Interest Payment on the terms and conditions provided in the Redevelopment Agreement, The City Notes shall be substantially in the form attached to the Redevelopment Agreement and made a part hereof with such additions or modifications as shall be determined to be necessary by the Authorized Officer (the person duly appointed and serving as the Chief Financial Officer of the City, or if no such person has been appointed, then the City Comptroller, being each referred to herein as an "Authorized Officer") of the City, at the time of issuance to reflect the purpose of the issue. The City Notes (a) shall be dated the date of delivery thereof, (b) shall bear the date of authentication, (c) shall be in fully registered form, (d) shall be in the denomination of the outstanding principal amount thereof, (e) shall become due and payable, and (f) shall be subject to redemption prior to maturity as provided therein. The proceeds of the City Notes, the Initial, Payment and the Approved

TIF Mortgage Interest Payment are hereby appropriated for the purposes set forth in this Section 5, Each City Note shall mature as described in the Redevelopment Agreement, and shall bear interest at interest rates as described in the Redevelopment Agreement until the principal amount of each City Note is paid or until maturity, with the exact rate to be determined by the Authorized Officer, computed on the basis of a 360-day year of twelve 30-day months.

The principal of and interest on the City Notes shall be paid by check, draft or wire transfer of funds by the Authorized Officer of the City, as registrar and paying agent (the "Registrar"), payable in lawful money of the United States of America to the persons in whose names the City Notes are registered at the close of business on the payment date, in any event no later than at the close of business on the fifteenth (15th) day of the month immediately after the applicable payment date; provided, that the final installment of the principal and accrued but unpaid interest of the City Notes shall be payable in lawful money of the United States of America at the principal office of the Registrar or as otherwise directed by the City on or before the maturity date.

The seal of the City shall be affixed to or a facsimile thereof printed on the City Notes, and the City Notes shall be signed by the manual or facsimile signature of the Mayor of the City and attested by the manual or facsimile signature of the City Clerk or any Deputy Clerk of the City, and in case any officer whose signature shall appear on the City Notes shall cease to be such officer before the delivery of the City Notes, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery.

The City Notes shall have thereon a certificate of authentication substantially in the form hereinafter set, forth duly executed by the Registrar, as authenticating agent of the City for the City Notes, and showing the date of authentication. The City Notes shall not be valid or obligatory for any purpose or be entitled to any security or benefit under this Ordinance unless and until such certificate of authentication shall have been duly executed by the Registrar by manual signature, and such certificate of authentication upon the City Notes shall be conclusive evidence that the City Notes have been authenticated and delivered under this Ordinance.

SECTION 6. The City shall cause books (the "Register") for the registration and for the transfer of the City Notes (to the extent such transfer is permitted under the Redevelopment Agreement) as provided in this Ordinance to be kept at the principal office of the Registrar, which is hereby constituted and appointed the registrar of the City for the City Notes. The City is authorized to prepare, and the Registrar shall keep custody of, multiple City Note blanks executed by the City for use in the transfer of the City Notes.

Upon surrender for a transfer of a City Note authorized under the Redevelopment Agreement at the principal office of the Registrar, duly endorsed by, or accompanied by (i) a written instrument or instruments of transfer in form satisfactory to the Registrar, (ii) an investment representation in form satisfactory to the City and duly executed by, the registered owner or his attorney duly authorized in writing, (iii) the written consent of the City evidenced by the signature of the Authorized Officer (or his or her designee) and the Commissioner on the instrument of transfer, and (iv) any deliveries required under the Redevelopment Agreement, the City shall execute and the Registrar shall authenticate, date and deliver in the name of any such authorized transferee or transferees a new fully registered City Note of the same maturity, of authorized denomination, for the authorized principal amount of the City Note less previous retirements. The execution by the City of a fully registered City Note shall constitute full and due authorization of the City Note and the Registrar shall thereby be authorized to authenticate, date and deliver the City Note. The Registrar shall not be required to transfer or exchange a City Note during the period beginning at the close of business on the fifteenth (15th) day of the month immediately prior to the maturity date of the City Note nor to transfer or exchange a City Note after notice calling a City Note for prepayment has been made, nor during a period of five (5) business days next preceding mailing of a notice of prepayment of principal of a City Note. No beneficial interests in a City Note shall be assigned, except in accordance with the procedures for transferring a City Note described above. The person in whose name each City Note shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of the principal of a City Note shall be made only to or upon the order of the registered owner thereof or his legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon the City Notes to the extent of the sum or sums so paid.

No service charge shall be made for any transfer of the City Notes, but the City or the Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer of the City Notes.

SECTION 7. Subject to the limitations set forth herein, the Authorized Officer is authorized to determine the

terms of the City Notes and to issue the City Notes on such terms as the Authorized Officer may deem to be in the best interest of the City. The principal of the City Notes shall be subject to prepayment as provided in the form of City Notes attached to the Redevelopment Agreement as Exhibits M-1 and M-2. As directed by the Authorized Officer, the Registrar shall proceed with prepayment without further notice or direction from the City.

SECTION 8. The City Notes hereby authorized shall be executed as in this Ordinance and the Redevelopment Agreement provided as soon after the passage hereof as may be practicable and consistent with the terms of the Redevelopment Agreement, and thereupon, said City Notes shall be deposited with the Commissioner, and delivered by the Commissioner to the Developers.

SECTION 9. Pursuant to the TIF Ordinance, the City has created or will create the Fund. The Authorized Officer is hereby directed to maintain the Fund as a segregated interest-bearing account, separate and apart from the General Fund or any other fund of the City. Pursuant to the TIF Ordinance, all Incremental Taxes received by the City for the Area are to be deposited into the Fund.

There is hereby created within the Fund a special sub-account to be known as the "Harper Court Project Subaccount" (the "Project Account"). The City shall designate and

5

deposit Incremental Taxes into the Project Account, to the extent available, in an amount in each year equal to the Available Incremental Taxes (City Note A) (as defined in the Redevelopment Agreement).

The City hereby assigns, pledges and dedicates the Project Account, together with all amounts on deposit therein, to the payment of the principal of and interest, if any, on the City Notes when due under the terms of the Redevelopment Agreement and in accordance with the debt service schedules attached to the City Notes. Upon deposit, the moneys on deposit in the Project Account may be invested as hereinafter provided. Interest and income on any such investment shall be deposited in the Project Account. All moneys on deposit in the Project Account shall be used to pay the principal of and interest on the City Notes at maturity or upon payment or redemption prior to maturity, in accordance with the terms of such note, which payments from the Project Account are hereby authorized and appropriated by the City. Upon payment of all amounts due under the City Notes and the Redevelopment Agreement in accordance with their terms, the amounts on deposit in the Project Account, as applicable, shall be deposited in the Fund of the City and the Project Account shall be closed.

Notwithstanding any of the foregoing, payments on the City Notes will be subject to the availability of Incremental Taxes in the Project Account.

The City Tax-Exempt Note shall be subordinate to the Prior TIF Financing (as such term is defined in the Redevelopment Agreement). The City Taxable Note shall be subordinated to the City Tax-Exempt Note and the Prior TIF Financing and shall be payable from amounts on deposit in the Project Account available after the payment in full of debt service due and owing on the City Tax-Exempt Note.

SECTION 10. The City Notes are special limited obligations of the City. The City Notes are payable solely from Available Incremental Taxes, and shall be a valid claim of the registered owners thereof only against said sources. The City Notes shall not be deemed to constitute an indebtedness or a loan against the general taxing powers or credit of the City, within the meaning of any constitutional or statutory provision. The registered owner(s) of the City Notes shall not have the right to compel any exercise of the taxing power of the City, the State of Illinois or any political subdivision thereof to pay the principal of or interest on the City Notes.

SECTION 11. Moneys on deposit in the Fund or the Project Account, as the case may be, may be invested as allowed under Section 2-32-520 of the Municipal Code of the City of Chicago (the "Municipal Code"). Each such investment shall mature on a date prior to the date on which said amounts are needed to pay the principal of or interest on the City Notes.

SECTION 12. The City is hereby authorized to sell and convey the City Property, and any portion of the Vacated Property reverting to the City upon the recording of the Vacation Ordinance and a plat of vacation, to Lake Park or affiliates thereof for the sum of One Dollar (\$1.00) plus any consideration specified in the Vacation Ordinance, in accordance with and subject to the terms of the Redevelopment Agreement. The Mayor or his proxy is authorized to execute, and the City Clerk or Deputy City Clerk is authorized to attest, a quitclaim deed ^ conveying the City Property and any Vacated Property reverting to the City to Lake Park or affiliates thereof for the consideration described therein and otherwise in accordance with and subject to the terms of the Redevelopment Agreement.

RECITALS ^s

A. Constitutional Authority: As a home rule unit of government under Section 6(a), Article VII of the 1970 Constitution of the State of Illinois (the "State"), the City has the power to regulate for the protection of the public health, safety, morals and welfare of its inhabitants, and pursuant thereto, has the power to encourage private development in order to enhance the local tax base, create employment opportunities and to enter into contractual agreements with private parties in order to achieve these goals.

B. Statutory Authority. The City is authorized under the provisions of the Tax Increment Allocation Redevelopment Act. 65 ILCS 5/11-74.4-1 et seq., as amended from time to time (the "Act"), to finance projects that eradicate blighted conditions and conservation area factors through the use of tax increment allocation financing for redevelopment projects.

C. City Council Authority: To induce redevelopment pursuant to the Act, the City Council of the City (the "City Council") adopted the following ordinances on January 10, 2001: (1) "An Ordinance of the City of Chicago, Illinois Approving a Redevelopment Plan for the 53rd Street Redevelopment Project Area"; (2) "An Ordinance of the City of Chicago, Illinois Designating the 53rd Street Redevelopment Project Area as a Redevelopment Project Area Pursuant to the Tax Increment Allocation Redevelopment Act"; and (3) "An Ordinance of the City of Chicago, Illinois Adopting Tax Increment Allocation Financing for the 53rd Street Redevelopment Project Area" (the "TIF Adoption Ordinance") (items(1)-(3) collectively referred to herein as the "TIF Ordinances"). The redevelopment project area referred to above (the "Redevelopment Area") is legally described in Exhibit A hereto.

D. The Property: The development site is located in the Redevelopment Area at the northwest corner of 53rd Street and Lake Park Avenue and includes approximately 3.25 acres. The City is the owner of a portion of the development site consisting of approximately 67,500 square feet (the "City Land"). The City Land is currently improved with a surface parking lot containing approximately 170 parking spaces. Lake Park is the owner of certain adjacent land consisting of approximately 74,000 square feet (the "Lake Park Land"). The development site also includes certain property extending into, under and over existing public rights of way, the rights to which shall be vacated pursuant to a separate City of Chicago, Department of Transportation ("CDOT") ordinance ("Vacation Ordinance") and in accordance with, subject to the terms of, and as shown on the Plat of Vacation and Dedication (the "Vacated Property"). The City Land, the Lake Park Land and the Vacated Property are collectively referred to herein as the "Project Site." The Project Site is depicted in Exhibit B-1 attached hereto and more particularly described in Exhibit B-2 attached hereto. The Project Site will be developed in phases: This Agreement covers the first phase of development by the Developer, consisting of an Office Building, Underground Parking Facility, Retail Base Building, Vertical Improvements Infrastructure, Streetscaping and Street Parking (as such terms are hereinafter defined). The first phase of development will be constructed on a portion of the Project Site, as depicted with diagonal lines on Exhibit B-1 attached hereto and more particularly described in Exhibit B-3 attached hereto (the "Property"). It is anticipated that a third-party Hotel Developer will undertake the contemporaneous development and opening of the Hotel with the Project. It is further anticipated that subsequent phases of development will include construction of the Residential Tower, Multi-Family Building I and Multi-Family Building II (collectively, with the Hotel and the Project as defined in Recital E. below, the "Harper Court Development"). Exhibit B-4 attached hereto and made a part hereof depicts the anticipated locations of the Hotel, the Residential Tower, Multi-Family Building I and Multi-Family Building II. Prior to issuance of the Certificate of Completion in accordance with Section 7.01 of this Agreement, Harper Court shall subdivide the Project Site into vertical parcels (each, an "Air Rights Parcel" and collectively, the "Air Rights Parcels") for the purpose of constructing the Hotel, the Residential Tower and Multi-Family Building I (collectively, the "Vertical Improvements") thereon. Each Air Rights Parcel within the vertical subdivision shall be subject to the rights and obligations under this Agreement, and the legal description referenced herein for the Project Site shall be modified to reflect the legal descriptions associated with each vertical Air Rights Parcel. The development of the Air Rights Parcels may be the subject of one or more future redevelopment agreements. It is anticipated that portions of the Property may be submitted to the Illinois Condominium Act at the election of Harper Court or the developer of such portions of the Property.

E. The Project: Lake Park is, on the date hereof acquiring the City Land (but not the Vacated Property, the rights to which shall be transferred to Lake Park under separate CDOT terms and by the recording of the Vacation Ordinance and Plat of Vacation and Dedication) from the City (the "Acquisition"), and simultaneously conveying a leasehold interest in the Property to Harper Court pursuant to a Ground Lease (as defined

H. Prior TIF Financing. Pursuant to an ordinance adopted by the City Council on September 13, 2006, and published in the Journal of Proceedings of the City Council for said date at pages 83420 to 83440, the City extended the Small Business Improvement Fund program within the Redevelopment Area in the amount of \$750,000 (the "Prior TIF Financing"). The Developer acknowledges that the Prior TIF Financing is a prior lien on the 53rd Street TIF Fund and that the Developer has no claim on any monies except for monies which are Maximum Incremental Taxes.

4.05 Treatment of Prior Expenditures and Subsequent Disbursements.

(a) Prior Expenditures. Only those expenditures made by the Developer with respect to the Project prior to the Closing Date, evidenced by documentation satisfactory to DHED and approved by DHED as satisfying costs covered in the Project Budget, shall be considered previously contributed Equity or Lender Financing hereunder (the "Prior Expenditures"). DHED shall have the right, in its sole discretion, to disallow any such expenditure as a Prior Expenditure. Exhibit I hereto sets forth the prior expenditures approved by DHED as of the Closing Date as Prior Expenditures. Prior Expenditures made for items other than TIF-Funded Improvements shall not be reimbursed to the Developer, but shall reduce the amount of Equity and/or Lender Financing required to be contributed by the Developer pursuant to Section 4.01 hereof.

(b) City Fee. Annually, the City may allocate twenty-five thousand dollars (\$25,000) for payment of costs incurred by the City for the administration and monitoring of the Redevelopment Area, including the Project. Such fee shall be in addition to and shall not be deducted from or considered a part of the City Funds, and the City shall have the right to receive such funds prior to any payment of City Funds hereunder.

22

(c) Allocation Among Line Items. Disbursements for expenditures related to TIF-Funded Improvements may be allocated to and charged against the appropriate line only. Transfers of costs and expenses from one line item to another shall be subject to the prior written approval of DHED, subject to the terms and conditions of Section 3.04 hereof. DHED shall not unreasonably withhold its consent to such transfers so long as the Corporation Counsel has advised DHED that such expenditure qualifies as an eligible cost under the Act.

4.06 Cost Overruns. If the aggregate cost of the TIF-Funded Improvements exceeds City Funds available pursuant to Section 4.03 hereof, or if the cost of completing the Project exceeds the Project Budget, Harper Court shall be solely responsible for such excess cost, and shall hold the City harmless from any and all costs and expenses of completing the TIF-Funded Improvements in excess of City Funds and of completing the Project.

4.07 Preconditions of Disbursement. Prior to each disbursement of City Funds pursuant to the Escrow Agreement, the Developer shall submit, at the time of submission of the Requisition Form in accordance with Section 4.04, supporting documentation regarding the applicable expenditures to DHED, which shall be satisfactory to DHED in its sole discretion.

Delivery by Lake Park to DHED of any request for disbursement of City Funds from the amount held under the Escrow Agreement shall, in addition to the items therein expressly set forth, constitute a certification by Lake Park that (a) the representations and warranties contained in this Agreement with respect to Lake Park are true and correct; (b) Lake Park has received no notice and has no knowledge of any liens or claim of lien either filed or threatened against the Property except for the Permitted Liens and/or liens bonded by the Developer or insured by the Title Company; and (c) no Event of Default or condition or event which, with the giving of notice or passage of time or both, would constitute an Event of Default exists or has occurred.

Delivery by Harper Court to DHED of any request for disbursement of City Funds from the amount held under the Escrow Agreement shall, in addition to the items therein expressly set forth, constitute a certification by Harper Court to the City, as of the date of such request for disbursement, that:

(a) the actual amount paid to the General Contractor and/or subcontractors who have performed work on the Project, and/or their payees is equal to or greater than the total amount of the disbursement request;

(b) all amounts shown as previous payments on the current Requisition Form have been paid to the parties entitled to such payment;

(c) Harper Court has approved all work and materials for the current Requisition Form, and such work and materials conform to the Plans and Specifications;

(d) the representations and warranties contained in this Agreement are true and correct and Harper Court is in compliance with all covenants contained herein;

(e) the Developer has received no notice and has no knowledge of any liens or claim of lien either filed or threatened against the Property except for the Permitted Liens and/or liens bonded by the Developer or insured by the Title Company;

(f) no Event of Default or condition or event which, with the giving of notice or passage of time or both, would constitute an Event of Default exists or has occurred; and

23

(g) the Project is In Balance. The Project shall be deemed to be in balance ("In Balance") only if the total of the Available Project Funds equals or exceeds the aggregate of the amount necessary to pay all unpaid Project costs incurred or to be incurred in the completion of the Project. The Developer hereby agrees that, if the Project is not In Balance, the Developer shall, within 10 days after a written request by the City, deposit with the escrow agent or will make available (in a manner acceptable to the City), cash in an amount that will place the Project In Balance, which deposit shall first be exhausted before any further disbursement of the City Funds shall be made.

The City shall have the right, in its discretion, to require the Developer to submit further documentation as the City may require in order to verify that the matters certified to above are true and correct, and any disbursement from Escrow shall be subject to the City's review and approval of such documentation and its satisfaction that such certifications are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the City from relying on such certifications by the Developer. In addition, the Developer shall have satisfied all other preconditions of disbursement of City Funds for each disbursement, as applicable to it, including but not limited to requirements set forth in Harper Court Ordinance, if any, TIF Bond Ordinance, if any, the Bonds, the TIF Bonds, if any, the TIF Ordinances, this Agreement and/or the Escrow Agreement.

4.08 Conditional Grant. Payments on the City Notes and disbursement of the TIF Escrow Payment being provided hereunder are being provided on a conditional basis, subject to the Developer's compliance with the provisions of this Agreement. The City Funds are subject to being terminated or reimbursed as provided in Section 15.02 hereof.

4.09 Cost of Issuance. Harper Court shall be responsible for paying all costs relating to the issuance of the City Note, including costs relating to the opinion described in Section 5.09(b) hereof.

Those covenants specifically described at Sections 3.13(g), 8.01 (j), 8.01 (k), 8.02, 8.06, 8.19 and 8.24 as covenants that run with the land are the only covenants in this Agreement intended to be binding upon any transferee of the Property (including an assignee as described in the following sentence) throughout the Term of the Agreement notwithstanding the issuance of a Certificate of Completion; provided, that upon the issuance of a Certificate of Completion, the covenants set forth in Section 8.02 shall be deemed to have been fulfilled. All sums so paid by DHED, if any, and any expenses, if any^ including reasonable attorneys' fees, court costs, expenses and other charges relating thereto, shall be promptly disbursed to DHED by the Developer. Notwithstanding anything contained herein to the contrary, this paragraph shall not be construed to obligate the City to pay any such Governmental Charge. In addition, Harper Court shall send a letter (with a copy to DPD) to any tenants to familiarize them with the programs established by the City and available through MOWD for the purpose of helping prepare individuals to work for businesses located within the Redevelopment Area.

8.23 Survival of Covenants. All warranties, representations, covenants and agreements of the Developer contained in this Section 8 and elsewhere in this Agreement shall be true, accurate and complete at the time of the Developer's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and (except as provided in Section 7 hereof upon the issuance of a Certificate of Completion) shall be in effect throughout the Term of the Agreement.

8.24 Annual Compliance Report. Harper Court shall provide to DHED an Annual Compliance Report consisting of (a) a letter from Harper Court itemizing all ongoing requirements including references to all the relevant Sections of this Agreement, and (b) sufficient documentation and certifications, to the satisfaction of DHED, to evidence that all ongoing requirements have been satisfied during the preceding reporting period (which DHED shall have the right, but not the obligation, to audit compliance with to determine the sufficiency of such Annual Compliance Report). The Annual Compliance Report shall be submitted each year on the yearly anniversary of the issuance of the Certificate of Completion (each such year being a "Reporting Period"). Failure by Harper Court to submit the Annual Compliance Report shall constitute an Event of Default under Section 15.01 hereof, without notice or opportunity to cure pursuant to Section 15.03 hereof. 38

SECTION 10. DEVELOPER'S EMPLOYMENT OBLIGATIONS

f • 10.01 Employment Opportunity. Harper Court, on behalf of itself and its successors and assigns, hereby agrees, and shall contractually obligate its or their various contractors, subcontractors or any Affiliate of Harper Court operating on the Property, (collectively, with Harper Court, the "Employers" and individually an "Employer") to agree, that for the Term of the Agreement with respect to Harper Court and during the period of any other party's provision of services in connection with the construction of the Project or occupation of the Property:

(a) No Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance; Chapter 2-160, Section 2-160-010 et seq., Municipal Code, except as otherwise provided by said ordinance and as amended from time to time (the "Human Rights Ordinance"). Each Employer shall take

affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a non-discriminatory manner with regard to all job-related matters, including without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the City setting forth the provisions of this nondiscrimination clause. In addition, the Employers, in all solicitations or advertisements for employees/shall state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income..

(b) To the greatest extent feasible, each Employer is required to present opportunities for training and employment of low- and moderate-income residents of the City and preferably of the Redevelopment Area; and to provide that contracts for work in connection with the construction of the Project be awarded to business concerns that are located in, or owned in substantial part by persons residing in, the City and preferably in the Redevelopment Area.

(c) Each Employer shall comply with all federal, state and local equal employment and affirmative action statutes, rules and regulations, including but not limited to the City's Human Rights Ordinance and the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. (1993), and any subsequent amendments and regulations promulgated thereto.

(d) Each Employer, in order to demonstrate compliance with the terms of this Section, shall cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of federal, state and municipal agencies.

(e) Each Employer shall include the foregoing provisions of subparagraphs (a) through (d) in every contract entered into in connection with the Project, and shall require inclusion of these provisions in every subcontract entered into by any subcontractors, and every agreement with any Affiliate operating on the Property, so that each such provision shall be binding upon each contractor, subcontractor or Affiliate, as the case may be.

39

(f) Failure to comply with the employment obligations described in this Section 10.01 shall be a basis for the City to pursue remedies under the provisions of Section 15.02 hereof.

10.02 City Resident Construction Worker Employment Requirement. Harper Court agrees for itself and its successors and assigns, and shall contractually obligate its General Contractor and shall cause the General Contractor to contractually obligate its subcontractors, as applicable, to agree, that during the construction of the Project they shall comply with the minimum percentage of total worker hours performed by Actual Residents of the City as specified in Section 2-92-330 of the Municipal Code of Chicago (at least 50 percent of the total worker hours worked by persons on the site of the Project shall be performed by Actual Residents of the City); provided, however, that in addition to complying with this percentage, Harper Court, its General Contractor and each subcontractor shall be required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions.

Harper Court may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the Chief Procurement Officer of the City.

"Actual Residents of the City" shall mean persons domiciled within the City. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.

Harper Court, the General Contractor and each subcontractor shall provide for the maintenance of adequate employee residency records to show that actual Chicago residents are employed on the Project. Each Employer shall maintain copies of personal documents supportive of every Chicago employee's actual record of residence.

Weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) shall be submitted to the Commissioner of DHED in triplicate, which shall identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the Employer hired the employee should be written in after the employee's name.

Harper Court, the General Contractor and each subcontractor shall provide full access to their employment

records to the Chief Procurement Officer, the Commissioner of DHED, the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative of any of them. Harper Court, the General Contractor and each subcontractor shall maintain all relevant personnel data and records for a period of at least three (3) years after final acceptance of the work constituting the Project. .) '•

At the direction of DHED, affidavits and other supporting documentation will be required of Harper Court, the General Contractor and each subcontractor to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.

Good faith efforts on the part of Harper Court, the General Contractor and each subcontractor to provide utilization of actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Chief Procurement Officer) shall not suffice to replace the actual, verified achievement of the requirements of this Section concerning the worker hours performed by actual Chicago residents.

When work at the Project is completed, in the event that the City has determined that Harper Court has failed to ensure the fulfillment of the requirement of this Section concerning the worker

40

hours performed by actual Chicago residents or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Section. Therefore, in such a case of non-compliance, it is agreed that 1/20 of 1 percent (0.0005) of the aggregate hard construction costs set forth in the Project budget (the product of .0005 x such aggregate hard construction costs) (as the same shall be evidenced by approved contract value for the actual contracts) shall be surrendered by Harper Court to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly shall result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject Harper Court, the General Contractor and/or the subcontractors to prosecution. Any retainage to cover contract performance that may become due to Harper Court pursuant to Section 2-92-250 of the Municipal Code of Chicago may be withheld by the City pending the Chief Procurement Officer's determination as to whether Harper Court must surrender damages as provided in this paragraph.

Nothing herein provided shall be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246 " and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this Agreement or related documents.

Harper Court shall cause or require the provisions of this Section 10.02 to be included in all construction contracts and subcontracts related to the Project.

10.03. MBEAA/BE Commitment. Harper Court agrees for itself and its successors and assigns, and, if necessary to meet the requirements set forth herein, shall contractually obligate the General Contractor to agree that during the Project:

(a) Consistent with the findings which support, as applicable, (i) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420 et seq., Municipal Code of Chicago (the "Procurement Program"), and (ii) the Minority- and Women-Owned Business Enterprise Construction Program, Section 2-92-650 et seq., Municipal Code of Chicago (the "Construction Program," and collectively with the Procurement Program, the "MBEAA/BE Program"), and in reliance upon the provisions of the MBEAA/BE Program to the extent contained in, and as qualified by, the provisions of this Section 10.03, during the course of the Project, at least the following percentages of the MBEAA/BE Budget (as set forth in Exhibit H-2 hereto) shall be expended for contract participation by MBEs and by WBEs:

(1) At least 24 percent by MBEs.

(2) At least four percent by WBEs.

(b) For purposes of this Section 10.03 only, Harper Court (and any party to whom a contract is let by Harper Court in connection with the Project) shall be deemed a "contractor" and this Agreement (and any contract let by Harper Court in connection with the Project) shall be deemed a "contract" or a "construction contract" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code of Chicago, as applicable.

(c) Consistent with Sections 2-92-440 and 2-92-720, Municipal Code of Chicago, Harper Court's MBEAA/BE commitment may be achieved in part by Harper Court's status as an MBE or WBE (but only to the extent of

any actual work performed on the Project by Harper Court) or by a joint venture with one or more MBEs or WBEs (but only to the extent of the lesser of (i) the MBE or

41

WBE participation in such joint venture or (ii) the amount of any actual work performed on the Project by the MBE or WBE), by Harper Court utilizing a MBE or a WBE as the General Contractor (but only to the extent of any actual work performed on the Project by the General Contractor), by subcontracting or causing the General Contractor to subcontract a portion of the Project to one or more MBEs or WBEs, or by the purchase of materials or services used in the Project from one or more MBEs or WBEs, or by any combination of the foregoing. Those entities which constitute both a MBE and a WBE shall not be credited more than once with regard to Harper Court's MBEAA/BE commitment as described in this Section 10.03. In accordance with Section 2-92-730, Municipal Code of Chicago, Harper Court shall not substitute any MBE or WBE General Contractor or subcontractor without the prior written approval of DHED.

(d) Harper Court shall deliver quarterly reports to the City's monitoring staff during the Project describing its efforts to achieve compliance with this MBEAA/BE commitment. Such reports shall include, inter alia, the name and business address of each MBE and WBE solicited by Harper Court or the General Contractor to work on the Project, and the responses received from such solicitation, the name and business address of each MBE or WBE actually involved in the Project, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the City's monitoring staff in determining Harper Court's compliance with this MBEAA/BE commitment. Harper Court shall maintain records of all relevant data with respect to the utilization of MBEs and WBEs in connection with the Project for at least five years after completion of the Project, and the City's monitoring staff shall have access to all such records maintained by Harper Court, on five Business Days' notice, to allow the City to review Harper Court's compliance with its commitment to MBEAA/BE participation and the status of any MBE or WBE performing any portion of the Project.

(e) Upon the disqualification of any MBE or WBE General Contractor or subcontractor, if such status was misrepresented by the disqualified party, Harper Court shall be obligated to discharge or cause to be discharged the disqualified General Contractor or subcontractor, and, if possible, identify and engage a qualified MBE or WBE as a replacement. For purposes of this subsection (e), the disqualification procedures are further described in Sections 2-92-540 and 2-92-730, Municipal Code of Chicago, as applicable.

(f) Any reduction or waiver of Harper Court's MBEAA/BE commitment as described in this Section 10.03 shall be undertaken in accordance with Sections 2-92-450 and 2-92-730, Municipal Code of Chicago, as applicable.

(g) Prior to the commencement of construction of the Project, Harper Court shall be required to meet with the City's monitoring staff with regard to Harper Court's compliance with its obligations under this Section 10.03. The General Contractor and all major subcontractors shall be required to attend this pre-construction meeting. During said meeting, Harper Court shall demonstrate to the City's monitoring staff its plan to achieve its obligations under this Section 10.03, the sufficiency of which shall be approved by the City's monitoring staff. During the Project, Harper Court shall submit the documentation required by this¹ Section 10.03 to the City's monitoring staff, including the following: (i) subcontractor's activity report; (ii) contractor's certification concerning labor standards and prevailing wage requirements; (iii) contractor letter of understanding; (iv) monthly utilization report; (v) authorization for payroll agent; (vi) certified payroll; (vii) evidence that MBEAA/BE contractor associations have been informed of the Project via written notice and hearings; and (viii) evidence of compliance with job creation/job retention requirements. Failure to submit such documentation on a timely basis, or a determination by the City's monitoring staff, upon analysis of the documentation, that Harper Court is not complying with its obligations under this Section 10.03, shall, upon the delivery of written notice to Harper Court, be deemed an Event of Default. Upon the

42

occurrence of any such Event of Default, in addition to any other remedies provided in this Agreement, the City may: (1) issue a written demand to Harper Court to halt the Project, (2) withhold any further payment of any City Funds to Harper Court or the General Contractor, or (3) seek any other remedies against Harper Court available at law or in equity.

SECTION 11. ENVIRONMENTAL MATTERS

11.01 Phase I and II Assessments. Harper Court hereby represents and warrants to the City that Harper Court has performed a Phase I environmental site assessment of the Property in accordance with the requirements

of the ASTM E1527-05 standard ("Phase I Report") and Phase II testing sufficient to conclude that the Project may be constructed, completed and operated in accordance with all Environmental Laws and this Agreement and all Exhibits attached hereto, the Scope Drawings, Plans and Specifications and all amendments thereto, the Harper Court Ordinance, all ordinances authorizing the issuance of the TIF Bonds, if any, and the Redevelopment Plan. Harper Court agrees to deliver to the City a copy of each report prepared by Or for Harper Court regarding the environmental condition of the Property.

11.02 Environmental Remediation. Notwithstanding the foregoing or any other provision to the contrary contained in this Agreement, if during the development of the Project Harper Court discovers any underground storage tanks or otherwise becomes aware of the presence of contaminants on the Property, Harper Court covenants and agrees to complete all investigation, removal, response, disposal, treatment and other activities necessary to remediate the Property based upon commercial remediation objectives in accordance with the Illinois Environmental Protection Act and its implementing regulations and all applicable Laws, including, without limitation, all applicable Environmental Laws ("Environmental Remediation"). If Harper Court intends to request reimbursement from City Funds for any costs associated with the Environmental Remediation, the City shall have the right to review in advance and approve all environmental reports relating to, and estimates of the cost of performing, the Environmental Remediation. Any such approval with respect to the Lake Park Land shall also require the consent of Lake Park. Harper Court shall cooperate and consult with the City at all relevant times (and in all cases upon the request of the City) with respect to environmental matters, including, without limitation, any plans or proposals Harper Court may have that would materially increase the costs of the Environmental Remediation. Except as otherwise provided in the Ground Lease, Harper Court shall bear sole responsibility for all aspects of the Environmental Remediation and any other investigative and cleanup costs associated with the Property and any improvements, facilities or operations located or formerly located thereon, including, without limitation, the removal and disposal of all Hazardous Materials, debris and other materials excavated during the performance of the Environmental Remediation. Harper Court shall promptly transmit to the City copies of all documents and other written communications delivered to or received from the Illinois Environmental Protection Agency or other regulatory agencies with respect to the Environmental Remediation.

53rd Street Redevelopment Project Area Tax Increment Financing District Eligibility Study, Redevelopment Plan And Project.

1.

Executive Summary.

In April, 2000, S. B. Friedman & Company was engaged by the City of Chicago (the "City") to conduct a Tax Increment Financing Eligibility Study and prepare a Redevelopment Plan and Project (the "Redevelopment Plan"). This report details the eligibility factor found within the 53rd Street Redevelopment Project Area Tax Increment Financing District (the "53rd Street R.P.A" or "R.P.A.") in support of its

49804

JOURNAL-CITY COUNCIL-CHICAGO 1 /10/2001

designation as a "conservation area" within the definitions set forth in the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1, et seq., as amended (the "Act"). This report also contains the Redevelopment Plan and Project for the 53rd Street R.P.A.

The 53rd Street R.P.A. is mostly located within the Hyde Park community area but also extends north into the Kenwood community area. It consists of one hundred eighty-seven (187) tax parcels and sixty-three (63) buildings on twenty-four (24) blocks and contains approximately eighty-three and five-tenths (83.5) acres of land.

Detennination Of Eligibility.

This report concludes that the 53rd Street R.P.A. is eligible for Tax Increment Financing ("T.I.F.") designation as a "conservation area" because fifty percent (50%) or more of the structures in the area have an age of thirty-five (35) years or more and because the following four (4) eligibility factors have been found to be present to a major extent:

- lack of growth in equalized assessed value; structures below minimum code; excessive land coverage; and
- inadequate utilities. -

The factors are defined under the Act at 65 ILCS 5/1-74.4-3(a) and (b). Additionally, three (3) other eligibility factors are present to a minor extent and demonstrate that the 53rd Street R.P.A. is in a state of gradual decline through disinvestment". Left unchecked, these conditions could accelerate the decline of the community and, combined with those factors that have been documented to be present to a major extent, could lead to more widespread and intensive disinvestment. These factors are: '

- deterioration;

¹ - deleterious land-use or layout; and
obsolescence. '

Redevelopment Plan Goal, Objectives and Strategies.

The overall goal of the Redevelopment Plan is to reduce or eliminate conditions that qualify the 53rd Street R.P.A. as a conservation area and to provide the direction and mechanisms necessary to reestablish the R.P.A. as a cohesive and vibrant mixed-use commercial district that provides a comprehensive range of commercial and retail uses to the surrounding residential community, while accommodating residential and institutional uses where appropriate. Redevelopment of the R.P.A. will stimulate redevelopment in surrounding neighborhoods.

Rehabilitation and redevelopment of the R.P.A. are to be achieved through an integrated and comprehensive strategy that leverages public resources to stimulate additional private investment. The underlying strategy is to use tax increment financing, as well as other funding sources, to reinforce and encourage further private investment.

Objectives. Fourteen (14) objectives support the overall goal of area-wide revitalization of the 53rd Street R.P.A.. These objectives include:

1. provide resources for streetscaping and landscaping to visually link the area's diverse land uses and create a cohesive and integrated identity for the area which is focused at the intersection of the 53rd Street and Lake Park Avenue corridors;
2. facilitate the provision of adequate on- and off-street parking and improved service access for visitors, employees and customers of the R.P.A.;
3. facilitate the improvement and expansion of existing public facilities as needed, such as schools and parks, and facilitate the development of new public facilities in appropriate locations throughout the R.P.A. as needed and in accordance with the Redevelopment Plan;
4. foster the replacement, repair and/or improvement of the public infrastructure where needed, including sidewalks, streets, curbs, gutters and underground water and sanitary systems, to facilitate the rehabilitation of mixed-use, commercial institutional and public properties within the 53rd Street R.P.A. as well as the construction of new retail, commercial and mixed-use development where appropriate;
5. support the goals and objectives of other overlapping plans, including A Vision for the Hyde Park Retail District (City of Chicago Planning Now Study, March, 2000), and coordinate available federal, state and local resources to further the goals of this redevelopment plan;

v

49806

JOURNAL-CITY COUNCIL-CHICAGO 1/10/2001

6. facilitate the preservation and/or rehabilitation of retail, commercial and institutional uses, and architecturally

or historically significant buildings in the 53rd Street R.P.A.

7. preserve and enhance the pedestrian orientation of appropriate retail nodes, such as the 53rd Street and Lake Park Avenue intersection, by encouraging pedestrian-friendly uses and design strategies that include, but are not limited to, the following: facilitate safe pedestrian movement across wide arterial streets through improvement of pedestrian amenities; widen narrow sidewalks; and create visual interest and safer pedestrian environments with streetscaping, landscaping, lighting and buffering;

8. strengthen the economic well-being of the 53rd Street R.P.A. by providing resources for retail, commercial, mixed-use and institutional development in the 53rd Street R.P.A., as appropriate;

9. create a positive environment for educational, recreational and other institutional facilities where needed and in accordance with the Redevelopment Plan by providing enhancement opportunities for public facilities and institutions, such as schools, parks and transit facilities;

10. encourage the development of mixed-use, commercial, retail and institutional uses, as appropriate, along the major corridors of 53rd Street and Lake Park Avenue and at the core 53rd Street/Lake Park Avenue intersection that respect the historic character of the area;

11. facilitate the remediation of environmental problems to provide additional land for new retail, commercial and mixed-use development and redevelopment, as appropriate;

12. provide opportunities for women-owned, minority-owned and locally owned businesses to share in the job and construction opportunities associated with the redevelopment of the 53rd Street R.P.A.

13. support job training programs and increase employment opportunities, including welfare to work programs, for individuals working in area businesses; and

14. support the cost of day care operations established by businesses in the R.P.A. to serve employees of low-income families working in the R.P.A.

Strategies. These objectives will be implemented through five (5) specific and integrated strategies. These strategies include:

REPORTS OF COMMITTEES

49807

1. Implement Public Improvements. A series of public improvements throughout the 53rd Street R.P.A. may be designed and implemented to help define and create an identity for the area and subareas, prepare sites for anticipated private investment, and create a more conducive environment for retail, commercial, and mixed-use development. Public improvements which are implemented with T.I.F. assistance are intended to complement and not replace existing funding sources for public improvements in the R.P.A.

Public) improvements may include new public parking facilities, streetscaping, improved street and sidewalk lighting, resurfacing of alleys, sidewalks and streets, improvement of underground infrastructure and other public improvements consistent with the Redevelopment Plan. These public improvements may be completed pursuant to redevelopment agreements with private entities or intergovernmental agreements with other public entities, and may include the construction, rehabilitation, renovation or restoration of public improvements on one (1) or more parcels.

2. Develop Underutilized Sites. The redevelopment of underutilized sites within the 53rd Street R.P.A. is expected to stimulate both physical and economic private investment and enhance properties within the R.P.A.. Development of underutilized sites is anticipated to have a positive impact on other properties beyond the individual project sites.

3. Encourage Private Sector Activities. Through the creation and support of public-private partnerships, or through written agreements the City may provide financial and other assistance to encourage the private sector, including local property owners and businesses, to undertake rehabilitation and redevelopment projects and other improvements that are consistent with the goals of this Redevelopment Plan and which maintain the integrity of the

- historically significant buildings in the Hyde Park-Kenwood Historic District.

4. Facilitate/Support New Development. To facilitate private market interest, the City may enter into agreements within the limits of the Act to facilitate and support redevelopment projects that complement and comport with the goals, objectives and strategies of this Redevelopment Plan.

The private sector often acquires and assembles property to create redevelopment opportunities and suitable sites for modern development needs. Property assembly by the private sector to meet the goals, policies or objectives of this Redevelopment Plan may be assisted by using tax increment revenues.

(' 49808

JOURNAL-CITY COUNCIL-CHICAGO 1/10/2001

5. Facilitate Site Preparation Or Environmental Remediation. To meet the goals, policies or objectives of this Redevelopment Plan, the City may engage in site preparation or environmental remediation as needed.

Furthermore, the City may require written development agreements with developers before assisting in site preparation or environmental remediation of any properties.

Required Findings.

The required conditions for the adoption of the Redevelopment Plan and Project are found to be present within the 53rd Street R.P.A.

First, the City is required to evaluate whether or not the R.P.A. has been subject to growth and private investment and must substantiate a finding of lack of such investment prior to establishing a tax increment financing district.

While some new investment has occurred in the 53rd Street R.P.A. between 1995 and the beginning of 2000, this investment has been minimal in scope and in areas isolated within the R.P.A.. Taken as a whole, the R.P.A. has not been subject to growth and development through investment by private enterprise. The 53rd Street R.P.A. is located entirely within Hyde Park Township. From 1994 through 1999 the growth of equalized assessed valuation ("E. A.V.", which is the value of property from which property taxes are based) in the R.P.A. has lagged behind that of both the City of Chicago and Hyde Park Township. The compound annual growth rate of E.A.V. for the 53rd Street R.P.A. was only two and twenty-four hundredths percent (2.24%) between 1994 and 1999. In comparison, the compound annual growth rate of E.A.V. was two and seventy-six hundredths percent (2.76%) for Hyde Park Township and three and twenty-eight hundredths percent (3.28%) for the City of Chicago over the same period of time.

As another method to examine the scope of new investment in the 53rd Street R.P.A., S.B. Friedman & Company examined building permit data provided by the City of Chicago Department of Buildings.

Specifically, we examined building permit data for the period from 1995 to early 2000 which revealed that fifty-five (55) permits were issued within the 53rd Street R.P.A. totaling Three Million Six Hundred Thousand Dollars (\$3,600,000). Only three (3) were for new construction. The remaining fifty-two (52) permits were for rehabilitation, mechanical upgrades, minor repairs or code compliance.

Based on our review of the data of the fifty-five (55) permits, two (2) permits (totaling approximately One Million Dollars (\$1,000,000)) were initiated for public schools. The remaining fifty-three (53) permits (Two Million Six Hundred Thousand Dollars (\$2,600,000)) were privately initiated, with only Twenty-nine Thousand Five

1/10/2001 REPORTS OF COMMITTEES

49809

Hundred Dollars (\$29,500), or one percent (1%), of the total private investment issued for new construction. On average over our five (5) year study period, privately initiated permits amounted to approximately Five Hundred Twenty Thousand Dollars (\$520,000) per year of total private investment, or less than one percent (1%) of the total Assessor's market value of all property within the 53rd Street R.P.A.. At this rate, it would take the private market a substantial amount of time to replace the current Assessor's market value of the R.P.A.

Furthermore, a majority of the private investment has been linked to specific locations within the R.P.A. and has not been evenly distributed throughout the area. Nine (9) permits totaling One Million

Sixty-nine Thousand Dollars (\$1,069,000), or nearly forty-one percent (41%) of the total private investment, was issued to only one (1) building. The remaining forty-four (44) privately initiated permits, totaling One Million Five Hundred Thousand Dollars (\$1,500,000), were issued for general repairs, alterations to existing uses and additions.

The impact on surrounding properties of the property investment on which building permits were issued has been isolated and minimal. Approximately two-thirds (%) of the total value of building permits in the last five (5) years were issued for only three (3) of the sixty-three (63) buildings in the R.P.A., two (2) of which are schools. These new investments, and existing property improvements have not stimulated widespread new private investment in the 53rd Street R.P.A.

Second, the City is required to find that, but for the designation of the T.I.F. district and the use of tax increment financing, it is unlikely that significant investment will occur in the 53rd Street R.P.A.

Without the support of public resources, the redevelopment objectives of the 53rd Street R.P.A. would most likely not be realized. The area-wide improvements and development assistance resources needed to rehabilitate and revitalize the 53rd Street R.P.A. as a mixed-use commercial district are extensive and costly, and the private market, on its own, has shown little ability to absorb all of these costs. Public resources to assist with site preparation, environmental remediation, public infrastructure improvements, and private property rehabilitation are needed to leverage private investment and facilitate area-wide redevelopment consistent with the Redevelopment Plan. T.I.F. funds can be used to fund site preparation, environmental remediation, infrastructure improvements and building rehabilitation. Accordingly, but for creation of the 53rd Street R.P.A., these projects, which would contribute substantially to area-wide redevelopment, are unlikely to occur without T.I.F. designation for the 53rd Street R.P.A.

Third, the 53rd Street R.P.A. includes only those contiguous parcels of real property that are expected to benefit substantially from the proposed Redevelopment Plan improvements.

49810

JOURNAL-CITY COUNCIL-CHICAGO 1/10/2001

Finally, the proposed land uses described in this Redevelopment Plan will be approved by the Chicago Plan Commission prior to its adoption by the City Council. The redevelopment opportunities identified in earlier area planning initiatives will be substantially supported and their implementation facilitated through the creation of the Redevelopment Plan.

2.

Introduction.

The Study Area.

This document serves as the eligibility study ("Eligibility Study") and Redevelopment Plan and Project for the 53rd Street Redevelopment Project Area ("53rd Street R.P.A." or "R.P.A."). The 53rd Street R.P.A. is located within the Hyde Park and Kenwood community areas of the City of Chicago (the "City"), in Cook County (the "County"). In April, 2000, S. B. Friedman & Company was engaged by the City to conduct a study of certain properties in these neighborhoods to determine whether the area containing these properties would qualify for status as a "blighted area" and/or "conservation area" under the Act.

The community context of the 53rd Street R.P.A. is detailed on Map 1.

The 53rd Street R.P.A. consists of approximately one hundred eighty-seven (187) tax parcels and sixty-three (63) buildings on twenty-four (24) blocks and contains approximately eighty-three and five-tenths (83.5) acres of land. The R.P.A. is generally linear in shape, extending east/west along 53rd Street and north/south along Lake Park Avenue. Most parcels within the R.P.A. front 53rd Street or Lake Park Avenue and almost entirely consist of commercial, institutional or mixed (commercial/residential) uses. The R.P.A. generally includes the north side of 53rd Street from Woodlawn Avenue on the west to Cornell Avenue on the east and the south side of 53rd Street from Kimbark Avenue on the west to Cornell Avenue on the east. The R.P.A. extends south to 55th Street between Kimbark and Kenwood Avenues to include Nichols Park and south to 54th Street on Lake Park Avenue. The R.P.A. extends north along both sides of Lake Park Avenue to approximately 50th Street.

Appendix I contains the legal description of the 53rd Street R.P.A.

Map 2 details the boundaries of the 53rd Street R.P.A. which include only those contiguous parcels of real property that are expected to benefit substantially by the Redevelopment Plan improvements discussed herein. The boundaries represent an area that is focused on 53rd Street, which serves as the "main street" of the Hyde

1/10/2001 REPORTS OF COMMITTEES

49811

Park community. The core of the R.P.A. is the intersection of 53rd Street and Lake Park Avenue which serves in many ways as the gateway to the Hyde Park neighborhood.

53rd Street between Cornell Avenue and Woodlawn Avenue contains a diverse mix of commercial and retail, professional services, institutional and residential uses. Lake Park Avenue is the main link between 53rd Street and Hyde Park's other retail streets. There is a concentration of retail uses at the intersection of 53rd Street and Lake Park Avenue, and retail and institutional uses also extend north of 53rd Street along Lake Park Avenue. The corridors included in the R.P.A. also are cohesive in that they together provide a complete range of retail, commercial, service and institutional uses to area residents and visitors. In order to remain a viable commercial and mixed-use corridor, it is critical that the appearance of these two (2) major corridors successfully blend with each other and with the neighboring residential areas and that a long-term parking strategy together with improved access to the retail district are implemented. Without streetscaping, improved vehicular and pedestrian movement, and the creation of a long-term parking strategy the R.P.A. can fall into further disrepair and minimize development opportunities in the surrounding areas. Each corridor and therefore all property in the 53rd Street R.P.A. will benefit from a strategy that addresses the deteriorating streetscapes and building conditions throughout the R.P.A.

The majority of the property within R.P.A. is within the Hyde Park/Kenwood Historic District listed in the National Register of Historic Places in 1979. The Historic District includes residential, commercial, mixed-use and institutional buildings which reflect the history and development of the area from the late nineteenth century and first half of the twentieth century. The overall historical and architectural character of the Historic District should be preserved and enhanced.

The Eligibility Study covers events and conditions that exist and that were determined to support the designation of the 53rd Street R.P.A. as a "conservation area" under the Act at the completion of our research on June 5, 2000 and not thereafter. These events or conditions include, without limitation, governmental actions and additional developments.

This Eligibility Study and Redevelopment Plan summarize the analysis and findings of the consultant's work, which, unless otherwise noted, is solely the responsibility of S. B. Friedman & Company. The City is entitled to rely on the findings and conclusions of the Redevelopment Plan in designating the 53rd Street R.P.A. as a redevelopment project area under the Act. S. B. Friedman & Company has prepared this Redevelopment Plan with the understanding that the City would rely (1) on the findings and conclusions of the Redevelopment Plan in proceeding with the designation of the 53rd Street R.P.A. and the adoption and implementation of the Redevelopment Plan, and (2) on the fact that S. B. Friedman & Company has

49812

obtained the necessary information including, without limitation, information relating to the equalized assessed value of parcels comprising the 53rd Street R.P.A., so that the Redevelopment Plan will comply with the Act and that the 53rd Street R.P.A. can be designated as a redevelopment project area in compliance with the Act. History Of Area¹¹¹.

The 53rd Street R.P.A. is located within two (2) community areas located on the south side of the City of Chicago. Most of the 53rd Street R.P.A. is located within the Hyde Park community area which is generally bounded by 51st Street on the north; Lake Michigan on the east; 60th Street on the south; and Cottage Grove Avenue on the west. A small two (2) block portion of the north boundary of the 53rd Street R.P.A. (which includes Kenwood Academy and the Wirth Experimental School) is located within the Kenwood community which is generally defined by 43rd Street on the north; Lake Michigan on the east; 51st Street on the south; and

Cottage Grove Avenue on the west.

Hyde Park. Settlement of the Hyde Park community began in the 1850s with the subdivision of land and the construction of an Illinois Central Railroad Station at Lake Park Avenue and 53rd Street. Hyde Park Township was incorporated in 1861, and during the 1860s further subdivision took place and a water works and gas plant were established. Further development in the area was spurred by the creation of Jackson and Washington Parks and by 1880 the Village of Hyde Park had reached a population of fifteen-thousand (15,000).

The Village of Hyde Park was annexed to Chicago in 1889 and in the next decade Hyde Park experience major growth due to the Columbian Exposition and the University of Chicago, which opened in 1892. The area south of 55th Street was dominated by the University, while the northern and eastern sections of Hyde Park were oriented toward the Loop, which was easily accessed by the Illinois Central trains. The housing stock was a mixture of single-family homes, apartments and rooming houses. The population of Hyde Park continued to grow, reaching thirty-seven thousand (37,000) in 1920 and forty-eight thousand (48,000) by 1930. During the Depression, compartmentalizing of large homes and conversion of apartments took place in order to accommodate the increased population.

(1) Information on the history of the Hyde Park and Kenwood community areas was derived from the Local Community Fact Book Chicago Metropolitan Area 1990, edited by the Chicago Fact Book Consortium (copyright 1995, Board of Trustees of the University of Illinois) at pages 132 - 133 and 136- 137.

1/10/2001

REPORTS OF COMMITTEES

Between 1930 and 1950, approximately three thousand (3,000) new apartment units were constructed. The community's historic peak in population was fifty-five thousand (55,000) in 1950. However, the deterioration of buildings constructed during the Columbian Exposition era required rehabilitation or demolition and the housing shortage became acute. There was much turnover in the 1950s and the Hyde Park-Kenwood Community Conference was formed to halt urban decay and encourage racial integration. The South East Chicago Commission was formed in 1952 to reduce crime, eliminate the unlawful substruction of apartments, and to help develop a strong commercial base. In 1955, urban renewal in Hyde Park began with significant demolition on 55th Street from Lake Park to Kenwood Avenues and in 1957, the Chicago City Council approved a Twenty Million Dollar (\$20,000,000) redevelopment project for 55th Street from Lake Park to Dorchester Avenues.

The total population dropped by twelve thousand (12,000) during the 1960s from forty-five thousand five hundred seventy-seven (45,577) to thirty-three thousand five hundred fifty-nine (33,559) and housing overcrowding was reduced, despite the fact that the number of housing units declined by more than twenty percent (20%) during that decade. This trend continued through 1990, although the decline was much more gradual since 1970. The total population in 1990 was twenty-eight thousand six hundred thirty (28,630). In spite of hopeful signs of residential and commercial development in the Hyde Park area as a whole, 53rd Street is in need of investment from the private sector and physical rehabilitation of public and institutional uses. There is substantial evidence of physical decay along with issues of competitiveness and functionality on 53rd Street itself between Woodlawn and Lake Park Avenues. Rehabilitation in the area has been scattered and a coordinated redevelopment strategy is needed to address these issues and improve the appearance and functionality of 53rd Street and to secure its continued identity as the "main street" of this diverse urban community.

Kenwood. The northern boundary of the 53rd Street R.P.A. includes a two (2) block area that is located in the southern portion of Kenwood. In 1861, the settlement known as Kenwood at 43rd Street and the Illinois Central Railroad was included in the incorporation of Hyde Park. The fire in 1871 provided the major stimulus for residential development and many large homes were built as Kenwood had become the fashionable suburb of the south side. In 1889, Kenwood was annexed to Chicago as part of the Village of Hyde Park.

The southern section of Kenwood was generally defined as the area south of 47th Street and north of Hyde Park Boulevard, east of Cottage Grove Avenue. By the 1930s some of the housing stock was beginning to deteriorate

and conversion of the dwelling units into smaller apartment units was taking place to accommodate an increasing demand for housing, especially between 1940 and 1960.

49814

JOURNAL-CITY COUNCIL-CHICAGO 1 /10/2001

Concerted efforts to renovate the southern division (south of 47th Street) of Kenwood began in the 1950s with the organization of the Hyde Park-Kenwood Community Conference and a Hyde Park/Kenwood Conservation Area was designated in 1956. Large amounts of demolition occurred throughout Kenwood in the 1960s and the number of housing units continued to decrease. The population has decreased from a peak in 1960 of forty-one thousand five hundred (41,500) to eighteen thousand (18,000) in 1990. Kenwood remains an area of great socioeconomic disparities.

The small portion of Kenwood that is included in the 53rd Street R.P.A.s located along a two (2) block area on the west side of Lake Park Avenue between 51st and 49th Streets. This area, which contains mostly institutional uses, is important to the continuity and viability of the 53rd Street commercial corridor because of its connection to the northern areas of Hyde Park and southern Kenwood by Lake Park Avenue.

Existing Land-Use.

Based upon S. B. Friedman & Company's research, five (5) land uses have been identified within the 53rd Street R.P.A.:

commercial;)

- institutional (including public facilities, schools, social services); parks/open space; vacant land; mixed-use (including mostly commercial/residential buildings).

The overall pattern of land-use in the 53rd Street R.P.A. is shown on Map 3. The land uses displayed on Map 3 represent the predominant land-use; the predominant land-use displayed is not necessarily the only land-use present on a given block, but rather the predominant use. Most blocks within the R.P.A. contain more than one (1) land-use. The mixed-use designation is used in those areas where more than one (1) land-use is combined, and in this case is almost completely reflective of buildings which share commercial and residential uses.

However, mixed-use has also been used to characterize the presence of two (2) or more of the following land uses: residential, commercial, commercial/residential or institutional. The predominant land uses in the 53rd Street R.P.A. are commercial and mixed-use commercial/residential, interspersed with institutional land uses.

Almost no purely

1/10/2001

REPORTS OF COMMITTEES

residential uses have been included.

Institutional uses include public facilities, religious institutions, daycare facilities, and social service uses. The public schools within the 53rd Street R.P.A. are Murray . Academy and Wirth Experimental School (both elementary schools), and Kenwood Academy (high school). Combined, these schools have unfunded capital needs totaling approximately Two Million Seven Hundred Thousand Dollars (\$2,700,000) according to the Chicago Public Schools Capital Improvements Program (C.I.P.) for fiscal years 1999 - 2003. Wirth Experimental School is located immediately north of Kenwood Academy and it appears prudent to include it within the boundaries of /the R.P.A. for coordinated and cohesive planning and capital improvements in the future. Other public uses and facilities within the R.P.A. include the 53rd Street Metra Station at Lake Park Avenue on the MetraTSlectric line and the associated underpass; Elm and Spruce Playlots; and Nichols Park. According to the Planning, Research and Evaluation Department of the Chicago Park District, there are no current capital improvement plans for the two (2) playlots in the R.P.A. and there is one (1) funded project for Nichols Park involving the expansion of Murray Academy. Despite the current lack of plans with unmet capital needs, initial signs of deterioration of surface improvements at all three (3) parks were found in our field survey. The inclusion pf these three (3) public park facilities is warranted because of their close association with 53rd Street in general and their likely benefit from public improvement plans for 53rd Street! In addition, the parks help connect 53

rd Street to surrounding residential neighborhoods and Nichols Park helps connect 53rd Street to the commercial district along 55th Street.

Surrounding public facilities are shown on Map 6.

Eligibility Analysis.

Provisions Of The Illinois Tax Increment Allocation Redevelopment Act.

Based upon the conditions found within the 53rd Street R.P.A. at the completion of S. B. Friedman & Company's research, it has been determined that the 53rd Street R.P.A. meets the eligibility requirements of the Act as a conservation area. The following outlines the provisions of the Act to establish eligibility. Under the Act, two (2) primary avenues exist to establish eligibility for an area to permit the use of tax increment financing for area redevelopment:, declaring an area as a "blighted area" and/or a "conservation area".

49816

JOURNAL-CITY COUNCIL-CHICAGO 1 /10/2001

"Blighted areas" are those improved or vacant areas with blighting influences that are impacting the public safety, health, morals or welfare of the community, and are substantially impairing the growth of the tax base in the area. "Conservation areas" are those improved areas which are deteriorating and declining and soon may become blighted if the deterioration is not abated.

The statutory provisions of the Act specify how a district can be designated as a "conservation" and/or "blighted area" district based upon an evidentiary finding of certain eligibility factors listed in the Act. These factors are identical for each designation.

According to the Act, "blighted areas" must have a combination of five (5) or more of these eligibility factors acting in concert which threaten the health, safety, morals or welfare of the proposed district.

"Conservation areas" must have a minimum of fifty percent (50%) of the total structures within the area aged thirty-five (35) years or older, plus a combination of three (3) or more additional eligibility factors which are detrimental to the public safety, health, morals or welfare and which, could result in such an area becoming a blighted area.

The factors are listed at 65 ILCS 5/1 I-74.4-3(a) and (b) and are defined in the Act as follows:

Eligibility Factors For Improved Areas.

Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking and surface storage areas evidence deterioration including but not limited to, surface cracking, crumbling potholes, depressions, loose paving material and weeds protruding through paved surfaces.

Presence Of Structures Below Minimum Code Standards. All structures that do not meet the standards of zoning, subdivision, building, fire and other governmental codes applicable to property, but not including housing and

1/10/2001

REPORTS OF COMMITTEES

49817

property maintenance codes.

Illegal Use Of Individual Structures. The use of structures in violation of the applicable federal, State or

local laws, exclusive of those applicable to the presence of structures below minimum code standards.

Excessive Vacancies. The presence of buildings that are unoccupied or underutilized and that represent an adverse influence on the area because of the frequency, extent or duration of the vacancies.

Lack Of Ventilation/Light Or Sanitary Facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

Inadequate Utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines and gas, telephone and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete or in disrepair, or (iii) lacking within the redevelopment project area.

Excessive Land Coverage And Overcrowding Of Structures And Community Facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one (1) or more of the following conditions: insufficient provision for light and air within Or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking or inadequate provision for loading and service.

Deleterious Land-Use Or Layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive or unsuitable for the surrounding area.

49818

JOURNAL-CITY COUNCIL-CHICAGO 1/10/2001

Environmental Clean-Up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

Lack Of Community Planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

Lack Of Growth In Equalized Assessed Value. The total equalized assessed value of the proposed redevelopment project area has declined for three (3) of the last five (5) calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for three (3) of the last five (5) calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for three (3) of the last five (5) calendar years prior to the year in which the redevelopment project area is designated.

As explained, "blighted areas" must have a combination of five (5) or more of these eligibility factors and "conservation areas" must have a minimum of fifty percent (50%) of the total structures within the area aged thirty-five (35) years or older, plus a combination of three (3) or more additional eligibility factors.

Factors For Vacant Land.

Under the provisions of the "blighted area" section of the Act, if the land is vacant, a combination of two (2) or more of the following factors also may be identified which combine to impact the sound growth of the redevelopment project area.

1/10/2001

REPORTS OF COMMITTEES

49819

Obsolete Platting Of Vacant Land. Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys or other public rights-of-way or that omitted easements for public utilities.

Diversity Of Ownership. Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

Tax And Special Assessment Delinquencies. Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last five (5) years.

Deterioration Of Structures Or Site Improvements In Neighboring Areas Adjacent To The Vacant Land.

Environmental Clean-Up. The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances or underground storage tanks required by state or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

Lack Of Growth In Equalized Assessed Value. The total equalized assessed value of the proposed redevelopment project area has declined for three (3) of the last five (5) calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for three (3) of the last five (5) calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for three (3) of the last five (5) calendar years prior to the year in which the redevelopment project area is designated.

Additionally, under the "blighted area" section of the Act, eligibility may be established for those vacant areas that would have qualified as a blighted area immediately prior to becoming vacant. Under this test for establishing eligibility, building records may be reviewed to determine that a combination of five (5) or more of the thirteen (13) "blighted area" eligibility factors were present immediately prior to demolition of the area's structures.

The vacant "blighted area" section includes five (5) other tests for establishing eligibility, but none of these are relevant to the conditions within the 53rd Street R.P.A.

Methodology Overview And Determination Of Eligibility.

Analysis of eligibility factors was done through research involving an extensive exterior survey of all properties within the 53rd Street R.P.A., as well as a review of building and property records. Property records included building code violation citations, building permit data and assessor information. Our survey of the area established that there are sixty-three (63) buildings within the 53rd Street R.P.A. In addition, verification of the age of area buildings was obtained from other sources such as assessor data and aerial photographs.

The areas located within the 53rd Street R.P.A. are predominantly characterized by mixed-use, commercial and institutional structures of varying degrees of deterioration. All properties were examined for qualification factors consistent with either "blighted area" or "conservation area" requirements of the Act. Based upon these criteria, the properties within the 53rd Street R.P.A. qualify for designation as a T.I.F. Redevelopment Project Area as a "conservation area" as defined by the Act.

To arrive at this designation, S. B. Friedman & Company calculated the number of eligibility factors present on a building-by-building or parcel-by-parcel basis and analyzed the distribution of the eligibility factors on a block-by-block basis. When appropriate, we calculated the presence of eligibility factors on infrastructure and ancillary properties associated with the structures. The eligibility factors were correlated to buildings using Sanborn Maps, property files created from field observations and record searches. Some eligibility factors were examined within the context of entire blocks or the whole R.P.A., and apply only to entire blocks or the whole R.P.A.. The information was then graphically plotted on a block map of the 53rd Street R.P.A. to establish the distribution of eligibility factors, and to determine which factors were present to a major or minor extent.

Major factors are used to establish eligibility. These factors are present to a meaningful extent on most of the blocks and are evenly distributed throughout the R.P.A.. Minor factors are supporting factors present to a meaningful extent on some of the blocks or on a scattered basis. The presence of minor factors suggests that the area is at risk of more extensive deterioration and disinvestment.

While it may be concluded that the mere presence of the minimum number of the stated factors may be sufficient to make a finding as a conservation area, this evaluation was made on the basis that the conservation area factors must be present to an extent that indicates that public intervention is appropriate or

1/10/2001

necessary. Secondly, the distribution of conservation area factors must be reasonably distributed throughout the R.P.A. so that basically good areas are not arbitrarily included in the R.P.A. simply because of proximity to areas that qualify as a conservation area. I . .

Conservation Area Findings.

As required by the Act, within a conservation area, at least fifty percent (50%) of the buildings must be thirty-five (35) years of age or older, and at least three (3) of the fourteen (14) other eligibility factors must be found present to a major extent within the 53rd Street R.P.A.

Establishing that at least fifty percent (50%) of the 53rd Street R.P.A. buildings are thirty-five (35) years of age or older is a condition precedent to establishing the area as a conservation area under the Act. Taking into account information obtained from architectural characteristics, building configurations, information from the Cook County Assessor's Office, structure base maps and the historic development patterns within the community, we have established that of the sixty-three (63) buildings, forty-seven (47) buildings (seventy-five percent (75%)) within the 53rd Street R.P.A. are thirty-five (35) years of age or older.

In addition to establishing that the 53rd Street R.P.A. meets the age requirement, our research has revealed that the following four (4) factors are present to a major extent:

lack of growth in equalized assessed value; - structures below minimum code; excessive land coverage; and inadequate utilities.

Based on the presence of these factors, the R.P.A. meets the requirements of a "conservation area's under the Act. The R.P.A. is not yet blighted, but because of a combination of the factors present the R.P.A. may become a blighted area.

The total equalized assessed value (E.A.V.) of the R.P.A. grew at a rate that was less than that of the balance of the municipality for four (4) of the last five (5) years (1994 - 1999) for which information was available. Overall, the E.A.V. of the R.P.A.

49822

JOURNAL-CITY COUNCIL-CHICAGO 1 /10/2001

grew at a rate that was only about two-thirds (%) of the growth rate for the City of Chicago as a whole from 1994 through 1999. This is very strong evidence of the R.P.A.'s decline relative to the rest of the City.

The widespread presence of structures which have been found to be below minimum code standards in the last five (5) years is a further indicator of decline in the area. More than two (2) out of every three (3) blocks (seventy-one percent (71%)) or the portions of the blocks included within the R.P.A. exhibit structures below minimum code standards to a major extent and over half of the buildings (fifty-one percent (51%)) have been cited for code violations in the past five (5) years. While deterioration was not found to be present to a major extent, the prevalence of structures which have been cited for code violations is illustrative of the lack of private investment which can lead to more advanced states of building deterioration.

The excessive land coverage among the buildings also is significant and well-distributed throughout the area: eighteen (18) (twenty-nine percent (29%)) of sixty-three (63) buildings are characterized by this blighting condition. Overall, more than one (1) out of every three (3) blocks (forty-two percent (42%)) exhibited this factor to a major extent. This factor may affect not just individual properties but also have repercussions on surrounding areas. The presence of this factor to such an extent is reflective of many of the area-wide problems which make the R.P.A. prone to further disinvestment and which may eventually result in more widespread deterioration and a continuing lag in the growth of property values. The most common instances of this eligibility factor occurred where there was a lack of reasonably required off-street parking and inadequate provision for loading and service, a condition which is exacerbated by the lack of alleys along much of 53rd Street.

The condition of underground utilities within the R.P.A. is largely inadequate. Inadequate utilities was evaluated on block-by-block basis. Almost all of the blocks (ninety-two percent (92%)) within the R.P.A. are serviced in some manner by antiquated water mains that are scheduled or overdue for replacement. Deterioration (including surface improvements and infrastructure), deleterious land-use or layout, and obsolescence were found to be present to a minor extent within the 53rd Street R.P.A.. While these factors may not be present to the same extent as the other documented factors, they are significant blighting factors on some of the blocks and further suggest that the 53rd Street R.P.A. as a whole is susceptible to continued disinvestment which may result in future deterioration.

Table 1 details the conservation eligibility factors by block within the 53rd Street R.P.A.. Maps 4A through 4E illustrate the distribution of those conservation eligibility factors found to be present to a major extent within the R.P.A. as a whole by highlighting each block where the respective factors were found to be present to

a meaningful degree. The following sections summarize our field research as it pertains to each of the identified eligibility factors found present within the 53rd Street R.P.A.

1. Lack Of Growth In Equalized Assessed Value.

The total equalized assessed value (E.A.V.) is a measure of the property value in the 53rd Street R.P.A.. Lack of growth in E.A.V. has been found for the R.P.A. in that the rate of growth in property values (as measured by E.A.V.) of the R.P.A. has been less than that of the balance of the City of Chicago for four (4) out of the last five (5) years for which information is available (1994 through 1999). In addition, the rate of growth of the R.P.A. has been less than that of the balance of Hyde Park Township for three (3) out of the last five (5) years for which information is available (1994 through 1999). The lack of growth in equalized assessed value within an area is one of the strongest indicators that the area as a whole is beginning to fall into decline.

49824

JOURNAL-CITY COUNCIL-CHICAGO 1/10/2001**2. Structures Below Minimum Code.**

Based on data provided by the City of Chicago's Department of Buildings, forty-two (42) code violation citations have been issued for thirty-two (32) different buildings within the 53rd Street R.P.A. between 1995 and the beginning of 2000. The forty-two (42) code violation citations have implicated fifty-one percent (51%) of the buildings and more than two (2) out of every three (3) blocks (seventy-one percent (71%)) within the 53rd Street R.P.A. between 1995 and the beginning of 2000. This continuing problem underscores the lack of private investment, and in more extreme cases, deterioration of the area's buildings.

This eligibility factor was found to be present to a meaningful extent on seventy-one percent (71%) of the blocks within the 53rd Street R.P.A.

3. Excessive Land Coverage.

Excessive land coverage refers to the over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Eighteen (18) of the sixty-three (63) buildings (twenty-nine percent (29%))

within the 53rd Street R.P.A. exhibited problem conditions which warranted the finding of this factor to be present on more than one (1) out of every three (3) blocks (forty-two percent (42%)) within the R.P.A.. Examples of problem conditions which were found in the proposed R.P.A. and which constitute "excessive land coverage" include a lack of reasonably required off-street parking and inadequate provision for loading and service. Many of the blocks which front 53rd Street do not have alleys, reasonably required off-street parking or adequate provision for loading and service, resulting in the over-intensive use of property and exacerbating the problems of traffic and congestion. Such problems illustrate the adverse impact that excessive land coverage of buildings can have on surrounding areas and not just individual properties. These problems limit the opportunities for continued growth and development and have the overall effect of reducing the competitiveness of area businesses. Additionally, the safety of pedestrians may be threatened in this environment.

This eligibility factor was found to be present to a meaningful extent on forty-two percent (42%) of the blocks within the 53rd Street R.P.A.

4. Inadequate Utilities.

A review of the City's water and sewer atlases found that inadequate underground utilities affect almost all of the blocks within the R.P.A. Twenty-two (22) of the twenty-four (24) (ninety-two percent (92%)) blocks within the R.P.A. are serviced by

1/10/2001

REPORTS OF COMMITTEES

49825

antiquated water mains that are either scheduled for or are overdue for replacement. ' Some replacements are required because the water lines have reached the end of their one hundred (100) year useful service lives and others are needed because the water mains are of insufficient size to comply with modern capacity requirements. It is anticipated that a total of sixteen thousand five hundred fifty (16,550) linear feet of water mains will need to be replaced during the life of the R.P.A.

Due to the age and condition of the water lines, inadequate utilities was found to be present to a meaningful extent on ninety-two percent (92%) of the blocks within the 53rd Street R.P.A.

Minor Supporting Factors.

In addition to the factors that previously have been documented as being present to a major extent within the 53rd Street R.P.A., two (2) additional factors are present to a minor extent. These additional factors demonstrate that the 53rd Street R.P.A. is gradually declining through disinvestment. Left unchecked, these conditions could accelerate the decline of the community, and combined with those factors that have been used to qualify the R.P.A. as a conservation area, could lead to more widespread and intensive commercial and residential disinvestment.

1. Deterioration.

Seventeen (17) of the sixty-three (63) buildings (twenty-seven percent (27%)) within the 53rd Street R.P.A. demonstrate a significant level of deterioration. Catalogued deterioration included the occurrence of major defects in building components, including collapsed or missing gutters and down spouts, cracked, broken or missing windows, evidence of roof leaks, building foundation problems, and cracked exterior wall surfaces. These are structural conditions not readily correctable through normal maintenance. Structural deterioration, coupled with other blighting factors found for buildings in the R.P.A. such as code violations and excessive land coverage, are indicative of an area that is at risk of becoming blighted without direct intervention.

In addition, deterioration was documented on accessory buildings and ancillary property within the 53rd Street R.P.A.. Accessory buildings and ancillary property include garages, surface parking lots and property enclosed with fencing. Deterioration also was documented on 53rd Street R.P.A. infrastructure and included potholed, cracked and uneven pavement of sidewalks and alleys.

Although this factor was not considered to be present to a major extent for the R.P.A. as a whole, the combination of buildings with some amount of deterioration

49826

JOURNAL-CITY COUNCIL-CHICAGO 1/10/2001

and surface improvements with deterioration was found to be present to a meaningful extent on fifty percent (50%) of the blocks within the 53rd Street R.P.A.

2. Deleterious Land-Use Or Layout.

Deleterious land-use and layout was evaluated on a building-by-building and block-by-block basis. This factor may be present regardless of whether or not a structure exists on a parcel and involves the relationship between different building and land uses. Therefore, it was necessary to evaluate deleterious land-use and layout in this manner. While this factor was not found to be present for many individual buildings (six (6) out of sixty-three (63) buildings), it was found to be present to a meaningful extent on seven (7) (twenty-nine percent (29%)) of the twenty-four (24) blocks in the R.P.A., mostly around the intersection of 53rd Street and Lake Park Avenue. For example, the entire block bounded by 53rd Street, Lake Park Avenue, 52nd Street and Harper Avenue was found to exhibit deleterious land-use or layout. This area is highly congested with both pedestrian and vehicular traffic due to the proximity of several different high-use facilities. The configuration of buildings, parking and rights-of-way adversely impact the overall layout of the block.

Combined, the presence of such instances of deleterious land-use and layout limit the development opportunities in key areas of the 53rd Street R.P.A.. The combination of insufficient vehicular access, unsafe pedestrian movement, obsolete platting and incompatible land uses aggravate traffic patterns and pose special hazards for pedestrians who shop or live in the 53rd Street R.P.A., thereby limiting potential redevelopment opportunities.

3. Obsolescence.

Obsolescence, either functional, economic or some combination of both, was documented for nine (9) of the sixty-three (63) buildings (fourteen percent (14%)) within the R.P.A.. One (1) out of every four (4) blocks exhibits some type of obsolescence. A majority of the buildings within the 53rd Street R.P.A. were built at least thirty-five (35) years ago and the floor layouts of some of these buildings were designed for business operations that have become outmoded. Reconfiguration and rehabilitation of such structures would result in substantial cost to any future user and therefore would render the structure functionally obsolete. This functional obsolescence directly inhibits the redevelopment of these properties due to the enormous practical disadvantages faced by potential new users.

\

1/10/2001

REPORTS OF COMMITTEES

49827 .

In addition to functional obsolescence, the economic obsolescence of some area properties is demonstrated by the stagnant, or in some cases declining, assessed valuation (other than routine increases attributable to the effect of inflation upon triennial reassessment values), and observations in the field that the property is falling into disuse. Economically obsolete buildings and properties have an adverse effect on nearby properties and detract from the physical, functional and economic vitality of the surrounding community.

This eligibility factor is present to a meaningful extent on twenty-five percent (25%) of the blocks within the R.P.A.

4.

Redevelopment Project And Plan.

Redevelopment Needs Of The 53rd Street R.P.A.

The land-use and existing conditions for the area suggest six (6) major redevelopment needs for the 53rd Street R.P.A.:

capital improvements for public facilities and institutional uses that further the objectives set forth in the Redevelopment Project and Plan;

streetscape and infrastructure improvements;

rehabilitation of existing buildings;

resources for retail, commercial and mixed-use development; .
site preparation, environmental remediation and private sector site assembly; and
job training assistance and day care.

The Redevelopment Plan identifies tools for the City to: support the re-establishment and improvement of the R.P.A. as an active mixed-use district suitable for modern-day users; support other improvements that serve the redevelopment interests of the local community and the City; and assist existing businesses to promote the desirability of their businesses through expansion, improvement, and/or other mechanisms as set forth in the Redevelopment Plan.

49828

JOURNAL-CITY COUNCIL-CHICAGO 1 /10/2001

Currently, the 53rd Street R.P.A. is characterized by a lack of reasonably required off-street parking, inadequate provision for loading and service, conflicting land-use patterns and poor vehicular and pedestrian access, signs of structural deterioration, and an overall lack of growth in property values. These area and building conditions are minimizing the value of commercial and mixed-use properties in the area compared to other commercial and residential districts elsewhere in the City, limiting local area employment opportunities and growth, and contributing to the lack of new investment within the R.P.A. The public improvements outlined in the Redevelopment Plan will create an environment conducive to private investment and redevelopment within the 53rd Street R.P.A.. The goals, objectives and strategies discussed below have been developed to address these needs and facilitate the sustainable redevelopment of the 53rd Street R.P.A.. To support specific projects and encourage future investment in the R.P.A., public resources including tax increment financing may be used to facilitate site assembly, site preparation and demolition for future private sector redevelopment activities; modernize R.P.A. infrastructure and create new public facilities; create an identity for the community; and support building rehabilitation. The private sector often acquires and assembles property to create redevelopment opportunities and suitable sites for modern development needs. Property assembly and demolition by the private sector to meet the goals, policies or objectives of this Redevelopment Plan can be assisted using tax increment revenues .'

Ultimately, the goals, objectives and strategies are designed to redevelop the R.P.A. as a vibrant mixed-use commercial district, strengthening adjacent residential districts, and providing new and enhanced commercial activities that complement and service the residential population.

Goals, Objectives And Strategies.

Goals, objectives and strategies designed to address the needs of the community form the overall framework of the Redevelopment Plan for the use of anticipated tax increment funds generated within the 53rd Street R.P.A.

Goal. . The overall goal of the Redevelopment Plan is to reduce or eliminate conditions that qualify the 53rd Street R.P.A. as a conservation area and to provide the direction and mechanisms necessary to re-establish the R.P.A. as an active and vibrant mixed-use commercial district that provides a comprehensive range of commercial and retail uses to the surrounding residential community, while accommodating residential and institutional uses where appropriate. Redevelopment of the R.P.A. will induce redevelopment opportunities in surrounding neighborhoods.

1/10/2001

REPORTS OF COMMITTEES

49829

Rehabilitation and redevelopment of the R.P.A. is to be achieved through an integrated and comprehensive strategy that leverages public resources to stimulate additional private investment.

The underlying strategy is to use tax increment financing, as well as other funding sources, to reinforce and encourage further private investment.

Objectives. Fourteen (14) objectives support the overall goal of area-wide revitalization of the 53rd Street R.P.A.. These objectives include:

1. provide resources for streetscaping and landscaping to visually link the area's diverse land uses and provide a cohesive and integrated identity for the area which is focused at the intersection of the 53rd Street and Lake Park Avenue corridors;
2. facilitate the provision of adequate on- and off-street parking and improved service access for visitors, employees and customers of the R.P.A.;
3. facilitate the improvement and expansion of existing public facilities as needed, such as schools and parks, and facilitate the development of new public facilities in appropriate locations throughout the R.P.A. as needed and in accordance with the Redevelopment Plan;
4. foster the replacement, repair and/or improvement of the public infrastructure where needed, including sidewalks, streets, curbs, gutters and underground water and sanitary systems to facilitate the rehabilitation of mixed-use, commercial, institutional and public properties within the 53rd Street R.P.A. as well as the construction of new retail, commercial and mixed-use development where appropriate;
5. support the goals and objectives of other overlapping plans, including a vision for the Hyde Park Retail District (City of Chicago Planning Now Study, March, 2000), and coordinate available federal, state and local resources to further the goals of this redevelopment plan;
6. facilitate the preservation and/or rehabilitation of retail, commercial and institutional uses; established institutional facilities, and architecturally or historically significant buildings in the 53rd Street R.P.A.;
7. preserve and enhance the pedestrian orientation of appropriate retail nodes, such as the 53rd Street and Lake Park Avenue intersection, by encouraging pedestrian-friendly uses and design strategies that include, but are not limited to, the following: facilitate safe pedestrian movement across wide arterial streets through improvement of pedestrian amenities;

\

49830

JOURNAL-CITY COUNCIL-CHICAGO 1/10/2001

widen narrow sidewalks; and create visual interest and safer pedestrian environments with streetscaping, landscaping, lighting and buffering;

8. strengthen the economic well-being of the 53rd Street R.P.A. by providing resources for retail, commercial, mixed-use and institutional development in the 53rd Street R.P.A., as appropriate;
 9. create a positive environment for educational, recreational and other institutional facilities where needed and in accordance with the Redevelopment Plan by providing enhancement opportunities for public facilities and institutions, such as schools, parks and transit facilities;
 10. encourage the development of mixed-use, commercial, retail and institutional uses, as appropriate, along the major corridors of 53rd Street and Lake Park Avenue, and at the core 53rd Street/Lake Park Avenue intersection;
- /
11. facilitate the remediation of environmental problems to provide additional land for new retail, commercial and mixed-use development and redevelopment, as appropriate;
 12. provide opportunities for women-owned, minority-owned and locally owned businesses to share in the job and construction opportunities associated with the redevelopment of the 53rd Street R.P.A.;
 13. support job training programs and increase employment opportunities, including welfare to work programs, for individuals working in area businesses; and
 14. support the cost of day care operations established by businesses in the R.P.A. to serve employees of low-income families working in the R.P.A.

Strategies. These objectives will be implemented through five (5) specific and integrated strategies. These include:

1. Implement Public Improvements. A series of public improvements throughout the 53rd Street R.P.A. may be designed and implemented to help define and create an identity for the area and subareas, prepare sites for anticipated private investment, and create a more conducive environment for retail, commercial and mixed-use development. Public improvements which are implemented with T.I.F. assistance are intended to complement and not replace existing funding sources for public improvements in the R.P.A.

1/10/2001

REPORTS OF COMMITTEES

49831

These improvements may include new public parking facilities, streetscaping, improved street and sidewalk lighting, resurfacing of alleys, sidewalks and streets, improvement of underground infrastructure, and other public improvements consistent with the Redevelopment Plan. These public improvements may be completed pursuant to redevelopment agreements with private entities or intergovernmental agreements with other public entities, and may include the construction, rehabilitation, renovation or restoration of public improvements on one (1) or more parcels.

v 2. Develop Underutilized Sites. The redevelopment of underutilized sites within the 53rd Street R.P.A. is expected to stimulate both physical and economic private investment and enhance properties within the R.P.A.. Development of underutilized sites is anticipated to have a positive impact on other properties beyond the individual project sites.

3. Encourage Private Sector Activities. Through the creation and support of public-private partnerships or through written agreements, the City may provide financial and other assistance to encourage the private sector, including local property owners and businesses, to undertake rehabilitation and redevelopment projects and other improvements that are consistent with the goals of this Redevelopment Plan and which maintain the integrity of the historically significant buildings in the Hyde Park-Kenwood Historic District.

4. Facilitate/Support New Development. To facilitate private market interest, the City may enter into agreements within the limits of the Act to facilitate and support redevelopment projects that complement and comport with the goals, objectives and strategies of this Redevelopment Plan.

The private sector often acquires and assembles property to create redevelopment opportunities and suitable sites for modern development needs. Property assembly by the private sector to meet the goals, policies or objectives of this Redevelopment Plan may be assisted by using tax increment revenues.

5. Facilitate Site Preparation And Environmental Remediation. To meet the goals, policies or objectives of this Redevelopment Plan, the City may engage in site preparation or environmental remediation as needed. Furthermore, the City may require written development agreements with developers before assisting in site preparation or environmental remediation of any properties.

49832

JOURNAL-CITY COUNCIL-CHICAGO 1/10/2001

Redevelopment Plan Elements.

There are three (3) general categories of activities that may be supported by tax increment funds under the provisions of the Act:

1. Development Redevelopment Rehabilitation Activities, such as:

site preparation, site assembly; interest subsidies; rehabilitation costs; - relocation costs; environmental remediation.

2. Public Improvements, such as:

provision or rehabilitation of public improvements, including open space and taxing district facilities; capital costs, as they are incurred as a result of, or in furtherance of, the redevelopment plan.

3. Administrative Support and Financing, such as:

job training and related educational programs, including welfare to work; day care services; - analysis, administration, studies, legal, et cetera; financing costs.

The City may enter into redevelopment agreements or intergovernmental agreements with public or private entities to construct, rehabilitate, renovate or restore private or public improvements on one (1) or several parcels (collectively referred to as "Redevelopment Projects"). A number of key types of projects, activities and improvements were identified for the 53rd Street R.P.A. and are

1/10/2001

REPORTS OF COMMITTEES

49833

described below. These activities are those which could be undertaken as resources become available. As community needs and market conditions change, it is likely that additional projects may be suggested throughout the life of the 53rd Street R.P.A.. To the extent that these additional projects are consistent with the goals of this Redevelopment Plan, and the related costs are eligible under the Act, these projects may be considered for funding.

Public Improvements. Public improvements within the 53rd Street R.P.A. along all arterial and collector streets, and railroad and public right-of-way overpasses may be undertaken to facilitate redevelopment activities, including but not limited to, the following:

streetscaping;

- public parking facilities;

street, alley and sidewalk resurfacing; street lighting; traffic signalization <<http://signalization>>;

- reconstruction of street curbs and gutters; underground water and sanitary systems; and open space.

These public improvements should be designed to enhance the area for private commercial and mixed-use investment. The public improvements also will be designed to give a marketable identity to the R.P.A. as an important commercial and retail destination within the Hyde Park Community.

Commercial, Mixed-Use And Institutional Rehabilitation. Existing commercial and mixed-use properties may be targeted for rehabilitation to improve their market competitiveness, stabilize the commercial segments within the 53rd Street R.P.A., and provide opportunities for commercial and retail job retention and attraction. Similarly, community institutional resources also may be eligible to receive T.I.F. assistance to improve their facilities to better serve the surrounding community.

49834

JOURNAL--CITY COUNCIL-CHICAGO 1/10/2001

Marketing. In conjunction with site assembly activities, the City may market sites to commercial and retail developers, by means of site signage, direct mailings, audio/visual marketing materials and site brochures.

Site Assembly And Preparation. To meet the goals, policies or objectives of this Redevelopment Plan, the City may acquire and assemble property throughout the R.P.A.. Land assemblage by the City may be done by purchase, exchange, donation, lease, eminent domain, or through the Tax Reactivation Program and may be for the purposes of (a) sale, lease or conveyance to private developers, or (b) sale, lease, conveyance or dedication for the construction of public improvements or facilities. Furthermore, the City may require written development agreements with developers before acquiring any properties. As appropriate, the City may devote acquired property to temporary uses until such property is scheduled for disposition and development.

In connection with the City exercising its power to acquire real property, including the exercise of the power of eminent domain, under the Act in implementing the Plan, the City will follow its customary procedures of having each such acquisition recommended by the Community Development Commission (or any successor commission) and authorized by the City Council of the City. Acquisition of such real property as may be authorized by the City Council does not constitute a change in the nature of this Redevelopment Plan.

Relocation assistance may be provided in order to facilitate redevelopment of portions of the 53rd Street R.P.A. and to meet other City objectives. Legal occupants of properties that are acquired by the City may be provided with relocation advisory and /or financial assistance as determined by the City. Site preparation may include demolition of existing improvements and environmental remediation, where appropriate. The private sector often acquires and assembles property to create redevelopment opportunities and suitable sites for modern development needs. Property assembly by the private sector to meet the goals, policies or objectives of this Redevelopment Plan can be funded using tax increment revenues.

These activities are representative of the types of projects contemplated to be undertaken during the life

of the 53rd Street R.P.A.. Market forces are critical to the completion of these projects. Phasing of projects will depend on the interests and resources of both public and private sector parties. Not all projects will necessarily be undertaken. Further, additional projects maybe identified throughout the life of the 53rd Street R.P.A.. To the extent that these projects meet the goals of this Redevelopment Plan and the requirements of the Act and budget outlined in the next section, these projects may be considered for tax increment funding.

1/10/2001

REPORTS OF COMMITTEES

49835

The City requires that developers who receive T.I.F. assistance for the development of market rate housing must set aside twenty percent (20%) of the units to meet affordability criteria established by the City's Department of Housing. Generally, this means that affordable for-sale housing units should be priced at a level that is affordable to persons earning no more than one hundred twenty percent (120%) of the area's median income, and affordable rental units should be affordable to persons earning no more than eighty percent (80%) of the area's median income.

Future Land-Use.

The future land-use of the 53rd Street R.P.A. reflects the objectives of the Redevelopment Plan, which are: to support the improvement of the R.P.A. as an active mixed-use district; and to support other improvements that serve the redevelopment interests of the local community, current business owners and the City. The proposed objectives are compatible with historic land-use patterns and support current development trends in the area. Currently, most of the blocks within the R.P.A. contain more than one (1) use. The mixed-use category allows for a broader range of future development opportunities. \

The proposed land uses are detailed on Map 5 and are as follows:

institutional (including public facilities, hospitals, social services);

parks/open space; and

mixed-use (including combinations of commercial, residential and institutional).

As noted on Map 5, the uses listed are to be predominant uses for the area indicated and are not exclusive of any other uses.

Housing Impact And Related Matters.

As set forth in the Act, if the redevelopment plan for the redevelopment project area would result in the displacement of residents from ten (10) or more inhabited residential units, or if the redevelopment project area contains seventy-five (75) or more inhabited residential units and a municipality is unable to certify that no displacement will occur, the municipality must prepare a housing impact study and incorporate the study in the redevelopment project plan.

49836

JOURNAL-CITY COUNCIL-CHICAGO 1/10/2001

The project area contains an estimated four hundred thirty (430) occupied residential units, including approximately four hundred twenty-two (422) units in mixed-use buildings and approximately eight (8) units in multifamily buildings. The City does not intend to acquire, or displace by any other means, any of these units. The City of Chicago hereby certifies that no displacement will occur as a result of activities pursuant to this Redevelopment Plan.

5.

Financial Plan.

Eligible Costs.

The Act outlines several categories of expenditures that can be funded using tax increment revenues. These expenditures, referred to as eligible redevelopment project costs, include all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to this plan pursuant to the Act. The City proposes to realize its goals and objectives of redevelopment through public finance techniques, including, but not limited to, tax increment financing, and by undertaking certain activities and incurring certain costs. Such

costs may include, without limitation, the following:

1. costs of studies, surveys, development of plans and specifications, implementation and administration of the Redevelopment Plan, including but not limited to, staff and professional service costs for architectural, engineering, development advisors, development managers, legal, marketing sites within the area to prospective businesses, developers, and investors, financial, planning or other services (excluding lobbying expenses), related hard and soft costs,, and other related expenses; provided, however, that no such charges may be based on a percentage of the tax increment collected and that annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;
2. property assembly costs, including but not limited to, acquisition of land and other property, real or personal, or rights or interest therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots

and other concrete or asphalt barriers, and the clearing and grading of land;

3. costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project if the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;
4. costs of the construction of public works or improvements subject to the limitations in Section 11-74.4-3 (q) (4) of the Act;
5. costs of job training and retraining projects including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;
6. financing costs, including but not limited to, all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding thirty-six (36) months thereafter and including reasonable reserves related thereto;
7. all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Redevelopment Plan and Project, to the extent the municipality by written agreement accepts and approves such costs;
8. an elementary, secondary or unit school district's increased costs attributable to assisted housing units located within the R.P.A. will be reimbursed as provided in the Act;
9. relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or state law or by Section 74.4-3(n)(7) of the Act;
10. payment in lieu of taxes;
11. costs of job training, retraining, advanced vocational education or career education, including but not limited to, courses in occupational, semi-technical or technical fields leading directly to employment, incurred by

49838

JOURNAL-CITY COUNCIL-CHICAGO 1/10/2001

one (1) or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in the redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and taxing district(s), which agreement describes the program to be undertaken, including out not limited to, the number of employees to be trained, a description of the training and services to be provided, the number and

type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by the community college district of costs pursuant to Sections 3-37,3-38,3-40 and 3-40.1 of the Public and Community College Act as cited in the Act and by school districts of cost pursuant to Section 10-22.20a and 10-23.3a of the School Code as cited in the Act;

12. interest costs incurred by a redeveloper or other users related to the construction, renovation or rehabilitation of a redevelopment project provided that:

- a. such costs are to be paid directly from the special tax allocation fund established pursuant to the Act;
- b. such payments in any one (1) year may not exceed thirty percent (30%) of the annual interest costs incurred by the redeveloper/user with regard to the redevelopment project during that year,
- c. if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph twelve (12) then the amount so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;
- d. the total of such interest payments paid pursuant to the Act may not exceed thirty percent (30%) of the total of (i) cost paid or incurred by the redeveloper/user for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to the Act;
- e. the percentage increases from thirty percent (30%) to seventy-five percent (75%) for the interest cost incurred by a redeveloper for the financing of rehabilitated or new housing units for low-income

1/10/2001

REPORTS OF COMMITTEES

households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act; and

f. up to fifty (50%) of the cost of construction, renovation and/or rehabilitation of all low- and very low-income housing units (for ownership or rental) as defined in Section 3 of the Illinois Affordable Housing Act. If the units are part of a residential redevelopment project that includes units not affordable to low- and very-low income households, only the low- and very low-income units shall be eligible for this benefit under the Act.

. ' 13. the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed eighty percent (80%) of the City, county or regional median income as determined from time to time by the United States Department of Housing and Urban Development; and

14. unless explicitly stated in the Act and as provided for in relation to low-and very-low income housing units, the cost of construction of new privately owned buildings shall not be an eligible redevelopment project cost.

If a special service area has been established pursuant to the Special Service Area Tax Act, 35 ILCS 235/0.01, et seq. then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act may be used within the redevelopment project area for the purposes permitted by the Special Service Area Tax Act as well as the purposes permitted by the Act.

Estimated Redevelopment Project Costs,

The estimated eligible costs of this Redevelopment Plan are shown in Table 3. The total eligible cost provides an upper limit on expenditures that are to be funded using tax increment revenues, exclusive of capitalized interest, issuance costs, interest and other financing costs. Within this limit, adjustments may be made in line items without amendment to this Redevelopment Plan. Additional funding in the form of state and federal grants, private developers' contributions and other

outside sources may be pursued by the City as a means of financing improvements and facilities which are of benefit to the general community.

In addition to the above stated costs, each issue of obligations issued to finance a phase of the Redevelopment Project may include an amount of proceed sufficient to pay customary and reasonable charges associated with the issuance of such obligations, including interest costs.

Adjustments to the estimated line item costs in Table 3 are expected and may be made by the City without amendment to the Plan. Each individual project cost will be re-evaluated in light of projected private development and resulting incremental tax revenues as it is considered for public financing under the provisions of the Act. The totals of line items set forth above are not intended to place a limit on the described expenditures. Adjustments may be made in line items within the total, either increasing or decreasing line item costs as a result of changed redevelopment costs and needs.

Phasing And Scheduling Of The Redevelopment.

Each private project within the 53rd Street R.P.A. shall be governed by the terms of a written redevelopment agreement entered into by a designated developer and the City and approved by the City Council. Where tax increment funds are used to pay eligible redevelopment project costs, to the extent funds are available for such purposes, expenditures by the City shall be coordinated to coincide on a reasonable basis with the actual redevelopment expenditures of the developer's). The redevelopment plan shall be completed, and all obligations issued to finance redevelopment costs shall be retired, no later than December 31 of the year in which the payment to the City treasurer provided in the Act is to be made with respect to ad valorem taxes levied in the twenty-third (23rd) calendar year following the year in which the ordinance approving this redevelopment project area is adopted (by December 31, 2024, if the ordinances estabHshing the R.P.A. are adopted during 2000).

Sources Of Funds To Pay Costs.

Funds necessary to pay for redevelopment project costs and/or municipal obligations which may be issued or incurred to pay for such costs are to be derived principally from tax increment revenues and/or proceeds from municipal obligations which have as a repayment source tax increment revenue. To secure the issuance of these obligations and the developer's performance of redevelopment agreement

obligations, the City may require the utilization of guarantees, deposits, reserves, and/or other forms of security made available by private sector developers. The City may incur Redevelopment Project Costs which are paid from the funds of the City other than incremental taxes, and the City then may be reimbursed for such costs from incremental taxes.

The tax increment revenue which will be used to fund tax increment obligations and eligible redevelopment project costs shall be the incremental real property tax revenues. Incremental real property tax revenue is attributable to the increase of the current equalized assessed valuation of each taxable lot, block, tract or parcel

49842

JOURNAL-CITY COUNCIL-CHICAGO 1/10/2001

of real property in the redevelopment project area over and above the certified initial equalized assessed value of each such property. Without the use of such incremental revenues, the redevelopment project area is not likely to redevelop.

Other sources of funds which may be used to pay for development costs and associated obligations issued or incurred include land disposition proceeds, state and federal grants, investment income, private investor and financial institution funds, and other sources of funds and revenues as the municipality and developer from time to time may deem appropriate.

The 53rd Street R.P.A. may be or become contiguous to, or be separated only by a public right-of-way from, other redevelopment areas created under the Act. The City may utilize net incremental property tax revenues received from the 53rd Street R.P.A. to pay eligible redevelopment project costs, or obligations issued to pay such costs, in other contiguous redevelopment project areas, or those separated only by a public right-of-way, and vice versa. The amount of revenue from the 53rd Street R.P.A. made available to support such contiguous redevelopment project areas, or those separated only by a public right-of-way, when added to all amounts used to pay eligible Redevelopment Project Costs within the 53rd Street R.P.A., shall not at any time exceed the total Redevelopment Project Costs described in Table 3 of this Redevelopment Plan.

The 53rd Street R.P.A. may be or become contiguous to, or separated only by a public right-of-way from, other redevelopment project areas created under the Illinois Industrial Jobs Recovery Law, (65 ILCS 5/11-74.61-1, et seq.). If the City finds that the goals, objectives and financial success of such contiguous redevelopment project areas or those separated only by a public right-of-way are interdependent with those of the 53rd Street R.P.A., the City may determine that it is the best interests of the City and in furtherance of the purposes of the Plan that net revenues from the 53rd Street R.P.A. be made available to support any such redevelopment project areas, and vice versa. The City, therefore, proposes to utilize net incremental revenues received from the 53rd Street R.P.A. to pay eligible redevelopment projects costs (which are eligible under the Industrial Jobs Recovery Law referred to above) in any such areas, and vice versa. Such revenues may be transferred or loaned between the 53rd Street R.P.A. and such areas. The amount of revenue from the 53rd Street R.P.A. so made available, when added to all amounts used to pay eligible Redevelopment Project Costs within the 53rd Street R.P.A. or other areas as described in the preceding paragraph, shall not at any time exceed the total Redevelopment Project Costs described in Table 3 of this Redevelopment Plan.

If necessary, the redevelopment plans for other contiguous redevelopment project areas that may be or already have been created under the Act may be drafted or amended as applicable to add appropriate and parallel language to allow for sharing

1/10/2001

REPORTS OF COMMITTEES

49843

of revenues between such districts.

Issuance Of Obligations.

To finance project costs, the City may issue bonds or obligations secured by the anticipated tax increment revenue generated within the 53rd Street R.P.A., or such other bonds or obligations as the City may deem as appropriate. The City may require the utilization of guarantees, deposits or other forms of security made

available by private sector developers to secure such obligations. In addition, the City may provide other legally permissible credit enhancements to any obligations issued pursuant to the Act.

All obligations issued by the City pursuant to this Redevelopment Plan and the Act shall be retired within the time frame described under "Phasing and Scheduling of the Redevelopment" above. Also, the final maturity date of any such obligations which are issued may not be later than twenty (20) years from their respective dates of issue. One (1) or more of a series of obligations may be sold at one (1) or more times in order to implement this Redevelopment Plan. The amounts payable in any year as principal and interest on all obligations issued by the City shall not exceed the amounts available from tax increment revenues, or other sources of funds, if any, as may be provided by ordinance. Obligations may be of parity or senior/junior lien nature. Obligations issued may be serial or term maturities, and may or may not be subject to mandatory, sinking fund or optional redemptions.

In addition to paying redevelopment project costs, tax increment revenues may be used for the scheduled and/or early retirement of obligations, and for reserves, bond sinking funds and redevelopment project costs. To the extent that real property tax increment is not required for such purposes, revenues shall be declared surplus and become available for distribution annually to area taxing districts in the manner provided by the Act.

Most Recent Equalized Assessed "Valuation Of Properties In The Redevelopment Project Area.

The purpose of identifying the most recent equalized assessed valuation ("E.A.V.") of the 53rd Street R.P.A. is to provide an estimate of the initial E.A.V. which the Cook County Clerk will certify for the purpose of annually calculating the incremental E.A.V. and incremental property taxes of the 53rd Street R.P.A.. The 1999 E.A.V. of all taxable parcels in the 53rd Street R.P.A. is approximately Twenty-three Million One Hundred Ninety Thousand Seven Hundred Seventy-seven Dollars (\$23,190,777). This total E.A.V. amount by P.I.N, is summarized in Appendix 2. The E.A.V. is subject to verification by the Cook County Clerk after verification, the

49844

JOURNAL-CITY COUNCIL-CHICAGO 1/10/2001

final figure shall be certified by the Cook County Clerk, and shall become the Certified Initial E.A.V. from which all incremental property taxes in the Redevelopment Project Area will be calculated by Cook County.

Anticipated Equalized Assessed Valuation.

By the tax year 2023 (collection year 2024), the E.A.V. for the 53rd Street R.P.A. will be approximately Fifty Million Dollars (\$50,000,000). This estimate is based on several key assumptions, including: 1) an inflation factor of two and five-tenths percent (2.5%) per year on the E.A.V. of all properties within the 53rd Street R.P.A., with its cumulative impact occurring in each triennial reassessment year, 2) an equalization factor of 2.2505; and 3) a tax rate of 8.536% for the duration of the 53rd Street R.P.A.

6.

Required Findings And Tests.

Lack Of Growth And Private Investment.

The City is required to evaluate whether or not the R.P.A. has been subject to growth and private investment and must substantiate a finding of lack of such investment prior to establishing a tax increment financing district.

While some new investment has occurred in the 53rd Street R.P.A. over the past five (5) years, this investment has been minimal in scope and in areas isolated within the R.P.A.. Taken as a whole, the R.P.A. has not been subject to growth and development through investment by private enterprise. The 53rd Street R.P.A. is located entirely within Hyde Park Township. From 1994 through 1999 the growth of equalized assessed valuation ("E.A.V.", which is the value of property from which property taxes are based) in the R.P.A. has lagged behind that of both the City of Chicago and Hyde Park Township. The compound annual growth rate of E.A.V. for the 53rd Street R.P.A. was only two and twenty-four

hundredths percent (2.24%) between 1994 and 1999. In comparison, the compound annual growth rate of E.A.V. was two and seventy-seven hundredths percent (2.77%) for Hyde Park Township, and three and twenty-eight hundredths percent (3.28%) for the City of Chicago over the same period of time.

As another method to examine the scope of new investment in the 53rd Street R.P.A., S. B. Friedman & Company examined building permit data provided by the

1/10/2001

REPORTS OF COMMITTEES

49845

City of Chicago Department of Buildings. Specifically, we examined building permit data for the period from 1995 to early 2000 which revealed that fifty-five (55) permits were issued within the 53rd Street R.P.A. totaling Three Million Six Hundred Thousand Dollars (\$3,600,000). Only three (3) were for new construction. The remaining fifty-two (52) permits were for rehabilitation, mechanical upgrades, minor repairs or code compliance.

Based on our review of the data the fifty-five (55) permits, two (2) permits (totaling approximately One Million Dollars (\$1,000,000)) were initiated for public schools. The remaining fifty-three (53) permits (Two Million Six Hundred Thousand Dollars (\$2,600,000)) were privately initiated, with only Twenty-nine Thousand Five Hundred Dollars (\$29,500) or one percent (1%) of the total private investment issued for new construction. On average over our five (5) year study period, privately initiated permits amounted to approximately Five Hundred Twenty Thousand Dollars (\$520,000) per year of total investment, or less than one percent (1%) of the total Assessor's market value of all property within the 53rd Street R.P.A.. At this rate, it would take the private market a substantial amount of time to replace the current Assessor's market value of the R.P.A.

Furthermore, a majority of the private investment has been limited to specific locations within the R.P.A. and has not been evenly distributed throughout the area. Nine (9) permits totalling One Million Sixty-nine Thousand Dollars (\$1,069,000), or nearly forty-one percent (41%) of the total private investment was issued to only one (1) building. The remaining forty-four (44) privately initiated permits, totaling One Million Five Hundred Thousand Dollars (\$1,500,000) were issued for general repairs, alterations to existing uses and additions.

Finding: The Redevelopment Project Area (53rd Street R.P.A.) on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the Redevelopment Plan.

But For...

The City is required to find that, but for the designation of the T.I.F. district and the use of tax increment financing, it is unlikely, that significant investment will occur in the 53rd Street R.P.A.

Without the support of public resources, the redevelopment objectives of the 53rd Street R.P.A. would most likely not be realized. The scope of area-wide improvements and development assistance resources needed to rehabilitate the 53rd Street R.P.A. as a mixed-use commercial district is expensive, and the private market, on its own, is not likely to absorb all of these costs. Public resources to

./

49846

JOURNAL-CITY COUNCIL-CHICAGO 1/10/2001

assist with site assembly and preparation, public infrastructure improvements, and private property rehabilitation are needed to leverage private investment and facilitate area-wide redevelopment consistent with the Redevelopment Plan. T.I.F. funds can be used to fund land assembly, site preparation, infrastructure improvements and building rehabilitation. Accordingly but for creation of the 53rd Street R.P.A., these projects, which would contribute substantially to area-wide redevelopment, are unlikely to occur without T.I.F. designation for the 53rd Street R.P.A.

Finding: But for the adoption of this Redevelopment Plan, critical resources will be lacking that would

otherwise support the redevelopment of the 53rd Street R.P.A. and the 53rd Street R.P.A. would not reasonably be anticipated to be developed.

Conformance To The Plans Of The City.

The 53rd Street R.P.A. and Redevelopment Plan must conform to the comprehensive plan for the City, conform to the strategic economic development plans, or include land uses that have been approved by the Chicago Plan Commission.

The proposed land uses described in this Redevelopment Plan will be approved by the Chicago Plan Commission prior to its adoption by the City Council.

Dates Of(Completion.

The dates of completion of the project and retirement of obligations are described in "Phasing and Scheduling of the Redevelopment*" in Section 5 above.

Financial Impact Of The Redevelopment Project.

As explained above, without the adoption of this Redevelopment Plan and tax increment financing, the 53rd Street R.P.A. is not expected to be redeveloped by private enterprise. Additionally, there is a genuine threat that blighting conditions will continue to exist and spread, and that the entire area will become a less attractive place to maintain and improve existing buildings and sites. The lagging growth of property values also may lead to a decline of property values in surrounding areas and could lead to a reduction of real estate tax revenue to all taxing districts.

This document describes the comprehensive redevelopment program proposed to be undertaken by the City to create an environment in which private investment can

1/10/2001

REPORTS OF COMMITTEES

49847

reasonably occur. The redevelopment program will be staged gradually over the twenty-three (23) year life of the 53rd Street R.P.A.. If a redevelopment project is successful, various new projects will be undertaken that will assist in alleviating blighting conditions, creating new jobs, and promoting rehabilitation and development in the 53rd Street R.P.A. /

This Redevelopment Plan is expected to have short and long-term financial impacts on the affected taxing districts. During the period when tax increment financing is utilized, real estate tax increment revenues from the increases in E.A.V. over and above the certified initial E.A.V. (established at the time of adoption of this document) may be used to pay eligible redevelopment project costs for the 53rd Street R.P.A.. At the time when the 53rd Street R.P.A. is no longer in place under the Act, the real estate tax revenues resulting from the redevelopment of the 53rd Street R.P.A. will be distributed to all taxing districts levying taxes against property located in the 53rd Street R.P.A.. These revenues will then be available for use by the affected taxing districts.

(

Map 6 illustrates the locations of community facilities operated by the above listed taxing districts within close proximity to the 53rd Street R.P.A.

Redevelopment activity may cause increased demand for services from one (1) or more of the above listed taxing districts. The Act requires an assessment of any financial impact of the Redevelopment Project Area on, or any increased demand for service from, any taxing district affected by the Redevelopment Plan and description of any program to address such financial impacts or increased demand. The City intends to monitor development in the areas and with the cooperation of the other affected taxing districts will attempt to ensure that any increased needs are addressed in connection with any particular development.

The anticipated nature of increased demands for services on these taxing districts, and the proposed activities to address increased demand are described below.

1/10/2001

REPORTS OF COMMITTEES

49849

City Of Chicago. The City is responsible for a wide range of municipal services, including: police and fire protection; capital improvements and maintenance; water supply and distribution; sanitation service; and building, housing and zoning codes.

Replacement of vacant and under-utilized buildings and sites with active and more intensive uses may result in additional demands on services and facilities provided by the districts- Additional costs to the City for police, fire, library circulation, and recycling and sanitation services arising from residential and non-residential development may occur. However, it is expected that any increase in demand for the City services and programs associated with the 53rd Street R.P.A. can be handled adequately by City police, fire protection, library, sanitary collection and recycling services and programs maintained and operated by the City. In addition to several public service facilities operated by the City within the 53rd Street R.P.A., there also are public facilities in close proximity to the area. Therefore, no special programs are proposed for the City. In addition, to the extent that the revitalization efforts result in reduced crime and physical improvements which reduce the risk of fire, the Redevelopment Plan actually may result in some cost savings.

Chicago Board Of Education And Associated Agencies. General responsibilities of the Board of Education include the provision, maintenance and operation of educational facilities and the provision of education services for kindergarten through twelfth (12th) grade.

It is likely that some families who purchase new housing or rent new apartments in the 53rd Street R.P.A.

will send their children to public schools, putting increased demand on area school districts. However, the 53rd Street R.P.A. is predominantly commercial or mixed-use residential/ commercial and will most likely contain limited new residential development in the future. In addition, many of the new homeowners or renters may come from the immediate neighborhood and some of these families may send their children to private schools, and senior residential development will add few, if any, additional children. Existing absorption capacity was verified through enrollment and capacity data provided by the office of Planning & Educational Programming at the Chicago Public Schools (C.P.S.). In accordance with the practice of the C.P.S., we used design capacity to calculate the utilization rates for high schools and program capacity to calculate the utilization rates for elementary schools. Program capacity is eighty percent (80%) of design capacity. The enrollment and capacity data provided by the C.P.S. reveal that the elementary schools that serve the area immediately surrounding the 53rd Street R.P.A. collectively operate at approximately ninety percent (90%) of full capacity and the high schools at approximately one hundred percent (100%) of full capacity (using design capacity for high schools and program capacity for elementary schools).

Given the limited scope of new residential construction which would be likely to occur within the 53rd Street R.P.A., it is unlikely that the existing capacity will be exceeded as a result of T.I.F. supported activities. However, the City intends to

49850

JOURNAL-CITY COUNCIL-CHICAGO 1/10/2001

monitor development in the 53rd Street R.P.A. and, with the cooperation of the Board of Education, will ensure that any increased demands for the services and capital improvements provided by the Board of Education are addressed in connection with each new residential project.

Chicago Park District. The Park District is responsible for the provision, maintenance and operation of park and recreational facilities through the City and for the provision of recreation programs.

The replacement of vacant and underutilized properties with residential and nonresidential development may result in an increase in population within the 53rd Street R.P.A., which may result in additional demand for services from the district. It is expected that the households that may be added to the 53rd Street R.P.A. may generate additional demand for recreational services and programs and may create the need for additional open spaces and recreational facilities operated by the Chicago Park District. The City intends to monitor development in the 53rd Street R.P.A. and, with the cooperation of the Chicago Park District, will attempt to ensure that any increased demands for the services and capital improvements that may be provided by the Chicago Park District are addressed in connection with any particular residential development. \

Metropolitan Water Reclamation District. This district provides the main trunk lines for the collection of waste water from cities, villages and towns, and for the treatment and disposal thereof.

It is expected that any increase in demand for treatment of sanitary and storm sewage associated with the 53rd Street R.P.A. can be handled adequately by existing treatment facilities maintained and operated by the Metropolitan Water Reclamation District of Greater Chicago. Therefore, no special program is proposed for the Metropolitan Water Reclamation District of Greater Chicago.

County Of Cook. The County has principal responsibility for the protection of persons and property, the provision of public, health services and the maintenance of County highways.

It is expected that any increase in demand for Cook County Services can be handled adequately by existing services and programs maintained and operated by the County. Therefore, at this time, no special programs are proposed for these taxing districts. Should demand increase, the City will work with the affected taxing districts to determine what, if any, program is necessary to provide adequate services.

Cook County Forest Preserve District. The Forest Preserve District is responsible for acquisition, restoration and management of lands for the purpose

1/10/2001

of protecting and preserving open space in the City and County for the education, pleasure and recreation of the public. It is expected that any increase in demand for Forest Preserve services can be handled adequately by existing facilities and programs maintained and operated by the District. No special programs are proposed for the Forest Preserve.

Given the preliminary nature of the Redevelopment Plan, specific fiscal impacts on the taxing districts and increases in demand for services provided by those districts cannot accurately be assessed within the scope of this plan.

7

Provisions For Amending Action Plan.

This Redevelopment Plan and Project document may be amended pursuant to the provision of the Act.

8-

However, the City may implement programs aimed at assisting small businesses which may not be subject to these requirements.

EXHIBIT J OPINION OF DEVELOPER'S COUNSEL [To be retyped on the Developer's Counsel's letterhead]

City of Chicago

121 North LaSalle Street "

Chicago, IL 60602

ATTENTION: Corporation Counsel

Ladies and Gentlemen:

We have acted as counsel to_, an [Illinois]_

(the "Developer"), in connection with the purchase of certain land and the construction of certain facilities thereon located in the__ Redevelopment Project

Area (the "Project"). In that capacity, we have examined, among other things, the following agreements, instruments and documents of even date herewith, hereinafter referred to as the "Documents":

(a)_;_ Redevelopment Agreement (the "Agreement") of even

date herewith, executed by the Developer and the City of Chicago (the "City");

[(b) the Escrow Agreement of even date herewith executed by the Developer and the City;]

(c) [insert other documents including but not limited to documents related to purchase and financing of the Property and all lender financing related to the Project]; and

(d) all other agreements, instruments and documents executed in connection with the foregoing.

In addition to the foregoing, we have examined

(a) the original or certified, conformed or photostatic copies of the Developer's (i) Articles of Incorporation, as amended to date, (ii) qualifications to do business and certificates of good standing in all states in which the Developer is qualified to do business, (iii) By-Laws, as amended to date, and (iv) records of all corporate proceedings relating to the Project [revise if the Developer is not a corporation]; and

(b) such other documents, records and legal matters as we have deemed necessary or relevant for purposes of issuing the opinions hereinafter expressed.

In all such examinations, we have assumed the genuineness of all signatures (other than those of the Developer), the authenticity of documents submitted to us as originals and conformity to the originals of all documents submitted to us as certified, conformed or photostatic copies.

Based on the foregoing, it is our opinion that:

1. The Developer is a corporation duly organized, validly existing and in good standing under the laws of its state of [incorporation] [organization], has full power and authority to own and lease its properties and to carry on its business as presently conducted, and is in good standing and duly qualified to do business as a foreign corporation duly organized under the laws of every state in which the conduct of its affairs or the ownership of its

[corporation] [entity] under the laws of every state in which the conduct of its affairs or the ownership of its assets requires such qualification, except for those states in which its failure to qualify to do business would not have a material adverse effect on it or its business.

2. The Developer has full right, power and authority to execute and deliver the Documents to which it is a party and to perform its obligations thereunder. Such execution, delivery and performance will not conflict with, or result in a breach of, the Developer's [Articles of Incorporation or By-Laws] [describe any formation documents if the Developer is not a corporation] or result in a breach or other violation of any of the terms, conditions or provisions of any law or regulation, order, writ, injunction or decree of any court, government or regulatory authority, or, to the best of our knowledge after diligent inquiry, any of the terms, conditions or provisions of any agreement, instrument or document to which the Developer is a party or by which the Developer or its properties is bound. To the best of our knowledge after diligent inquiry, such execution, delivery and performance will not constitute grounds for acceleration of the maturity of any agreement, indenture, undertaking or other instrument to which the Developer is a party or by which it or any of its property may be bound, or result in the creation or imposition of (or the obligation to create or impose) any lien, charge or encumbrance on, or security interest in, any of its property pursuant to the provisions of any of the foregoing, other than liens or security interests in favor of the lender providing Lender Financing (as defined in the Agreement).

^ 3. The execution and delivery of each Document and the performance of the transactions contemplated thereby have been duly authorized and approved by all requisite action on the part of the Developer.

4. Each of the Documents to which the Developer is a party has been duly executed and delivered by a duly authorized officer of the Developer, and each such Document constitutes the legal, valid and binding obligation of the Developer, enforceable in accordance with its terms, except as limited by applicable bankruptcy, reorganization, insolvency or similar laws affecting the enforcement of creditors' rights generally.

5. Exhibit A attached hereto (a) identifies each class of capital stock of the Developer, (b) sets forth the number of issued and authorized shares of each such class, and (c) identifies the record owners of shares of each class of capital stock of the Developer and the number of shares held of record by each such holder. To the best of our knowledge after diligent inquiry, except as set forth on Exhibit A, there are no warrants, options, rights or commitments of purchase, conversion, call or exchange or other rights or restrictions with respect to any of the capital stock of the Developer. Each outstanding share of the capital stock of the Developer is duly authorized, validly issued, fully paid and nonassessable.

6. To the best of our knowledge after diligent inquiry, no judgments are outstanding against the Developer, nor is there now pending or threatened, any litigation, contested claim or governmental proceeding by or against the Developer or affecting the Developer or its property, or seeking to restrain or enjoin the performance by the Developer of the Agreement or the transactions contemplated by the Agreement, or contesting the validity thereof. To the best of our knowledge after diligent inquiry, the Developer is not in default with respect to any order, Writ,

injunction or decree of any court, government or regulatory authority or in default in any respect under any law, order, regulation or demand of any governmental agency or instrumentality, a default under which would have a material adverse effect on the Developer or its business.

7. To the best of our knowledge after diligent inquiry, there is no default by the Developer or any other party under any material contract, lease, agreement, instrument or commitment to which the Developer is a party or by which the company or its properties is bound.

8. To the best of our knowledge after diligent inquiry, all of the assets of the Developer are free and clear of mortgages, liens, pledges, security interests and encumbrances except for those specifically set forth in the Documents.

9. The execution, delivery and performance of the Documents by the Developer have not and will not require the consent of any person or the giving of notice to, any exemption by, any registration, declaration or filing with or any taking of any other actions in respect of, any person, including without limitation any court, government or regulatory authority.

10. To the best of our knowledge after diligent inquiry, the Developer owns or possesses or is licensed or otherwise has the right to use all licenses, permits and other governmental approvals and authorizations, operating authorities, certificates of public convenience, goods carriers permits, authorizations and other rights that are necessary for the operation of its business.

11. A federal or state court sitting in the State of Illinois and applying the choice of law provisions of the State of Illinois would enforce the choice of law contained in the Documents and apply the law of the State of Illinois to the transactions evidenced thereby.

We are attorneys admitted to practice in the State of Illinois"and we express no opinion as to any laws other than federal laws of the United States of America and the laws of the State of Illinois.

[Note: include a reference to the laws of the state of incorporation/organization of the Developer, if other than Illinois.]

This opinion is issued at the Developer's request for the benefit of the City and its counsel, and may not be disclosed to or relied upon by any other person.
