The diagram illustrates a 2D hexagonal lattice structure. The top portion shows a large section of the lattice, with two horizontal rows of circles representing atoms. Below this, a specific 1D chain is highlighted, consisting of a vertical column of four circles and a horizontal row of eight circles extending to the right from the bottom circle of the vertical column. To the left of the vertical column, the text 'a X' is written, with a small circle 'a' positioned between 'a' and 'X'. Below the highlighted chain, a single row of eight circles is shown, representing the continuation of the chain.
