(s) to the Act, the City may add any new eligible redevelopment project costs as a line item in Table 2 or otherwise adjust the line items in Table 2 without further amendment to the Redevelopment Plan as amended, to the extent permitted by

7

the Act. In no instance, however, shall such additions or adjustments result in any increase in the total Redevelopment Project Costs without a further amendment to the Redevelopment Plan as amended.

Eligible Redevelopment Costs

Redevelopment Project Costs include the sum total of all reasonable or necessary costs incurred, estimated to be incurred, or incidental to this Redevelopment Plan pursuant to the Act. Such costs may include, without limitation, the following:

- a) Costs of studies, surveys, development of plans and specifications, implementation and administration of the Redevelopment Plan including but not limited to, staff and professional service costs for architectural, engineering, legal, financial, planning or other services (excluding lobbying expenses), provided that no charges for professional services are based on a percentage of the tax increment collected;

- d) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the costs of replacing an existing public building if, pursuant to the implementation of a Redevelopment Project, the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment; including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification;
- e) Costs of the construction of public works or improvements, including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification subject to the limitations in Section 11-74.4-3(q)(4) of the Act;

- h) To the extent the City by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the Redevelopment Project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Redevelopment Plan;
- i) An elementary, secondary, or unit school district's or public library district's increased costs

attributable to assisted housing units will be reimbursed as provided in the Act;

l) Relocation costs to the extent that the City determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or state law or by Section 74.4-3(n)(7) of the Act;

8

Payment in lieu of taxes, as defined in the Act;

Costs of job training, retraining, advanced vocational education or career education, including but not limited to, courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs; (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in the RPA; and (ii) when incurred by a taxing district or taxing districts other than the City, are set forth in a written agreement by or among the City and the taxing district or taxing districts, which agreement describes the program to be undertaken including but not limited to, the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37,3-38, 3-40, and 3-40.1 of the Public Community College Act, 110 ILCS 805/3-37,805/3-38,805/3-40 and 805/3-40.1, and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of the School Code, 105 ILCS 5/10-22.20a and 5/10-23.3a;

Interest costs incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

- 1. such costs are to be paid directly from the special tax allocation fund established pursuant to the Act;
- 2. such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the Redevelopment Projects during that year;
- 3. if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this provision, then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;
- 4. the total of such interest payments paid pursuant to the Act may not exceed 30 percent of the total: (i) cost paid or incurred by the redeveloper for such Redevelopment Project, plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by the City pursuant to the Act; and
- 5. the cost limits set forth in paragraphs 2 and 4 above shall be modified to permit payment of up to 75 percent of the interest cost incurred by a redeveloper for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act.

Instead of the eligible costs provided for in (m) 2, 4 and 5 above, the City may pay up to 50% of the cost of construction, renovation and/or rehabilitation of all low- and very low-income housing units (for ownership or rental) as defined in Section 3 of the Illinois Affordable Housing Act. If the units are part of a residential redevelopment project that includes units not affordable to low- and very low-income households, only the low- and very low-income units shall be eligible for benefits under the Act;

The costs of daycare services for children of employees from low-income families working for businesses located within the RPA and all or a portion of the cost of operation of day care centers established by RPA businesses to serve employees from low-income families working in businesses located in the RPA. For the purposes of this paragraph, "low-income families" means families whose

9

- annual income does not exceed 80 percent of the City, county or regional median income as determined from time to time by the United States Department of Housing and Urban Development.
- p) Unless explicitly provided in the Act, the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost;
- q) If a special service area has been established pursuant to the Special Service Area Tax Act, 35 ILCS 235/0.01 et seq., then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act may be used within the RPA for the purposes permitted by the Special Service Area Tax Act as well as the purposes permitted by the Act.

Estimated Redevelopment Project Costs

The original redevelopment project budget (TABLE 2: ESTIMATED TIF ELIGIBLE COSTS) is hereby replaced with a new budget (Table 2: ESTIMATED REDEVELOPMENT PROJECT COSTS). This change reflects additional planned development phases, the addition of new eligible project expense categories that have been added pursuant to amendments to the Act, since the Redevelopment Plan was approved, and the extension of the estimated date of Redevelopment Project completion.

- 2) In addition to the above stated costs, each issue of bonds issued to finance a phase of the project may include an amount of proceeds sufficient to pay customary and reasonable charges associated with the issuance of such obligations. Adjustments to the estimated line item costs above are expected and may be made by the City without amendment to the Redevelopment Plan. Each individual projectcostwill be reevaluated in light of projected private development and resulting incremental tax revenues as it is considered for public financing under the provisions of the Act. The totals of line items set forth above are not intended to place a limit on the described expenditures. Adjustments may be made in line items within the total, either increasing or decreasing line item costs as a result of changed redevelopment costs and needs.
- 3) The total estimated Redevelopment Project Costs do not include private redevelopment costs or costs financed from non-TIF public resources. The Redevelopment Project Costs are inclusive of redevelopment project costs incurred in contiguous redevelopment project areas, or those separated only by a right-of-way, that are permitted under the Act to be paid from incremental property taxes generated in the 71st and Stony Island RPA, but do not include project costs incurred in the 71st and Stony Island RPA which are paid from incremental property taxes generated in contiguous redevelopment project areas or those separated only by public right-of-way.

agreement accepts and approves the same, the City may pay, or reimbur se all, or a portion of a taxing district's capital costs resulting from a Redevelopment Project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Redevelopment Plan.

The total Redevelopment Project Costs represent an upper limit on expenditures that are to be funded using tax increment revenues and exclude any additional financing costs, including any interest expense, capitalized interest and costs associated with optional redemptions. These costs are subject to prevailing market conditions and are in addition to Total Redevelopment Costs. Within this limit, adjustments may be made in line items without new amendment to this Redevelopment Plan, to the extent permitted by the Act.

The amount of the total Redevelopment Project Costs that can be incurred in the RPA will be reduced by the amount of redevelopment project costs incurred in contiguous redevelopment project areas, or those separated from the RPA only by a public right-of-way, that are permitted under the Act to be paid, and are paid, from incremental property taxes generated in the RPA, but will not be reduced by the amount of redevelopment project costs incurred in the RPA which are paid from incremental taxes generated from contiguous redevelopment project areas or those separated from the RPA only by a public right-of-way.

All costs are in 2021 dollars and may be increased by five percent (5%) after adjusting for inflation reflected in the Consumer Price Index (CPI) for All Urban Consumers for All Items for the Chicago-Gary-Kenosha, IL-IN-WI CMSA, published by the U.S. Department of Labor.

Additional funding from other sources such as federal, state, county, or local grant funds may be utilized to supplement the City's ability to finance the estimated Redevelopment Project Costs identified above.

Phasing and Scheduling of the Redevelopment

Add the following sentence to conclude this subsection.

An implementation strategy will be employed with full consideration given to the availability of both public and private funding. It is anticipated that redevelopment will occur in phases over the life of the RPA.

Sources of Funds to Pay Costs

Delete and replace the text of the entire subsection with the following text:

Funds necessary to pay for Redevelopment Project Costs and secure municipal obligations issued for such costs are to be derived primarily from incremental property taxes. Other sources of funds which may be used to pay for Redevelopment Project Costs or secure municipal obligations are land disposition proceeds, state and federal grants, investment income, private financing and other legally permissible funds the City may deem appropriate. The City may incur redevelopment project costs which are paid for from funds of the City other than incremental taxes, and the City may then be reimbursed from such costs from incremental taxes. Also, the City may permit the utilization of guarantees, deposits and other forms of security made available by private sector developers Additionally, the City may utilize revenues, other than State sales tax increment revenues, received under the Act

11

from one redevelopment project area for eligible costs in another redevelopment project area that is either contiguous to, or is separated only by a public right-of-way from, the redevelopment project area from which the revenues are received.

The RPA may be contiguous to or separated by only a public right-of-way from other redevelopment project areas created under the Act. The City may utilize net incremental property taxes received from the RPA to pay eligible redevelopment project costs, or obligations issued to pay such costs, in other contiguous redevelopment project areas or project areas separated only by a public right-of-way, and vice versa. The amount of revenue from the RPA, made available to support such contiguous redevelopment project areas, or those separated only by a public right-of-way,

when added to all amounts used to pay eligible Redevelopment Project Costs within the RPA, shall not at any time exceed the total Redevelopment Project Costs described in this Plan.

The RPA may become contiguous to, or be separated only by a public right-of-way from, redevelopment project areas created under the Industrial Jobs Recovery Law (65 ILCS 5/11-74.61-1 et seq.). If the City finds that the goals, objectives and financial success of such contiguous redevelopment project areas, or those separated only by a public right-of-way, are interdependent with those of the RPA, the City may determine that it is in the best interests of the City, and in furtherance of the purposes of the Redevelopment Plan, that net revenues from the RPA be made available to support any such redevelopment project areas and vice versa. The City therefore proposes to utilize net incremental revenues received from the RPA to pay eligible redevelopment project costs (which are eligible under the Industrial Jobs Recovery Law referred to above) in any such areas, and vice versa. Such revenues may be transferred or loaned between the RPA and such areas. The amount of revenue from the RPA so made available, when added to all amounts used to pay eligible Redevelopment Project Costs within the RPA, or other areas described in the preceding paragraph, shall not at any time exceed the Total Redevelopment Costs described in Table 2: Estimated Redevelopment Project Costs.

Issuance of Obligations

Delete and replace the text of the entire subsection with the following text:

The City may issue obligations secured by incremental property taxes pursuant to Section 11-74.4-7 of the Act. To enhance the security of a municipal obligation, the City may pledge its full faith and credit through the issuance of general obligations bonds. Additionally, the City may provide other legally permissible credit enhancements to any obligations issued pursuant to the Act.

The Redevelopment Projects shall be completed, and all obligations issued to finance redevelopment costs shall be retired, no later than December 31 of the year in which the payment to the City treasurer as provided in the Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year following the year in which the ordinance approving the RPA is adopted.

Also, the final maturity date of any such obligations which are issued may not be later than 20 years from their respective dates of issue. One or more series of obligations may be sold at one or more times in order to implement this Plan. Obligations may be issued on a parity or subordinated basis.

In addition to paying Redevelopment Project Costs, incremental property taxes may be used for the scheduled retirement of obligations, mandatory or optional redemptions, establishment of debt service reserves and bond sinking funds. To the extent that Incremental Property Taxes are not needed for these purposes, and are not otherwise required, pledged, earmarked or otherwise designated for the payment of Redevelopment Project Costs, any excess incremental property taxes shall then become available for distribution annually to taxing districts having jurisdiction over the RPA in the manner provided by the Act.

Most Recent Equalized Assessed Valuation of Properties in the Redevelopment Project Area

Add the following sentence at the end of the current text:

The Cook County Clerk certified that as of October 7,1998, the total initial equalized assessed value of all taxable real property situated within the 71st and Stony Island RPA is \$53,336,063, as set forth in Exhibit 2

Anticipated Equalized Assessed Valuation

Delete and replace the entire subsection with the following text:

Upon completion of the anticipated private development within the RPA, it is estimated that the equalized assessed valuation of property within the RPA will be approximately \$136 million. This estimate has been calculated assuming that the RPA will be developed in accordance with Map 5 - General Land Use Plan presented in Exhibit 1.

The estimated EAV assumes that the assessed value of property within the RPA will increase substantially as a result of new development and public improvements. Calculation of the estimated EAV is based on several assumptions, including that 1) the redevelopment of the RPA will occur in a timely manner and 2) property values will increase over time as the revitalization of the RPA continues to be realized.
