### Ordinance

BE IT ORDAINED BY THE CITY COUNCIL OF CITY OF CHICAGO:

SECTION 1. Title 17 of the Municipal Code of Chicago, the Chicago Zoning Ordinance, is hereby amended by changing all of the RS3, Residential Single-Unit (Detached House) District symbols and indications as shown on Map No. 3-H in the area bounded by:

West Potomac Avenue; a line 45.36 feet West of and parallel to North Hermitage Avenue; the alley next South of and parallel to West Potomac Avenue; and a line 91.36 feet West of and parallel to North Hermitage Avenue.

To those of a RT-4, Residential Multi-Unit District.

SECTION 2. This ordinance shall be in force and effect from and after its passage and due publication.

COMMON ADDRESS OF THE PROPERTY: 1733-35 West Potomac, Chicago, Illinois 60622-3235

## **City of Chicago Narrative and Plans for Type-1 Zoning Map Amendment at 1733-35 West Potomac Avenue, Chicago, Illinois from RS3 to RT4**

### Zoning Analysis:

- A) The owner applicants are seeking to rezone the property commonly known as 1733-35 West Potomac Avenue, Chicago, Illinois 60622-3235 to an RT4 on an existing zoning lot measuring 46' x 100' with an existing 2 story single family residence. The owners are proposing a new rear attached addition which will increase the floor area and this change will allow a building height increase to accommodate new solar panels to be installed. The subject property contains an existing 2 car garage which will remain. The setbacks may require a variation at the Zoning Board of Appeals Office. The owner applicants' request for a zoning change will not change the current use of the subject property; it will allow owner applicants to make certain environmental improvements (i.e. the installation of solar panels) to the subject property that require additional height not allowed in the current RS-3 zoning classification. The proposed rezoning is appropriate because it is compatible with the neighborhood's character, the other rezoning and the growth and development trends in the area.
- B) FAR: Existing Building Size = 2,088 sq. ft. The Lot Area is 4,600 sq. ft. The existing FAR is 2.2. Proposed Building Size Total = 3,925 sq. ft. The Lot Area is 4,600 sq. ft. The proposed FAR is 1.17.
- C) MLA: The minimum lot area per dwelling unit = 4,600 sq. ft. The proposed is 1 D.U.
- D) Existing Parking: 2 car garage.
- E) Existing Setbacks:  
Front: 6.75 ft. Rear: 35.87 ft. Side: East:  
24.56 ft. West: 2.71

Proposed Setbacks:

Front: 6.75 ft. Rear: 25.0 ft. Side:  
East: 2.71 ft.  
West: 3.0 ft. Rear Open Space: 317 sq. ft.

F) Building Height: Proposed building height is 38ft. 0 in. to center of sloped roof
