(HUMBOLDT PARK BRANCH LIBRARY)

This Intergovernmental Agreement (the "Agreement"), dated as of __, 2011 is made by and between the City of Chicago, an Illinois municipal corporation, having its principal offices at City Hall, 121 North LaSalle Street, Chicago, Illinois 60602 (the "City"), and the Public Building Commission of Chicago, an Illinois municipal corporation, having its offices at the Richard J. Daley Center, Room 200, Chicago, Illinois 60602 (the "Commission").

RECITALS

A. The City is a home rule unit of local government under the 1970 Constitution of the State of Illinois and has the authority to promote the health, safety and welfare of its inhabitants, to furnish essential governmental services through its various departments and agencies and to enter into contractual agreements with units of local government for the purpose of achieving the aforesaid objectives.

' B. On March 18, 1956, the City Council of the City (the "City Council") created the Commission pursuant to the Public Building Commission Act of the State of Illinois (the "Act") for the purpose of facilitating the funding, acquiring and constructing of public buildings, improvements and facilities for use by local public agencies in the furnishing of essential governmental services.

C. The Commission is authorized and empowered by the Act to acquire fee simple title to real property, including easements and reversionary interests in streets, alleys and other public places, by purchase or the exercise of eminent domain, for public improvements in an area or areas that have been selected, located and approved by the governing bodies of the City and the Commission.

5

D. The Commission has heretofore undertaken the acquisition, construction, alteration, repair, renovation, rehabilitation and equipping of buildings and facilities for use by various public bodies including the City, the Board of Education of the City of Chicago, the Chicago Park District, and the Board of Trustees of Community College District No. 508, County of Cook and State of Illinois.

E. At the request of the City, the Commission by resolution number 5841 adopted on December 14, 1999, selected, located and designated the property commonly known as 3100-06 West North Avenue, Chicago, Illinois and legally described on Exhibit A hereof (the "Site") for the acquisition and development of property adjacent to the City's existing Humboldt Park branch library located at 1605 North Troy Street, Chicago,, Illinois (the "Existing Library").

F. Pursuant to Section 14 of the Act, the site designation resolution was approved by the City Council on March 15, 2000 at pages 27610 through 27615 of the Journal of Proceedings as the site to be acquired by the Commission on behalf of the City.

G. On September 14, 2010, the Commission by resolution number 7564, approved the request by the City to undertake the formulation process and planning associated with the construction of an addition to and accompanying renovation of the Existing Library, which is located in the Humboldt Park Commercial Redevelopment Project Area of the City (the construction of the addition to and the accompanying renovation of the Existing Library shall be known herein as the "Project").

H. The City is authorized under the provisions of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/1-74.4-1 et seq., as amended from time to time (the "TIF Act"), to finance projects that eradicate blight conditions and conservation factors that could lead to blight through the use of tax increment allocation financing for redevelopment projects.

I. To induce certain redevelopment pursuant to the TIF Act, in accordance with the provisions of the TIF Act, pursuant to ordinances adopted on June 27, 2001 and published in the Journal of Proceedings for said date at pages 62057 to 62215, the City Council: (1)

approved and adopted a redevelopment plan for the Humboldt Park Commercial Redevelopment Project Area ("Redevelopment Plan"); (2) designated the Humboldt Park Commercial Redevelopment Project Area as a "redevelopment project area" pursuant to the Tax Increment Allocation. Redevelopment Act; and (3) adopted tax increment allocation financing for the Humboldt Park Commercial Redevelopment Project Area (the "TIF Adoption Ordinance") (items(1)-(3) collectively referred to herein as the "TIF Ordinances").

J. The Site lies wholly within the boundaries of the Redevelopment Area. K. Under the TIF Act, such

incremental ad valorem taxes which pursuant to the TIF Act have been collected and are allocated to pay redevelopment project costs and obligations incurred in the payment thereof ("Increment") may be used, among other purposes, to pay the cost of public works and improvements as well as to acquire and construct public facilities, as contemplated in a redevelopment plan, and obligations relating thereto.

L. The City wishes to make available to the Commission a portion of the Increment from the Redevelopment Area in an estimated amount of \$4,500,000 for the purpose of providing the funds required for the acquisition and construction of the Project in the Redevelopment Area to the extent and in the manner provided in this Agreement.

M. The Redevelopment Plan contemplates that tax increment financing assistance would be provided for the acquisition of real property for, and the construction thereon of public improvements, such as the Project, within the boundaries of the Redevelopment Area.

N. The City, acting primarily through the Department of General Services ("DGS") and the Library but also through the Office of Budget and Management and HED, intends to participate actively with the Commission in the planning and implementation of the Project including, without limitation, the development of the Building Program (as hereinafter defined), review and approval of design elements and materials and assistance with the preparation and approval of the Budget and the Schedule (as hereinafter defined).
