Mr. Ted J. Theodore, Jr. Camburas & Theodore, LTD 2454 E. Dempster Street Des Plaines, IL 60016

Re: WALGREEN'S (757 N. Michigan Avenue)

Dear Mr. Theodore:

The Greater North Michigan Avenue Associations Sign and Urban Design Committee would like to thank you for presenting signage and facade improvement plans to the Committee for the Walgreen's store (757 N. Michigan Avenue) at our October 20, 2010 meeting.

The Committee supports your signage and facade improvement plans which include the installation of new signs over the Michigan and Chicago Avenue entrances to the store.

The new signs would consist of pin-mounted, halo-lit, stainless steel letters attached to under-mounted aluminum frame sign boxes (4'6"x30'- Michigan Avenue; 4'6"x14'6'-Chicago Avenue). In addition, the plans include the removal and replacement of the entryways along both street frontages as well as the removal of the northernmost bay o black granite wall panels along Michigan Avenue and replacement with full height seamless glazing. A complete interior remodeling of the store will include new light fixtures which will be shielded from view from the exterior.

The Committee is very supportive of this proposed plan and recommends that the remaining granite clad bays along the Michigan Avenue frontage of the store also be removed and replaced with full height seamless glazing. At a minimum, the Committee recommends that the existing glazing above the granite panels to remain be replaced with similar seamless glazing as being installed. in the north bay.

Thank you again for working closely with the Committee and for being responsive to their specific issues.

Please contact me at (312) 344-2318 if you have any questions.

Sincerely;

Philip Levin Planning Director

The Greater North Michigan Avenue Association
