Exhibit A

303,650 SF / 6.9 acres

Exhibit B - Boundary Description

The land lying southerly of East 131st Street, westerly of South Ellis Street, northerly of the centerline of East

132nd Street and easterly of the sidewalk running along the west side of South Ingleside Avenue, except for P.I.N. 25-35-100-006-0000 and its easterly and westerly lines extended to the centerline of East 132nd Street.

Exhibit C - Reasons for Rezoning Property

1. To remove an unused portion of the maintenance facility.
2. To construct new office building/community center and child care buildings, demolish an unneeded portion of the existing maintenance facility, maintain the functioning portion of the maintenance facility, and generally improve the property for enjoyment of the residents and employees of the Altgeld Gardens community. The current child care facilities that support the Altgeld Gardens community are in devastating condition and the new space will provide the community's children with a healthy and safe environment for care and education. Today, the property management and other social service organizations have makeshift offices in old residential units within another portion of the Altgeld Gardens community. The intent is to relocate all agencies to the new office/community center to better serve the residents.
3. To include all portions of the parcel owned by the Chicago Housing Authority into the Planned Development for a cohesive project with the purpose of serving and supporting the Altgeld Gardens community.

^v
Exhibit D - Proposed Use of Property:

The presently contemplated construction and development requiring site plan and elevation approval from the City simultaneously with the adoption of an Ordinance, includes:

1. Demolition of a portion of the existing maintenance building;
2. Continued use of remaining portion of the maintenance building for storage and housing of maintenance supplies for Altgeld Gardens community;
3. Addition of new building in the northwest corner of the parcel to be a town center, consisting of office space, community meeting rooms, police satellite office;
4. Addition of a new building in the southwest corner of the parcel to serve as an early education center, consisting of day care facilities, afterschool program space, family literacy programs and community meeting rooms;
5. Inclusion of 100 parking spaces;
6. Incorporation of "green" features, including LEED certification, rain garden, storm retention control, high efficiency HVAC systems, reflective roof area, energy recovery, low VOC materials, recycled content, regional materials, and brown field remediation.

Subsequent to the adoption of the proposed Planned Development Ordinance, the Chicago Housing Authority plans to enforce eminent domain and seek additional approval for the small portion of the parcel extending northwest off 132nd Street for a future phase of development to support and improve the Altgeld Gardens community. This subsequent project will seek proper planning and zoning approval when the project is ready to move forward.
