(11) agree not to accept, either directly or by exchange, any contribution or contributions over \$250 in a covered election in which the candidate is a participating candidate from a person who has business dealings with the City, unless such person is the participating candidate or a relative of the participating candidate; for

The Board shall check each contribution against the database established by the Board pursuant to Section 1-25-020, and shall notify the authorized committee within 20 days of the reporting of such contribution if a contribution exceeding the applicable contribution limitation or if a contribution is not matchable pursuant to this Chapter. Notwithstanding any other provision of this Section, no participating candidate shall be liable for any fine or penalty for the failure of any contributor to respond to any such request or for any erroneous response.

d) There is a rebuttable presumption that the following expenditures are in furtherance of a political campaign for elective office; provided, that such presumption shall not apply to an expenditure to a person associated with the candidate; and in rebutting the presumption the Board may consider factors including the timing of the expenditure and whether the political campaign had an unusually high amount of spending on a particular type of expenditure:

(f) Expenditures by participating candidates and authorized committees in a covered election made prior to or on the date of such covered election shall be deemed to have been made for such election.

1-25-060 Public financing.

a) Participating candidates may obtain payment from public matching funds for qualified campaign expenditures. No public matching funds may be paid to an authorized committee until the candidate has qualified to appear on the ballot, filed a sworn statement with the Board electing to participate in the public financing system, and agreed to abide by the requirements of this Chapter. Payments may not exceed the amounts specified in Section 1-25-080, and may be made only in accordance with this Chapter. The payments may only be made to a participating candidate's authorized committee. No public matching funds may be used except as reimbursement or payment for qualified campaign expenditures actually and lawfully incurred, or to repay loans used to pay qualified campaign expenditures.

b) The authorized committee of each participating candidate is entitled to six dollars in public matching funds for each one dollar obtained, up to \$175. To qualify as matchable contributions, a contribution shall be made:

1) in the case of a regular covered election, no earlier than six months before and no later than 90 days after the date of the covered election; or

2) in the case of a special covered election, no earlier than three months before and no later than one month after the election.

c) The Board shall promptly examine all reports of contributions within 45 days to determine whether, on their face, they meet the requirements for matchable contributions.

d) The Board shall adopt rules for the certification of the amount of public matching funds payable by the Comptroller from the Fund to a participating candidate that has qualified to receive the payment. The rules shall include the forms on which contributions and expenditures are to be reported, the periods during which the reports must be filed, and the verification required. The Board shall commence procedures that will make possible payment by the Fund within two business days after receipt of the required forms and verifications.

(f) Public funds will not be available to participating candidates prior to January 1, 2026.

1-25-070 Contribution limits.

(a) In any covered election, no contributor may make a contribution to any participating candidate or authorized committee, and no participating candidate or authorized committee may accept any contribution from any contributor which, in the aggregate amount, is greater than \$500.

- 1) eligibility threshold values established in Section 1-25-040;
- 2) contribution and receipt values established in Section 1-25-070; and
- 3) limits for the receipt of public matching funds established in Section 1-25-080.

b) The Board shall publish the adjusted values on its website. The adjusted values shall apply for a covered election held before the next adjustment.

1-25-100 Payment of Public Matching Funds.

a) Public matching funds may not be paid to participating candidates or authorized committees until 14 days after the last day to file designating petitions for the covered election. Public matching funds may not be paid to a participating candidate in a covered election any earlier than the day that the candidate is certified as being on the ballot for the covered election.

b) Public matching funds may not be paid to any participating candidate who has been disqualified by the Board or whose designating petitions have been declared invalid by the Board of Election Commissioners or a court of competent jurisdiction. Public matching funds in the possession of a participating candidate or their authorized committee on the date of the disqualification or invalidation may not thereafter be expended for any purpose except the payment of liabilities incurred before that date, and all excess public matching funds shall be

repaid to the Board for deposit in the Fund not less than 30 days after such disqualification or invalidation.

1-25-110 Reporting requirements.

a) Every participating candidate shall contemporaneously submit to the Board all financial disclosure reports that must be filed with the Illinois State Board of Elections. The Board shall review each such disclosure report for compliance with this Chapter. In the course of the review, the Board shall give participating candidates and their authorized committees an opportunity to respond to and correct potential

violations and give candidates an opportunity to address questions the Board has concerning their matchable contribution claims or other issues concerning eligibility for receiving public matching funds under this Chapter. This section does not preclude the Board from subsequently reviewing a disclosure report and taking any action authorized by this Chapter.

b) Only itemized contributions contained in reports filed with the Illinois State Board of Elections are eligible for public matching funds pursuant to this Chapter.

c) The Board shall inform participating candidates and their authorized committees of relevant questions the Board has concerning:

- 2) **qualification for receiving public matching is pursuant to this Chapter. 1-25-120**

Examinations and audits.

a) The Board shall conduct a thorough examination and audit of the contributions and qualified campaign expenses of any authorized committee of a participating candidate who receives public matching funds. The audits shall be conducted as frequently as the Board deems necessary to ensure compliance with this Chapter. The Board may conduct sample audits or perform selective audits of a participating candidate as the Board deems necessary.

b) A candidate who receives public matching funds shall also be audited by the Board after each covered election. The cost of complying with a post-election audit shall be borne by the candidate.

c) A participating candidate who has received public matching funds shall maintain a reserve of at least 1% of the total amount of public matching funds received by the participating candidate or their authorized committee to comply with the post-election audit; provided that a participating candidate may use public matching funds, private funds, or a combination of public matching funds and private funds to comply with a post-election audit.

d) Upon completion of an audit, the Board shall issue the applicable final post-election audit report that details its findings to each participating candidate, and shall make each audit report publicly available on the Board's website within two years after the covered election.

e) If the Board determines that any public matching funds given to a participating candidate or an authorized committee exceeds the limits under Section 1-25-080, it shall notify the participating candidate and their authorized committee of the excess amount and participating

candidate or authorized committee shall pay to the Board an amount equal to the amount of excess payments, which shall be deposited in the Fund; provided that if the erroneous payment was due to an error made by the Board, such erroneous payment shall be offset against any future payment, if any.

f) If the Board determines that any public matching funds were used for purposes other than qualified campaign expenses, it shall notify the participating candidate and their authorized committee of the amount disqualified, and the participating candidate or their authorized committee shall promptly repay any such amounts to the Board, which shall be deposited in the Fund.

g) If the total public matching funds received by any participating candidate or their authorized committee exceeds the qualified campaign expenditures for the applicable covered election, including any post-election qualified campaign expenditures, the participating candidate and their authorized committee shall send such

repay public matching funds to the Board not later than 10 days after all permissible liabilities have been paid, and in any event not later than 20 days after the date on which the Board issues its final audit report of the participating candidate's authorized committee. Any public matching funds repaid under this subsection shall be deposited in the Fund.

h) Upon determination by the Board that a participating candidate or their authorized committee willfully delayed the post-election audit process, all unspent public matching funds for a participating candidate are immediately due and payable to the Board for deposit in the Fund.

(i) If a court of competent jurisdiction disqualifies a participating candidate from received public matching funds on the grounds that the participating candidate committed fraudulent acts in order to obtain a place on the ballot and the decision is not reversed by a higher court, the participating candidate and the participating candidate's authorized committee shall pay to the Board an amount equal to the totality of public matching funds received by the authorized committee.

(j) The Board shall provide written notice of all payments due from a participating candidate or their authorized committee to the Board and provide an opportunity for the participating candidate or their authorized committee to rebut, in whole or in part, the alleged amount due. Upon a final written determination by the Board, the amount due shall be paid to the Board within 30 days after the determination.

(k) All payments received by the Board pursuant to this Section shall be deposited in the Fund. The participating candidate and the candidate's authorized committee shall be jointly and severally liable for any payments due to the Board under this Section.

1-25-130 Unspent Public Matching Funds.

a) Participating candidates and authorized committees shall repay unspent public matching funds from a covered election to the Board for deposit in the Fund no later than 30 days after all their liabilities for such election have been paid, and in any event, not less than 20 days after the date upon which the Board issues its final audit report for the participating candidate's authorized committee.

b) Unspent public matching funds determinations made by the Board shall be based on the participating candidate's or their authorized committee's receipts and expenditures. The Board

may also consider any other relevant information revealed in the course of its audits or investigations, or the investigations by any other agency.

c) A participating candidate may not use receipts for any purpose other than disbursements in the preceding covered election or for the post-election expenditures pursuant to this section until all unspent public campaign funds have been repaid. There is a rebuttable presumption that a post-election expenditure is not for the preceding covered election.

d) Before repaying unspent public campaign funds, a participating candidate may make post-election expenditures only for routine activities involving nominal costs associated with winding up a political campaign and responding to the post-election audit. The expenditures may include:

- 1) payment of utility bills and rent;
- 2) reasonable staff salaries and consultant fees for responding to a post-election

audit;

- 3) reasonable moving expenses related to closing a campaign office;
 - 4) a holiday card mailing to contributors, campaign volunteers, and staff members;
