Project Narrative and Plans for A Type 1 Zoning Map Amendment

1. Project Narrative and Proposed Land Use

Medical Management International, Inc. ("Banfield") is seeking approval of a Type 1 Rezoning Application for a change in zoning from a BI-2 Neighborhood Shopping District to a B3-2 Community Shopping District for the property located at 9517-35 S. Western Avenue ("Property"). Banfield proposes to operate a veterinary use in the south portion of an approximately 7,563 s.f. existing building on the Property. Banfield will occupy approximately 4,016 s.f. of the building.

The Property is currently a part of an approximately 63,891 s.f. zoning lot. Banfield proposes subdividing this existing zoning lot into two zoning lots, so that an approximately 41,142 s.f. portion of the existing zoning lot will remain zoned as a BI-2 Neighborhood Shopping District. The portion of the existing zoning lot seeking a change from BI-2 Neighborhood Shopping District to a B3-2 Community Shopping District is depicted in the Plat of Survey submitted as a part of this application and will be approximately 22,749 s.f.

Banfield intends to open a full-service veterinary clinic, which will provide treatment, medication, vaccinations, and as an ancillary use, the sale of retail products, for household pets. The veterinary clinic will not offer any dog boarding or grooming services. The posted hours of the veterinary clinic will be between 7:00 a.m. and 9:00 p.m., and there is a rare possibility for unexpected work outside of these hours.

If approved, the change from BI-2 Neighborhood Shopping District to a B3-2 Community Shopping District will only be used to establish a veterinary clinic.

2. Project Description

a) Project's floor area ratio

The approximate floor area ratio for the project is 0.33.

b) Amount of off-street parking and loading'

Approximately 30 parking spaces will be provided. There is no loading required.

c) Project's density (lot area per dwelling) Not applicable -

no residential units.

d) Setbacks Front Rear and Side There are no

setbacks required.

e) Building heights

The building height is 27 ft. 6.5 inches.
